Special note regarding non-GAAP financial measures

The body of generally accepted accounting principles in the United States ("U.S.") is commonly referred to as GAAP. A non-GAAP financial measure is generally defined by the SEC as one that purports to measure historical or future financial performance, financial position or cash flows but excludes or includes amounts that could not be so adjusted in the most comparable GAAP measure. Adjusted OIBDA, as presented in this prospectus, is a supplemental measure of our performance that is not required by, or presented in accordance with, GAAP.

We define Adjusted OIBDA as net revenue less cost of goods sold, operating expenses and selling, general and administrative expenses (excluding stock-based compensation). Our chief operating decision maker and management team use this measure of performance in conjunction with other measures to evaluate our business and make decisions about allocating resources among our operating segments. We believe this is an important indicator of the operational strength and performance of our business, including our ability to service debt and fund capital expenditures. In addition, this measure allows us to view operating results and perform analytical comparisons and benchmarking between operating segments and identify strategies to improve performance. This measure of performance excludes such costs as depreciation and amortization and stock-based compensation that are included in the measurement of operating income pursuant to GAAP. Accordingly, Adjusted OIBDA should be considered in addition to, but not as a substitute for, operating income, net income, cash flow provided by operating activities and other measures of financial performance prepared in accordance with GAAP. Adjusted OIBDA has several limitations that are discussed in management's discussion and analysis of financial condition and results of operations—adjusted operating income before depreciation and amortization (Adjusted OIBDA). See also "Prospectus summary—Summary historical financial and operating data" for a quantitative reconciliation of Adjusted OIBDA to net income and operating

income, the most directly comparable GAAP financial performance measures. Adjusted OIBDA as presented herein may not be comparable to similarly titled measures reported by other companies.

Industry and market data

Market data and other statistical data regarding us and our subsidiaries, and used throughout this prospectus, are based on independent industry publications, government publications, reports by market research firms or other published independent sources, as well as management's knowledge of, experience in and estimates about the industry and markets in which we operate. Although we believe the third-party sources to be reliable, we have not independently verified the data obtained from these sources. Although we are not aware of any misstatements regarding any market, industry or similar data presented herein, such data involves risks and uncertainties and is subject to change based on various factors, including those discussed under "Cautionary note regarding forward-looking statements" and "Risk factors."

Non-reliance on Liberty Interactive Corporation

We are an indirect wholly owned subsidiary of Liberty Interactive Corporation, which we refer to as "Liberty" in this prospectus. Liberty is a company whose securities are registered under the Securities Exchange Act of 1934, as amended, or the "Exchange Act," and is therefore required to file periodic and current reports and other materials with the SEC. While such information is available, investors are cautioned that Liberty is not the issuer of the notes and is not otherwise a guarantor or obligor (contingent or otherwise) with respect to the notes, and will not otherwise provide credit support for the notes, except that our sole stockholder, which is an indirect wholly owned subsidiary of Liberty, is pledging its shares of our capital stock to secure the notes. ***Therefore, you are directed to rely solely on this prospectus in making your decision with respect to the exchange offer.***

Prospectus summary

This summary highlights selected information contained elsewhere in this prospectus. This summary is not complete and does not contain all of the information that you should consider before deciding whether to invest in the notes. For a more complete understanding of our company and the exchange offer, we encourage you to read this entire document, including "Risk factors," our consolidated financial statements, the notes thereto and management's discussion and analysis of financial condition and results of operations. Unless otherwise indicated or required by the context, the terms "we," "our," "us," the "Company," and "QVC" refer to QVC, Inc. and its consolidated subsidiaries. The terms "domestic" and "U.S." refer to our operations in the United States. The terms "international" and "foreign" refer to our operations outside of the U.S.

Business overview

QVC markets and sells a wide variety of consumer products primarily through live merchandise-focused televised shopping programs distributed to approximately 296 million households worldwide each day (including our joint venture in China as discussed below) and via our websites and other interactive media, including QVC.com for the year ended December 31, 2013. We believe we are the global leader in television retailing and a leading multimedia retailer, with operations based in the U.S., Japan, Germany, the U.K. and Italy. Additionally, we have a 49% interest in a retailing joint venture in China which operates through a television shopping channel with an associated website. The joint venture is accounted for as an equity method investment. Our name, QVC, stands for "Quality, Value and Convenience," which is what we strive to deliver to our customers. Our operating strategy is to create a premier multimedia lifestyle brand and shopping destination for our customers, further penetrate our core customer base, generate new customers, enhance our programming distribution offerings and expand internationally to drive revenue and profitability. For the year ended December 31, 2013, we generated \$8.6 billion of consolidated net revenue.

We market our products in an engaging, entertaining format primarily through live television programs and interactive features on our websites. In the U.S., we distribute our programming live 24 hours per day, 364 days per year and present on average almost 900 products every week. Internationally, we distribute live programming 17 to 24 hours per day, depending on the market. We classify our products into six groups: electronics, home, beauty, jewelry, apparel and accessories. It is our product sourcing team's mission to research and locate compelling and differentiated products from manufacturers who have sufficient scale to meet anticipated demand. We offer many QVC exclusive products, as well as popular brand name and lesser known products available from other retailers. Many of our products are endorsed by celebrities, designers and other well-known personalities who often join our presenters to personally promote their products and provide lead in publicity on their own television shows. We believe that our ability to demonstrate product features and present "faces and places" differentiates and defines the QVC shopping experience. We closely monitor customer demand and our product mix to remain well positioned and relevant in popular and growing retail segments, which we believe is a significant competitive advantage relative to competitors who operate bricks and mortar stores.

From our inception through December 31, 2013, we have shipped over 1.6 billion packages in the U.S. alone. We operate nine distribution centers and eight call centers worldwide and, in 2013, shipped approximately 94% of our orders within 48 hours of order placement. In 2013, our work force of approximately 17,500 employees handled approximately 168 million customer calls, shipped over 169 million units globally and served approximately 11.8 million customers. We believe our long term relationships with major U.S. television distributors, including cable operators (e.g., Comcast and Time Warner Cable), satellite television providers (e.g., DISH Network and DIRECTV) and telecommunications companies (e.g., Verizon and AT&T), provide us with broad distribution, favorable channel positioning and significant competitive advantages. We believe that our significant market

share, brand awareness, outstanding customer service, repeat customer base, international reach and scalable infrastructure distinguish us from our competitors.

Liberty relationship

We are an indirect wholly owned subsidiary of Liberty, which owns interests in a broad range of digital commerce businesses. On August 9, 2012, Liberty completed the recapitalization of its common stock into shares of the corresponding series of two new tracking stocks, Liberty Interactive (Nasdaq: LINTA, LINTB) and Liberty Ventures (Nasdaq: LVNTA, LVNTB). On October 3, 2014, Liberty's board of directors approved (i) the change in attribution from the Liberty Interactive Group to the Liberty Ventures Group of its digital commerce companies (Provide Commerce, Inc., Backcountry.com, Inc., Bodybuilding.com, LLC, CommerceHub and the Evite.com business), together with \$970 million in cash, effective immediately; (ii) the creation of an inter-group interest in Liberty Ventures Group in favor of the former Liberty Interactive Group (which will now be referred to as the "QVC Group"), which is represented as a number of Liberty Ventures shares that may be issued to the QVC Group ("Inter-Group Interest Shares") calculated in accordance with Liberty's Restated Certificate of Incorporation; and (iii) a dividend of the Inter-Group Interest Shares to the holders of QVC Group common stock in full elimination of the inter-group interest. In connection with the payment of the dividend, typical antidilution adjustments will be made to outstanding QVC Group equity incentive awards, and the Liberty board reattributed \$30 million in cash to the Liberty Ventures Group relating to its assumption of liabilities related to those awards. We refer to the foregoing transactions as the "2014 Reattribution." As a result of these transactions, we are now attributed to the new QVC Group, which tracks the assets and liabilities of our company and Liberty's 38% equity interest in HSN, Inc. ("HSN"), one of our two closest televised shopping competitors, and the trading symbols for the Series A QVC Group tracking stock and the Series B QVC Group tracking stock have changed to "QVCA" and "QVCB," respectively. In connection with the 2014 Reattribution, we increased the balance on our credit facility to \$1.06 billion.

We are a "close corporation" under Delaware law and, as such, our stockholder, rather than a board of directors, manages our business. Since our stockholder is an indirect wholly owned subsidiary of Liberty, certain aspects of our management, including the approval of significant corporate transactions such as a change of control, are controlled by Liberty, rather than an independent governing body. Our Chief Executive Officer and President, Michael A. George, also became a named executive officer and director of Liberty during 2011.

Liberty's interests may not coincide with our interests or the interests of our note holders, and Liberty may cause us to enter into transactions or agreements with related parties or approve corporate actions that could involve conflicts of interest. Liberty may also enter into transactions of which note holders might not approve or make decisions with which note holders may disagree. For example, Liberty's dependence on our cash flow for servicing its debt and for other purposes is likely to result in our payment of large dividends to Liberty, which may increase our leverage and decrease our liquidity. We paid \$480 million of dividends to Liberty during the six months ended June 30, 2014, \$1.0 billion of dividends to Liberty during 2013, \$1.8 billion of dividends to Liberty during 2012 and \$205 million of dividends to Liberty during 2011. We declared and paid dividends in cash to Liberty in the amount of \$1.4 billion subsequent to June 30, 2014 (including \$1 billion in connection with the 2014 Reattribution) and prior to the date of filing the registration statement of which this prospectus forms a part. These dividends were funded with draws from our revolving credit facility and from cash generated from operations. Prospective investors should bear in mind our relationship with Liberty in formulating their investment decisions. See "Risk factors—Risks relating to the notes—Our ability to pay dividends or make other restricted payments to Liberty is subject to limited restrictions."

Neither Liberty nor any of its other affiliates will be a guarantor of the notes or otherwise provide credit support for the notes, except that our sole stockholder, which is an indirect wholly owned subsidiary of Liberty, is pledging its shares of our capital stock to secure the notes.

Corporate information

We are a Delaware corporation with principal executive offices located at 1200 Wilson Drive, West Chester, Pennsylvania 19380. Our main telephone number at that location is (484) 701-1000.

Each of the wholly-owned subsidiaries of QVC listed in the table below is a guarantor of the notes. None of these subsidiaries operate any business outside of the business of QVC.

The exchange offer

On August 21, 2014, we completed a private offering of the original notes in reliance on Section 4(a)(2) of the Securities Act, and Rule 144A and Regulation S thereunder. As part of that offering, we entered into a registration rights agreement with the initial purchasers of the original notes, which we refer to as the registration rights agreement, in which we agreed, among other things, to offer to exchange the original notes for the exchange notes. The following is a summary of the principal terms of the exchange offer. A more detailed description is contained in the section of this prospectus entitled "The exchange offer."

Original notes	\$600 million aggregate principal amount of 4.45% Senior Secured Notes due February 15, 2025 and \$400 million aggregate principal amount of 5.45% Senior Secured Notes due August 15, 2034, which were issued in a private placement on August 21, 2014.
Exchange notes	4.45% Senior Secured Notes due February 15, 2025 and 5.45% Senior Secured Notes due August 15, 2034. Exchange offer	<p>Pursuant to the registration rights agreements, we are offering to exchange up to \$600 million principal amount of our 2025 exchange notes and up to \$400 million of our 2034 exchange notes that have been registered under the Securities Act for an equal principal amount of the corresponding series of our original notes.</p> <p>The exchange notes will evidence the same debt as the corresponding series of original notes, including principal and interest, and will be issued under and be entitled to the benefits of the same indenture that governs the corresponding series of original notes. Holders of the original notes do not have any appraisal or dissenter's rights in connection with the exchange offer. Because the exchange notes will be registered, the exchange notes will not be subject to transfer restrictions and holders of original notes that tender and have their original notes accepted in the exchange offer will no longer have registration rights or the right to receive the related special interest under the circumstances described in the registration rights agreement.</p>
Expiration date	The exchange offer will expire at 5:00 p.m., New York City time, on [], 2014, which we refer to as the "Expiration Date," unless we decide to extend it or terminate it early. Conditions to the exchange offer The exchange offer is subject to customary conditions, which we may, but are not required to, waive. We will not be required to accept for exchange, or to issue exchange notes in exchange for, any original notes, and we may terminate or amend the exchange offer if we determine in our reasonable judgment that the exchange offer would violate applicable law or any applicable interpretation of the staff of the SEC. Please see "The exchange offer—Conditions to the exchange offer" for more information regarding the conditions to the exchange offer. We reserve the right, in our sole discretion, to waive any and all conditions to the exchange offer on or prior to the Expiration Date.

Procedures for tendering original notes To participate in the exchange offer, on or prior to the Expiration Date you must tender your original notes by using the book-entry transfer procedures described in "The exchange offer—Procedures for tendering original notes," including transmission or delivery to the exchange agent of an agent's message or a properly completed and duly executed letter of transmittal, with any required signature guarantee. In order for a book-entry transfer to constitute a valid tender of your original notes in the exchange offer, U.S. Bank National Association, as registrar and exchange agent, must receive a confirmation of book-entry transfer of your original notes into the exchange agent's account at The Depository Trust Company prior to the Expiration Date. By signing or agreeing to be bound by the letter of transmittal, you will represent to us that, among other things:

- you are acquiring exchange notes in the ordinary course of business of both you and any beneficial owner of the exchange notes;
- you are not engaged in, and you do not intend to engage in, and you have no arrangement or understanding with any person or entity to participate in a distribution of the exchange notes;
- you are transferring good and marketable title to the original notes free and clear of all liens, security interests, encumbrances, or rights or interests of others except your own;
- if you are a broker-dealer that will receive exchange notes for your own account in exchange for original notes that were acquired by you as a result of market-making or other trading activities, that you will deliver a prospectus, as required by law, in connection with any resale of your exchange notes; and
- you are not our "affiliate" as defined in Rule 405 of the Securities Act. If you are a broker-dealer, you may not participate in the exchange offer as to any original notes you purchased directly from us.

Withdrawal	You may withdraw any original notes tendered in the exchange offer by sending the exchange agent notice of withdrawal at any time prior to 5:00 p.m., New York City time, on the Expiration Date. If we decide for any reason not to accept any original notes tendered for exchange or to withdraw the exchange offer, the original notes will be returned promptly after the expiration or termination of the exchange offer. For further information regarding the withdrawal of tendered original notes, please see "The exchange offer—Withdrawal of tenders."
Acceptance of original notes and delivery of exchange notes	If you fulfill all conditions required for proper acceptance of the original notes, we will accept any and all original notes that you properly tender in the exchange offer before 5:00 p.m., New York City time, on the Expiration Date. For more information, please read "The exchange offer—Terms of the exchange offer."

**Resales of
exchange notes**

Based on interpretations by the staff of the SEC, as set forth in no-action letters issued to third parties, we believe that the exchange notes you receive in the exchange offer may be offered for resale, resold or otherwise transferred by you without compliance with the registration and prospectus delivery provisions of the Securities Act so long as certain conditions are met. See "The exchange offer—Resale of exchange notes" and "Plan of distribution" for more information regarding resales.

**Consequences of

See "The exchange offer—Consequences of failure to exchange." In addition, you will not be able to resell, offer to resell or otherwise transfer your original notes unless you do so in a transaction exempt from the registration requirements of the Securities Act and applicable state securities laws or unless we register the offer and resale of your original notes under the Securities Act. Following the exchange offer, we will be under no obligation to register your original notes, except under the limited circumstances set forth in the registration rights agreement.

For information regarding the limited circumstances under which we may be required to file a registration statement after this exchange offer and the consequences of not tendering your original notes in this exchange offer, please see "The exchange offer—Consequences of failure to exchange" and "Description of notes."

The terms of the exchange notes and those of the outstanding original notes are substantially identical, except that the exchange notes are registered under the Securities Act, and the transfer restrictions and registration rights, and related special interest provisions, applicable to the original notes will not apply to the exchange notes. The exchange notes represent the same debt as the corresponding series of original notes for which they are being exchanged. Both the original notes and the exchange notes are governed by the same indenture.

Issuer	QVC, Inc.
Notes offered	\$600,000,000 aggregate principal amount of 4.45% Senior Secured Notes due 2025. \$400,000,000 aggregate principal amount of 5.45% Senior Secured Notes due 2034.
Maturity dates	The 2025 notes will mature on February 15, 2025. The 2034 notes will mature on August 15, 2034.
Interest	Interest on the 2025 notes will accrue at a rate per annum equal to 4.45%. Interest on the 2034 notes will accrue at a rate per annum equal to 5.45%.
Interest payment dates	Interest on the 2025 notes will be payable on February 15 and August 15 of each year, beginning on February 15, 2015. Interest will accrue from August 21, 2014. Interest on the 2034 notes will be payable on February 15 and August 15 of each year, beginning on February 15, 2015. Interest will accrue from August 21, 2014.
Guarantees	Each series of notes will be guaranteed by each of our material domestic subsidiaries that guarantee the borrowings under our senior secured credit facility and our Existing Notes (together, our "existing secured indebtedness"). For the year ended December 31, 2013, net revenue for our non-guarantor subsidiaries was \$2.9 billion, which was 33.8% of our consolidated net revenue, and operating income for our non-guarantor subsidiaries was \$256 million, which was 20.6% of our consolidated operating income. For the six months ended June 30, 2014, net revenue for our non-guarantor subsidiaries was \$1.4 billion, which was 35.0% of our consolidated net revenue, and operating income for our non-guarantor subsidiaries was \$111 million, which was 20.4% of our consolidated operating income. As of June 30, 2014, our non-guarantor subsidiaries had \$3 billion of assets, which was 23.7% of our consolidated assets.
Security	Each series of notes will be secured on <i>pari passu</i> basis by the same collateral that secures our existing secured indebtedness and certain future indebtedness, subject as to priority and otherwise to certain exceptions and subject to certain permitted liens. See "Description of notes—Security."

Ranking

The notes will not be secured by a lien on any assets of QVC, Inc. or any of its subsidiaries. So long as the notes are secured solely by a lien on all shares of our capital stock, the holders of each series of notes will have only an unsecured claim against our assets and the assets of the guarantors. Any such unsecured claim will rank equally in right of payment with all other unsecured unsubordinated indebtedness and other obligations of us and the guarantors, including trade payables. Each series of notes will rank equally in right of payment with all of our existing and future senior obligations and senior in right of payment to all of our existing and future subordinated obligations. The guarantees will rank equally in right of payment with the guarantors' existing and future senior obligations and senior in right of payment to their existing and future subordinated obligations. Each series of notes and guarantees will be structurally subordinated to all the liabilities of any of our subsidiaries that do not guarantee the notes, and effectively subordinated to the claims of lienholders with prior permitted liens to the extent of the value of the applicable collateral. See "Description of notes—Ranking" and "—Security." Although under certain circumstances each series of notes could benefit from liens on certain additional assets in the future, there can be no assurances that such circumstances will ever arise.

As of June 30, 2014, after giving effect to the issuance of the original notes and the use of net proceeds therefrom described in "Use of proceeds", we and our guarantor subsidiaries would have had total debt, other than our capital lease obligations, of approximately \$4.1 billion, consisting of \$4.05 billion of secured indebtedness under our Existing Notes and \$65 million outstanding under our senior secured credit facility, in each case, secured by a first priority perfected lien on all shares of our capital stock and an additional \$1.9 billion of unused capacity under our senior secured credit facility, all of which would rank equally with and share in the collateral securing the notes. In addition, we and our guarantor subsidiaries had \$73 million of capital lease obligations secured by collateral that does not secure the notes.

As of June 30, 2014, our non-guarantor subsidiaries would have had \$813 million of obligations (consisting predominantly of trade payables, deferred tax liabilities, certain other liabilities and no indebtedness for borrowed money), all of which would be structurally senior to the notes.

Optional redemption

We may redeem all or a part of the notes at any time at a redemption price. The redemption price for the 2025 notes that are redeemed before the date that is three months prior to maturity of the 2025 notes and for the 2034 notes that are redeemed before the date that is six months prior to maturity of the 2034 notes, in each case, will be equal to the greater of 100% of the principal amount thereof or a "make whole" amount and, in each case, plus accrued and unpaid interest to, but not including, the redemption date as described herein. The redemption price for the 2025 notes that are redeemed on or after the date that is three months prior to maturity of the 2025 notes and for the 2034 notes that are redeemed on or after the date that is six months prior to maturity of the 2034 notes will be equal to 100% of their principal amount, together with accrued and unpaid interest thereon, if any, to the date of redemption, and will not include a "make whole" premium. See "Description of notes—Optional redemption."

Change of control	If we experience specific kinds of changes of control, we will be required to make an offer to purchase the notes at a purchase price of 101% of the principal amount thereof, plus accrued and unpaid interest to, but not including, the repurchase date. See "Description of notes—Change of control."
Certain covenants	<p>The indenture governing the notes will restrict our ability and the ability of our restricted subsidiaries to, among other things:</p> <ul style="list-style-type: none">• incur additional indebtedness;• pay dividends and make certain distributions, investments and other restricted payments;• create certain liens or use assets as security in other transactions;• sell assets;• change our line of business;• enter into transactions with affiliates;• limit the ability of restricted subsidiaries to make payments to us;• enter into sale and leaseback transactions;• merge, consolidate, sell or otherwise dispose of all or substantially all of our assets; and• designate subsidiaries as unrestricted subsidiaries. <p>These covenants are subject to important exceptions and qualifications. See "Description of notes—Certain covenants."</p> <p>If the notes are assigned investment grade ratings by both Moody's and S&P and no default or event of default has occurred and is continuing, certain covenants will be eliminated. See "Description of notes—Certain covenants—Fall-away event."</p>
Transfer restrictions	The exchange notes generally will be freely transferable.
Risk factors	See "Risk factors" beginning on page 15 and the other information contained in this prospectus for a discussion of factors you should carefully consider prior to making an investment decision regarding the notes.

- (2) Net revenue generated from our U.S. and international websites and mobile applications divided by consolidated net revenue.
- (3) Gross profit divided by net revenue.

- (4) We define Adjusted OIBDA as net revenue less cost of goods sold, operating expenses and selling, general and administrative expenses (excluding stock-based compensation). Our chief operating decision maker and management team use this measure of performance in conjunction with other measures to evaluate our business and make decisions about allocating resources among our businesses. We believe this is an important indicator of the operational strength and performance of our business, including our ability to service debt and fund capital expenditures. In addition, this measure allows us to view operating results and perform analytical comparisons and benchmarking among our businesses and identify strategies to improve performance. This measure of performance excludes such costs as depreciation and amortization and stock-based compensation that are included in the measurement of operating income pursuant to GAAP. Accordingly, Adjusted OIBDA should be considered in addition to, but not as a substitute for, operating income, net income, cash flow provided by operating activities and other measures of financial performance prepared in accordance with GAAP. Adjusted OIBDA has several limitations that are discussed in management's discussion and analysis of financial condition and results of operations—adjusted operating income before depreciation and amortization (Adjusted OIBDA).

Risk factors

An investment in the notes involves a high degree of risk. You should carefully consider the risks and uncertainties described below, as well as the other information included in this prospectus, before deciding to participate in the exchange offer. The risks described below are not the only ones facing our Company. In the event any of the following risks actually occurs, our business, financial condition and results of operations could be materially adversely affected. The value of the notes could decline due to any of these risks, and you may lose all or part of your investment in the notes. The risks described below are those that we currently believe may materially affect us. For purposes of this section, the phrase "material adverse effect" is meant to refer to a material adverse effect on our financial condition, results of operations and/or the value of the notes.

This prospectus also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks described below and elsewhere in this prospectus. See "Cautionary note regarding forward-looking statements."

Risks related to our business

Weak economic conditions worldwide may reduce consumer demand for our products and services

The prolonged economic uncertainty in various regions of the world in which our subsidiaries and affiliates operate could adversely affect demand for our products and services since a substantial portion of our revenue is derived from discretionary spending by individuals, which typically falls during times of economic instability. Global financial markets continue to experience disruptions, including increased volatility and diminished liquidity and credit availability. The world has experienced a global macroeconomic downturn, and if economic and financial market conditions in the U.S. or other key markets, including Japan and Europe, remain uncertain, persist, or deteriorate further, our customers may respond by suspending, delaying, or reducing their discretionary spending. A suspension, delay or reduction in discretionary spending could adversely affect revenue. Accordingly, our ability to increase or maintain revenue and earnings could be adversely affected to the extent that relevant economic environments remain weak or decline further. Such weak economic conditions may also inhibit our expansion into new European and other markets. We currently are unable to predict the extent of any of these potential adverse effects.

The retail business environment is subject to intense competition, and we may not be able to effectively compete for customers

We operate in a rapidly evolving and highly competitive retail business environment. Although we are the U.S.'s largest television shopping retailer, we have numerous and varied competitors at the national and local levels, ranging from large department stores to specialty shops, electronic retailers, direct marketing retailers, wholesale clubs, discount retailers, other televised shopping retailers such as HSN and ShopHQ in the U.S., Shop Channel in Japan, HSE 24 in Germany and Ideal World in the U.K., infomercial retailers, Internet retailers and mail-order and catalog companies. Many of our current and potential competitors have greater resources, longer histories, more customers and greater brand recognition than we do. They may secure better terms from vendors, adopt more aggressive pricing, offer free or subsidized shipping and devote more resources to technology, fulfillment and marketing. Other companies also may enter into business combinations or alliances that strengthen their competitive positions.

We also compete for access to customers and audience share with other providers of televised, online and hard copy entertainment and content. Our inability to compete effectively with regard to the assortment, product price, shipping terms, shipping pricing or free shipping and quality of the

[Table of Contents](#)

merchandise we offer for sale or to keep pace with competitors in our marketing, service, location, reputation, credit availability and technologies, could have a material adverse effect.

Our net revenue and operating results depend on our ability to predict or respond to consumer preferences

Our net revenue and operating results depend, in part, on our ability to predict or respond to changes in consumer preferences and fashion trends in a timely manner. We develop new retail concepts and continuously adjust our product mix in an effort to satisfy customer demands. Consumer preferences may be affected by many factors outside of our control, including responses of competitors and general economic conditions. Any sustained failure by us to identify and respond to emerging trends in lifestyle and consumer preferences could have a material adverse effect.

Our long-term success depends in large part on our continued ability to attract new customers and retain existing customers and we may not be able to do that in a cost-effective manner

In an effort to attract and retain customers, we engage in various merchandising and marketing initiatives, which involve the expenditure of money and resources, particularly in the case of the production and distribution of our television programming and, to a lesser but increasing extent, online advertising. We have spent, and expect to continue to spend, increasing amounts of money on, and devote greater resources to, certain of these initiatives, particularly in our continuing efforts to increasingly engage customers through online and mobile channels and to personalizing our customers' shopping experience. These initiatives, however, may not resonate with existing customers or consumers generally or may not be cost effective. In addition, costs associated with the production and distribution of our television programming and costs associated with online marketing, including search engine marketing (primarily the purchase of relevant keywords), have increased and are likely to continue to increase in the foreseeable future and, if significant, could have a material adverse effect to the extent that they do not result in corresponding increases in net revenue.

We depend on the television distributors that carry our programming, and no assurance can be given that we will be able to maintain and renew our affiliation agreements on favorable terms or at all

We currently distribute our programming through affiliation or transmission agreements with many television providers, including, but not limited to, Comcast, DIRECTV, DISH Network and Time Warner Cable in the U.S., JCN, Jupiter Telecommunications, Ltd., Sky Perfect and World Hi-Vision Channel, Inc. in Japan, Kabel Deutschland Vertrieb und Service GmbH, Media Broadcast GmbH, SES ASTRA, SES Platform Services GmbH, Telekom Deutschland GmbH and Unitymedia Kabel BW GmbH in Germany, A1 Telekom Austria AG and UPC Telekabel Wien GmbH in Austria, Arqiva, British Sky Broadcasting, Freesat, SDN and Virgin Media in the U.K. and Mediaset and Sky Italia in Italy. Our affiliation agreements with distributors are scheduled to expire between 2015 and 2022.

As part of normal course renewal discussions, occasionally we have disagreements with our distributors over the terms of our carriage, such as channel placement or other contract terms. If not resolved through business negotiation, such disagreements could result in litigation or termination of an existing agreement. Termination of an existing agreement resulting in the loss of distribution of our programming to a material portion of our television households may adversely affect our growth, net revenue and earnings.

The renewal negotiation process for affiliation agreements is typically lengthy. In some cases, renewals are not agreed upon prior to the expiration of a given agreement while the programming continues to be carried by the relevant distributor without an effective agreement in place. We do not have distribution agreements with some of the cable operators that carry our programming. In total, we are currently providing programming without affiliation agreements to distributors representing 6% of our U.S. distribution, and short-term, rolling 90 day letters of extension, to distributors who represent

[Table of Contents](#)

approximately 22% of our U.S. distribution. Some of our international programming may continue to be carried by distributors after the expiration dates on our affiliation agreements with them have passed.

We may be unable to obtain renewals with our current distributors on acceptable terms, if at all. We may also be unable to successfully negotiate affiliation agreements with new or existing distributors to carry our programming. Although we consider our current levels of distribution without written agreement to be ordinary course, the failure to successfully renew or negotiate new affiliation agreements covering a material portion of television households could result in a discontinuation of carriage that may adversely affect our viewership, growth, net revenue and earnings.

The failure to maintain suitable placement for our programming could adversely affect our ability to attract and retain television viewers and could result in a decrease in revenue

We are dependent upon the continued ability of our programming to compete for viewers. Effectively competing for television viewers is dependent, in substantial part, on our ability to negotiate and maintain placement of our programming at a favorable channel position, such as in a basic tier or within a general entertainment or general broadcasting tier. The advent of digital compression technologies and the adoption of digital cable have resulted in increased channel capacity, which together with other changing laws, rules and regulations regarding cable television ownership, impacts our ability to negotiate and maintain suitable channel placement with our distributors. Increased channel capacity could adversely affect the ability to attract television viewers to our programming to the extent it results in:

- a less favorable channel position for our programming, such as placement adjacent to programming that does not complement our programming, a position next to our televised home shopping competitors or isolation in a "shopping" tier;
- more competitors entering the marketplace; or
- more programming options being available to the viewing public in the form of new television networks and time-shifted viewing (e.g., personal video recorders, video-on-demand, interactive television and streaming video over Internet connections).

In addition, if our programming is carried exclusively by a distributor on a digital programming tier, we may experience a reduction in revenue to the extent that the digital programming tier has less television viewer penetration than the basic or expanded basic programming tier. We may experience a further reduction in revenue due to increased television viewing audience fragmentation to the extent that not all television sets within a digital cable home are equipped to receive television programming in a digital format. Our future success will depend, in part, on our ability to anticipate and adapt to technological changes and to offer elements of our programming via new technologies in a cost-effective manner that meet customer demands and evolving industry standards.

Any continued or permanent inability to transmit our programming via satellite would result in lost revenue and could result in lost customers

Our success is dependent upon our continued ability to transmit our programming to television providers from our satellite uplink facilities, which transmissions are subject to the Federal Communications Commission ("FCC") compliance in the U.S. and foreign regulatory requirements in our international operations. In most cases, we have entered into long-term satellite transponder leases to provide for continued carriage of our programming on replacement transponders and/or replacement satellites, as applicable, in the event of a failure of either the transponders and/or satellites currently carrying our programming. Although we believe we take reasonable and customary measures to ensure continued satellite transmission capability, termination or interruption of satellite transmissions may occur, particularly if we are not able to successfully negotiate renewals or replacements of any of our expiring transponder service agreements in the future.

Our business is subject to online security risks, including security breaches and identity theft

To succeed, we must be able to provide for secure transmission of confidential information over public networks. Any penetration of network security or other misappropriation or misuse of personal consumer information could cause interruptions in the operations of our business and subject us to increased costs, litigation and other liabilities. Security breaches could also significantly damage our reputation with consumers and third parties with whom we do business. We may be required to expend significant capital and other resources to protect against and remedy any potential or existing security breaches and their consequences. We also face risks associated with security breaches affecting third parties with which we are affiliated or otherwise conduct business online.

System interruption and the lack of integration and redundancy in these systems and infrastructures may adversely affect our ability to transmit our television programs, operate websites, process and fulfill transactions, respond to customer inquiries and generally maintain cost-efficient operations

Our success depends, in part, on our ability to maintain the integrity of our transmissions, systems and infrastructures, including the transmission of our television programs, as well as our websites, information and related systems, call centers and fulfillment facilities. We may experience occasional system interruptions that make some or all transmissions, systems or data unavailable or prevent us from transmitting our signal or efficiently providing services or fulfilling orders. We are in the process of implementing new technology systems and upgrading others. Our failure to properly implement new systems or delays in implementing new systems could impair our ability to provide services, fulfill orders and/or process transactions. We also rely on affiliate and third-party computer systems, broadband, transmission and other communications systems and service providers in connection with the transmission of our signals, as well as to facilitate, process and fulfill transactions. Any interruptions, outages or delays in our signal transmissions, systems and infrastructures, our business, our affiliates and/or third parties, or deterioration in the performance of these transmissions, systems and infrastructures, could impair our ability to provide services, fulfill orders and/or process transactions. Fire, flood, power loss, telecommunications failure, hurricanes, tornadoes, earthquakes, acts of war or terrorism, acts of God and similar events or disruptions may damage or interrupt television transmissions, computer, broadband or other communications systems and infrastructures at any time.

Any of these events could cause transmission or system interruption, delays and loss of critical data, and could prevent us from providing services, fulfilling orders and/or processing transactions. While we have backup systems for certain aspects of our operations, these systems are not fully redundant and disaster recovery planning is not sufficient for all possible risks. In addition, we may not have adequate insurance coverage to compensate for losses from a major interruption.

We may be subject to claims for representations made in connection with the sale and promotion of merchandise or for harm experienced by customers who purchase merchandise from us

The manner in which we sell and promote merchandise and related claims and representations made in connection with these efforts is regulated by federal, state and local law, as well as the laws of the foreign countries in which we operate. We may be exposed to potential liability from claims by purchasers or from regulators and law enforcement agencies, including, but not limited to, claims for personal injury, wrongful death and damage to personal property relating to merchandise sold and misrepresentation of merchandise features and benefits. In certain instances, we have the right to seek indemnification for related liabilities from our vendors and may require such vendors to carry minimum levels of product liability and errors and omissions insurance. These vendors, however, may be unable to satisfy indemnification claims, obtain suitable coverage or maintain this coverage on acceptable terms, or insurance may provide inadequate coverage or be unavailable with respect to a particular

claim. See "Business—Government regulation" for further discussion of regulations to which we are subject.

In 2000, we became subject to a consent decree issued by the Federal Trade Commission ("FTC") barring us from making certain deceptive claims for specified weight-loss products and dietary supplements. We also became subject to an expanded consent decree issued by the FTC in 2009 that terminates on the later of March 4, 2029, or 20 years from the most recent date that the U.S. or the FTC files a complaint in federal court alleging any violation thereunder. Pursuant to this expanded consent decree, we are prohibited from making certain claims about specified weight-loss, dietary supplement and anti-cellulite products unless we have competent and reliable scientific evidence to substantiate such claims. Violation of this consent decree may result in the imposition of significant civil penalties for non-compliance and related redress to consumers and/or the issuance of an injunction enjoining us from engaging in prohibited activities.

Failure to comply with existing laws, rules and regulations, or to obtain and maintain required licenses and rights, could subject us to additional liabilities

We market and provide a broad range of merchandise through television shopping programs and our websites. As a result, we are subject to a wide variety of statutes, rules, regulations, policies and procedures in various jurisdictions, including foreign jurisdictions, which are subject to change at any time, including laws regarding consumer protection, privacy, the regulation of retailers generally, the license requirements for television retailers in foreign jurisdictions, the importation, sale and promotion of merchandise and the operation of retail stores and warehouse facilities, as well as laws and regulations applicable to the Internet and businesses engaged in online commerce, such as those regulating the sending of unsolicited, commercial electronic mail. Our failure to comply with these laws and regulations could result in a revocation of required licenses, fines and/or proceedings against us by governmental agencies and/or consumers, which could adversely affect our business, financial condition and results of operations. Moreover, unfavorable changes in the laws, rules and regulations applicable to us could decrease demand for merchandise offered by us, increase costs and/or subject us to additional liabilities. Similarly, new disclosure and reporting requirements, established under existing or new state or federal laws, such as regulatory rules regarding requirements to disclose efforts to identify the origin and existence of certain "conflict minerals" or abusive labor practices in portions of our supply chain, could increase the cost of doing business, adversely affecting our results of operations. Finally, certain of these regulations impact the marketing efforts of our brands and business.

The processing, storage, use and disclosure of personal data could give rise to liabilities as a result of governmental regulation, conflicting legal requirements or differing views of personal privacy rights

In the processing of consumer transactions, our business receives, transmits and stores a large volume of personally identifiable information and other user data. The sharing, use, disclosure and protection of this information are governed by the privacy and data security policies maintained by us. Moreover, there are federal, state and international laws regarding privacy and the storing, sharing, use, disclosure and protection of personally identifiable information and user data. Specifically, personally identifiable information is increasingly subject to legislation and regulations in numerous jurisdictions around the world, the intent of which is to protect the privacy of personal information that is collected, processed and transmitted in or from the governing jurisdiction. Our failure, and/or the failure by the various third party vendors and service providers with which we do business, to comply with applicable privacy policies or federal, state or similar international laws and regulations or any compromise of security that results in the unauthorized release of personally identifiable information or other user data could damage our reputation and the reputation of our third party vendors and service providers, discourage potential users from trying our products and services and/or result in fines and/or

proceedings by governmental agencies and/or consumers, any one or all of which could adversely affect our business, financial condition and results of operations.

Our business is subject to online security risks, including security breaches and identity theft

To succeed, we must be able to provide for secure transmission of confidential information over public networks. Any penetration of network security or other misappropriation or misuse of personal consumer information could cause interruptions in the operations of our business and subject us to increased costs, litigation and other liabilities. Security breaches could also significantly damage our reputation with consumers and third parties with whom we do business. We may be required to expend significant capital and other resources to protect against and remedy any potential or existing security breaches and their consequences. We also face risks associated with security breaches affecting third parties with which we are affiliated or otherwise conduct business online.

We may fail to adequately protect our intellectual property rights or may be accused of infringing intellectual property rights of third parties

We regard our intellectual property rights, including service marks, trademarks and domain names, copyrights (including our programming and our websites), trade secrets and similar intellectual property, as critical to our success. Our business also relies heavily upon software codes, informational databases and other components that make up their products and services.

From time to time, we are subject to legal proceedings and claims in the ordinary course of business, including claims of alleged infringement of the trademarks, patents, copyrights and other intellectual property rights of third parties. In addition, litigation may be necessary to enforce our intellectual property rights, protect trade secrets or to determine the validity and scope of proprietary rights claimed by others. Any litigation of this nature, regardless of outcome or merit, could result in substantial costs and diversion of management and technical resources, any of which could adversely affect our business, financial condition and results of operations. Our failure to protect our intellectual property rights, particularly our proprietary brands, in a meaningful manner or third party challenges to related contractual rights could result in erosion of brand names and limit our ability to control marketing on or through the Internet using our various domain names or otherwise, which could adversely affect our business, financial condition and results of operations.

We have operations outside of the U.S. that are subject to numerous operational and financial risks

We have operations in countries other than the U.S. and we are subject to the following risks inherent in international operations:

- fluctuations in currency exchange rates;
- longer payment cycles for sales in foreign countries that may increase the uncertainty associated with recoverable accounts;
- recessionary conditions and economic instability affecting overseas markets;
- our ability to repatriate funds held by our foreign subsidiaries to the U.S. at favorable tax rates;
- potentially adverse tax consequences;
- export and import restrictions, tariffs and other trade barriers;
- increases in taxes and governmental royalties and fees;
- changes in foreign and U.S. laws, regulations and policies that govern operations of foreign-based companies;

[Table of Contents](#)

- changes to general consumer protection laws and regulations;
- difficulties in staffing and managing international operations; and
- political unrest that may result in disruptions of services that are critical to our international businesses.

Additionally, in many foreign countries, particularly in certain developing economies, it is not uncommon to encounter business practices that are prohibited by regulations applicable to us, such as the Foreign Corrupt Practices Act and similar laws. Although we have undertaken compliance efforts with respect to these laws, our employees, contractors and agents, as well as those companies to which we outsource certain of our business operations, may take actions in violation of our policies and procedures. Any such violation, even if prohibited by our policies and procedures or the law, could have a material adverse effect. Any failure by us to effectively manage the challenges associated with the international operation of our business could have a material adverse effect.

We rely on independent shipping companies to deliver the products we sell

We rely on third party carriers to deliver merchandise from vendors and manufacturers to us and to ship merchandise to our customers. As a result, we are subject to carrier disruptions and delays due to factors that are beyond our control, including employee strikes, inclement weather and regulation and enforcement actions by customs agencies. Any failure to deliver products to our customers in a timely and accurate manner may damage our reputation and brand and could cause us to lose customers. Enforcement actions by customs agencies can also cause the costs of imported goods to increase, negatively affecting our profits.

We are also impacted by increases in shipping rates charged by third party carriers, which over the past few years, have increased significantly in comparison to historical levels. We currently expect that shipping and postal rates will continue to increase. In the case of deliveries to customers, in each market where we operate, we have negotiated agreements with one or more independent, third party shipping companies, which in certain circumstances provide for favorable shipping rates. If any of these relationships were to terminate or if a shipping company was unable to fulfill its obligations under its contract for any reason, we would have to work with other shipping companies to deliver merchandise to customers, which would most likely be at less favorable rates. Other potential adverse consequences of changing carriers include:

- reduced visibility of order status and package tracking;
- delays in order processing and product delivery; and
- reduced shipment quality, which may result in damaged products and customer dissatisfaction.

Any increase in shipping rates and related fuel and other surcharges passed on to us by our current carriers or any other shipping company would adversely impact profits, given that we may not be able to pass these increased costs directly to customers or offset them by increasing prices without a detrimental effect on customer demand.

We depend on relationships with vendors, manufacturers and other third parties, and any adverse changes in these relationships could result in a failure to meet customer expectations which could result in lost revenue

We purchase merchandise from a wide variety of third party vendors, manufacturers and other sources pursuant to short- and long-term contracts and purchase orders. Our ability to identify and establish relationships with these parties, as well as to access quality merchandise in a timely and efficient manner on acceptable terms and cost, can be challenging. In particular, we purchase a significant amount of merchandise from vendors and manufacturers abroad, and cannot predict whether the costs for goods sourced in these markets will remain stable. We depend on the ability of vendors

[Table of Contents](#)

and manufacturers in the U.S. and abroad to produce and deliver goods that meet applicable quality standards, which is impacted by a number of factors, some of which are not within the control of these parties, such as political or financial instability, trade restrictions, tariffs, currency exchange rates and transport capacity and costs, among others.

Our failure to identify new vendors and manufacturers, maintain relationships with a significant number of existing vendors and manufacturers and/or access quality merchandise in a timely and efficient manner could cause us to miss customer delivery dates or delay scheduled promotions, which would result in the failure to meet customer expectations and could cause customers to cancel orders or cause us to be unable to source merchandise in sufficient quantities, which could result in lost revenue.

We face significant inventory risk

We are exposed to significant inventory risks that may adversely affect our operating results as a result of seasonality, new product launches, rapid changes in product cycles and pricing, defective merchandise, changes in consumer demand, consumer spending patterns, changes in consumer tastes with respect to our products and other factors. We endeavor to accurately predict these trends and avoid overstocking or understocking products we sell. Demand for products, however, can change significantly between the time inventory or components are ordered and the date of sale. In addition, when we begin selling a new product, it may be difficult to establish vendor relationships, determine appropriate product or component selection, and accurately forecast demand. The acquisition of certain types of inventory or components may require significant lead-time and prepayment and they may not be returnable. We carry a broad selection and significant inventory levels of certain products, and we may be unable to sell products in sufficient quantities or during the relevant selling seasons. Any one of the inventory risk factors set forth above may adversely affect our operating results.

The seasonality of our business places increased strain on our operations

Our net revenue in recent years indicates that our business is seasonal due to a higher volume of sales in the fourth calendar quarter related to year-end holiday shopping. In recent years, we have earned, on average, between 22% and 23% of our global revenue in each of the first three quarters of the year and 32% of our global revenue in the fourth quarter of the year. If our vendors are not able to provide popular products in sufficient amounts such that we fail to meet customer demand, it could significantly affect our revenue and our future growth. If too many customers access our websites within a short period of time due to increased holiday demand, we may experience system interruptions that make our websites unavailable or prevent us from efficiently fulfilling orders, which may reduce the volume of goods we sell and the attractiveness of our products and services. In addition, we may be unable to adequately staff our fulfillment and customer service centers during these peak periods and delivery and other third party shipping (or carrier) companies may be unable to meet the seasonal demand.

To the extent we pay for holiday merchandise in advance of the holidays (i.e., in August through November of each year), our available cash may decrease, resulting in less liquidity. We have limited availability under our revolving credit facility and may not be able to access financing to the extent our cash balance is impaired. We may be unable to maintain a level of cash sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including the notes.

Failure to effectively manage our Easy-Pay and revolving credit card programs could result in less income

We offer Easy-Pay in the U.S. and U.K. (known as Q Pay in Germany), a payment plan that when offered by QVC, allows customers to pay for certain merchandise in two or more monthly installments. We cannot predict whether customers will pay all of their Easy-Pay installments.

In addition, QVC-U.S. has an agreement with a large consumer financial institution (the "Bank") pursuant to which the Bank provides revolving credit directly to our customers for the sole purpose of purchasing merchandise from us with a QVC branded credit card ("Q Card"). We receive a portion of the net economics of the credit card program according to percentages that vary with the performance of the portfolio. We cannot predict the extent to which customers will use the Q Card, nor the extent that they will make payments on their outstanding balances.

Our success depends in large part on our ability to recruit and retain key employees capable of executing our unique business model

We have a business model that requires us to recruit and retain key employees, including management, with the skills necessary for a unique business that demands knowledge of the general retail industry, television production, direct to consumer marketing and fulfillment and the Internet. We cannot assure you that if we experience turnover of our key employees we will be able to recruit and retain acceptable replacements because the market for such employees is very competitive and limited.

Risks relating to our organizational structure

We have not voluntarily implemented various corporate governance measures, in the absence of which note holders may have more limited protections against interested transactions, conflicts of interest and similar matters

Federal legislation, including the Sarbanes-Oxley Act of 2002, encourages the adoption of various corporate governance measures designed to promote the integrity of corporate management and the securities markets. Some of these measures have been adopted in response to legal requirements. Others have been adopted by companies in response to the requirements of national securities exchanges on which their securities are listed. Among the corporate governance measures that are required under the rules of national securities exchanges are those that address board of directors' independence and audit committee oversight.

As a "close corporation" under Delaware law, our stockholder, rather than a board of directors, manages our business. Our stockholder is an indirect wholly owned subsidiary of Liberty, meaning that we do not have any independent governing body. In addition, we have not adopted corporate governance measures such as the implementation of an audit committee or other independent governing body. It is possible that if we were to appoint a board of directors and include one or more independent directors and adopt some or all of these corporate governance measures, note holders would benefit from somewhat greater assurances that internal corporate decisions were being made by disinterested directors and that policies had been implemented to define responsible conduct. However, because our stockholder is responsible for managing our business, subject to the limitations in the indenture for the notes and our other debt documents as described below under "Description of other indebtedness," our stockholder has the ability to make decisions regarding transactions with related parties and corporate actions that could involve conflicts of interest. In addition, our Chief Executive Officer and President, Michael A. George, became a named executive officer and a director of Liberty during 2011. Prospective investors should bear in mind our current lack of independent directors, the positions with Liberty that are held by Mr. George, and corporate governance measures in formulating their investment decisions.

The interests of our stockholder may not coincide with note holders and our stockholder may make decisions with which you may disagree

Our stockholder is an indirect wholly owned subsidiary of Liberty. As a "close corporation" under Delaware law, our stockholder, rather than a board of directors, manages our business. As a result, Liberty controls certain aspects of our management, including the approval of significant corporate

[Table of Contents](#)

transactions such as a change of control. The interests of Liberty may not coincide with our interests or the interests of note holders. Accordingly, Liberty could cause us to enter into transactions or agreements of which note holders might not approve or make decisions with which note holders may disagree. For example, Liberty's dependence on our cash flow for servicing Liberty's debt and for other purposes, including payments of dividends on Liberty's capital stock, stock repurchases or to fund acquisitions or other operational requirements of Liberty and its subsidiaries is likely to result in our payment of large dividends to Liberty when permitted by law, the terms of our senior secured credit facility and the indentures governing the notes and our Existing Notes, which may deplete our equity or require us to borrow under our senior secured credit facility, increasing our leverage and decreasing our liquidity. We have made significant distributions to Liberty in the past. We paid \$480 million of dividends to Liberty during the six months ended June 30, 2014, \$1.0 billion of dividends to Liberty during 2013, \$1.8 billion of dividends to Liberty during 2012 and \$205 million of dividends to Liberty during 2011. We declared and paid dividends in cash to Liberty in the amount of \$1.4 billion subsequent to June 30, 2014 (including \$1 billion in connection with the 2014 Reattribution) and prior to the date of filing the registration statement of which this prospectus forms a part. These dividends were funded with draws from our revolving credit facility and from cash generated from operations.

Risks relating to the exchange offer

If you do not properly tender your original notes, you will continue to hold unregistered notes and your ability to transfer those original notes may be adversely affected

If you do not exchange your original notes for exchange notes in the exchange offer, you will continue to be subject to the restrictions on transfer of your original notes described in the prospectus distributed in connection with the private placement of the original notes. In general, you may only offer or sell the original notes if they are registered under the Securities Act and applicable state securities laws or if they are offered and sold under an exemption from those requirements. We do not plan to register the offer and resale of the original notes under the Securities Act, unless required to do so under the limited circumstances set forth in the registration rights agreement. A sale of the original notes pursuant to an exemption from the registration requirements of the Securities Act and applicable state securities law may require the delivery of an opinion of counsel to us and the registrar or co-registrar for the original notes. In addition, the issuance of the exchange notes may adversely affect the liquidity of the trading market for untendered, or tendered but unaccepted, original notes. For further information regarding the consequences of not tendering your original notes in the exchange offer, see "The exchange offer—Consequences of failure to exchange."

We will only issue exchange notes in exchange for original notes that you timely and properly tender into the exchange offer. Therefore, you should allow sufficient time to ensure timely delivery of your original notes and other required documents to the exchange agent and you should carefully follow the instructions on how to tender your original notes. Neither we nor the exchange agent are required to tell you of any defects or irregularities with respect to your tender of original notes. We may waive any defects or irregularities with respect to your tender of original notes, but we are not required to do so and may not do so. We are not offering guaranteed delivery procedures in connection with the exchange offer. See "The exchange offer—Procedures for tendering original notes."

Some holders who exchange their original notes may be deemed to be underwriters and hence subject to subsequent transfer restrictions

If you exchange your original notes in the exchange offer for the purpose of participating in a distribution of the exchange notes, you may be deemed to have received restricted securities and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction involving the exchange notes. See "The exchange offer—Resale of exchange notes" and "Plan of distribution."

Risks relating to the notes

We have a substantial amount of indebtedness, which could adversely affect our financial position and your investment in the notes, and prevent us from fulfilling our obligations under the notes

We have a substantial amount of indebtedness. As of June 30, 2014, after giving effect to the issuance of the original notes and the use of net proceeds therefrom described in "Use of proceeds", we would have had total debt of approximately \$4.2 billion, consisting of \$4.05 billion under our Existing Notes, \$65 million outstanding under our senior secured credit facility and \$73 million of capital lease obligations. We would have also had an additional \$1.9 billion available for borrowing under our senior secured credit facility as of that date. We may incur significant additional indebtedness in the future.

Our level of indebtedness could limit our flexibility in responding to current market conditions, adversely affect our financial position, prevent us from meeting our obligations under our debt instruments, including the notes, or otherwise restrict our business activities

The existence of and limitations on the availability of our debt could have important consequences. The existence of debt could, among other things:

- require a substantial portion of our cash flow from operations to be dedicated to the payment of principal and interest on our indebtedness;
- limit our ability to use cash flow or obtain additional financing for future working capital, capital expenditures or other general corporate purposes, which reduces the funds available to us for operations and any future business opportunities;
- increase our vulnerability to general economic and industry conditions; or
- expose us to the risk of increased interest rates because certain of our borrowings, including borrowings under our credit facility, are at variable interest rates.

Limitations imposed as a part of the debt, such as the availability of credit and the existence of restrictive covenants may, among other things:

- make it difficult for us to satisfy our financial obligations, including making scheduled principal and interest payments on the notes and our other indebtedness;
- restrict us from making strategic acquisitions or cause us to make non-strategic divestitures;
- limit our ability to borrow additional funds for working capital, capital expenditures, acquisitions or other general business purposes on satisfactory terms or at all;
- limit our flexibility to plan for, or react to, changes in our business and industry;
- place us at a competitive disadvantage compared to our less leveraged competitors; and
- limit our ability to respond to business opportunities.

We may not be able to generate sufficient cash to service our debt obligations, including our obligations under the notes

Our ability to make payments on our indebtedness, including the notes, will depend on our financial and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We may be unable to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including our senior secured credit facility, our Existing Notes and the notes.

We may need to refinance certain existing indebtedness prior to the maturity of the notes

Our senior secured credit facility matures on March 1, 2018. See "Description of other indebtedness—Senior secured credit facility." Certain of our Existing Notes mature on April 1, 2019, October 1, 2019, October 15, 2020, July 2, 2022, March 15, 2023 and April 1, 2024, which dates are earlier than the maturity of the 2025 exchange notes and 2034 exchange notes offered hereby. See "Description of other indebtedness." Although we expect to refinance or otherwise repay this indebtedness, we may not be able to refinance this indebtedness on commercially reasonable terms or at all. The financial terms or covenants of any new credit facility, notes or other indebtedness may not be as favorable as those under our senior secured credit facility and our Existing Notes. Our ability to complete a refinancing of our senior secured credit facility and our Existing Notes prior to their respective maturities will depend on our financial and operating performance, as well as a number of conditions beyond our control. For example, if disruptions in the financial markets were to exist at the time that we intended to refinance this indebtedness, we might be restricted in our ability to access the financial markets. If we are unable to refinance our indebtedness, our alternatives would include negotiating an extension of the maturities of our senior secured credit facility and our Existing Notes with the lenders and seeking or raising new equity capital. If we were unsuccessful, the lenders under our senior secured credit facility and the holders of our Existing Notes could demand repayment of the indebtedness owed to them on the relevant maturity date. As a result, our ability to pay the principal of and interest on the notes would be adversely affected.

Despite our current level of indebtedness, we may still incur substantially more indebtedness, which could exacerbate the risks associated with our existing indebtedness

We and our subsidiaries may incur substantial additional indebtedness in the future. Our senior secured credit facility and the terms of the indentures for the notes and our Existing Notes will limit, but not prohibit, us or our subsidiaries from incurring additional indebtedness. Also, our subsidiaries could incur additional indebtedness that is structurally senior to the notes or we and our subsidiaries could incur indebtedness secured by a lien on assets that do not constitute collateral, including assets of ours and our subsidiaries, and the holders of such indebtedness will have the right to be paid first from the proceeds of such assets. If we incur any additional indebtedness that ranks equally with the notes and the guarantees, the holders of that indebtedness will be entitled to share ratably with the holders of the notes and the guarantees in any proceeds distributed in connection with our insolvency, liquidation, reorganization or dissolution. This may have the effect of reducing the amount of proceeds paid to the note holders. In addition, note holder rights to the collateral would be diluted by any increase in the indebtedness secured by this collateral. If new indebtedness is added to our current debt levels, the related risks that we and our subsidiaries now face could intensify.

The notes constitute obligations of us and our material domestic subsidiaries and will not be obligations of Liberty, its other affiliates or of our non-guarantor subsidiaries; in addition, the notes will be structurally subordinated in right of payment to all obligations of any of our current and future subsidiaries that do not guarantee the notes and if the guarantees are deemed unenforceable, the remaining assets of such guarantors may not be sufficient to make any payments on the notes

The notes will be guaranteed by each of our material domestic subsidiaries but will not receive a guarantee or other credit support from Liberty or any of its other affiliates, except that our sole stockholder, which is an indirect wholly owned subsidiary of Liberty, is pledging its shares of our capital stock to secure the notes.

In addition, the notes will not be guaranteed by certain immaterial domestic subsidiaries or by any of our foreign subsidiaries. The notes and guarantees will therefore be structurally subordinated to all of the liabilities of our current and future subsidiaries that do not guarantee the notes. For the year ended December 31, 2013, net revenue for our non-guarantor subsidiaries was \$2.9 billion, which was

[Table of Contents](#)

33.8% of our consolidated net revenue, and operating income for our non-guarantor subsidiaries was \$256 million, which was 20.6% of our consolidated operating income. For the six months ended June 30, 2014, net revenue for our non-guarantor subsidiaries was \$1.4 billion, which was 35.0% of our consolidated net revenue, and operating income for our non-guarantor subsidiaries was \$111 million, which was 20.4% of our consolidated operating income. As of June 30, 2014, our non-guarantor subsidiaries had \$3 billion of assets, which was 23.7% of our consolidated assets. As of June 30, 2014, after giving effect to the issuance of the original notes and the use of net proceeds therefrom described in "Use of proceeds", our non-guarantor subsidiaries would have had \$813 million of obligations (consisting predominantly of trade payables, deferred tax liabilities, certain other liabilities and no indebtedness for borrowed money), all of which would be structurally senior to the notes.

Although the guarantees provide the holders of the notes with a direct claim as a creditor against the assets of the subsidiary guarantors, the guarantees may not be enforceable as described in more detail below. If the guarantees by the subsidiary guarantors are not enforceable, the notes would be effectively subordinated to all liabilities of the subsidiary guarantors, including trade payables. As a result of being effectively subordinated to the liabilities of a subsidiary, if there was a dissolution, bankruptcy, liquidation or reorganization of such subsidiary, the holders of the notes would not receive any amounts with respect to the notes until after the payment in full of the claims of creditors of such subsidiary.

Our ability to meet our obligations under our debt, in part, depends on the earnings and cash flows of our subsidiaries and the ability of our subsidiaries to pay dividends or advance or repay funds to us

We conduct a significant portion of our business operations through our subsidiaries. In servicing payments to be made on the notes, we will rely, in part, on cash flows from these subsidiaries, mainly dividend payments and other distributions. The ability of these subsidiaries to make dividend payments to us will be affected by, among other factors, the obligations of these entities to their creditors, requirements of corporate and other law, and restrictions contained in agreements entered into by or relating to these entities. In addition, our foreign subsidiaries may be subject to currency controls, repatriation restrictions, withholding obligations on payments to us and other limits.

Covenants in our debt agreements will restrict our business in many ways

Our senior secured credit facility and the indentures governing the notes and our Existing Notes contain various covenants that limit our ability and/or our restricted subsidiaries' ability to, among other things:

- incur or assume liens or additional debt or provide guarantees in respect of obligations of other persons;
- pay dividends or make distributions or redeem or repurchase capital stock;
- prepay, redeem or repurchase debt;
- make loans, investments and capital expenditures;
- enter into agreements that restrict distributions from our subsidiaries;
- sell assets and capital stock of our subsidiaries;
- enter into sale and leaseback transactions;
- enter into certain transactions with affiliates;
- consolidate or merge with or into, or sell substantially all of our assets to, another person; and
- designate our subsidiaries as unrestricted subsidiaries.

[Table of Contents](#)

These covenants are subject to important exceptions and qualifications as described under "Description of notes." In addition, our senior secured credit facility contains restrictive covenants and requires us to maintain a specified leverage ratio. Our ability to meet this leverage ratio can be affected by events beyond our control, and we may be unable to meet those tests. A breach of any of these covenants could result in a default under our senior secured credit facility, which in turn could result in a default under the indentures governing the notes and our Existing Notes. Upon the occurrence of an event of default under our senior secured credit facility, the lenders could elect to declare all amounts outstanding under our senior secured credit facility to be immediately due and payable and terminate all commitments to extend further credit. If we were unable to repay those amounts, the lenders could proceed against the collateral granted to them to secure that indebtedness. Our senior secured credit facility, our Existing Notes and certain future indebtedness will be secured by a first priority perfected lien in all shares of our capital stock. If the lenders and counterparties under our senior secured credit facility, our Existing Notes and certain future indebtedness accelerate the repayment of obligations, we may not have sufficient assets to repay such obligations, including the notes. See "Description of other indebtedness." Our borrowings under our senior secured credit facility are, and are expected to continue to be, at variable rates of interest and expose us to interest rate risk. If interest rates increase, our debt service obligations on the variable rate indebtedness will also increase even though the amount borrowed remains the same, and our net income would decrease.

Many of the covenants in the indenture will cease to apply if such notes are rated investment grade by both Moody's and Standard & Poor's

Many of the covenants in the indenture governing the notes will no longer apply to the notes if such notes are rated investment grade by both Moody's and Standard & Poor's at a time that no default has occurred and is continuing. These covenants will restrict, among other things, our ability to pay distributions, incur debt and to enter into certain other transactions. Termination of these covenants would allow us to engage in certain transactions that are not permitted while these covenants are in force. There can be no assurance that the notes will be rated investment grade by both Moody's and Standard & Poor's, or that the notes will maintain such ratings. Even if the notes subsequently fail to be rated investment grade, the terminated covenants would not be reinstated. See "Description of notes—Certain covenants—Fall-away event."

An adverse rating of the notes may cause their value to decline

If a rating agency rates the notes, it may assign a rating that is lower than expected. Ratings agencies also may lower ratings on the notes in the future. If rating agencies assign a lower-than-expected rating or reduce, or indicate that they may reduce, their ratings or outlook in the future, the value of the notes could significantly decline.

If we default on our obligations to pay our indebtedness, we may not be able to make payments on the notes

Any default under the agreements governing our indebtedness, including a default under our senior secured credit facility, that is not waived by the required lenders thereunder, and the remedies sought by the holders of such indebtedness, could prevent us from paying principal, premium, if any, and interest on the notes and substantially decrease the market value of the notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants, in the instruments governing our indebtedness (including covenants in our senior secured credit facility and the indentures governing the notes offered hereby and our Existing Notes), we could be in default under the terms of the agreements governing such indebtedness, including our senior secured credit facility and the indentures governing the notes offered hereby and our Existing Notes. In the event of such default, the

[Table of Contents](#)

holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest, the lenders under our senior secured credit facility could elect to institute foreclosure proceedings against our capital stock, and we could be forced into bankruptcy or liquidation. If our operating performance declines, we may need to obtain waivers from the required lenders under our senior secured credit facility to avoid being in default. If we breach our covenants under our senior secured credit facility and seek a waiver, we may not be able to obtain a waiver from the required lenders. If we could not obtain a waiver, we would be in default under our senior secured credit facility, which would result in a default under the indenture, the lenders could exercise their rights, as described above, and we could be forced into bankruptcy or liquidation.

We may not be able to purchase the notes upon a change of control or an offer to repurchase the notes as required by the indenture

Upon the occurrence of specific types of change of control events, we will be required to offer to repurchase all of the notes, as well as the Existing Notes, at a price equal to 101% of the aggregate principal amount of the notes repurchased, plus accrued and unpaid interest and additional interest, if any, up to, but not including, the date of repurchase. We may not have sufficient funds available to repurchase all of the notes tendered pursuant to any such offer and any other debt, including the Existing Notes, that would become payable upon a change of control. Any failure to purchase the notes would be a default under the indenture, which would trigger a default under our senior secured credit facility. In that event, we would need to cure or refinance our senior secured credit facility before making an offer to purchase.

Additionally, a change of control (as defined in our senior secured credit facility) would also constitute a default under our senior secured credit facility. Upon any such default, the lenders may declare any outstanding obligations under our senior secured credit facility immediately due and payable. If such debt repayment were accelerated, we may not have sufficient funds to repurchase the notes and repay the debt. There can be no assurance that we would be able to refinance our indebtedness or, if a refinancing were to occur, that the refinancing would be on terms favorable to us.

Courts interpreting change of control provisions under New York law (which governs the indenture) have not provided clear and consistent meanings of such change of control provisions. In addition, the Delaware Court of Chancery has questioned whether a change of control provision contained in an indenture could be unenforceable on public policy grounds. Therefore, no assurances can be given as to how a court would interpret or even if a court would enforce the change of control provisions in our indenture as written for the benefit of the holders.

In addition, if a change of control occurs, we may not be able to borrow under our senior secured credit facility which could adversely affect our financial situation and our ability to conduct our business.

A court could cancel the notes or the guarantees under fraudulent conveyance laws or certain other circumstances

Our issuance of the notes and the issuance of the guarantees by certain of our subsidiaries may be subject to review under federal or state fraudulent transfer or conveyance or similar laws. If we or such guarantor becomes a debtor in a case under the U.S. bankruptcy code or encounter other financial difficulty, under federal or state laws governing fraudulent transfer or conveyance, renewable transactions or preferential payments, a court in the relevant jurisdiction might avoid or cancel the guarantees and/or the liens created by the security interests. The court might do so if it found that, when the guarantor entered into its guarantee or, in some states, when payments become due thereunder, (a) it received less than reasonably equivalent value or fair consideration for such guarantee and (b) either (i) was or was rendered insolvent, (ii) was left with inadequate capital to

[Table of Contents](#)

conduct its business, (iii) believed or should have believed that it would incur debts beyond its ability to pay, or (iv) was a defendant in an action for money damages or had a judgment for money damages docketed against us or such guarantor, if, in either case, after final judgment, the judgment was unsatisfied. The court might also avoid such guarantee, without regard to the above factors, if it found that the guarantor entered into its guarantee with actual or deemed intent to hinder, delay or defraud our creditors.

Similarly, if we become a debtor in a case under the U.S. bankruptcy code or encounter other financial difficulty, a court might cancel our obligations under the notes, if it found that when we issued the notes (or in some jurisdictions, when payments become due under the notes), factors (a) and (b) above applied to us, or if it found that we issued the notes with actual intent to hinder, delay or defraud our creditors.

A court would likely find that a guarantor did not receive reasonably equivalent value or fair consideration for its guarantee unless it benefited directly or indirectly from the issuance of the notes. If a court avoided such guarantee, holders of the notes would no longer have a claim against such subsidiary. In addition, the court might direct holders of the notes to repay any amounts already received from such subsidiary. If the court were to avoid any guarantee, we cannot assure you that funds would be available to pay the notes from another subsidiary or from any other source. Further, the voidance of the notes could result in an event of default with respect to our and our subsidiaries' other debt that could result in acceleration of such debt.

The indenture states that the maximum liability of each guarantor under its guarantee shall in no event exceed the amount that can be guaranteed by such guarantor under applicable federal and state laws relating to the insolvency of debtors (after giving effect to rights of contribution established in connection with the guarantees). This limitation may not protect the guarantees from a fraudulent transfer or conveyance attack or, if it does, the guarantees may not be in amounts sufficient, if necessary, to pay obligations under the notes when due.

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or an antecedent debt is secured or satisfied. A debtor will generally not be considered to have received value in connection with a debt offering if the debtor uses the proceeds of that offering to make a dividend payment or otherwise retires or redeems equity securities issued by the debtor. We cannot be certain as to the standards a court would use to determine whether or not we or the guarantors were solvent at the relevant time or, regardless of the standard that a court uses, that the issuance of the guarantees would not be further subordinated to our or any of our guarantors' other debt. Generally, however, an entity would be considered insolvent if, at the time it incurred indebtedness:

- the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all its assets;
- the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or
- it could not pay its debts as they become due.

There could be circumstances in which certain guarantees are released automatically, without your consent or the consent of the trustee

There could be circumstances, other than repayment or discharge of the notes, where certain guarantees will be released automatically, without your consent or the consent of the trustee. For example, a guarantor will be released from its guarantee in the event of dissolution of such guarantor, if such guarantor is designated as an unrestricted subsidiary or otherwise ceases to be a restricted

[Table of Contents](#)

subsidiary, in each case in accordance with the provisions of the indenture governing the notes, or upon the release or discharge of the guarantee by such guarantor of the senior secured credit facility. See "Description of notes—Note Guarantees."

We cannot assure you that an active trading market for the notes will develop

The notes constitute a new issue of securities for which there is no existing market. We do not intend to apply for listing of either series of notes on any securities exchange or inclusion of either series of notes in any automated quotation system. We cannot provide you with any assurances regarding the future development of a market for the notes, the ability of holders of the notes to sell their notes or the price at which such holders may be able to sell their notes. If such a market were to develop, the notes could trade at prices that may be higher or lower than the initial offering price depending on many factors, including prevailing interest rates, our results of operations and financial condition, and the market for similar securities and the other factors discussed here under "Risk factors." The initial purchasers have advised us that they currently intend to make a market in the notes. However, the initial purchasers are not obligated to do so, and any market-making with respect to the notes may be discontinued at any time without notice. If an active market does not develop or is not maintained, the market price and liquidity of the notes may be adversely affected. We cannot assure you as to the liquidity of the market for the notes or the prices at which you may be able to sell the notes. In addition, subsequent to their initial issuance, the notes may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar notes, our performance and other factors.

The book-entry registration system of the notes may limit the exercise of rights by the beneficial owners of the notes

Because transfers of interests in the global notes representing the notes may be effected only through book entries at the Depository Trust Company ("DTC") and its direct and indirect participants (including Clearstream and Euroclear), the liquidity of any secondary market in the notes may be reduced to the extent that some investors are unwilling to hold notes in book-entry form in the name of a DTC direct or indirect participant. The ability to pledge interests in the global notes may be limited due to the lack of a physical certificate. In addition, beneficial owners of interests in global notes may, in certain cases, experience delay in the receipt of payments of principal and interest, since the payments will generally be forwarded by the paying agent to DTC, which will then forward payment to its direct and indirect participants, which (if they are not themselves the beneficial owners) will then forward payments to the beneficial owners of the global notes. In the event of the insolvency of DTC or any of its direct and indirect participants in whose name interests in the global notes are recorded, the ability of beneficial owners to obtain timely or ultimate payment of principal and interest on global notes may be negatively affected.

A holder of beneficial interests in the global notes will not have a direct right under the notes to act upon any solicitations that we may request. Instead, holders will be permitted to act only to the extent they receive appropriate proxies to do so from DTC or, if applicable, DTC's direct or indirect participants. Similarly, if we default on our obligations under the notes, holders of beneficial interests in the global notes will be restricted to acting through DTC, or, if applicable, DTC's direct or indirect participants. We cannot assure holders that the procedures of DTC or DTC's nominees or direct or indirect participants will be adequate to allow them to exercise their rights under the notes in a timely manner.

Our ability to pay dividends or make other restricted payments to Liberty is subject to limited restrictions

Although the notes contain limitations on Restricted Payments (as defined under "Description of notes"), those limitations are subject to a number of important exceptions and qualifications

[Table of Contents](#)

(see "Description of notes—Certain covenants—Limitations on restricted payments"). In particular, there are no restrictions on our ability to pay dividends or make other restricted payments if we are not in default on the notes and our Consolidated Leverage Ratio (as defined under "Description of notes") is no greater than 3.50 to 1.0 (which ratio is 3.25 to 1.0 under our senior secured credit facility). As a result, Liberty will, in many instances, be permitted to rely on our cash flow for servicing Liberty's debt and for other purposes, including repurchases of Liberty's common stock, or to fund acquisitions or other operational requirements of Liberty and its subsidiaries. These events may deplete our equity or require us to borrow under our senior secured credit facility, increasing our leverage and decreasing our liquidity. We may make and have made significant distributions to Liberty in the past, such as the distribution to Liberty made in connection with the recapitalization of Liberty's common stock into shares of the corresponding series of two tracking stocks, Liberty Interactive and Liberty Ventures. In addition, subsequent to June 30, 2014 and prior to the date of filing the registration statement of which this prospectus forms a part, we declared and paid dividends in cash to Liberty in the amount of \$1.4 billion (including \$1 billion in connection with the 2014 Reattribution). These dividends were funded with draws from our revolving credit facility and from cash generated from operations. In the ordinary course of business we have made and may make additional distributions to Liberty. See "Prospectus summary—Liberty relationship" and "Related party transactions."

Risks relating to the collateral

The collateral is limited to a pledge of the capital stock of QVC, and the holders of the notes will have only an unsecured claim against our assets and the guarantors' assets

The notes will be secured on *pari passu* basis by the same collateral that secures our existing secured indebtedness and certain future indebtedness (the "Collateral"). The Collateral consists solely of a first priority perfected lien and security interest in the shares of our capital stock, which is pledged by our parent to secure the obligations under the existing secured indebtedness and the Existing Notes.

Although there are certain circumstances under which additional assets of QVC or our subsidiaries may be pledged to secure the notes offered hereby, there can be no assurance that this will occur. If any such assets were to become subject to a lien for the benefit of the holders of the notes, such a lien would be shared with the lenders under our senior secured credit facility and the holders of the Existing Notes, as well as the holders of certain other indebtedness we may incur in the future. You should not assume that collateral to secure the notes and the guarantees consisting of our assets or the assets of any of the subsidiary guarantors will ever be provided or that, if provided, it would not subsequently be released and/or avoided. See "Description of other indebtedness" and "Description of notes—Security."

Unless any such security interest is provided, holders of the notes will have only an unsecured claim against our and the guarantors' assets ranking equally in right of payment with all of our other unsecured unsubordinated indebtedness and other obligations, including trade payables.

Note holder rights to receive proceeds from the sale of collateral securing the notes will be pari passu with the claims of lenders and counterparties under our existing secured indebtedness and certain future indebtedness and there may not be sufficient collateral to pay all or any portion of the notes, our senior secured credit facility, our Existing Notes and certain future indebtedness

Note holders will receive distributions from any foreclosure proceeds of any Collateral on a pro rata basis with the lenders under our existing secured indebtedness and certain future indebtedness. No appraisal of the value of the Collateral has been made in connection with the offering of the original notes or this exchange offer or otherwise, and the fair market value of the Collateral is subject to fluctuations based on factors that include, among others, general economic conditions and the availability of suitable buyers for the Collateral. By its nature, the Collateral may be illiquid and may

[Table of Contents](#)

have no readily ascertainable market value, and could be impaired in the future as a result of changing economic conditions, competition or other future trends. In the event of a foreclosure, liquidation, bankruptcy or similar proceeding, we cannot assure you that the proceeds from any sale or liquidation of the Collateral will be sufficient to pay our obligations under the notes, our existing secured indebtedness and certain future indebtedness. Also, we cannot assure you that the fair market value of the Collateral securing the notes, our existing secured indebtedness and certain future indebtedness would be sufficient to pay any amounts due under such obligations following their acceleration. If the proceeds of any sale of the Collateral are not sufficient to repay all amounts due on the notes, the holders of the notes (to the extent not repaid from the proceeds of the sale of the Collateral) would have only an unsecured claim against our and the guarantors' assets and, in the context of a bankruptcy case by or against us, will mean that you may not be entitled to receive interest payments or reasonable fees, costs or charges due under the notes, and may be required to repay any such amounts already received by you. Any such unsecured claim will rank equally in right of payment with all of our other unsecured unsubordinated indebtedness and other obligations, including trade payables.

To the extent that liens securing obligations under our Existing Notes and senior secured credit facility and other liens permitted under the indenture and other rights, encumber any of the Collateral securing the notes, those parties have or may exercise rights and remedies with respect to the Collateral that could adversely affect the value of the collateral and the ability of the collateral agent, the trustee under the indenture or the holders of the notes to realize or foreclose on the Collateral.

In addition, the indenture governing the notes and the indenture governing Existing Notes and the senior secured credit facility permits us, subject to compliance with certain financial tests, to issue additional secured debt, including debt secured equally and ratably by the same assets pledged for the benefit of the holders of the notes. This would reduce amounts payable to holders of the notes from the proceeds of any sale of the Collateral.

Holders of notes will not control decisions regarding collateral

Although our Existing Notes, our senior secured credit facility, the notes offered hereby and certain future indebtedness will be secured on *pari passu* basis by the same collateral, holders of the notes will not be able to exercise any control over decisions regarding the Collateral. The security agreement governing the Collateral provides, among other things, that (a) the collateral agent, taking instruction from the lenders under our senior secured credit facility, controls substantially all matters related to the Collateral; and (b) the holders of such indebtedness may foreclose on or take other actions with respect to such Collateral with which holders of the notes may disagree or that may be contrary to the interests of holders of the notes, in each case, regardless of the amount of the obligations under our senior secured credit facility relative to the obligations under the notes.

Any future pledge of collateral might be avoidable in bankruptcy

Any future pledge of collateral in favor of the trustee, including pursuant to security documents delivered after the date of the indenture governing the notes, might be avoidable by the pledgor (as debtor in possession) or by its trustee in bankruptcy if certain events or circumstances exist or occur, including if the pledgor is insolvent at the time of the pledge, the pledge permits the holders of the notes to receive a greater recovery than if the pledge had not been given and a bankruptcy proceeding in respect of the pledgor is commenced within 90 days following the pledge, or, in certain circumstances, a longer period.

Use of proceeds

The exchange offer is intended to satisfy our obligations under the registration rights agreement relating to the original notes. We will not receive any proceeds from the issuance of the exchange notes in the exchange offer. In consideration for issuing the exchange notes as contemplated in this prospectus, we will receive, in exchange, outstanding original notes in like principal amount. We will cancel all original notes tendered in exchange for exchange notes in the exchange offer. Interest on each exchange note will accrue interest on the same terms as the original notes and such interest will accrue (a) from the later of (i) the last interest payment date on which interest was paid on the note surrendered in exchange therefor or (ii) if the note is surrendered for exchange on a date in a period that includes the record date for an interest payment date to occur on or after the date of such exchange and as to which interest will be paid, the date of such interest payment date or (b) if no interest has been paid on such note, from the original issue date of the notes. As a result, the issuance of the exchange notes will not result in any increase or decrease in our indebtedness or in the early payment of interest.

The net proceeds from the sale of the original notes on August 21, 2014, after deducting the initial purchasers' discount and offering expenses payable by us, were approximately \$985 million. We used the net proceeds from the sale of the original notes for the redemption of QVC's 7.50% senior secured notes due October 2019 and for working capital and other general corporate purposes.

The exchange offer

This section of the prospectus describes the exchange offer. While we believe that the description covers the material terms of the exchange offer, this summary may not contain all of the information that is important to you. You should carefully read this entire document for a complete understanding of the exchange offer.

Purpose of the exchange offer

The purpose of the exchange offer is to satisfy our obligations under the registration rights agreement that we entered into with the initial purchasers of the original notes. We originally issued and sold \$600,000,000 principal amount of 2025 original notes and \$400,000,000 of 2034 original notes in a private placement on August 21, 2014. We did not register the offer and sale of the original notes in reliance upon the exemption provided in Section 4(a)(2) of the Securities Act and Rule 144A and Regulation S thereunder.

We are offering to exchange up to the entire \$600,000,000 principal amount of 2025 original notes and the entire \$400,000,000 of 2034 original notes for a like principal amount of the corresponding series of exchange notes.

Under the registration rights agreement, we are required, among other things, to:

- file and cause a registration statement registering the proposed offer and exchange of any and all original notes for registered exchange notes with substantially identical terms to be declared effective under the Securities Act on or prior to May 18, 2015 (the 270th day after the issue date of the original notes); and
- keep the exchange offer open for not less than 20 business days after the date notice thereof is mailed to holders of the original notes.

[Table of Contents](#)

In addition, under certain circumstances, we may be required to file a shelf registration statement to cover resales of original notes. Specifically, in the event that, with respect to the notes:

- we are not required to file the exchange offer registration statement or permitted to consummate the exchange offer because of any change in law or in currently prevailing interpretations of the staff of the SEC;
- an exchange offer is not consummated within the time period set forth above;
- in certain circumstances, certain holders of unregistered exchange notes so request; or
- in the case of any holder that participates in an exchange offer, such holder does not receive exchange notes on the date of the exchange that may be sold without restriction under state and federal securities laws (other than due solely to the status of such holder as an affiliate of ours within the meaning of the Securities Act),

then, in each case, we will, at our sole expense,

- within 30 days file a shelf registration statement covering resales of the notes;
- use all commercially reasonable efforts to cause such shelf registration statement to be declared effective within 75 days of the filing thereof;
- keep effective such shelf registration statement until the earliest of (i) two years after the original issue date of the notes, or (ii) such time as all of the notes have been sold thereunder; and
- in the event that a shelf registration statement is filed, provide to each holder whose notes are registered under such shelf registration statement copies of the prospectus that is a part of such shelf registration statement, notify each such holder when such shelf registration statement has become effective and take certain other actions as are required to permit unrestricted resales of the notes. A holder that sells notes pursuant to a shelf registration statement will be required to be named as a selling security holder in the related prospectus and to deliver a prospectus to purchasers, will be subject to certain of the civil liability provisions under the Securities Act in connection with such sales and will be bound by the provisions of the registration rights agreement that are applicable to such a holder (including certain indemnification rights and obligations).

If (1) we do not comply with the time periods set forth above in this section; or (2) the registration statement of which this prospectus forms a part, or any shelf registration statement covering resales of the notes required to be filed by the registration rights agreement, ceases to be effective at any time during which it is required to be so effective (subject to certain exceptions), then additional interest shall accrue on the principal amount of the notes at a rate of 0.25% per annum (which rate will be increased by an additional 0.25% per annum for each subsequent 90-day period that such registration default continues, provided that the rate at which such additional interest accrues may in no event exceed 1.0% per annum); provided, however, that upon the exchange of exchange notes for all notes tendered (in the case of clause (1) above) or upon the effectiveness of the required registration statement (in the case of clause (2) above), additional interest on such notes as a result of such clause, as the case may be, shall cease to accrue and the interest rate on the applicable notes will be reduced to the original interest rate borne by such notes. All accrued additional interest will be paid in arrears on each semi-annual interest date.

Participation in the exchange offer is voluntary and you should carefully consider whether to participate. We urge you to consult your financial and tax advisors in making your decision on whether to participate in the exchange offer.

Resale of exchange notes

We have not requested, and do not intend to request, an interpretation by the staff of the SEC with respect to whether the exchange notes may be offered for sale, resold or otherwise transferred by any holder without compliance with the registration and prospectus delivery provisions of the Securities Act. Based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties, including *Exxon Capital Holdings Corp.* (available May 13, 1988), *Morgan Stanley & Co. Incorporated* (available June 5, 1991) and *Shearman & Sterling* (available July 2, 1993), we believe the exchange notes may be offered for resale, resold and otherwise transferred by any holder without compliance with the registration and prospectus delivery provisions of the Securities Act provided such holder meets the following conditions:

- such holder is not a broker-dealer who purchased original notes directly from us for resale pursuant to Rule 144A or any other available exemption under the Securities Act;
- such holder is not our "affiliate" within the meaning of Rule 405 under the Securities Act; and
- such holder acquires exchange notes in the ordinary course of business of such holder and any beneficial owner of the exchange notes and has no arrangement or understanding with any person to participate in the distribution of the exchange notes.

If you do not satisfy all of the above conditions, you cannot participate in the exchange offer. Rather, in the absence of an exemption you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the original notes. Any holder that complies with such registration and prospectus delivery requirements may incur liabilities under the Securities Act for which the holder will not be entitled to indemnification from us.

A broker-dealer that has bought original notes for its own account as part of its market-making or other trading activities must deliver a prospectus in order to resell the exchange notes it receives therefor pursuant to the exchange offer. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer for such purpose, and we have agreed in the registration rights agreement to make this prospectus available to such broker-dealers for a period ending on the earlier of 180 days from the effective date of the registration statement of which this prospectus forms a part and the date on which a broker-dealer is no longer required to deliver a prospectus in connection with market-making or other trading activities. See "Plan of distribution." Each broker-dealer that receives exchange notes for its own account in the exchange offer must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of exchange notes. The accompanying letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

Consequences of failure to exchange

Original notes that are not exchanged for exchange notes in the exchange offer will remain "restricted securities" within the meaning of Rule 144(a)(3) under the Securities Act, and will therefore continue to be subject to restrictions on transfer. Holders of such original notes will not be able to require us to register them under the Securities Act, except in the limited circumstances set forth in the registration rights agreement. Accordingly, following completion of the exchange offer any original notes that remain outstanding may not be offered, sold, pledged or otherwise transferred except:

- (1) to us, upon redemption thereof or otherwise,
- (2) to a person whom the seller reasonably believes is a qualified institutional buyer within the meaning of Rule 144A, purchasing for its own account or for the account of a qualified

[Table of Contents](#)

- institutional buyer in a transaction meeting the requirements of Rule 144A under the Securities Act,
- (3) in an offshore transaction in accordance with Regulation S under the Securities Act,
 - (4) pursuant to an exemption from registration in accordance with Rule 144, if available, under the Securities Act,
 - (5) in reliance on another exemption from the registration requirements of the Securities Act, or
 - (6) pursuant to an effective registration statement under the Securities Act.

In all of the situations discussed above, the resale must be in compliance with the Securities Act, any applicable securities laws of any state of the United States and any applicable securities laws of any foreign country. Any resale of original notes will also be subject to certain requirements of the registrar being met, including receipt by the registrar of a certification and, in the case of (3), (4) and (5) above, an opinion of counsel reasonably acceptable to us and the registrar.

To the extent original notes are tendered and accepted in the exchange offer, the principal amount of the corresponding series of outstanding original notes will decrease with a resulting decrease in the liquidity in the market therefor. Accordingly, the liquidity of the market of the corresponding series of original notes could be adversely affected following completion of the exchange offer. See "Risk factors—Risks related to the exchange offer—If you do not properly tender your original notes, you will continue to hold unregistered notes and your ability to transfer those original notes may be adversely affected."

Terms of the exchange offer

Upon the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal, a form of which is filed as an exhibit to the registration statement of which this prospectus forms a part, we will accept any and all original notes validly tendered (and not withdrawn) on or prior to the Expiration Date. We will issue \$1,000 principal amount of exchange notes in exchange for each \$1,000 principal amount of the corresponding series of original notes accepted in the exchange offer. Interest on each exchange note will accrue (a) from the later of (i) the last interest payment date on which interest was paid on the note surrendered in exchange therefor or (ii) if the note is surrendered for exchange on a date in a period that includes the record date for an interest payment date to occur on or after the date of such exchange and as to which interest will be paid, the date of such interest payment date or (b) if no interest has been paid on such note, from the original issue date of the notes. All accrued interest on the original notes will become obligations under the corresponding series of exchange notes. Holders may tender some or all of their original notes pursuant to the exchange offer. However, original notes may be tendered only in denominations of \$2,000 and integral multiples of \$1,000 principal amount in excess thereof.

The form and terms of the exchange notes are the same as the form and terms of the corresponding series of original notes, except that:

- the offer and sale of the exchange notes for the original notes will have been registered under the Securities Act, and the exchange notes will not bear legends restricting their transfer pursuant to the Securities Act, and
- except as otherwise described above, holders of the exchange notes will not be entitled to any rights under the registration rights agreement.

The exchange notes will evidence the same debt as the corresponding series of original notes that they replace, and will be issued under, and be entitled to the benefits of, the indenture which governs the original notes, including the payment of principal and interest.

We are sending this prospectus and the letter of transmittal to holders of the original notes through the facilities of The Depository Trust Company, or DTC, whose nominee, Cede & Co, is the registered holder of the original notes. The original notes are represented by permanent global notes in fully registered form, without coupons, which have been deposited with the trustee for the notes, as custodian for DTC. Ownership of beneficial interests in each global note is limited to persons who have accounts with DTC, or DTC participants, or persons who hold interests through DTC participants. The term "holder," as used in this prospectus, means those DTC participants in whose name interests in the global notes are credited on the books of DTC, and those persons who hold interests through such DTC participants. The term "original notes," as used in this prospectus, means such interests in the global notes. Like the original notes, the exchange notes will be deposited with the trustee for the notes as custodian for DTC, and registered in the name of Cede & Co., as nominee of DTC.

Holders of the original notes do not have any appraisal or dissenter's rights under Delaware law or the indenture governing the notes in connection with the exchange offer. We intend to conduct the exchange offer in accordance with the requirements of the Exchange Act and the SEC's rules and regulations thereunder.

We will be deemed to have accepted validly tendered original notes when, as and if we have given written notice thereof to the exchange agent, which is U.S. Bank National Association. The exchange agent will act as agent for the tendering holders of the original notes for the purposes of receiving the exchange notes. The exchange notes delivered in the exchange offer will be issued promptly after the Expiration Date.

If any tendered original notes are not accepted for exchange because they do not comply with the procedures set forth in this prospectus and the accompanying letter of transmittal, our withdrawal of the exchange offer, the occurrence of certain other events set forth herein or otherwise, such unaccepted original notes will be returned, without expense, to the tendering holder promptly after the Expiration Date or our withdrawal of the exchange offer. Any acceptance, waiver of default or a rejection of a tender of original notes shall be at our discretion and shall be conclusive, final and binding.

Holders who tender original notes in the exchange offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of the original notes in the exchange offer. We will pay all charges and expenses, other than certain taxes, in connection with the exchange offer. See "—Fees and expenses."

We are not making the exchange offer to, nor will we accept surrenders for exchange from, holders of original notes in any jurisdiction in which this exchange offer or its acceptance would not comply with applicable state securities laws or applicable laws of a foreign jurisdiction.

Expiration date; extensions; amendments

The term "Expiration Date" with respect to the exchange offer means 5:00 p.m., New York City time, on [], 2014 unless we, in our sole discretion, extend the exchange offer, in which case the term "Expiration Date" shall mean the latest date and time to which the exchange offer is extended.

If we extend the exchange offer, we will notify the exchange agent of any extension by written notice and will make a public announcement thereof, each prior to 9:00 a.m., New York City time, no later than on the next business day after the previously scheduled Expiration Date.

We reserve the right, in our sole discretion,

- to extend the exchange offer,

[Table of Contents](#)

- if any of the conditions set forth below under "—Conditions to the Exchange Offer" have not been satisfied, to terminate the exchange offer or waive any conditions that have not been satisfied, and/or
- to amend the terms of the exchange offer in any manner.

We may effect any such extension, waiver, termination or amendment by giving written notice thereof to the exchange agent.

Except as specified in the second paragraph under this heading, we will make a public announcement of any such extension, termination, amendment or waiver as promptly as practicable. If we amend or waive any condition of the exchange offer in a manner determined by us to constitute a material change to the exchange offer, we will promptly disclose such amendment or waiver in a prospectus supplement that will be distributed to the holders of the original notes. The exchange offer will then be extended for a period of five to ten business days, as required by law, depending upon the significance of the amendment or waiver and the manner of disclosure to the registered holders.

We will make a timely release of a public announcement of any extension, termination, amendment or waiver to the exchange offer to an appropriate news agency.

Procedures for tendering original notes

Tenders of Original Notes; Book-Entry Delivery Procedure. All of the original notes are held in book-entry form, and tenders may only be made through DTC's Book-Entry Transfer Facility.

In connection with the commencement of the exchange offer, the exchange agent will establish an account with respect to the original notes at DTC for purposes of the exchange offer, and any financial institution that is a participant in DTC that wishes to participate in the exchange offer may make book-entry delivery of the original notes by causing DTC to transfer such original notes into the exchange agent's account in accordance with DTC's procedures for such transfer. The confirmation of a book-entry transfer into the exchange agent's account at DTC is referred to as a "Book-Entry Confirmation." In addition, DTC participants on or before the Expiration Date must either

- properly complete and duly execute the letter of transmittal (or a facsimile thereof), and any other documents required by the letter of transmittal, and mail or otherwise deliver the letter of transmittal or such facsimile, with any required signature guarantees, to the exchange agent at one or more of its addresses below, or
- transmit their acceptance through DTC's Automated Tender Offer Program, or ATOP, for which the exchange offer is eligible, and DTC will then edit and verify the acceptance and send an Agent's Message to the exchange agent for its acceptance.

The term "Agent's Message" means a message transmitted by DTC to, and received by, the exchange agent and forming a part of the Book-Entry Confirmation, which states that DTC has received an express acknowledgment from the participant in DTC tendering the original notes that such participant has received the letter of transmittal and agrees to be bound by the terms of the letter of transmittal, and that we may enforce such agreement against such participant.

Although delivery of original notes is to be effected through book-entry at DTC, the letter of transmittal (or facsimile thereof), with any required signature guarantees, or an Agent's Message in connection with a book-entry transfer, and any other required documents, must, in any case, be transmitted to and received by the exchange agent at one or more of its addresses set forth below on or prior to the Expiration Date. Delivery of the letter of transmittal or other required documents to DTC does not constitute delivery to the exchange agent.

[Table of Contents](#)

The tender by a holder of original notes pursuant to the procedures set forth above will constitute the tendering holder's acceptance of all of the terms and conditions of the exchange offer. Our acceptance for exchange of original notes tendered pursuant to the procedures described above will constitute a binding agreement between such tendering holder and us in accordance with the terms and subject to the conditions of the exchange offer. Only holders are authorized to tender their original notes.

The method of delivery of original notes and letters of transmittal, any required signature guarantees and all other required documents, including delivery through DTC and any acceptance or Agent's Message transmitted through ATOP, is at the election and risk of the persons tendering original notes and delivering letters of transmittal. If you use ATOP, you must allow sufficient time for completion of the ATOP procedures during normal business hours of DTC on or prior to the Expiration Date. Tender and delivery will be deemed made only when actually received by the exchange agent. If delivery is by mail, it is suggested that the holder use properly insured, registered mail, postage prepaid, with return receipt requested, and that the mailing be made sufficiently in advance of the Expiration Date to permit delivery to the exchange agent prior to such date.

Except as provided below, unless the original notes being tendered are delivered to the exchange agent on or prior to the Expiration Date (accompanied by a completed and duly executed letter of transmittal or a properly transmitted Agent's Message), we may, at our option, reject the tender of such original notes. The exchange of exchange notes for original notes will be made only against the tendered original notes, which must be deposited with the exchange agent prior to or on the Expiration Date, and receipt by the exchange agent of all other required documents prior to or on the Expiration Date.

Tender of Original Notes Held Through a Nominee. If you beneficially own original notes through a bank, depository, broker, trust company or other nominee and wish to tender your original notes, you must instruct such holder to cause your original notes to be tendered on your behalf. A letter of instruction from your bank, depository, broker, trust company or other nominee may be included in the materials provided along with this prospectus, which the beneficial owner may use to instruct its nominee to effect the tender of the original notes of the beneficial owner.

Signature Guarantees. Signatures on all letters of transmittal must be guaranteed by a recognized member of the Medallion Signature Guarantee Program or by any other "eligible guarantor institution," as that term is defined in Rule 17Ad-15 under the Exchange Act (each of the foregoing, an "Eligible Institution"), unless the original notes tendered thereby are tendered (1) by a participant in DTC whose name appears on a DTC security position listing as the owner of such original notes who has not completed either the box entitled "Special Issuance Instructions" or "Special Delivery Instructions" on the letter of transmittal, or (2) for the account of an Eligible Institution. See Instructions 1 and 4 of the letter of transmittal. If the original notes are in the name of a person other than the signer of the letter of transmittal or if original notes not accepted for exchange or not tendered are to be returned to a person other than the holder of such original notes, then the signatures on the letter of transmittal accompanying the tendered original notes must be guaranteed by an Eligible Institution as described above. See Instructions 1 and 4 of the letter of transmittal.

No Guaranteed Delivery Procedures. No guaranteed delivery procedures are being made available in connection with the exchange offer. Therefore, to participate in the exchange offer your original notes must be transferred into the exchange agent's account at DTC, and the exchange agent must receive a properly completed and duly executed letter of transmittal (and any other required documents) or an Agent's Message transmitted through ATOP, in each case on or prior to the Expiration Date.

[Table of Contents](#)

Your Representations to Us. By signing or agreeing to be bound by the letter of transmittal, you will represent to us that, among other things:

- you are acquiring exchange notes in the ordinary course of business of you and any beneficial owner of the exchange notes;
- you are not engaged in, and you do not intend to engage in, and you have no arrangement or understanding with any person or entity to participate in a distribution of the exchange notes;
- you are transferring good and marketable title to the original notes free and clear of all liens, security interests, encumbrances, or rights or interests of others except your own;
- if you are a broker-dealer that will receive exchange notes for your own account in exchange for original notes that were acquired by you as a result of market-making or other trading activities, that you will deliver a prospectus, as required by law, in connection with any resale of your exchange notes; and
- you are not our "affiliate" as defined in Rule 405 of the Securities Act. If you are a broker-dealer, you may not participate in the exchange offer as to any original notes you purchased directly from us.

Determination of Validity. All questions as to the validity, form, eligibility (including time of receipt), acceptance and withdrawal of tendered original notes will be determined by us, which determination will be conclusive, final and binding. Alternative, conditional or contingent tenders of original notes will not be considered valid and may be rejected by us. We reserve the absolute right to reject any and all original notes not properly tendered or any original notes our acceptance of which, in the opinion of our counsel, would be unlawful.

We also reserve the right to waive any defects, irregularities or conditions of tender as to particular original notes. The interpretation of the terms and conditions of our exchange offer (including the instructions in the letter of transmittal) by us will be conclusive, final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of original notes must be cured within such time as we shall determine.

Although we intend to notify holders of defects or irregularities with respect to tenders of original notes through the exchange agent, neither we, the exchange agent nor any other person is under any duty to give such notice, nor shall they incur any liability for failure to give such notification. Tenders of original notes will not be deemed to have been made until such defects or irregularities have been cured or waived.

Any original notes tendered into the exchange agent's account at DTC that are not validly tendered and as to which the defects or irregularities have not been cured or waived within the timeframes established by us in our sole discretion, if any, or if original notes are submitted in a principal amount greater than the principal amount of original notes being tendered by such tendering holder, such unaccepted or non-exchanged original notes will be credited back to the account maintained by the applicable DTC participant with such book-entry transfer facility.

Withdrawal of tenders

Tenders of original notes in the exchange offer may be withdrawn at any time on or prior to the Expiration Date.

To be effective, any notice of withdrawal must specify the name and number of the account at DTC to be credited with such withdrawn original notes and must otherwise comply with DTC's procedures.

[Table of Contents](#)

If the original notes to be withdrawn have been identified to the exchange agent, a signed notice of withdrawal meeting the requirements discussed above is effective immediately upon the exchange agent's receipt of written or facsimile notice of withdrawal even if physical release is not yet effected. A withdrawal of original notes can only be accomplished in accordance with these procedures. Any failure to follow these procedures will not result in any original notes being withdrawn. The company and the exchange agent may reject any withdrawal request not in accordance with these procedures.

All questions as to the validity, form and eligibility (including time of receipt) of such notices will be determined by us, which determination shall be final and binding on all parties. No withdrawal of original notes will be deemed to have been properly made until all defects or irregularities have been cured or expressly waived. Neither we, the exchange agent nor any other person will be under any duty to give notification of any defects or irregularities in any notice of withdrawal or revocation, nor shall we or they incur any liability for failure to give any such notification. Any original notes so withdrawn will be deemed not to have been validly tendered for purposes of the exchange offer and no exchange notes will be issued with respect thereto unless the original notes so withdrawn are retendered on or prior to the Expiration Date. Properly withdrawn original notes may be retendered by following the procedures described above under "—Procedures for tendering original notes" at any time on or prior to the Expiration Date.

Any original notes which have been tendered but which are not accepted for exchange due to the rejection of the tender due to uncured defects or the prior termination of the exchange offer, or which have been validly withdrawn, will be returned to the holder thereof unless otherwise provided in the letter of transmittal, promptly following the Expiration Date or, if so requested in the notice of withdrawal, promptly after receipt by us of notice of withdrawal without cost to such holder.

Conditions to the exchange offer

The exchange offer will not be subject to any conditions, other than:

- that the exchange offer, or the making of any exchange by a holder of original notes, does not violate applicable law or any applicable interpretation of the staff of the SEC;
- that applicable interpretations of the staff of the SEC regarding exchange offers of the type contemplated by this prospectus shall not have been changed, such that the exchange notes would not be generally free of the transfer restrictions of the Securities Act following consummation of the exchange offer;
- the due tendering of original notes and the delivery to the exchange agent of the letter of transmittal or an Agent's Message (and all other required documents) in accordance with the exchange offer; and
- that each holder of the original notes exchanged in the exchange offer shall have made the representations set forth above in "—Your Representations to Us" and such other representations as may be reasonably necessary under applicable SEC rules, regulations or interpretations of the staff of the SEC to render the use of Form S-4 or other appropriate form under the Securities Act available.

If we determine in our reasonable discretion that any of the conditions to the exchange offer are not satisfied, we may:

- refuse to accept any original notes and return all tendered original notes to the tendering holders,
- terminate the exchange offer,

[Table of Contents](#)

- extend the exchange offer and retain all original notes tendered prior to the Expiration Date, subject, however, to the rights of holders to withdraw such original notes, and/or
- waive such unsatisfied conditions with respect to the exchange offer and accept all validly tendered original notes which have not been withdrawn.

If our waiver of an unsatisfied condition constitutes a material change to the exchange offer, we will promptly disclose such waiver by means of a prospectus supplement that will be distributed to the holders of the original notes, and will extend the exchange offer for a period of five to ten business days, depending upon the significance of the waiver and the manner of disclosure to the registered holders, if the exchange offer would otherwise expire during such five to ten business day period.

Exchange agent

U.S. Bank National Association, the trustee under the indenture governing the notes, has been appointed as exchange agent for the exchange offer. The exchange agent will not be (i) liable for any act or omission unless such act constitutes its own gross negligence or bad faith and in no event will the exchange agent be liable to a security holder, QVC, Inc., or any third party for special, indirect or consequential damages, or lost profits, arising in connection with the exchange offer or its duties and responsibilities related to the exchange offer; (ii) obligated to take any legal action with respect to the exchange offer which might in its judgment involve any expense or liability, unless it will be furnished with indemnity satisfactory to it; and (iii) liable or responsible for any statement contained in this prospectus.

We will indemnify the exchange agent with respect to certain matters relating to the exchange offer.

[Table of Contents](#)

No dealer-manager has been retained in connection with the exchange offer and no payments will be made to brokers, dealers or others soliciting acceptance of the exchange offer. However, reasonable and customary fees will be paid to the exchange agent for its services and it will be reimbursed for its reasonable out-of-pocket expenses.

Our out-of-pocket expenses for the exchange offer will include fees and expenses of the exchange agent and the trustee under the indenture governing the notes, accounting and legal fees and printing costs, among others.

Transfer taxes

We will pay all transfer taxes, if any, applicable to the exchange of the original notes pursuant to the exchange offer. If, however, a transfer tax is imposed for any reason other than the exchange of the original notes pursuant to the exchange offer, then the amount of any such transfer taxes (whether imposed on the tendering holder or any other persons) will be payable by the tendering holder. If satisfactory evidence of payment of such taxes or exemption therefrom is not submitted with the letter of transmittal, the amount of such transfer taxes will be billed directly to such tendering holder.

Accounting treatment for the exchange offer

The exchange notes will be recorded at the carrying value of the original notes and no gain or loss for accounting purposes will be recognized. The expenses of the exchange offer will be amortized over the term of the exchange notes.

Business

Overview

QVC, Inc. markets and sells a wide variety of consumer products primarily through live merchandise-focused televised shopping programs distributed to approximately 296 million households worldwide each day (including our joint venture in China as discussed below) and via our websites and other interactive media, including QVC.com for the year ended December 31, 2013 (unless otherwise indicated or required by the context, the terms "we," "our," "us," "the Company," and "QVC" refer to QVC, Inc. and its consolidated subsidiaries). We believe we are the global leader in television retailing and a leading multimedia retailer, with operations based in the U.S., Japan, Germany, the U.K. and Italy. Additionally, we have a 49% interest in a retailing joint venture in China, which operates through a television shopping channel with an associated website. The joint venture is accounted for as an equity method investment. Our name, QVC, stands for "Quality, Value and Convenience," which is what we strive to deliver to our customers. Our operating strategy is to create a premier multimedia lifestyle brand and shopping destination for our customers, further penetrate our core customer base, generate new customers, enhance our programming distribution offerings and expand internationally to drive revenue and profitability. For the year ended December 31, 2013, we generated \$8.6 billion of consolidated net revenue.

We market our products in an engaging, entertaining format primarily through live television programs and interactive features on our websites. In the U.S., we distribute our programming live 24 hours per day, 364 days per year and present on average almost 900 products every week. Internationally, we distribute live programming 17 to 24 hours per day, depending on the market. We classify our products into six groups: electronics, home, beauty, jewelry, apparel and accessories. It is our product sourcing team's mission to research and locate compelling and differentiated products from manufacturers who have sufficient scale to meet anticipated demand. We offer many QVC-exclusive products, as well as popular brand name and lesser known products available from other retailers. Many of our products are endorsed by celebrities, designers and other well-known personalities who often join our presenters to personally promote their products and provide lead-in publicity on their own television shows. We believe that our ability to demonstrate product features and present "faces and places" differentiates and defines the QVC shopping experience. We closely monitor customer demand and our product mix to remain well-positioned and relevant in popular and growing retail segments, which we believe is a significant competitive advantage relative to competitors who operate bricks-and-mortar stores.

From our inception through December 31, 2013, we have shipped over 1.6 billion packages in the U.S. alone. We operate nine distribution centers and eight call centers worldwide and, in 2013, shipped approximately 94% of our orders within 48 hours of order placement. In 2013, our work force of approximately 17,500 employees handled over 168 million customer calls, shipped approximately 169 million units globally and served approximately 11.8 million customers. We believe our long-term relationships with major U.S. television distributors, including cable operators (e.g., Comcast and Time Warner Cable), satellite television providers (e.g., DISH Network and DIRECTV) and telecommunications companies (e.g., Verizon and AT&T), provide us with broad distribution, favorable channel positioning and significant competitive advantages. We believe that our significant market share, brand awareness, outstanding customer service, repeat customer base, international reach and scalable infrastructure distinguish us from our competitors.

History

QVC was founded on June 13, 1986 by Joseph Segel. Our first U.S. live broadcast took place at 7:30 PM ET on November 24 of that year, reaching 7.6 million TV homes. Initially broadcast live

[Table of Contents](#)

from 7:30 PM ET until midnight each weekday and all day Saturdays and Sundays, the channel extended its live U.S. programming to 24 hours per day in January 1987.

In 1995, Comcast purchased a majority shareholding in QVC, taking control of the Company. In 2003, Comcast sold its majority share to Liberty Interactive Corporation ("Liberty," formerly known as Liberty Media Corporation).

Please see "QVC-U.S." and "International operations" below for information on the development of our U.S. and international businesses.

QVC-U.S.

Our live televised shopping programs are distributed nationally, 24 hours per day, 364 days per year, to approximately 106 million television households and approximately 98% of television households subscribing to services offered by television distributors. QVC-U.S. programming is also available on QVC.com, our U.S. website and mobile applications via streaming video. QVC-U.S., including QVC.com, contributed \$5.8 billion, or 67.8%, of consolidated net revenue for the year ended December 31, 2013.

In March 2013, QVC-U.S. launched over-the-air broadcasting in designated U.S. markets that can be accessed by any television household in such markets, regardless of whether it subscribes to a paid television service. This allows QVC-U.S. to reach new customers who previously did not have access to the program through other television platforms.

In August 2013, QVC-U.S. launched an additional channel, QVC Plus, which is distributed through cable and satellite systems. The channel offers the same programming as the live channel, but on a three hour pre-recorded delay, which allows viewers to have access to a broader range of QVC programming options as well as more relevant programming for viewers in differing time zones.

We have established QVC-U.S. as the televised shopping leader after building a track record of outstanding quality and customer service, establishing favorable channel positioning and generating repeat business from our core customer base. We estimate our share of the U.S. televised shopping revenue in 2013, among QVC-U.S. and its two primary televised shopping competitors HSN and ShopHQ, to be approximately two-thirds. QVC.com, launched in 1996, complements our televised shopping programs by allowing consumers to purchase a wide assortment of goods offered on our televised programs, as well as other products that are available only on QVC.com. We view e-commerce as a natural extension of our business, allowing us to stream live video and offer on-demand video segments of items recently presented live on our televised programs. QVC.com allows shoppers to browse, research, compare and perform targeted searches for products, control the order-entry process and conveniently access their QVC account. The table below illustrates QVC.com's growth since 2011:

(in millions)	Years ended December 31,		
	2011	2012	2013
QVC.com net revenue	\$ 1,993	2,239	2,501
Total U.S. net revenue	5,412	5,585	5,844
QVC.com % of total U.S. net revenue	36.8%	40.1%	42.8%

International operations

As of December 31, 2013, our televised shopping programs reached approximately 120 million television households outside of the U.S., primarily in Japan, Germany, the U.K. and Italy. In addition, our joint venture in China reached approximately 70 million homes. The programming created for most of these markets is also available via streaming video on our international websites and mobile

[Table of Contents](#)

applications. Our international businesses each employ product sourcing teams who select products tailored to the interests of each local market. For the year ended December 31, 2013, our international operations generated \$2.8 billion of consolidated net revenue and \$489 million of Adjusted OIBDA.

QVC-Japan. We own 60% of QVC-Japan through a venture with Mitsui & Co., LTD ("Mitsui"). QVC-Japan launched in April 2001 and generated positive Adjusted OIBDA (as defined in "Special note regarding non GAAP financial measures") in its third year of operation. QVC-Japan broadcasts 24 hours of live programming each day and reached approximately 27 million total households. For the year ended December 31, 2013, QVC-Japan produced \$1,024 million in net revenue, which was 11.9% of our consolidated net revenue.

QVC-Germany. QVC-Germany went on air in December 1996 and generated positive Adjusted OIBDA in its seventh year of operation. QVC-Germany broadcasts 23 hours of live programming each day and reached approximately 41 million total households that are located in both Germany and Austria. Beyond the main channel, QVC-Germany also broadcasts pre-recorded shows on two additional channels, QVC Beauty and QVC Plus, which allows viewers to access a broader range of programming options. For the year ended December 31, 2013, QVC-Germany produced \$971 million in net revenue, which was 11.3% of our consolidated net revenue.

QVC-U.K. QVC-U.K. went on air in October 1993 and generated positive Adjusted OIBDA in its fifth year of operation. QVC-U.K. broadcasts 17 hours of live programming each day and reached approximately 27 million total households that are located in both the U.K. and the Republic of Ireland as of December 31, 2013. Beyond the main channel, QVC-U.K. also broadcasts pre-recorded shows on three additional channels, QVC Beauty, QVC Extra and QVC Style, which allows viewers to access a broader range of programming options. For the year ended December 31, 2013, QVC-U.K. produced \$657 million in net revenue, which was 7.6% of our consolidated net revenue.

QVC-Italy. QVC-Italy went on air in October 2010 and is currently in its fourth year of operation. QVC's shopping program in Italy reached approximately 25 million households and is broadcast live for 17 hours each day on satellite and digital terrestrial television and an additional seven hours each day of recorded programming on satellite and seven hours each day of general interest programming on digital terrestrial television as of December 31, 2013. For the year ended December 31, 2013, QVC-Italy produced \$127 million in net revenue, which was 1.5% of our consolidated net revenue.

China Joint Venture. On July 4, 2012, we entered into a joint venture with Beijing-based China Broadcasting Corporation, a limited liability company owned by China National Radio ("CNR"), China's government-owned radio division. The joint venture, CNR Home Shopping Co., Ltd. ("CNRS"), is owned 49% by QVC and 51% by CNR through subsidiaries of each company. CNRS operates a retailing business in China through a shopping television channel with an associated website. This joint venture combines CNRS's existing knowledge of the digital shopping market and consumers in China with QVC's global experience and know-how in multimedia retailing. CNRS distributes live programming for 15 hours each day and recorded programming for nine hours each day. The CNRS joint venture is accounted for as an equity method investment recorded as equity in losses of investee in the consolidated statements of operations.

QVC-France. On April 16, 2014, we announced plans to expand our global presence into France. Similar to our other markets, we plan to offer a highly immersive digital shopping experience, with strong integration across e-commerce, TV, mobile and social platforms, with the launch scheduled for the second quarter of 2015.

Adjusted operating income before depreciation and amortization (Adjusted OIBDA)

QVC defines Adjusted OIBDA as net revenue less cost of goods sold, operating expenses and selling, general and administrative expenses (excluding stock-based compensation). QVC's chief operating decision maker and management team use this measure of performance in conjunction with other measures to evaluate the businesses and make decisions about allocating resources among the businesses. QVC believes that this is an important indicator of the operational strength and performance of the businesses, including the ability to service debt and fund capital expenditures. In addition, this measure allows QVC to view operating results, perform analytical comparisons and perform benchmarking among its businesses and identify strategies to improve performance. This measure of performance excludes such costs as depreciation, amortization and stock-based compensation that are included in the measurement of operating income pursuant to U.S. GAAP. Accordingly, Adjusted OIBDA should be considered in addition to, but not as a substitute for, operating income, net income, cash flow provided by operating activities and other measures of financial performance prepared in accordance with U.S. GAAP.

The primary material limitations associated with the use of Adjusted OIBDA as compared to GAAP results are (i) it may not be comparable to similarly titled measures used by other companies in the industry, and (ii) it excludes financial information that some may consider important in evaluating QVC's performance. QVC compensates for these limitations by providing disclosure of the difference between Adjusted OIBDA and GAAP results, including providing a reconciliation of Adjusted OIBDA to GAAP results, to enable investors to perform their own analysis of QVC's operating results. Refer to note 15 to the consolidated financial statements for a reconciliation of Adjusted OIBDA to income before income taxes.

Operating segments

We have identified five reportable operating segments, which correspond to the geographic areas in which we have operations. As such, our five reportable segments are QVC-U.S., QVC-Japan, QVC-Germany, QVC-U.K. and QVC-Italy. For financial information about our operating segments and corresponding geographic areas, please refer to note 15 of our audited consolidated financial statements, as well as to management's discussion and analysis of financial condition and results of operations, each of which are included elsewhere in this document.

Merchandise

We believe that our ability to combine product and programming helps us create competitive advantages over traditional bricks-and-mortar and Internet retailers. We seek to offer our customers an assortment of compelling, high-quality products. In the U.S., we present on average almost 900 products every week on our live televised programming, approximately 22% of which have not been presented previously to our television audience. We offer customers high-quality and brand name products marketed in a creative, informative, entertaining and engaging style. We provide a differentiated shopping experience by offering customers the opportunity to experience not only the product being sold, but the people and places behind that product, thereby enhancing their overall shopping experience.

Our global merchandise mix is similar to that of a high-quality department store, featuring the best in: (i) electronics, (ii) home, (iii) beauty, (iv) jewelry, (v) apparel and (vi) accessories, which, in 2013, accounted for 12%, 31%, 17%, 12%, 16% and 12%, respectively, of our consolidated shipped sales. For the year ended December 31, 2012, such percentages were 13%, 30%, 16%, 13%, 16% and 12%, respectively. For the year ended December 31, 2011, such percentages were 13%, 31%, 15%, 14%, 16% and 11%, respectively. Many of our brands are exclusive, while others are created by well-known designers.

[Table of Contents](#)

A key difference between us and traditional bricks-and-mortar retailers is that we are able to quickly adapt what merchandise we present as a direct response to what is selling and what is not. We utilize a test and re-order model to determine initial customer demand. Through constant monitoring, we manage our product offerings to maximize net revenue and fulfill current demand in large growth segments where we can gain a greater share of our customers' purchases. Our merchandising team is dedicated to consistently researching, pursuing and launching new products and brand opportunities. With a management mandate to deliver hard-to-find value, this product search group constantly pursues securing quality goods from manufacturers with enough scale to offer sufficient supply to our existing and future customers. We maintain strong relationships with our vendors, many of which find our marketing distribution channel attractive due to the showcasing and story-telling elements of our programming, the velocity of our sales and our pricing model integrity. This efficient sales/marketing strategy is mirrored on our websites.

We purchase, or obtain on consignment, products from U.S. and foreign manufacturers and wholesalers, often on favorable terms based upon the volume of the transactions. We have attracted some of the world's most respected consumer brands as well as celebrities, entrepreneurs and designers to promote these brands. Brand leaders such as Dell, Dooney & Bourke, Judith Ripka, Panasonic and Philosophy reach a broad audience while product representatives share the stories behind these brands. We have agreements with celebrities, entrepreneurs and designers such as Isaac Mizrahi, Rachael Ray and Nicole Richie enabling us to provide entertaining and engaging programming that develops a lifestyle bond with our customers. These celebrity personalities and product representatives often provide pre-appearance publicity for their QVC products on other television shows, enhancing demand during their QVC appearances. We cross-promote between our e-commerce and mobile platform and our television programming to promote the use of each platform as a standalone entity. Our e-commerce efforts are focused on creating a community of online shoppers by translating our televised themes, personalities and shopping experience for each platform.

We do not depend on any single supplier or designer for a significant portion of our inventory purchases.

Distribution

We distribute our television programs, via satellite and optical fiber, to cable television and direct-to-home satellite system operators for retransmission to their subscribers in the U.S., Japan, Germany, the U.K. and neighboring countries. We also transmit our television programs over digital terrestrial broadcast television to viewers throughout Italy, the U.K. and to viewers in certain geographic regions in the U.S. and Germany. In the U.S., we uplink our analog and digital programming transmissions using a third party service. Both transmissions are uplinked to protected, non-preemptible transponders on U.S. satellites. "Protected" status means that, in the event of a transponder failure, our signal will be transferred to a spare transponder or, if none is available, to a preemptible transponder located on the same satellite or, in certain cases, to a transponder on another satellite owned by the same service provider if one is available at the time of the failure. "Non-preemptible" status means that, in the event of a transponder failure, our transponders cannot be preempted in favor of a user of a failed transponder, even another user with "protected status." Our international business units each obtain uplinking services from third parties and transmit their programming to non-preemptible transponders on international satellites. Our transponder service agreements for our U.S. transponders expire at the earlier of the end of the lives of the satellites or the service agreements. The service agreements in the U.S. expire in 2019 through 2020. Our transponder service agreements for our international transponders expire between 2015 and 2022.

We continually seek to expand and enhance our television and e-commerce platforms, as well as to further our international operations and multimedia capabilities. We launched QVCHD in the U.S. in April 2008, and in May 2009, we became the first U.S. multimedia retailer to offer a native HD service.

[Table of Contents](#)

QVCHD is a high-definition simulcast of our U.S. telecast utilizing the full 16x9 screen ratio, while keeping the side panel for additional information. High-definition, or HD, programming allows us to utilize a typically wider television screen with crisper and more colorful images to present a larger "storefront," which we believe captures the attention of channel "surfers" and engages our customers. In the U.S., QVCHD reached approximately 70 million television households, as we continue to develop and launch features to further enrich the television viewing experience.

Beyond the main QVC channels, including QVCHD, the U.S., Germany and the U.K. also broadcast pre-recorded shows on additional channels that offer viewers access to a broader range of QVC programming options. These channels include QVC Plus in the U.S., QVC Beauty and QVC Plus in Germany and QVC Beauty, QVC Extra and QVC Style in the U.K.

Affiliation agreements

We enter into long-term affiliation agreements with certain of our television distributors who downlink our programming and distribute the programming to their customers. Our affiliation agreements with both U.S. and international distributors have termination dates ranging from 2015 to 2022. Our ability to continue to sell products to our customers is dependent on our ability to maintain and renew these affiliation agreements in the future. Although we are typically successful in obtaining and renewing these agreements, we do not have distribution agreements with some of the distributors that carry our programming. In total, we are currently providing programming without affiliation agreements to distributors representing approximately 6% of our U.S. distribution, and short-term, rolling 90 day letters of extension, to distributors who represent approximately 22% of our U.S. distribution. Some of our international programming may continue to be carried by distributors after the expiration dates on our affiliation agreements with them have passed.

In return for carrying our signals, each programming distributor in the U.S. receives an allocated portion, based upon market share, of up to 5% of the net sales of merchandise sold via the television programs and from certain Internet sales to customers located in the programming distributor's service areas. In Japan, Germany, the U.K. and Italy, programming distributors predominately receive an agreed-upon annual fee, a monthly fee per subscriber regardless of the net sales, a variable percentage of net sales or some combination of the above arrangements.

In addition to sales-based commissions or per-subscriber fees, we also make payments to distributors primarily in the U.S. for carriage and to secure positioning within a broadcast area or within the general entertainment area on the distributor's channel line-up. We believe that a portion of our sales is attributable to purchases resulting from channel "surfing" and that a channel position near broadcast networks and more popular cable networks increases the likelihood of such purchases. As technology evolves, we will continue to monitor optimal channel placement and attempt to negotiate agreements with our distributors to maximize the viewership of our television programming.

Demographics of customers

We enjoy a very loyal customer base, as demonstrated by the fact that for the year ended December 31, 2013, approximately 86% of our worldwide shipped sales came from repeat customers (i.e., customers who made a purchase from us during the prior twelve months), who spent an average of \$1,335 each during this period. An additional 6% of shipped sales in that period came from reactivated customers (i.e., customers who previously made a purchase from us, but not during the prior twelve months).

We believe our core customer base represents an attractive demographic target market. Based on internal customer data, approximately 51% of our 7.5 million U.S. customers for year ended December 31, 2013 were women between the ages of 35 and 64.

Order taking and fulfillment

We strive to be prompt and efficient in order taking and fulfillment. We have three U.S. phone centers located in San Antonio, Texas; Port St. Lucie, Florida; and Chesapeake, Virginia that can direct calls from one call center to another as volume mandates. This ability to transfer calls reduces a caller's hold time, helping to ensure that orders will not be lost as a result of abandoned or unanswered calls. We also have one phone center in each of Japan, the U.K. and Italy and two call centers in Germany. Many markets also utilize home agents to handle calls, allowing staffing flexibility for peak hours. In addition, we utilize computerized voice response units, which handle approximately 30% of all orders taken on a worldwide basis.

In addition to taking orders from our customers through phone centers and online, we continue to expand our ordering platforms. We are expanding mobile device ordering capabilities and over the past several years have launched iPhone, iPad, Android and Blackberry applications, a WAP (wireless application protocol) mobile website and a robust SMS (short message services) program. On a global basis, customers placed approximately 12% of all orders directly through their mobile devices in 2013.

Through our nine worldwide distribution centers, we shipped approximately 94% of our orders within 48 hours of order placement in the year ended December 31, 2013. Our U.S. distribution centers are located in Suffolk, Virginia; Lancaster, Pennsylvania; West Chester, Pennsylvania; Rocky Mount, North Carolina; and Florence, South Carolina. Our U.S. distribution centers have shipped over 500,000 units in a single day. We also have distribution centers in Sakura-shi, Chiba, Japan; Hücklehoven, Germany; Knowsley, U.K. and Castel San Giovanni, Italy.

We have built a scalable operating infrastructure focused on sustaining efficient, flexible and cost-effective sale and distribution of our products. Since our physical store locations are minimal, we require lower inventory levels and capital expenditures compared to traditional bricks-and-mortar retailers. In recent years, we have made significant investments in our distribution centers and information technology systems that we believe will accommodate our foreseeable growth needs. Further, since we have no set "floor plan" and can closely manage inventory levels at our centralized warehouses, we believe we have the flexibility to analyze and react quickly to changing trends and demand by shifting programming time and product mix. Our cost structure is highly variable, which we believe allows us to consistently achieve attractive margins relative to bricks-and-mortar retailers.

Our web and mobile platforms are fully integrated with our televised programming and product distribution capabilities. Our web and mobile platform features include a live video stream of our television programming, full integration with our order fulfillment and product branding, as well as the thematic offerings and events that have become fundamental to our televised programming.

Third party carriers transport our packages from our distribution centers to our customers. In each market where we operate, we have negotiated long-term contracts with shipping companies, which in certain circumstances provide for favorable shipping rates.

Competition

We operate in a rapidly evolving and highly competitive retail business environment. Based on U.S. net revenue for the year ended December 31, 2013, we are the leading television retailer in the U.S. and generate substantially more net revenue than our two closest televised shopping competitors, HSN (an entity in which Liberty had a 38% ownership interest as of December 31, 2013) and ShopHQ. Our international operations face similar competition in their respective markets, such as Shop Channel in Japan, HSE 24 in Germany and Ideal World in the U.K. Additionally, we have numerous and varied competitors at the national and local levels, ranging from large department stores to specialty shops, electronic retailers, direct marketing retailers, wholesale clubs, discount retailers, infomercial retailers, Internet retailers, and mail-order and catalog companies.

[Table of Contents](#)

We also compete for access to customers and audience share with other providers of televised, online and hard copy entertainment and content. The price and availability of other programming and the conversion to digital programming platforms may unfavorably affect the placement of our programming in the channel line-ups of our distributors, and may affect our ability to obtain distribution agreements with small cable distributors. Competition from other programming also affects the compensation that must be paid to distributors for carriage, which continues to increase. Principal competitive factors for us include (i) value, quality and selection of merchandise; (ii) customer experience, including customer service and reliability of fulfillment and delivery services and (iii) convenience and accessibility of sales channels.

Employees

We employed approximately 17,500 full-time and part-time employees as of December 31, 2013. Employment levels fluctuate due to seasonal factors affecting our business. Additionally, we utilize independent contractors and temporary personnel to supplement our workforce, particularly on a seasonal basis. We consider our employee relations to be good.

Properties

We own our corporate headquarters and operations center in West Chester, Pennsylvania, which consists of office space and includes executive offices, television studios, showrooms, broadcast facilities and administrative offices for QVC. We also own call centers in San Antonio, Texas; Port St. Lucie, Florida; Chesapeake, Virginia; Bochum and Kassel, Germany, as well as a call center and warehouse in Knowsley, U.K. We own distribution centers in Lancaster, Pennsylvania and West Chester, Pennsylvania; Suffolk, Virginia; Rocky Mount, North Carolina; Florence, South Carolina; Sakura-shi, Chiba, Japan and Hücklehoven, Germany. To supplement the facilities we own, we also lease various facilities in the U.S., Japan, Germany, the U.K. and Italy for retail outlet stores, office space, warehouse space, call center locations and a distribution center. In 2013, QVC-Japan transitioned to its new headquarters in Japan that includes television studios, broadcast facilities, administrative offices and a call center. The total project cost was approximately \$220 million. QVC-Germany owns its headquarters in Germany that includes television studios, broadcast facilities and administrative offices. In 2012, QVC-U.K. transitioned to its new leased headquarters in the U.K. that includes television studios, broadcast facilities and administrative offices. QVC-U.K. made certain improvements to its new leased facility costing approximately \$50 million. In 2014, QVC-Italy will take ownership of its current leased headquarters in Italy that includes television studios, broadcast facilities, administrative offices and a call center for approximately \$22 million, of which \$14 million was deposited in 2013.

We believe that the duration of each lease is adequate and we do not anticipate any future problems renewing or obtaining suitable leases for our principal properties. We believe that our principal properties, whether owned or leased, are currently adequate for the purposes for which they are used and are suitably maintained for these purposes. From time to time, we consider various alternatives related to our long-term facilities needs. While our management believes existing facilities are adequate to meet our short term needs, it may become necessary to lease or acquire additional or alternative space to accommodate future growth.

Legal proceedings

We are not a party to or subject to any material pending legal proceedings. We are parties to various claims and pending litigation as part of the normal course of business. In the opinion of management, the nature and disposition of these matters are considered routine and arising in the ordinary course of business.

Government regulation

The manner in which we sell and promote merchandise and related claims and representations made in connection with these efforts is regulated by federal and state law. Some examples of regulatory agencies and regulations that affect the manner in which we sell and promote merchandise include the following:

- The FTC and the state attorneys general regulate the advertising of retail products and services offered for sale in the U.S., including the FTC's recent adoption of revised Guides Concerning the Use of Endorsements and Testimonials in Advertising and Guides for the Use of Environmental Marketing Claims.
- The Food and Drug Administration which has specific regulations regarding claims that can be made about food products and regulates marketing claims that can be made for cosmetic beauty products and over-the-counter drugs.
- The Environmental Protection Agency ("EPA") which requires products that make certain types of claims, such as "anti-bacterial," be registered with the EPA prior to making such claims.
- Each of the FTC's Telemarketing Sales Rules, the Federal Communication Commission's ("FCC") Telephone Consumer Protection Act and similar state rules, which outline procedures that must be followed when telemarketing to customers.
- The Consumer Product Safety Commission which has specific regulations regarding products that present unreasonable risks of injuries to consumers.
- Import and export laws, including U.S. economic sanction and embargo regulations, U.S. homeland security laws and regulations and other laws such as the U.S. anti-boycott law and U.S. export controls regulations.
- Comparable regulatory agencies and regulations in foreign countries.

In 2000, we became subject to a consent decree issued by the FTC barring us from making certain deceptive claims for specified weight-loss products and dietary supplements. We also became subject to an expanded consent decree issued by the FTC in 2009 that terminates on the later of March 4, 2029, or 20 years from the most recent date that the U.S. or the FTC files a complaint in federal court alleging any violation thereunder. Pursuant to this expanded consent decree, we are prohibited from making certain claims about specified weight-loss, dietary supplement and anti-cellulite products unless we have competent and reliable scientific evidence to substantiate such claims. To help mitigate against the risk of future claims, we increased our staffing to provide additional review of claims related to weight-loss, dietary supplement and anti-cellulite products that we offer for sale.

Congress enacted the Commercial Advertisement Loudness Mitigation ("CALM") Act in 2010. The CALM Act directs the FCC to incorporate into its rules and make mandatory a technical standard that is designed to prevent digital television commercial advertisements from being transmitted at louder volumes than the program material they accompany. The FCC's CALM Act implementing regulations became effective on December 13, 2012. Although the FCC's CALM Act regulations place direct compliance responsibility on broadcasters and multichannel video programming distributors ("MVPDs"), the FCC adopted a "safe harbor" compliance approach applicable to commercials embedded in programming provided by programmers, such as the Company. Under the FCC's safe harbor approach, broadcasters and MVPDs may meet their CALM Act compliance obligations through reliance on programmer-provided CALM Act compliance certifications that are made "widely available" to broadcasters and MVPDs through a website or other means. The Company has determined that its programming is CALM Act compliant, and in response to requests from its affiliates, and in order to allow its affiliates to meet the FCC's safe harbor, the Company has posted a CALM Act compliance certification to a website that is available to its affiliates.

We market and provide a broad range of merchandise through television shopping programs and our websites. As a result, we are subject to a wide variety of statutes, rules, regulations, policies and procedures in various jurisdictions that are subject to change at any time, including laws regarding consumer protection, privacy, the regulation of retailers generally, the importation, sale and promotion of merchandise and the operation of retail stores and warehouse facilities, as well as laws and regulations applicable to the Internet and businesses engaged in online commerce, such as those regulating the sending of unsolicited, commercial electronic mail.

Our business is also dependent upon our continued ability to transmit our programming to television distributors from our third party satellite uplink facilities, which transmissions are subject to FCC compliance in the U.S. and foreign regulatory requirements in our international operations.

Intellectual property

We regard our trademarks, service marks, copyrights, domain names, trade dress, trade secrets, proprietary technologies and similar intellectual property as critical to our success. We rely on a combination of trademark and copyright law, trade-secret protection, and confidentiality and/or license agreements with our employees, customers, suppliers, affiliates and others to protect these proprietary rights. We have registered, or applied for the registration of, a number of domain names, trademarks, service marks and copyrights by U.S. and foreign governmental authorities and vigorously protect our proprietary rights against infringement.

In the U.S., we have registered trademarks and service marks for a variety of items including, but not limited to our brand name, "QVC" and "Quality Value Convenience," the "Q QVC Ribbon Logo" and our proprietary products sold such as "Arte D'Oro," "Cook's Essentials," "Denim & Co.," "Diamonique," "Nature's Code," "Northern Nights" and "Ultrafine Silver." Similarly, foreign registrations have been obtained for many trademarks and service marks for our brand name and propriety products including, but not limited to, "QVC," the "Q QVC Ribbon Logo," "Breezies," "Denim & Co.," "Diamonique" and "Northern Nights." We consider the service mark for the "QVC" name the most significant trademark or service mark held by us because of its impact on market awareness across all of our geographic markets and on customers' identification with us. As with all U.S. trademarks or service marks, our trademark and service mark registrations in the U.S. are for a ten year period and are renewable every ten years, prior to their respective expirations, as long as the trademarks or service marks are used in the regular course of trade.

Liberty relationship and related party transactions

We are an indirect wholly owned subsidiary of Liberty, which owns interests in a broad range of digital commerce businesses. On August 9, 2012, Liberty completed the recapitalization of its common stock into shares of the corresponding series of two new tracking stocks, Liberty Interactive (Nasdaq: LINTA, LINTB) and Liberty Ventures (Nasdaq: LVNTA, LVNTB).

On October 3, 2014, Liberty's board of directors approved the 2014 Reattribution described above, including: (i) the change in attribution from the Liberty Interactive Group to the Liberty Ventures Group of its digital commerce companies (Provide Commerce, Inc., Backcountry.com, Inc., Bodybuilding.com, LLC, CommerceHub and the Evite.com business), together with \$970 million in cash, effective immediately; (ii) the creation of an inter-group interest in Liberty Ventures Group in favor of the QVC Group, which is represented as a number of Liberty Ventures shares that may be issued to the QVC Group calculated in accordance with Liberty's Restated Certificate of Incorporation; and (iii) a dividend of the Inter-Group Interest Shares to the holders of QVC Group common stock in full elimination of the inter-group interest. In connection with the payment of the dividend, typical antidilution adjustments will be made to outstanding QVC Group equity incentive awards, and the Liberty board reattributed \$30 million in cash to the Liberty Ventures Group relating to its assumption

[Table of Contents](#)

of liabilities related to those awards. As a result of these transactions, we are now attributed to the new QVC Group, which tracks the assets and liabilities of our company and Liberty's 38% equity interest in HSN, one of our two closest televised shopping competitors, and the trading symbols for the Series A QVC Group tracking stock and the Series B QVC Group tracking stock have changed to "QVCA" and "QVCB," respectively. In connection with the 2014 Reattribution, we increased the balance on our credit facility to \$1.06 billion.

We are a "close corporation" under Delaware law and, as such, our stockholder, rather than a board of directors, manages our business. Since our stockholder is an indirect wholly owned subsidiary of Liberty, certain aspects of our management, including the approval of significant corporate transactions such as a change of control, are controlled by Liberty, rather than an independent governing body. Our Chief Executive Officer and President, Michael A. George, also became a named executive officer and director of Liberty during 2011.

Liberty's interests may not coincide with our interests or yours and Liberty may cause us to enter into transactions or agreements with related parties or approve corporate actions that could involve conflicts of interest. For example, Liberty's dependence on our cash flow for servicing its debt and for other purposes is likely to result in our payment of large dividends to Liberty, which may increase our leverage and decrease our liquidity. We paid \$480 million of dividends to Liberty during the six months ended June 30, 2014, \$1.0 billion of dividends to Liberty during 2013, \$1.8 billion of dividends to Liberty during 2012 and \$205 million of dividends to Liberty during 2011. We declared and paid dividends in cash to Liberty in the amount of \$1.4 billion (including \$1 billion in connection with the 2014 Reattribution) subsequent to June 30, 2014 and prior to the date of filing the registration statement of which this prospectus forms a part. These dividends were funded with draws from our revolving credit facility and from cash generated from operations.

Management and corporate governance

Management by our stockholder

We are a Delaware close corporation that has elected to be managed by our stockholder, which is an indirect wholly owned subsidiary of Liberty. Thus, our stockholder, rather than a board of directors, manages our business.

Executive compensation

In April 2014, Liberty effected a 2 for 1 stock split of its Liberty Ventures common stock. We have not adjusted any of the LVNTA and LVNTB share numbers described throughout this section to reflect changes resulting from that stock split, except as otherwise specifically noted.

Executive Compensation

This section sets forth information relating to, and an analysis and discussion of, compensation paid by our company or our parent, Liberty, to:

- Michael A. George, our Chief Executive Officer and President and, from June 1, 2013 through July 21, 2013, our principal financial officer;
- Daniel T. O'Connell, our Chief Financial Officer through May 31, 2013 and who has since served as a consultant to our company;
- Thaddeus J. Jastrzebski, our Executive Vice President and Chief Financial Officer beginning July 22, 2013; and
- Claire A. Watts (who previously served as the CEO of QVC-US until her resignation on September 5, 2014), John P. Thomas and Steven M. Hofmann, our three other most highly compensated executive officers during the year ended December 31, 2013.

We collectively refer to these persons as "our named executive officers."

Compensation Discussion and Analysis

Overview

During calendar year 2013, we were, and continue to be, a wholly owned subsidiary of Liberty. As a result, the Chief Executive Officer of Liberty, Gregory B. Maffei, is responsible for overseeing and

approving the compensation package paid to our CEO and President, Mr. George. Mr. George's compensation package is also subject to the approval of the Liberty compensation committee because he was a named executive officer of Liberty for the calendar year 2013. The compensation packages paid to our other named executive officers are subject to the oversight and approval of Mr. George and Mr. Maffei. In addition, the Liberty compensation committee administers the Liberty Interactive Corporation 2007 Incentive Plan (As Amended and Restated Effective November 7, 2011) (the "2007 Incentive Plan"), the Liberty Interactive Corporation 2010 Incentive Plan (As Amended and Restated Effective November 7, 2011) (the "2010 Incentive Plan") and the Liberty Interactive Corporation 2012 (the "2012 Incentive Plan" and, together with the 2007 Incentive Plan and the 2010 Incentive Plan, the "Liberty Incentive Plans") and has the sole authority to make and modify equity grants under, and to approve or disapprove participation in, the Liberty Incentive Plans. All of our named executive officers (with the exception of Mr. George) participated in the Liberty Incentive Plans in 2013.

Objectives

The compensation program for our named executive officers was designed to meet the following objectives that align with and support our strategic business goals:

- attracting and retaining executive managers with the industry knowledge, skills, experience and talent to help our company attain its strategic objectives and build long-term company value;
- emphasizing variable performance-based compensation components, which include equity-based compensation, by linking individual compensation with corporate operating metrics as well as individual professional achievements; and
- aligning the interests of the management of our company with the interests of Liberty's public stockholders.

Philosophy

The following principles are used to guide the design of our executive compensation program and to ensure that the program is consistent with the objectives described above:

- *Competitive Positioning.* We believe that our executive compensation program must provide compensation to our named executive officers that is both reasonable in relation to, and competitive with, the compensation paid to similarly situated employees of companies in our industry and companies with which we compete for talent. See "—Setting Executive Compensation; Role of Chief Executive Officer in Compensation Decisions" below.
- *"Pay for Performance" Philosophy.* We believe our compensation program should align the interests of our named executive officers with the interests of our company and Liberty's stockholders by strengthening the link between pay and company and individual performance. We target median levels of compensation when our performance goals are met and higher levels of compensation when our performance goals are exceeded. We believe variable compensation, including equity-based awards, should represent a significant portion of the total compensation mix for our named executive officers.

Setting Executive Compensation; Role of Chief Executive Officer in Compensation Decisions

Our CEO establishes all elements of each of the other named executive officer's compensation package. In making these determinations, Mr. George evaluates the performance and contributions of each of the other named executive officers given his or her respective area of responsibility. Mr. George's determinations are then submitted to Mr. Maffei, the CEO of our parent company, Liberty, for his approval. Mr. Maffei is responsible for approving, and recommending to the Liberty compensation committee for its approval, all elements of Mr. George's compensation package. In

[Table of Contents](#)

addition, all grants of equity awards are subject to the approval of the Liberty compensation committee. The following qualitative factors are taken in account in making executive compensation recommendations for all of our named executive officers:

- each element of the named executive officer's historical compensation, including salary, bonus, equity compensation, perquisites and other personal benefits;
- the named executive officer's experience and overall effectiveness;
- the responsibilities of the named executive officer, including any changes to those responsibilities over the year;
- the named executive officer's demonstrated leadership and management ability;
- the named executive officer's compensation relative to other executives at our company with similar, greater or lesser responsibilities;
- the performance of any business segment for which the named executive officer is primarily responsible; and
- the financial performance of our company compared to business plans.

In addition, each of our named executive officers is party to an employment agreement (or, in the case of Mr. O'Connell, following May 31, 2013, a consulting agreement) with our company which governs the terms of his or her compensation. See "—Executive Compensation Arrangements" below. In 2013, we entered into (i) an employment agreement with Mr. Jastrzebski in connection with his employment as our Executive Vice President and Chief Financial Officer, (ii) an amendment to Mr. O'Connell's employment agreement in connection with his retirement and service as a consultant to our company and (iii) an amendment to Mr. Hofmann's expatriate agreement in connection with the extension of his assignment with our company, based in Italy. Mr. George had primary responsibility for negotiating and approving Mr. Jastrzebski's employment agreement, Mr. O'Connell's amended employment agreement and Mr. Hofmann's amended expatriate agreement, subject to Mr. Maffei's approval of the definitive terms thereof.

In designing the compensation packages for our named executive officers, including our performance-based bonus program, the range of total compensation paid by companies in the retail, broadcasting, consumer goods and online commerce industries, as well as by companies of comparable revenue size to QVC outside of these industries (collectively, our "reference set"), are considered and used as a guide to ensuring that our named executive officers receive competitive compensation packages. With respect to our cash compensation, we aim to pay at the median of the market. At times, total compensation, or any specific element thereof, payable to our named executive officers may exceed that of our reference set or may be less than that of our reference set.

As a general matter, our compensation philosophy is to weigh incentive compensation more heavily than cash compensation, which is a practice that may not be consistently followed by our reference set.

Elements of 2013 Executive Compensation

For 2013 the principal components of compensation for the named executive officers were:

- base salary;
- in the case of Mr. Hofmann and Ms. Watts, performance-based bonuses, payable in cash;
- in the case of Mr. Jastrzebski, a one-time signing bonus, and a year-end discretionary bonus, in each case, payable in cash;
- a grant of equity incentive awards (other than to Messrs. George and O'Connell); and

[Table of Contents](#)

- perquisites and other limited personal benefits.

Base Salary. The base salaries of the named executive officers are reviewed on an annual basis, as well as at the time of any change in responsibilities. Historically, increases have been granted consistent with the annual salary increase pool determined generally for QVC as a whole, adjusted (upward or downward) to reflect a named executive officer's individual job performance, as determined by Mr. Maffei with respect to Mr. George and by Mr. George with respect to all other named executive officers. As a general matter, however, our policy is for base salary to represent a relatively smaller portion of each named executive officer's overall compensation package, thereby aligning the interests of our executives more closely with those of our company and Liberty's stockholders. With respect to 2013, each of our named executive officers received 3% increases in their base salary based on their performance evaluations for 2013 (with the exception of Messrs. George and Jastrzebski and Ms. Watts), effective in March 2013. Mr. George's increase was determined pursuant to the terms of his employment agreement and was effective in January 2013, Mr. Jastrzebski's employment with our company did not commence until July 2013 and, pursuant to the terms of her employment agreement, Ms. Watts did not receive an increase in her base salary for 2013.

2013 Performance-based Bonuses. In 2012, we adopted a new annual, performance-based bonus program for all of our senior officers, including each of our named executive officers, which we continued in 2013. The bonus program was reviewed and approved by Mr. Maffei and, as it relates to Mr. George, the Liberty compensation committee. Our performance-based bonus program is global-based and was designed to deliver rewards to our executives for strong business results through aligning our company's global leaders with a common bonus measure linking participants in the performance-based bonus program to both country-specific and overall company goals. As Mr. Jastrzebski's employment commenced in July 2013, he did not participate in the performance-based bonus program for the year ended December 31, 2013.

Pursuant to the program, each named executive officer (other than Mr. Jastrzebski, who was not eligible to participate in 2013) was assigned a target bonus amount. In the case of Messrs. George and O'Connell, this target bonus amount was based upon the global EBITDA growth year over year for QVC for fiscal year 2013. The target bonuses for each of Messrs. George and O'Connell were established as 100% and 60%, respectively, of each of their respective base salaries. Global EBITDA was defined as earnings before interest, taxes, depreciation and amortization for fiscal year 2013. The EBITDA-based payout ranged from a threshold payment of 70% of target for 4% global EBITDA growth to 200% of target for 9.2% global EBITDA growth. The EBITDA-based performance bonus was subject to increase of up to 130% of target or decrease down to zero based upon a review of the individual's performance over the year. Pursuant to the terms of his employment agreement and his consulting agreement, Mr. O'Connell's potential bonus for 2013 was subject to pro-ration for the period from January 1, 2013 through May 31, 2013.

Each of Mr. Thomas and Ms. Watts was assigned a target bonus amount of which 90% was paid based upon the EBITDA growth year over year for QVC-Japan and QVC-U.S., respectively, and of which 10% was based upon the global EBITDA growth year over year for our company as described above, in each case, for fiscal year 2013. The target bonuses for each of Mr. Thomas and Ms. Watts were established as 60% and 100%, respectively, of each of their respective base salaries. EBITDA for each of QVC-Japan and QVC-U.S. was defined as earnings before interest, taxes, depreciation and amortization for fiscal year 2013. With respect to QVC-Japan, the EBITDA-based payout ranged from a threshold payment of 70% of target for 2.6% EBITDA growth to 200% of target for 7.6% EBITDA growth. With respect to QVC-U.S., the EBITDA-based payout ranged from a threshold payment of 70% of target for 3% EBITDA growth to 200% of target for 7% EBITDA growth. The EBITDA-based performance bonus was subject to increase of up to 130% of target or decrease down to zero based on the individual performance over the year.

[Table of Contents](#)

Mr. Hofmann was assigned a target bonus amount of which (i) 25% would be paid based upon the full year EBITDA for QVC-Italy, (ii) 25% would be paid based upon the EBITDA growth year over year for QVC-Germany, (iii) 25% would be paid based upon the EBITDA growth year over year for QVC-UK, (iv) 10% would be paid based upon the global EBITDA growth year over year for our company as described above, and (v) 15% would be paid on a discretionary basis based on his business development efforts, in each case, for fiscal year 2013. The target bonus for Mr. Hofmann was established as 65% of his base salary. EBITDA for each of QVC-Italy, QVC-Germany and QVC-UK was defined as earnings before interest, taxes, depreciation and amortization for fiscal year 2013. With respect to QVC-Italy, the EBITDA-based payout ranged from a threshold payment of 50% of target for (€10,000,000) EBITDA to 200% of target for €0 EBITDA. With respect to QVC-Germany, the EBITDA-based payout ranged from a minimum payment of 25% of target (as required under applicable local regulations) to 200% of target for €144,400,000 EBITDA. With respect to QVC-UK, the EBITDA-based payout ranged from a threshold payment of 70% of target for 10.3% EBITDA growth to 200% of target for 16.3% EBITDA growth. The EBITDA-based performance bonus was subject to increase of up to 130% of target or decrease down to zero based on the individual performance over the year.

On a global scale, QVC achieved a 3.1% EBITDA growth for the year ended December 31, 2013 (for which EBITDA growth target was 6.1%), which resulted in an actual payout of 0% of target for each of the EBITDA-based performance bonuses for Messrs. George and O'Connell and the global EBITDA component of the EBITDA-based performance bonuses for Mr. Thomas and Ms. Watts. QVC-U.S. achieved a 4.7% EBITDA growth for the year ended December 31, 2013 (for which EBITDA growth target was 4.6%), which resulted in a potential payout (pending an adjustment based on individual performance) of 104% of target for the QVC-U.S.-specific EBITDA component of the EBITDA-based performance bonus for Ms. Watts. QVC-Japan did not achieve its EBITDA growth target of 4.6% for the year ended December 31, 2013, which resulted in an actual payout of 0% of target for the QVC-Japan-specific EBITDA component of the EBITDA-based performance bonus for Mr. Thomas. QVC-Italy achieved (€10,000,000) EBITDA for the year ended December 31, 2013 (for which EBITDA target was (€3,200,000)), which resulted in a potential payout (pending an adjustment based on individual performance) of 50% of target for the QVC-Italy-specific EBITDA component of the EBITDA-based performance bonus for Mr. Hofmann. QVC-Germany achieved €130,600,000 EBITDA for the year ended December 31, 2013, which was less than the growth target; however, Mr. Hofmann was entitled (pending any adjustment based on individual performance) to 25% of his target bonus for the QVC-Germany-specific EBITDA component of the EBITDA-based performance bonus as a result of applicable local regulations. QVC-UK achieved a 13.7% EBITDA growth for the year ended December 31, 2013 (for which EBITDA growth target was 13.3%), which resulted in a potential payout (pending an adjustment based on individual performance) of 115.3% of target for the QVC-UK-specific EBITDA component of the EBITDA-based performance bonus for Mr. Hofmann.

None of our named executive officers who received bonuses pursuant to the performance-based bonus program received an adjustment to their performance-based bonus based on his or her individual

performance over the year. The performance-based bonus for each named executive officer was then calculated as follows:

Name	Target Bonus	Global EBITDA Performance (as a percentage of Global Target Payout)	Country-Specific EBITDA Performance (as a percentage of Country Target Payout)	Blended Payout (as a percentage of Total Target Payout)	Total Payout
Michael A. George	\$ 1,060,900	0%	N/A	0%	\$ 0
Daniel T. O'Connell	\$ 121,333	0%	N/A	0%	\$ 0
John P. Thomas	\$ 331,001	0%	0%	0%	\$ 0
Steven M. Hofmann	\$ 468,650	0%	(a)(b)	63%	\$ 295,250
Claire A. Watts	\$ 943,824	0%	104%	93.6%	\$ 887,195

- (a) QVC-Italy's EBITDA for the year 2013 resulted in a payout of 50% of target; QVC-Germany's EBITDA performance resulted in a payout of 25% of target; and QVC-UK's EBITDA performance resulted in a payout of 115.3% of target.
- (b) The discretionary portion of Mr. Hofmann's bonus based on his business development efforts resulted in a payout of 100% of the target for such portion.

For more information regarding these bonus awards, please see the "Grants of Plan-Based Awards" table below.

Bonuses. In 2013, one of our named executive officers, Mr. Jastrzebski, received two bonuses outside of our performance-based bonus program.

Pursuant to the terms of his employment agreement, Mr. Jastrzebski was entitled to receive an aggregate signing bonus of \$200,000, 50% of which, or \$100,000, was payable within thirty days of the effective date of his employment agreement. The remaining \$100,000 is payable within ten days of the first anniversary of the effective date of his employment agreement. Pursuant to the terms of his employment agreement, for his initial year in his new role, Mr. Jastrzebski was entitled to receive a bonus for work performed in 2013 that was not prorated based on the start date of his employment. Although Mr. Jastrzebski was not eligible to participate in our performance-based bonus program in 2013, the target (and actual) bonus for Mr. Jastrzebski was established as 60% of his base salary, which percentage was consistent with the target percentages applicable to certain of our executives at the executive vice president-level who were eligible to participate in our performance-based bonus program in 2013. Thus, Mr. Jastrzebski received a discretionary cash bonus payment of \$330,000 for work performed in 2013.

Equity Incentive Compensation. Consistent with our compensation philosophy, we seek to align the interests of our named executive officers with those of Liberty's stockholders by awarding stock-based incentive compensation. This ensures that our executives have a continuing stake in our long-term consolidated success. We weigh stock-based compensation more heavily than cash compensation in determining each named executive officer's overall compensation mix.

The Liberty Incentive Plans provide for the grant of a variety of incentive awards, including stock options, restricted shares, restricted stock units, stock appreciation rights and performance awards. Our executives are granted stock options and awards of restricted stock in preference to other awards because of Liberty's belief that options and restricted shares better promote retention of key employees through the continuing, long-term nature of an equity investment. Upon making the recommendation to grant equity incentive awards to our named executive officers, Mr. Maffei, in the case of

[Table of Contents](#)

Mr. George, and Mr. George, in the case of the other named executive officers (with the approval of Mr. Maffei), establish the value of the awards to be granted. In April 2014, Liberty effected a 2 for 1 stock split of its Liberty Ventures common stock. For purposes of this discussion regarding executive compensation and the tables that follow, we have not taken into account this stock split, except where specifically noted.

Annual Grant of Equity Awards. Stock options are awarded with an exercise price equal to fair market value on the date of grant, measured by reference to the closing sale price on the grant date. The Liberty compensation committee has historically made option grants once a year with a term of seven years and vesting over a three to five year period. In late 2009 and early 2010, however, the Liberty compensation committee determined to make larger grants (equaling approximately four to five years value of the annual grants made in 2009) that vest between four and five-and-three-quarters years after grant, rather than making annual grants over the same period, to the Liberty named executive officers. These multi-year grants provide for back-end weighted vesting to encourage the recipient executives to remain with Liberty over the long-term and to better align them with Liberty's stockholders. In keeping with this compensation philosophy, in March 2011, Mr. George (who became a named executive officer of Liberty in 2011) received a multi-year stock option award. One-half of the shares subject to Mr. George's options vest in each of December 2014 and December 2015 and the options expire 7 years from grant. Thus, because Mr. George received a multi-year award in 2011, he did not receive any equity awards in 2013. In March 2013, Ms. Watts received a multi-year stock option award (the "2013 LINTA Options"). One-half of the shares subject to Ms. Watts's options were to vest in each of December 2016 and December 2017 and expire 7 years from grant. See "—Executive Compensation Arrangements—Claire A. Watts" for more information about these awards.

In connection with the execution of his employment agreement and to compensate him for the loss of equity from his former employer upon the commencement of his employment with our company, Mr. Jastrzebski received a grant of restricted shares which award vests one-third on each of the first, second and third anniversary of the grant date.

Our other named executive officers (other than Mr. O'Connell) received option awards and restricted stock awards or restricted stock units in March 2013, which are subject to more customary vesting terms consisting of semi-annual vesting over a four year term with an expiration date of March 4, 2020 for the options and annual vesting over a four-year term for the restricted stock awards or restricted stock units. Due to his retirement from our company, Mr. O'Connell did not receive any grants of equity awards for the year ended December 31, 2013. For more information regarding these equity incentive grants, please see the "Grants of Plan-Based Awards" table below.

Perquisites and Other Personal Benefits. The perquisites and other personal benefits available to our executives (that are not otherwise available to all of our salaried employees, such as matching contributions to the QVC 401(k) Matched Savings Retirement Plan and Success Sharing Plan for employees of QVC-U.S. and the payment of life insurance premiums) consist of:

- a deferred compensation plan that provides above-market preferential returns;
- a transportation allowance for certain overseas managers;
- in the case of Mr. Thomas and Mr. Hofmann, expatriate benefits; and
- tax gross-ups with respect to certain out of state income taxes.

Executives of QVC-U.S. with an annual rate of pay greater than \$200,000 are eligible to participate in the QVC 1996 Deferred Compensation Plan, as Amended and Restated (the "Deferred Compensation Plan"), under which each eligible executive may elect to defer all or any portion of the total cash remuneration for services he or she would have received in the following year. For more information regarding the Deferred Compensation Plan, please see "—Executive Compensation

[Table of Contents](#)

Arrangements—1996 Deferred Compensation Plan, As Amended and Restated" below. In 2013, none of our named executive officers participated in the Deferred Compensation Plan.

We provide to our executive officers resident in the U.S. who accept an assignment overseas customary expatriate benefits, including allowances for certain forms of transportation, subsidized housing and utilities (subject to a monthly cap), tax equalization payments for overseas employees on international assignment and a one-time relocation benefit. We also provide an allowance for the cost-of-goods-and-services differential.

We also make generally available to our employees tax gross-ups relating to certain out of state income taxes to which they are subject in connection with the performance of their duties outside of our headquarters. In 2013, each of Messrs. George and O'Connell and Ms. Watts received such tax gross-ups.

Policy on Restatements

In those instances where we grant equity-based incentive compensation, we include in the related agreement with the executive a right, in favor of Liberty, to require the executive to repay or return to the company any cash, stock or other incentive compensation (including proceeds from the disposition of shares received upon exercise of options or stock appreciation rights). That right will arise if (1) a material restatement of any of Liberty's financial statements is required and (2) in the reasonable judgment of the Liberty compensation committee, (A) such restatement is due to material noncompliance with any financial reporting requirement under applicable securities laws and (B) such noncompliance is a result of misconduct on the part of the executive. In determining the amount of such repayment or return, the Liberty compensation committee may take into account, among other factors it deems relevant, the extent to which the market value of Liberty's common stock was affected by the errors giving rise to the restatement. The cash, stock or other compensation that we may require the executive to repay or return must have been received by the executive during the 12-month period beginning on the date of the first public issuance or the filing with the SEC, whichever occurs earlier, of the financial statement requiring restatement. The compensation required to be repaid or returned will include (1) cash or company stock received by the executive (A) upon the exercise during that 12-month period of any stock appreciation right held by the executive or (B) upon the payment during that 12-month period of any incentive compensation, the value of which is determined by reference to the value of company stock, and (2) any proceeds received by the executive from the disposition during that 12-month period of company stock received by the executive upon the exercise, vesting or payment during that 12-month period of any award of equity-based incentive compensation.

Executive Compensation Arrangements

Michael A. George

On May 3, 2011, we entered into an employment agreement with Mr. George, which was amended effective December 4, 2012, to reflect the changes to his equity awards that occurred in Liberty's option modification program (as described below) and to clarify and update certain other information in his employment agreement. The agreement provides for, among other things, a five year employment term beginning January 1, 2011 and ending December 15, 2015, with an annual base salary of \$1 million, increasing annually by 3% of the prior year's base salary, and an annual target cash bonus equal to 100% of the applicable year's annual base salary which will be determined by the chief executive officer of Liberty pursuant to criteria established in our annual bonus program (which program is approved each year by Liberty's chief executive officer) or, in the event Mr. George is considered a "covered employee" for any given year for purposes of Section 162(m) of the Code, his bonus will be determined by Liberty's compensation committee based on such criteria as approved in advance by such committee and that are designed in a manner such that the bonus will be treated as "qualified performance-based compensation" within the meaning of Section 162(m). Also pursuant to the agreement, Mr. George is entitled to certain welfare, retirement and fringe benefits available to our senior-level executives.

On March 2, 2011, Mr. George was granted 3.8 million options to acquire shares of LINTA (the "2011 Granted Awards") at an exercise price of \$16.01 per share, which was the closing price of LINTA on such date. As a result of adjustments made to equity awards in connection with certain subsequent transactions and capital restructurings (including the April 2014 stock split), as of August 31, 2014, Mr. George's 2011 Granted Awards now consist of options to acquire 3,166,911 shares of LINTA at an exercise price of \$19.255 per share and 296,825 shares of LVNTA at an exercise price of \$14.86 per share, 540,383 restricted LINTA shares and 78,388 restricted LVNTA shares, as well as 78,388 restricted shares of Liberty TripAdvisor Holdings, Inc. Series A common stock ("LTRPA") and options to acquire 296,834 shares of LTRPA at an exercise price of \$14.11 per share. The remaining options have a term of 7 years. It is anticipated that Mr. George will not receive any additional equity award grants during the term of his employment agreement other than those resulting from any antidilution adjustments..

The agreement provides that, in the event Mr. George is terminated for cause (as defined in the agreement), he will be entitled to his accrued base salary through the date of termination, unpaid expenses, his vested benefits and any amounts due under applicable law. In addition, all equity awards granted to Mr. George prior to January 1, 2011 that are outstanding and unvested at the time of his termination for cause, including equity awards granted to Mr. George after such date pursuant to the December 2012 option modification program and certain other events, as defined more specifically in the agreement (the "Pre-2011 Unvested Awards") and all 2011 Granted Awards then held by Mr. George that have not become exercisable as of the date of such termination will be forfeited, and all equity awards granted to Mr. George prior to January 1, 2011 that are outstanding and vested but unexercised at the time of such termination, including equity awards granted to Mr. George after such date pursuant to the December 2012 option modification program and certain other events, as defined more specifically in the agreement (the "Pre-2011 Vested Awards") and all 2011 Granted Awards that are outstanding and vested but unexercised as of the date of such termination will remain exercisable for a period of up to 90 days after the date of such termination or until the original expiration date of the options if sooner. If Mr. George terminates his employment without good reason (as defined in the agreement), he will be entitled to his accrued base salary through the date of termination, any declared but unpaid bonus for the calendar year prior to the year of termination, unpaid expenses, his vested benefits and any amounts due under applicable law. He will forfeit all rights to any Pre-2011 Unvested Awards and to any 2011 Granted Awards then held that have not become exercisable as of the date of his termination, any Pre-2011 Vested Awards that are options or similar rights will be treated as specified in the applicable agreement governing such equity award, and any 2011 Granted Awards that are outstanding and vested but unexercised as of the date of termination will be exercisable for a period of 90 days after the date of termination or until the original expiration date of the options if sooner. If, however, Mr. George terminates his employment for good reason or if his employment is terminated by QVC without cause, then he is entitled to receive his base salary for a period of one year and a lump sum payment of \$1.5 million, in addition to accrued base salary through the date of termination, unpaid expenses, his vested benefits and any other amounts due under applicable law. In addition, any Pre-2011 Unvested Awards held on the date of termination that would have vested during the 365-day period following the date of such termination had Mr. George continued to be employed by us during such period will vest as of the date of termination. Further, a pro rata portion of each tranche of each 2011 Granted Award that is not vested on the date of termination will vest as of such date, with such pro rata portion based on the portion of time Mr. George was employed by us and our affiliates during the vesting period of such tranche plus 365 days. The exercisability of any Pre-2011 Vested Awards, any vested 2011 Granted Awards and any Pre-2011 Unvested Awards that vest pursuant to the foregoing sentence will be extended to the earlier of (i) the original expiration date of the option or (ii) two years from the date of the termination or, if Mr. George were to die prior to the expiration of such two year period, the close of business on the first business day following the later of the expiration of (x) the two year period or (y) the one-year period beginning on the date of Mr. George's

[Table of Contents](#)

death, but in no event will such awards be exercisable following their respective stated terms. In the case of Mr. George's death or disability (as defined in the agreement), the agreement provides for the right to receive his base salary for a period of one year, his accrued base salary through the date of termination, unpaid expenses, any declared but unpaid bonus for the calendar year prior to the year in which the termination occurs, his vested benefits and any amounts due under applicable law. In addition, the Pre-2011 Vested Awards, the Pre-2011 Unvested Awards and the 2011 Granted Awards will immediately vest and become exercisable (to the extent not already vested) and will be exercisable throughout the remainder of the full original term of such equity award. As a condition to Mr. George's receipt of any continuing base compensation payments or severance payments or the acceleration or extension of his equity awards, Mr. George must execute a severance agreement and release in favor of our company in accordance with the procedures set forth in his employment agreement.

Daniel T. O'Connell

2003 Employment Agreement. On October 1, 2003, we entered into an employment agreement, as amended on September 24, 2009, with Mr. O'Connell. The agreement provided for, among other things, an initial one year employment term beginning on October 1, 2003 and ending on October 1, 2004, with an annual base salary of \$172,000, subject to annual increases at our discretion, and an annual discretionary bonus based on the results of our operations and Mr. O'Connell's performance. After the initial term, the agreement continued for consecutive one year periods unless either party gave written notice of termination six months prior to the expiration of a term. Also pursuant to the agreement, Mr. O'Connell was entitled to certain fringe benefits available to our employees.

The agreement provided that, in the event Mr. O'Connell was terminated for cause (as defined in the agreement), he would be entitled to his accrued but unpaid base salary through the date of termination. In the case of Mr. O'Connell's death or disability (as defined in the agreement), the agreement provided for payment of accrued but unpaid base salary to him or his estate, as applicable. If, however, Mr. O'Connell's employment was terminated other than for death, disability or cause, he would be entitled to receive his then current base salary for the longer of (i) six months after termination of employment or (ii) the remaining period of time from the termination of employment to the expiration of the then current annual period if his employment was terminated prior to the initial term of his agreement or the expiration of the then current extended term if his employment was terminated after the initial term of his agreement and during an extended term period.

2012 Amendment to Employment Agreement. On August 15, 2012, we entered into an amended employment agreement with Mr. O'Connell. The agreement provided for a final term of employment beginning on August 15, 2012 and ending on April 30, 2013, with a bonus for 2012 and a pro-rated bonus payment for the period from January 1, 2013 to April 30, 2013, each of which would be determined by us pursuant to criteria established in our annual performance-based bonus program. At the end of the final term, Mr. O'Connell's employment would terminate and he would be engaged as a consultant pursuant to a consulting agreement, as described below. The agreement provided that, upon termination of his employment at the expiration of the final term, he would be entitled to any accrued but unpaid base salary and bonus payments (upon the determination of such bonus payment, if necessary).

2013 Amendment to Employment Agreement. On March 18, 2013, we entered into an amendment to the employment agreement with Mr. O'Connell. As amended, the agreement provided that the final term of Mr. O'Connell's employment would end on May 31, 2013 and his pro-rated 2013 bonus period would end on May 31, 2013.

year term ending May 31, 2014 during which Mr. O'Connell provided general business advice and counsel for up to thirty hours per month for a fee of \$30,000 per month. Under the terms of the consulting agreement, all of Mr. O'Connell's equity awards ceased to vest as of April 30, 2013 and all such awards which were unvested as of such date were forfeited as of such date. In addition, any equity awards held by Mr. O'Connell as of such date which continued to be exercisable for a period following such date remained exercisable as provided for the award agreements and incentive plans governing such awards. In the case of Mr. O'Connell's death or disability (as defined in the agreement), the consulting term shall be terminated, and the agreement provides for payment to Mr. O'Connell of a pro-rata portion of the fees for any services previously provided. If the consulting term is terminated other than for death or disability, the agreement provides for payment of a pro-rata portion of the fees for any services previously provided. Following the end of the consulting term, the consulting agreement provides for a 24 month non- compete, non-solicit and non-interference period. In consideration for Mr. O'Connell's compliance with such restrictive covenants, the consulting agreement provides for payment of \$42,500 per calendar quarter during the 24 month period.

Thaddeus J. Jastrzebski

On May 25, 2013, we entered into an employment agreement with Mr. Jastrzebski in connection with his employment with our company as Executive Vice President and Chief Financial Officer. The agreement provides for, among other things, an initial 3 year employment term beginning July 22, 2013 and ending July 22, 2016, an annual base salary of \$550,000, subject to annual adjustment at our discretion and an annual discretionary bonus based on the results of our operations and Mr. Jastrzebski's performance. Mr. Jastrzebski is also entitled to certain fringe benefits available to our employees, as well as relocation assistance and travel expenses of up to \$20,000 per year for a period of four years or until Mr. Jastrzebski relocates to the West Chester, Pennsylvania area, whichever is sooner. After the initial term, the agreement continues for consecutive one year periods, although we may terminate Mr. Jastrzebski's employment at any time with or without prior notice and with or without cause (as defined in the agreement) and Mr. Jastrzebski may terminate his employment at any time for good reason and at any time other than for good reason (as defined in the agreement) by providing three months' prior written notice. Pursuant to the terms of the agreement, Mr. Jastrzebski received a one-time signing bonus of \$200,000, 50% of which was paid within 30 days of the effective date of his employment agreement and 50% of which will be paid within ten days after the first anniversary of the effective date of his employment agreement. Pursuant to the terms of the agreement, Mr. Jastrzebski was eligible to receive, subject to the approval of the board of directors of Liberty, and did receive in August 2013, restricted shares of LINTA with a grant value of \$1.8 million (the "Initial Grant"). The agreement provides that one-third of the number of shares of LINTA stock subject to the grant shall become vested on the first anniversary of the date of the grant, one-third of the number of shares of LINTA stock subject to the grant shall become vested on the second anniversary of the date of the grant and one-third of the number of shares of LINTA stock subject to the grant shall become vested on the third anniversary of the date of the grant. For as long as Mr. Jastrzebski is employed by our company, he is entitled to participate in any of our long term incentive programs. For the calendar year 2014, Mr. Jastrzebski is entitled to receive an award pursuant to our long term incentive programs that is not prorated based on the start date of his employment.

The agreement also provides that, in the event Mr. Jastrzebski is terminated for cause or without good reason (each such term as defined in the agreement), he will be entitled to his accrued but unpaid base salary through the date of termination. In the case of Mr. Jastrzebski's death or disability (as defined in the agreement), the agreement provides for payment of accrued but unpaid base salary through the date of termination to him or his estate, as applicable. If, however, Mr. Jastrzebski terminates his employment for good reason or if his employment is terminated other than for death, disability or cause, he is entitled to (i) receive his then current base salary for one year and (ii) accelerated vesting of a pro rata portion of each tranche of the Initial Grant that has not vested on

the date of such termination. Such pro rata portion will be a fraction of the unvested tranche, the numerator of which is the number of days Mr. Jastrzebski was employed by our company during the vesting period plus 365 and the denominator of which is the number of days in the entire vesting period for such tranche.

Steven M. Hofmann

Employment Agreement. On October 7, 2009, we entered into an employment agreement with Mr. Hofmann in connection with his employment with our company as the Chief Executive Officer for QVC-Italy, which was later amended on February 17, 2012 and May 21, 2012 in connection with his promotion to Chief Executive Officer for QVC-Europe and Chief Executive Officer for QVC-Italy. After the initial term, the agreement continues for consecutive one year periods unless either party gives written notice of termination six months prior to the expiration of a term. The agreement may also be terminated by us with or without prior notice and with or without cause (as defined in the agreement) and by Mr. Hofmann upon one year's prior written notice to us. Also pursuant to the agreement, Mr. Hofmann is entitled to certain fringe benefits available to our employees.

Pursuant to the terms of the agreement (which included the approval of the Liberty board of directors), Mr. Hofmann received in March 2012, 227,099 options to acquire shares of LINTA and 43,757 LINTA restricted stock units. For as long as Mr. Hofmann is employed by our company, he is entitled to participate in any of our long term incentive programs. Subject to the approval of the board of directors of Liberty, Mr. Hofmann was entitled to receive restricted stock units and/or options to acquire shares of LINTA equivalent to 165% of his annual base salary, subject to Mr. Hofmann's performance.

If, however, Mr. Hofmann's employment is terminated other than for death, disability or cause during the period between January 1, 2014 and March 1, 2017, he is entitled to severance in an amount equal to two times the sum of his then current base salary and his annual target bonus for the year in which his employment was terminated, less applicable taxes, payable over twelve months. If Mr. Hofmann's employment is terminated other than for death, disability or cause at any other time, he is entitled to receive his then current base salary and receive certain fringe benefits for the longer of (i) six months from the termination of his employment or (ii) the remaining period of time from the termination of his employment to the expiration of the current term.

The letter agreement provides for Mr. Hofmann's three year assignment as CEO of QVC-Italy, based in Italy, which ended pursuant to the terms of the letter agreement on December 31, 2012 but continues in principle. Pursuant to the letter agreement, Mr. Hofmann will continue to receive his base salary and benefits as stated in his employment agreement, with a goods and services differential, which may be adjusted quarterly, to compensate for the higher costs of goods and services in Italy, based upon a notional annual salary of \$185,000. The letter agreement provides that, while in Italy, Mr. Hofmann will receive the use of a car, as well as subsidized housing, utilities and property fees and taxes up to a per month maximum established by an independent international consulting firm. The

After the initial term, the agreement continues for consecutive one year periods unless either party gives written notice of termination six months prior to the expiration of a term. Pursuant to the terms of the agreement, Mr. Thomas received a one-time signing bonus of \$200,000. While employed with our company, Mr. Thomas is also eligible to receive one-time bonuses in connection with his involvement in the launch of any new operations in China, France or Canada by December 31, 2012 in the amounts of \$250,000, \$187,000 or \$25,000, respectively. The agreement provides that 12.5% of the number of shares of LINTA stock subject to the grant shall vest every six months from the date of the grant until 100% of the options are fully vested. For as long as Mr. Thomas is employed by our company, he is entitled to participate in any of our long term incentive programs. Mr. Thomas also received a grant of options in November 2011 in connection with his promotion to CEO of QVC-Japan.

The agreement provides that, in the event Mr. Thomas is terminated for cause or without good reason (each such term as defined in the agreement), he will be entitled to his accrued but unpaid base salary through the date of termination. In the case of Mr. Thomas' death or disability (as defined in the agreement), the agreement provides for payment of accrued but unpaid base salary to him or his estate, as applicable. If, however, Mr. Thomas terminates his employment for good reason or if his employment is terminated other than for death, disability or cause, he is entitled to receive his then current base salary for one year.

Expatriate Assignment Agreement. On October 31, 2011, we entered into a letter agreement with Mr. Thomas. The letter agreement provides for Mr. Thomas' five year assignment as CEO of QVC-Japan, based in Japan, beginning September 1, 2011 and ending September 1, 2016, which assignment may be extended by mutual agreement. Pursuant to the letter agreement, Mr. Thomas will continue to receive his base salary and benefits as stated in his employment agreement, with a goods

and services differential, which may be adjusted quarterly, to compensate for the higher costs of goods and services in Japan, based upon a notional annual salary of \$185,000. The letter agreement provides that, while in Japan, Mr. Thomas will receive the use of a car, as well as subsidized housing, utilities and property fees and taxes up to a maximum of \$20,000 per month. The letter agreement also provides for equalization of Mr. Thomas' income tax bill, a one time relocation payment of \$20,000 and certain other benefits in connection with the assignment. If Mr. Thomas' employment is terminated while abroad other than for cause (as defined by his employment agreement) or due to his resignation from our company following the satisfactory completion of his assignment in Japan, we will pay all repatriation expenses. If Mr. Thomas' employment is terminated for cause (as defined in Mr. Thomas' employment agreement) or as the result of his resignation prior to his repatriation, we will not pay for any of Mr. Thomas' repatriation expenses. If Mr. Thomas' employment is terminated for cause or as the result of his resignation within six months of his repatriation, then Mr. Thomas will be obligated to refund our company for all repatriation expenses paid by our company.

Claire A. Watts

2007 Employment Agreement. On November 27, 2007, we entered into an employment agreement, as amended, with Ms. Watts. The agreement provided for, among other things, an initial 5 year employment term beginning January 7, 2008 and ending January 7, 2013, an annual base salary of \$700,000, subject to annual increases at our discretion, an annual bonus equal to a bonus rate, which represents a percentage based on our EBITDA growth for the applicable calendar year, multiplied by Ms. Watts' annual base salary and certain fringe benefits available to our employees. After the initial term, the agreement was to continue for consecutive one year periods unless either party gave written notice of termination six months prior to the expiration of a term. Pursuant to the agreement, Ms. Watts was eligible to receive, on an annual basis, restricted shares of and/or options to purchase LINTA with an award value equal to 220% of her base salary at an exercise price of 100% of the fair market value of LINTA on the grant date.

The agreement provided that, in the event Ms. Watts was terminated for cause (as defined in the agreement), she would have been entitled to her accrued but unpaid base salary through the date of termination. In the case of Ms. Watts' death or disability (as defined in the agreement), the agreement provided for payment of accrued but unpaid base salary to her or her estate, as applicable. If however, during the initial term of her employment, Ms. Watts terminated her employment for good reason (as defined in the agreement) or if her employment was terminated other than for death, disability or cause, she was entitled to receive her then current base salary for the longer of (i) six months after termination of employment or (ii) the remaining period of time from termination of employment to the expiration of the then current annual period if her employment was terminated prior to the initial term of her agreement or the expiration of the then current extended term if her employment was terminated after the initial term of her agreement and during an extended term period.

2012 Amended and Restated Employment Agreement. On September 6, 2012, we entered into an amended and restated employment agreement with Ms. Watts. The agreement provided for, among other things, an initial five year term beginning January 1, 2013 and ending January 1, 2018, with an annual base salary of \$943,824, increasing annually by 3% of the prior year's base salary after the first two years of the term, and an annual target cash bonus equal to 100% of the applicable year's annual base salary which will be determined by us pursuant to criteria established in our annual performance-based bonus program or, in the event Ms. Watts was considered a "covered employee" for any given year for purposes of Section 162(m) of the Code, her bonus was to be determined by Liberty's compensation committee based on such criteria as approved in advance by such committee and that are designed in a manner such that the bonus would be treated as "qualified performance-based compensation" within the meaning of Section 162(m). Also pursuant to the agreement, Ms. Watts was entitled to certain fringe benefits available to our employees.

Pursuant to the agreement and subject to the approval of the board of directors of Liberty, within six months of January 1, 2013, Ms. Watts was granted 2013 LINTA Options to purchase the number of shares of LINTA stock with a Black Scholes Value equal to \$15,000,000 at an exercise price equal to the fair market value (as defined in the Liberty incentive plan under which the equity awards were granted) of LINTA on the grant date. One-half of the 2013 LINTA Options were to vest on December 31, 2016 with the remaining options vesting on December 31, 2017. The options have a term of 7 years. In connection with her resignation, Ms. Watts's 2013 LINTA Options immediately vested and became exercisable pursuant to her separation agreement and were exercisable through the earlier of (i) the remainder of the full original term and (ii) the second anniversary of her resignation. Ms. Watts's separation agreement also provides for immediate vesting of the portion of her Pre-2013 Unvested Awards (as defined below) that would have vested during the 365-day period following her resignation.

The agreement provided that, in the event Ms. Watts was terminated for cause (as defined in the agreement), she would have been entitled to her accrued but unpaid base salary through the date of termination, unpaid expenses, her vested benefits and any amounts due under applicable law. In addition, all equity awards granted to Ms. Watts prior to January 1, 2013 that would have been outstanding and unvested at the time of her termination for cause (the "Pre-2013 Unvested Awards") and all 2013 LINTA Options then held by Ms. Watts that have not become exercisable as of the date of such termination would be forfeited, and all equity awards granted to Ms. Watts prior to January 1, 2013 that were outstanding and vested but unexercised at the time of such termination (the "Pre-2013 Vested Awards") and all 2013 LINTA Options that were outstanding and vested but unexercised as of the date of such termination would remain exercisable for a period of up to 90 days after the date of such termination or until the original expiration date of the options if sooner. If Ms. Watts terminated her employment without good reason (as defined in the agreement), she would be entitled to her accrued base salary through the date of termination, any declared but unpaid bonus for the calendar year prior to the year of termination, unpaid expenses, her vested benefits and any amounts due under applicable law. She would forfeit all rights to any Pre-2013 Unvested Awards and to any 2013 LINTA Options then held that had not become exercisable as of the date of her termination, any Pre-2013 Vested Awards that are options or similar rights and any 2013 LINTA Options that were outstanding and vested but unexercised would have been treated as specified in the applicable agreement governing such equity award.

If, however, Ms. Watts terminated her employment for good reason or if her employment was terminated without cause, then she would have been entitled to receive her base salary for a period of 12 months and a prorated bonus for the calendar year in which her employment was terminated, in addition to accrued base salary through the date of termination, unpaid expenses, her vested benefits and any other amounts due under applicable law. In addition, any Pre-2013 Unvested Awards held on the date of termination that would have vested during the 365-day period following the date of such termination had Ms. Watts continued to be employed by us during such period would vest as of the date of termination. Further, a pro rata portion of each tranche of the 2013 LINTA Options that was not vested on the date of termination would vest as of such date, with such pro rata portion based on the portion of time Ms. Watts was employed by us and our affiliates during the vesting period of such tranche plus 365 days. The exercisability of any Pre-2013 Vested Awards, any vested 2013 LINTA Options and any Pre-2013 Unvested Awards that vest pursuant to the foregoing sentence would have been extended to the earlier of the original expiration date of the option or two years from the date of the termination. In the case of Ms. Watts' death or disability (as defined in the agreement), the agreement provided for the right to receive her base salary for a period of 12 months, her accrued base salary through the date of termination, unpaid expenses, any declared but unpaid bonus for the calendar year prior to the year in which the termination occurs, her vested benefits and any amounts due under applicable law. In addition, the Pre-2013 Vested Awards, the Pre-2013 Unvested Awards and the 2013 LINTA Options would have immediately vested and become exercisable (to the extent not

[Table of Contents](#)

already vested) and would be exercisable throughout the remainder of the full original term of such equity award. As a condition to Ms. Watts' receipt of any continuing base compensation or bonus payments or the acceleration or extension of her equity awards, Ms. Watts was required to execute a severance agreement and release in favor of our company in accordance with the procedures set forth in her employment agreement.

In connection with her resignation on September 5, 2014, we entered into a separation agreement with Ms. Watts that, in accordance with the procedures set forth in her employment agreement and as described above, provided for continued base compensation for 12 months, eligibility for prorated bonus for 2014, accelerated vesting and extension of her equity awards (as described above) and a release in favor of our company.

Equity Incentive Plans

The 2007 Incentive Plan, the 2010 Incentive Plan and the 2012 Incentive Plan are administered by the compensation committee of the Liberty board of directors. Its compensation committee has full power and authority to grant eligible persons the awards described below and to determine the terms and conditions under which any awards are made. The Liberty Incentive Plans are designed to provide additional remuneration to certain employees and independent contractors for exceptional service and to encourage their investment in Liberty and its subsidiaries. Liberty's compensation committee may grant non-qualified stock options, SARs, restricted shares, cash awards, performance awards or any combination of the foregoing under the Liberty Incentive Plans (collectively, "awards").

The maximum number of shares of Liberty common stock with respect to which awards may be issued under the 2010 Incentive Plan is 42,950,000 and under the 2012 Incentive Plan is 40,000,000, subject, in each case, to anti-dilution and other adjustment provisions of the respective plans. With limited exceptions, no person may be granted in any calendar year awards covering more than 6,874,244 shares of Liberty common stock under the 2010 Incentive Plan and 8,000,000 shares of Liberty common stock under the 2012 Incentive Plan (subject, in each case, to anti-dilution and other adjustment provisions of the plans), nor may any person receive under each of the existing incentive plans payment for cash awards during any calendar year in excess of \$10 million. Shares of Liberty common stock issuable pursuant to awards made under the Liberty Incentive Plans are made available from either authorized but unissued shares or shares that have been issued but reacquired by Liberty. Each of the 2010 Incentive Plan and the 2012 Incentive Plan has a 5 year term. The 2007 Incentive Plan expired according to its terms on June 30, 2012, and as a result no further grants are permitted under this plan.

1996 Deferred Compensation Plan, As Amended and Restated

Executives of QVC-U.S. with an annual rate of pay greater than \$200,000 are eligible to participate in the Deferred Compensation Plan. Each eligible executive may elect to defer all or any portion of the total cash remuneration for services he or she would have received in the following calendar year. Deferred compensation elections were required to be made in advance of certain deadlines and must have included (1) the time of payment, subject to certain restrictions and (2) the form of distribution, such as a lump sum payment or substantially equal monthly or annual installments over a five, ten or fifteen year period. Compensation deferred under the Deferred Compensation Plan earns interest at the rate of (1) 12% per annum for elections made prior to December 31, 2005 which have not been subsequently redeferred under any special transition elections or, (2) for all other amounts the prime lending rate identified by the Bank of New York, plus 3%, each compounded annually at the end of the calendar year. The Deferred Compensation Plan can be amended or terminated at any time.

1997 Nonqualified Defined Pension Restoration Plan, As Amended and Restated

The Pension Restoration Plan is unfunded and is maintained primarily for the purpose of providing a select group of QVC-U.S.'s management with a nonqualified defined contribution benefit. Effective as of January 1, 2012, the Pension Restoration Plan has been frozen so that no additional amounts may be credited to the Pension Restoration Plan, and no additional employees may be eligible to participate. Participants' existing account balances will continue to be credited with earnings at the rate of, (1) for the period prior to December 31, 2005, 12% per annum for amounts credited for the period from the date on which such amount was credited through October 31, 2011 or, (2) for all other amounts, the prime lending rate identified by the Bank of New York, plus 3%, each compounded annually at the end of the calendar year. Distribution of participants' vested percentages will be made in a single lump sum payment on the first day of the month following such participant's separation from service, with the exception of specified employees who are subject to Section 409A of the Internal Revenue Code of 1986, as amended, and thus receive the payment on the first day of the sixth month of such employee's separation. The Pension Restoration Plan can be amended or terminated at any time.

QVC, Inc. 401(k) Matched Savings Retirement and Success Sharing Plan, As Amended and Restated

The QVC, Inc. 401(k) Matched Savings Retirement and Success Sharing Plan, as Amended and Restated, (the "Savings Plan") allows a participating U.S. employee to elect to defer between 1% and 50% of his or her annual base salary, including overtime but excluding bonuses. Participants are eligible to receive contributions from QVC after one year of service. We will match \$1 for each \$1 contributed by the employee (or, in the case of plan years prior to January 1, 2010, \$0.50 for each \$1.00 contributed by the employee), up to a maximum of 6% of the employee's annual compensation subject to additional statutory limitations. We may also make certain discretionary retirement and profit sharing contributions to the Savings Plan. A participant has a vested interest in the retirement contributions, profit sharing contributions and pre-2010 matching contributions when he or she has completed three years of service.

- (1) Includes shares withheld by Liberty in payment of withholding taxes at the election of the holder.
- (2) On December 4, 2012 (the "Grant Date"), to effect Liberty's 2012 option modification program, Liberty's compensation committee approved the acceleration of each unvested in-the-money option to acquire shares of LINTA and LVNTA held by certain of its and its subsidiaries' officers (collectively, the "Eligible Optionholders"), including our then- and our current-named executive officers Mr. George and Ms. Watts. Following this acceleration, also on the Grant Date, each Eligible Optionholder exercised, on a net settled basis, substantially all of his or her outstanding in-the-money vested and unvested options to acquire LINTA or LVNTA shares (the "Eligible Options") and with respect to each unvested Eligible Option, each Eligible Optionholder acquired LINTA or LVNTA shares which have a vesting schedule identical to that of the unvested Eligible Option.

Potential Payments Upon Termination or Change-in-Control

The following table sets forth the potential payments to our named executive officers if their employment had terminated or a change in control had occurred, in each case, as of December 31, 2013 (other than Mr. O'Connell who served as our Chief Financial Officer through May 31, 2013 and has since served as a consultant to our company). In the event of such a termination or change in control, the actual amounts may be different due to various factors. In addition, we may enter into new arrangements or modify these arrangements from time to time.

The amounts provided in the tables are based on the closing market prices on December 31, 2013, the last trading day of such year, for shares of LINTA, which was \$29.35, and for shares of LVNTA, which was \$122.59. The value of the options shown in the table is based on the spread between the exercise or base price of the award and the applicable closing market price. The value of the restricted stock awards or restricted stock units, as applicable, shown in the table is based on the applicable closing market price and the number of shares or units, respectively, vested.

Each of our named executive officers had received awards and payments under the existing incentive plans as of December 31, 2013. Additionally, our named executive officers are entitled to certain payments upon termination under their respective employment agreements. See "—Executive Compensation Arrangements" above.

Set forth below is a description of the circumstances giving rise to these potential payments and a brief summary of the provisions governing their payout:

Voluntary Termination. Under the existing incentive plans, each named executive officer who holds equity grants would only have a right to the equity grants that vested prior to his termination date.

Termination for Cause. All equity grants (whether vested or unvested) under the existing incentive plans would be forfeited by any named executive officer (other than Mr. George) who is terminated for "cause." Pursuant to Mr. George's employment agreement, his Pre-2011 Vested Awards and vested 2011 Granted Awards would remain exercisable for a short period following his termination for cause. Under the employment agreements for Messrs. George, Jastrzebski, Thomas and Hofmann and Ms. Watts, all of whom held equity awards as of December 31, 2013, "cause" is defined as (i) committing a material breach of the employment agreement, (ii) fraud, embezzlement or other serious misconduct against our company or its affiliates, (iii) the conviction of any felony, (iv) in the case of Messrs. George, Jastrzebski, Thomas and Hofmann and Ms. Watts, the conviction of a misdemeanor which conviction relates to such person's suitability for employment in his or her then current position, (v) in the case of Mr. Hofmann, any gross failure on his part to carry out his duties under the employment agreement in good faith and in a professional manner or (vi) in the case of Mr. Jastrzebski, a breach of any fiduciary duty owed to our company or its affiliates.

Termination Without Cause or for Good Reason. Pursuant to the existing incentive plans and the related award agreements (and except as described below), if a named executive officer were terminated by our company without cause or by such named executive officer for good reason (as applicable), in addition to his vested equity awards, he would be entitled to vesting in full with respect to any outstanding options that would have vested on or prior to such termination. Mr. George's employment agreement with respect to his Pre-2011 Unvested Awards provides that any such awards that would have vested in the 12 months following his termination date will vest as of such termination date. Mr. George's employment agreement also provides that his 2011 Granted Awards would vest as of the date of his termination as to the portion of the unvested awards that could have vested during his employment with QVC (without regard to the cliff vesting feature of the 2011 Granted Awards) and an additional 12 months thereafter. Mr. Jastrzebski's employment agreement also provides that a pro rata portion of each tranche of his Initial Grant that is not vested on the date of such termination will vest as of the date of termination. Such pro rata portion will be a fraction of the unvested tranche, the numerator of which is the number of days Mr. Jastrzebski was employed by our company during the vesting period for that tranche plus 365 and the denominator of which is the number of days in the entire vesting period for such tranche.

Death. In the event of death, the existing incentive plans provide for vesting in full of any outstanding options and the lapse of restrictions on any restricted stock awards or restricted stock units.

No amounts are shown for payments pursuant to life insurance policies, which we make generally available to our salaried employees.

Disability. In the event of a disability, which is generally the inability to perform gainful activity for at least 12 months, the existing incentive plans provide for vesting in full of any outstanding options and the lapse of restrictions on any restricted stock awards or restricted stock units.

No amounts are shown for payments pursuant to short-term and long-term disability policies, which we make available to all our employees.

Change in Control. In case of a change in control, the incentive plans provide for vesting in full of any outstanding options and the lapse of restrictions on any restricted stock awards or restricted stock units. A change in control is generally defined as:

- The acquisition of beneficial ownership of at least 20% of the combined voting power of the then outstanding shares of Liberty ordinarily having the right to vote in the election of directors.
- Any non-exempt person purchases our common stock pursuant to a tender offer or exchange offer, without the prior consent of Liberty's board of directors.
- The individuals constituting Liberty's board of directors over any two consecutive years cease to constitute at least a majority of the board, subject to certain exceptions that permit the board to approve new members by approval of at least two-thirds of the remaining directors.
- Any merger, consolidation or binding share exchange that causes the persons who were common stockholders of Liberty immediately prior thereto to lose their proportionate interest in the common stock or voting power of the successor or to have less than a majority of the combined voting power of the then outstanding shares ordinarily having the right to vote in the election of directors, the sale of substantially all of the assets of Liberty or the dissolution of Liberty.

In the case of a change in control described in the last bullet point, Liberty's compensation committee may determine not to accelerate the existing equity awards if equivalent awards will be substituted for the existing awards. For purposes of the tabular presentation below, we have assumed no such determination was made.

Compensation of Directors

We are an indirectly wholly owned subsidiary of Liberty, and our sole stockholder and director is Liberty QVC Holdings, LLC, which is also an indirectly wholly owned subsidiary of Liberty. Accordingly, no director compensation is paid.

Security ownership

We are a wholly owned subsidiary of Liberty, whose address is 12300 Liberty Boulevard, Englewood, CO 80112. Liberty is a company whose securities are registered under the Exchange Act, and is therefore required to file periodic and current reports and other materials with the SEC. While such information is available, investors are cautioned that Liberty is not the issuer of the notes and is not otherwise a guarantor or obligor (contingent or otherwise) with respect to the notes, and will not otherwise provide credit support for the notes. *Therefore, you are directed to rely solely on this prospectus in making your decision with respect to the exchange offer.*

The following table sets forth information with respect to the ownership by each of the named executive officers of QVC and executive officers as a group of shares of each series of Liberty common stock. This table does not include ownership information for any directors, as QVC is a Delaware close corporation that has elected to be managed by its stockholder, rather than a board of directors. The security ownership information is given as of August 31, 2014, and, in the case of percentage ownership information, is based upon 1) 449,313,817 shares of LINTA and (2) 70,800,554 shares of LVNTA, in each case, outstanding on that date. None of the QVC named executive officers or other executive officers own any shares of Series B Liberty Interactive common stock or Series B Liberty Ventures common stock.

Shares of restricted stock that have been granted pursuant to Liberty's incentive plans are included in the outstanding share numbers, for purposes of the table below. Shares of common stock issuable upon exercise or conversion of options, warrants and convertible securities that were exercisable or convertible on or within 60 days after August 31, 2014, are deemed to be outstanding and to be beneficially owned by the person holding the options, warrants or convertible securities for the purpose of computing the percentage ownership of that person and for the aggregate percentage owned by the directors and named executive officers as a group, but are not treated as outstanding for the purpose of computing the percentage ownership of any other individual person. So far as is known to QVC, the persons indicated below have sole voting and dispositive power with respect to the shares indicated as owned by them.

Liberty reorganization

We are an indirect wholly owned subsidiary of Liberty, which owns interests in a broad range of digital commerce businesses. On August 9, 2012, Liberty completed the recapitalization of its common stock into shares of the corresponding series of two new tracking stocks, Liberty Interactive (Nasdaq: LINTA, LINTB) and Liberty Ventures (Nasdaq: LVNTA, LVNTB). On October 3, 2014, Liberty's board of directors approved the 2014 Reattribution described above, including: (i) the change in attribution from the Liberty Interactive Group to the Liberty Ventures Group of its digital commerce companies (Provide Commerce, Inc., Backcountry.com, Inc., Bodybuilding.com, LLC, CommerceHub and the Evite.com business), together with \$970 million in cash, effective immediately; (ii) the creation of an inter-group interest in Liberty Ventures Group in favor of the QVC Group, which is represented as a number of Liberty Ventures shares that may be issued to the QVC Group calculated in accordance

[Table of Contents](#)

with Liberty's Restated Certificate of Incorporation; and (iii) a dividend of the Inter-Group Interest Shares to the holders of QVC Group common stock in full elimination of the inter-group interest. In connection with the payment of the dividend, typical antidilution adjustments will be made to outstanding QVC Group equity incentive awards, and the Liberty board reattributed \$30 million in cash to the Liberty Ventures Group relating to its assumption of liabilities related to those awards. As a result of these transactions, we are now attributed to the new QVC Group, which tracks the assets and liabilities of our company and Liberty's 38% equity interest in HSN, one of our two closest televised shopping competitors, and the trading symbols for the Series A QVC Group tracking stock and the Series B QVC Group tracking stock have changed to "QVCA" and "QVCB," respectively. In connection with the 2014 Reattribution, we increased the balance on our credit facility to \$1.06 billion.

Dividends to Liberty

We paid \$480 million of dividends to Liberty during the six months ended June 30, 2014, \$1.0 billion of dividends to Liberty during 2013, \$1.8 billion of dividends to Liberty during 2012, and \$205 million of dividends to Liberty during 2011. We declared and paid dividends in cash to Liberty in the amount of \$1.4 billion subsequent to June 30, 2014 (including \$1 billion in connection with the 2014 Reattribution) and prior to the date of filing the registration statement of which this prospectus forms a part. These dividends were funded with draws from our revolving credit facility and from cash generated from operations. We may pay additional dividends to Liberty in the future. See "Risk factors—Risks relating to the notes—Our ability to pay dividends or make other restricted payments to Liberty is subject to limited restrictions."

Security and guarantees. The Existing Notes are guaranteed by each of our material domestic subsidiaries, and are secured, *pari passu* with our senior secured credit facility, by a first priority perfected security interest in all of our capital stock.

Covenants. The Existing Notes restrict us and certain of our subsidiaries from incurring debt, but permit debt as long as our consolidated interest coverage ratio is at least 2.00 to 1.00. In addition, certain other debt is permitted regardless of our consolidated interest coverage ratio, including debt under the senior secured credit facility and debt securities (including the Existing Notes) not exceeding \$4.5 billion (including permitted refinancings) less the amount of certain mandatory prepayments and commitment reductions thereunder in some indentures and not exceeding \$5.0 billion in other indentures. In addition, the Existing Notes contain other covenants, including, but not limited to, restrictions on restricted payments, indebtedness, liens, affiliate transactions, mergers and acquisitions, and asset sales. The covenants in some of the indentures governing the Existing Notes are more restrictive in certain respects than the covenants applicable to the notes offered hereby. Certain covenants governing the Existing Notes terminate upon the Existing Notes having investment grade ratings from both Moody's and Standard & Poor's, including but not limited to restrictions on indebtedness, restricted payments and asset sales.

The above description of the Existing Notes is qualified in its entirety by reference to the complete terms contained in the indentures governing the Existing Notes.

Senior secured credit facility

On March 1, 2013, we entered into an amended and restated credit agreement, which we refer to as our senior secured credit facility. Our senior secured credit facility allows borrowings on a revolving credit basis of up to \$2.0 billion, and we had outstanding revolving loans of \$65 million as of June 30, 2014. The revolving loan commitments terminate, and the revolving loans under our senior secured credit facility will mature, on March 1, 2018. Our senior secured credit facility provides for \$1.0 billion of uncommitted incremental revolving loan commitments or incremental term loans.

Interest. Borrowings under our senior secured credit facility bear interest at either the alternate base rate or LIBOR at our election in each case plus a margin. Borrowings that are alternate base rate loans will bear interest at a per annum rate equal to the base rate plus a margin that varies between 0.25% and 1.00% depending on our consolidated leverage ratio (as defined in our senior secured credit facility). Borrowings that are LIBOR loans will bear interest at a per annum rate equal to the applicable LIBOR plus a margin that varies between 1.25% and 2.00% depending on our consolidated leverage ratio.

Security and guarantees. Borrowings made by us are guaranteed by each of our material domestic subsidiaries, and borrowings are secured, *pari passu* with the Existing Notes, by a first priority perfected security interest in all shares of our capital stock.

Covenants. Our senior secured credit facility contains affirmative and negative covenants and a financial covenant that requires us to maintain a consolidated leverage ratio of not greater than 3.50 to 1.00. The negative covenants limit our ability and the ability of our restricted subsidiaries to, among other things:

- incur additional indebtedness;
- create liens on property or assets;
- make certain loans or investments;
- sell or dispose of assets;
- pay certain dividends and other restricted payments;
- dissolve, consolidate or merge;
- enter into certain transactions with affiliates;
- enter into sale/leaseback transactions; and
- restrict subsidiary distributions.

These covenants are subject to significant exceptions.

Events of default. Our senior secured credit facility also contains certain events of default, including, among other things, the failure to perform or observe terms, covenants or agreements included in our senior secured credit facility, nonpayment defaults on principal, interest or fees under our senior secured credit facility, defaults on other indebtedness in an aggregate principal amount exceeding \$100 million if the effect is to permit acceleration, entry of unsatisfied judgments in an aggregate amount in excess of \$100 million against us or our restricted subsidiaries, the occurrence of a change of control, failure of any collateral document to create or maintain a required security interest, and certain events related to bankruptcy and insolvency or ERISA matters.

If an event of default occurs, the lenders under our senior secured credit facility may, among other things, terminate their commitments, declare all outstanding borrowings to be immediately due and payable together with accrued interest and fees, and exercise remedies under the collateral documents relating to our senior secured credit facility. We are in compliance in all material respects with the covenants in our senior secured credit facility.

Letters of credit

As of June 30, 2014, we had approximately \$29 million of trade letters of credit, which are not secured (other than by the covered goods and documents of title in respect of such goods). In addition, we had a \$0.5 million standby letter of credit, secured by a cash deposit of the same amount, and a \$0.2 million standby letter of credit issued and secured under our senior secured credit facility.

Capital leases

As of June 30, 2014, we had ten agreements with transponder suppliers to transmit our signals in the U.S., Germany and the U.K. at an aggregate monthly cost of approximately \$1 million, which are accounted for as capital leases. As of June 30, 2014, total future minimum payments on these capital leases total approximately \$80 million, including approximately \$7 million of imputed interest.

Description of notes

The following is a summary of the material terms and provisions of the Indenture, the Notes and the Note Guarantees, as well as the Security Documents (as defined below). On August 21, 2014, the Issuer issued \$600 million of 4.45% Senior Secured Notes due 2025 (the "original 2025 notes") and \$400 million of 5.45% Senior Secured Notes due 2034 (the "original 2034 notes" and collectively with the original 2025 notes, the "original notes"). The following summary does not purport to be a complete description of these documents and is subject to the detailed provisions of, and qualified in its entirety by reference to, the Indenture and the Security Documents. You may obtain a copy of the Indenture and the Security Documents from the Issuer at its address set forth elsewhere in this prospectus. You can find definitions of certain terms used in this description under "—Certain definitions."

As used below in this "Description of notes" section, the "Issuer" means QVC, Inc., a Delaware corporation, and its successors, but not any of its subsidiaries. As part of our sale of the original notes, we are required, among other things, to complete this exchange offer, exchanging the original 2025 notes for new registered exchange notes due February 15, 2025 (the "2025 Notes") and the original 2034 notes for new registered exchange notes due August 15, 2034 (the "2034 Notes"). The exchange notes are substantially identical to the corresponding series of original notes, except the exchange notes are registered under the Securities Act, and the transfer restrictions and registration rights, and related special interest provisions, applicable to the original notes will not apply to the exchange notes. The exchange notes will represent the same debt as the corresponding series of original notes and we will issue the exchange notes under the Indenture dated as of August 21, 2014, as amended, supplemented or amended and restated from time to time (the "Indenture"), among the Issuer, the Guarantors and U.S. Bank National Association, as trustee (the "Trustee") (the same indenture we used in issuing the original notes). The terms of the original notes and the exchange notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended, or the "Trust Indenture Act." The original notes and the exchange notes are collectively referred to for purposes of this "Description of notes" section as the "Notes."

The following is a summary of the material terms and provisions of the Indenture, the Notes and the Note Guarantees, as well as the Parent Pledge Agreement (as defined below). The following summary does not purport to be a complete description of these documents and is subject to the

detailed provisions of, and qualified in its entirety by reference to, the Indenture and the Parent Pledge Agreement. You may obtain a copy of the Indenture and the Parent Pledge Agreement from the Issuer at its address set forth elsewhere in this prospectus. You can find definitions of certain terms used in this description under "—Certain definitions."

Principal, maturity and interest

The 2025 Notes will mature on February 15, 2025, and the 2034 Notes will mature on August 15, 2034. The 2025 Notes and 2034 Notes bear interest at the rates shown on the cover page of this prospectus, payable on February 15 and August 15 of each year, commencing on February 15, 2015 to Holders of record at the close of business on February 1 or August 1, as the case may be, immediately preceding the relevant interest payment date. Interest on the Notes will be computed on the basis of a 360-day year of twelve 30-day months.

The Notes will be issued in registered form, without coupons, and in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The 2025 Notes were initially issued in an aggregate principal amount equal to \$600 million, and the 2034 Notes were initially issued in an aggregate principal amount equal to \$400 million. The Issuer may issue additional Notes of either series having identical terms and conditions to such series of Notes, except for issue date, issue price and first interest payment date, in an unlimited aggregate principal amount (the "Additional Notes"), subject to compliance with the covenant described under "—Certain covenants—Limitations on incurrence of indebtedness." Any Additional Notes of either series will be part of the same issue as the Notes of such series and will be treated as one class with the Notes of such series, including for purposes of voting, redemptions and offers to purchase. Any Additional Notes will be secured equally and ratably with the Notes, the Existing Notes, the obligations under the Credit Agreement, the obligations under any Specified Swap Agreements and the obligations under certain other parity indebtedness permitted to be incurred under the Indenture. See "—Security." For purposes of this "Description of notes" section, (a) except for the covenant described under "—Certain covenants—Limitations on incurrence of indebtedness," references to the Notes include Additional Notes, if any, and (b) references to the Notes include the Exchange Notes.

Methods of receiving payments on the notes

If a Holder has given wire transfer instructions to the Issuer at least ten Business Days prior to the applicable payment date, the Issuer will make all payments on such Holder's Notes by wire transfer of immediately available funds to the account specified in those instructions. Otherwise, payments on the Notes will be made at the office or agency of the paying agent (the "Paying Agent") and registrar (the "Registrar") for the Notes within the City and State of New York unless the Issuer elects to make interest payments by check mailed to the Holders at their addresses set forth in the register of Holders.

Ranking

The Notes are general senior obligations of the Issuer. The Notes of each series rank senior in right of payment to all existing and future obligations of the Issuer that are, by their terms, expressly subordinated in right of payment to the Notes and *pari passu* in right of payment with all existing and future senior obligations of the Issuer that are not so subordinated. Each Note Guarantee (as defined below) is a general senior obligation of the applicable Guarantor and ranks senior in right of payment to all existing and future obligations of such Guarantor that are, by their terms, expressly subordinated in right of payment to such Note Guarantee and *pari passu* in right of payment with all existing and future senior obligations of such Guarantor that are not so subordinated. See "—Note Guarantees."

The Notes of each series are secured, equally and ratably with all existing obligations of the Issuer and the Guarantors under the Credit Agreement and the Existing Notes. The sole collateral is a first-

[Table of Contents](#)

priority security interest on all shares of the capital stock of the Issuer. The security interest is subject to a number of important limitations and qualifications. See "—Security."

The Collateral (as defined below) as of the issue date of the Notes is limited to a pledge by the Issuer's direct parent, Liberty QVC Holdings, LLC (the "Parent Pledgor"), of all of the shares of our capital stock (the "Issuer Stock Collateral"), and does not include a lien on any of the Issuer's assets or assets of any of its subsidiaries. The Parent Pledgor is not subject to the Indenture or to any of the restrictive covenants in the Indenture. After the issue date of the Notes, if any of the Credit Agreement, the Existing Notes or any Permitted Parity Indebtedness were to benefit from a lien on any assets of the Issuer or any of its Restricted Subsidiaries then, subject to the provisions in "—Certain covenants—Limitations on liens," the Notes would also be secured, subject, as to priority and otherwise, to certain exceptions and subject to Permitted Liens, by a lien on any such assets (together with the Issuer Stock Collateral, the "Collateral"). The Credit Agreement does not provide for any circumstances in which a security interest in any assets of the Issuer or any of its subsidiaries must be pledged for the benefit of the lenders under the Credit Agreement. The Existing Notes also do not require any present or future security interest in any assets of the Issuer or any of its subsidiaries. It is unlikely that the holders of the Notes will ever have the benefit of a lien on any Collateral consisting of assets of the Issuer or any of its subsidiaries.

As of June 30, 2014, after giving effect to the issuance of the original notes and the use of net proceeds therefrom as described in "Use of Proceeds", there was approximately \$3.05 billion aggregate principal amount of indebtedness outstanding under the Existing Notes, and \$65 million outstanding under the Credit Agreement (\$1.9 billion available), all of which ranked (or would rank, if drawn) equally with the Notes of each series in right of payment and would share ratably in the proceeds of the assets securing the Notes. Although the Indenture contains limitations on the amount of additional Indebtedness and secured Indebtedness that the Issuer and the Restricted Subsidiaries may incur, under certain circumstances, the amount of such Indebtedness could be substantial. See "—Certain covenants—Limitations on incurrence of indebtedness" and "—Limitations on liens." As long as the Collateral includes no asset of the Issuer, the Notes, the Existing Notes, the Credit Agreement and any Specified Swap Agreements rank equally with all unsubordinated unsecured indebtedness and other obligations of the Issuer. See "—Security."

The Notes of each series and each Note Guarantee will be effectively subordinated to any obligations secured by Permitted Liens (other than any Permitted Parity Indebtedness), to the extent of the value of the assets of the Issuer and the relevant Guarantor that are subject to such Permitted Liens. As of June 30, 2014, after giving effect to the offering of the original notes and the application of proceeds therefrom, the Issuer and the Guarantors had approximately \$73 million of senior indebtedness outstanding (other than under the Credit Agreement, the Notes and the Existing Notes), which consisted of capital leases, all of which ranks equally in right of payment with the Notes of each series offered hereby but is effectively senior to the Notes with respect to the assets securing such debt.

Not all of our Subsidiaries guarantee the Notes. Our Non-Material Domestic Subsidiaries, Unrestricted Subsidiaries and Foreign Subsidiaries are not Guarantors. As a result, the Notes of each series are and each Note Guarantee is structurally subordinated to all existing and future obligations, including Indebtedness, of these Subsidiaries. Claims of creditors of these Subsidiaries, including trade creditors, will generally have priority as to the assets of these Subsidiaries over the claims of the Issuer and the Guarantors and the holders of Indebtedness of the Issuer and the Guarantors, including the Notes and the Note Guarantees. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor Subsidiaries, these non-guarantor Subsidiaries will pay the holders of their debts and their trade creditors before they will be able to distribute any of their assets to us. For the year ended December 31, 2013, net revenue for our non-guarantor subsidiaries was \$2.9 billion, which was 33.8% of our consolidated net revenue, and operating income for our non-guarantor subsidiaries was \$256 million, which was 20.6% of our consolidated operating income. For the six months ended

[Table of Contents](#)

June 30, 2014, net revenue for our non-guarantor subsidiaries was \$1.4 billion, which was 35.0% of our consolidated net revenue, and operating income for our non-guarantor subsidiaries was \$111 million, which was 20.4% of our consolidated operating income. As of June 30, 2014, our non-guarantor subsidiaries had \$3 billion of assets, which was 23.7% of our consolidated assets. As of June 30, 2014, after giving effect to the issuance of the original notes and the use of proceeds therefrom described in "Use of Proceeds", our non-guarantor Subsidiaries would have had \$813 million of obligations (consisting predominantly of trade payables, deferred tax liabilities, certain other liabilities and no indebtedness for borrowed money), all of which would be structurally senior to the notes.

Note Guarantees

The Issuer's obligations under the Notes of each series and the Indenture are jointly and severally guaranteed (the "Note Guarantees") by each Material Domestic Subsidiary, any Subsidiary that guarantees the obligations under the Credit Agreement or any Permitted Parity Indebtedness and any other Restricted Subsidiary that the Issuer shall otherwise cause to become a Guarantor pursuant to the terms of the Indenture. Our Non-Material Domestic Subsidiaries, Unrestricted Subsidiaries and Foreign Subsidiaries are not Guarantors, and therefore the Notes of each series and the related Note Guarantees are structurally subordinated to all existing and future obligations of these Subsidiaries. The guarantees of the Existing Notes by the Guarantors are referred to herein as the "Existing Note Guarantees." See "—Ranking."

As of the issue date of the Notes, all of our Subsidiaries except QVC Italia S.r.l. (Italy) and QVC France SAS are Restricted Subsidiaries. However, under the circumstances described below under "—Certain covenants—Limitations on designation of unrestricted subsidiaries," the Issuer will be permitted to designate any of its Subsidiaries, other than any Subsidiary that continues to guarantee the obligations under the Credit Agreement or Permitted Parity Indebtedness permitted to be incurred under the Indenture, as "Unrestricted Subsidiaries." The effect of designating a Subsidiary as an "Unrestricted Subsidiary" will be that:

- an Unrestricted Subsidiary will not be subject to many of the restrictive covenants in the Indenture;
- a Subsidiary that is a Guarantor and that is designated an Unrestricted Subsidiary will be released from its Note Guarantee and its obligations under the Indenture; and
- the assets, income, cash flow and other financial results of an Unrestricted Subsidiary will not be consolidated with those of the Issuer for purposes of calculating compliance with the restrictive covenants contained in the Indenture.

The obligations of each Guarantor under its Note Guarantee will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Guarantor (including, without limitation, any guarantees under the Credit Agreement and the Existing Note Guarantees) and after giving effect to any collections from or payments made by or on behalf of any other Guarantor in respect of the obligations of such other Guarantor under its Note Guarantee or pursuant to its contribution obligations under the Indenture, result in the obligations of such Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law. Each Guarantor that makes a payment for distribution under its Note Guarantee is entitled to a contribution from each other Guarantor in a pro rata amount based on adjusted net assets of each Guarantor.

A Guarantor will be released from its obligations under its Note Guarantee and its obligations under the Indenture:

- (1) in the event of dissolution of such Guarantor;

[Table of Contents](#)

(2) if such Guarantor is designated as an Unrestricted Subsidiary or otherwise ceases to be a Restricted Subsidiary, in each case in accordance with the provisions of the Indenture, upon effectiveness of such designation or when it first ceases to be a Restricted Subsidiary, respectively; or

(3) upon the release or discharge of the guarantee by such Guarantor of the Credit Agreement or such other indebtedness that resulted in the creation of such Note Guarantee, except a discharge or release by or as a result of payment under such other guarantee.

See "—Certain covenants—Limitations on designation of unrestricted subsidiaries."

Security

General

On the issue date of the Notes, the Collateral securing the Notes was limited to the Issuer Stock Collateral. The security interest in the Collateral is shared equally and ratably among the Notes of each series (including Additional Notes, if any), the Existing Notes, the Credit Agreement, any Specified Swap Agreements and any other Indebtedness permitted by the Indenture that in the future is secured by the Collateral. See "—Certain covenants—Limitations on incurrence of indebtedness" and "—Limitations on liens." Any Collateral in addition to the Issuer Stock Collateral is subject to the provisions of the applicable Security Documents. It is unlikely that the holders of the Notes will ever have the benefit of a lien on any Collateral consisting of assets of the Issuer or any of its Restricted Subsidiaries.

Issuer Stock Collateral

The Issuer Stock Collateral is pledged pursuant to a pledge agreement between the Parent Pledgor and the Collateral Agent for the benefit of the Secured Parties under the Credit Agreement, the holders of the Existing Notes and the holders of the Notes (the "Parent Pledge Agreement"). This security interest will continue to secure the payment and performance when due of all of the obligations of the Issuer under the Notes, the Indenture, the Registration Rights Agreement and the Parent Pledge Agreement. This security interest will also continue to secure the obligations under the Existing Notes and the Credit Agreement on an equal and ratable basis, and may in the future secure other Indebtedness permitted to be incurred under the Indenture on an equal and ratable basis. See "—Ranking."

The Collateral Agent will determine the time and method by which the security interest in the Issuer Stock Collateral will be enforced and will have the sole and exclusive right to manage, perform and enforce the terms of the Parent Pledge Agreement and to exercise and enforce all privileges, rights and remedies thereunder, including to take or retake control or possession of the Issuer Stock Collateral and hold, prepare for sale, marshal, process, sell, lease, dispose of or liquidate the Issuer Stock Collateral, including, without limitation, following the occurrence of an Event of Default under the Indenture. Prior to the repayment in full in cash of all obligations under the Credit Agreement, neither the Trustee nor the Holders of the Notes will be entitled to exercise or be entitled to participate in providing instructions in respect of remedies and enforcement to the Collateral Agent, including the right to enforce the actions pursuant to the Parent Pledge Agreement, request any action, institute proceedings, give any instructions or notices, make any election, make collections, sell or otherwise foreclose on any portion of the Issuer Stock Collateral or receive any payment (except for the right to receive payments as expressly set forth under the Parent Pledge Agreement).

Under the Parent Pledge Agreement, the Collateral Agent's obligations to the Trustee and the Holders of Notes (collectively, the "Indenture Secured Parties") are limited to holding the Issuer Stock Collateral for the ratable benefit of the Indenture Secured Parties, enforcing the rights of the Indenture

[Table of Contents](#)

Secured Parties (in their capacity as such) with respect to the Issuer Stock Collateral, and distributing to the Secured Parties any proceeds received from the sale, collection or realization of the Issuer Stock Collateral.

In addition, none of the Collateral Agent, any lender or agent under the Credit Agreement or any provider of hedges under Specified Swap Agreements will be liable to the Trustee or the Holders of Notes for any actions with respect to the creation, perfection or continuation of the security interests on the Issuer Stock Collateral, actions with respect to the occurrence of a default or an Event of Default, actions with respect to the foreclosure upon, sale, release, or depreciation of, or failure to realize upon, of the Issuer Stock Collateral, actions with respect to the collection of any claim for all or any part of the obligations under the Notes of either series from any debtor, guarantor or any other party or the valuation, use or protection of the Issuer Stock Collateral.

Subject to the terms of the Parent Pledge Agreement, the Parent Pledgor will have the right to remain in possession and retain exclusive control of the Issuer Stock Collateral and to collect, invest and dispose of any income therefrom. Unless an Event of Default has occurred with respect to any obligations secured by the Parent Pledge Agreement and the Collateral Agent has given notice of its intent to exercise rights against the Issuer Stock Collateral, the Parent Pledgor will have the right to receive dividends paid in respect of the shares constituting the Issuer Stock Collateral and to exercise all voting rights with respect to the shares constituting Issuer Stock Collateral.

Sufficiency of collateral

The fair market value of the Collateral is subject to fluctuations based on factors that include, among others, the condition of the retail industry, the ability to sell the Collateral in an orderly sale, general economic conditions, the availability of buyers and similar factors. The amount to be received upon a sale of the Collateral will also be dependent on numerous factors, including, but not limited to, the actual fair market value of the Collateral at such time and the timing and the manner of the sale. By its nature, the Collateral may be illiquid and may have no readily ascertainable market value. Accordingly, there can be no assurance that the Collateral can be sold in a short period of time or in an orderly manner. In addition, in the event of a bankruptcy, the ability of the Holders to realize upon any of the Collateral may be subject to certain bankruptcy law limitations as described below.

Certain bankruptcy limitations

The right of the Collateral Agent to repossess and dispose of the Collateral upon the occurrence of an Event of Default may be significantly impaired by any Bankruptcy Law in the event that a bankruptcy case were to be commenced by or against the Parent Pledgor, the Issuer or any Guarantor prior to the Collateral Agent's having repossessed and disposed of the Collateral. Upon the commencement of a case for relief under the U.S. bankruptcy code, a secured creditor such as the Collateral Agent is prohibited from repossessing its security from a debtor in a bankruptcy case, or from disposing of security without bankruptcy court approval.

If any Secured Party is required in any insolvency or liquidation proceeding or otherwise to turn over or otherwise pay any amount to the estate of the Issuer or any Guarantor (or any trustee, receiver or similar person therefor) because the payment of such amount was declared to be fraudulent or preferential in any respect or for any other reason, any such amount (a "**Recovery**"), whether received as proceeds of security, enforcement of any right of setoff or otherwise, then as among the parties to the applicable Security Document, the obligations owing to such party shall be deemed to be reinstated to the extent of such Recovery and to be outstanding as if such payment had not occurred, and such Secured Party shall be entitled to a reinstatement of obligations with respect to all such recovered amounts and shall have all rights as a Secured Party under the Security Documents with respect thereto.

[Table of Contents](#)

In view of the broad equitable powers of a U.S. bankruptcy court, it is impossible to predict how long payments under either series of Notes could be delayed following commencement of a bankruptcy case, whether or when the Collateral Agent could repossess or dispose of the Collateral, the value of the Collateral at any time during a bankruptcy case or whether or to what extent Holders of the Notes would be compensated for any delay in payment or loss of value of the Collateral. The U.S. bankruptcy code permits only the payment and/or accrual of post-petition interest, costs and attorneys' fees to a secured creditor during a debtor's bankruptcy case to the extent the value of such creditor's interest in the Collateral owned by such debtor is determined by the bankruptcy court to exceed the aggregate outstanding principal amount of the obligations secured by the Collateral.

Furthermore, in the event a domestic or foreign bankruptcy court determines that the value of the Collateral is not sufficient to repay all amounts due on the Notes, the Holders of the Notes would hold secured claims only to the extent of the value of the Collateral to which the Holders of the Notes are entitled, and unsecured claims with respect to such shortfall.

Release of Issuer Stock Collateral

The Parent Pledgor is entitled to the release of the Issuer Stock Collateral from the Liens securing the Notes and the Note Guarantees under any one or more of the following circumstances:

- (1) concurrently with any release of the Issuer Stock Collateral under the Credit Agreement and the Existing Notes; or
- (2) as described under "—Amendment, supplement and waiver."

The Liens on the Issuer Stock Collateral will also be released upon (i) payment in full of the principal of, together with accrued and unpaid interest, on the Notes and all other Obligations under the Indenture, the Note Guarantees, the Registration Rights Agreement and the Parent Pledge Agreement that are due and payable at or prior to the time such principal, together with accrued and unpaid interest, are paid or (ii) a legal defeasance or covenant defeasance under the Indenture as described below under "—Legal defeasance and covenant defeasance" or a discharge of the Indenture as described below under "—Satisfaction and discharge."

Any certificate or opinion required by Section 314(d) of the Trust Indenture Act in connection with obtaining the release of the Issuer Stock Collateral may be made by an Officer of the Issuer, except in cases where Section 314(d) requires that such certificate or opinion be made by an independent engineer, appraiser or other expert.

Notwithstanding anything to the contrary in this "Description of notes" section, the Issuer and its Subsidiaries will not be required to comply with all or any portion of Section 314(d) of the Trust Indenture Act if they determine in good faith, based on the advice of counsel, that under the terms of that section and/or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including "no action" letters or exemptive orders, all or the relevant portion of Section 314(d) of the Trust Indenture Act is inapplicable to the released Issuer Stock Collateral.

Mandatory redemption

The Issuer will not be required to redeem the Notes of either series prior to maturity. However, we may at any time and from time to time purchase Notes of either series in the open market or otherwise as described under "—Change of control" and "—Optional redemption."

Optional redemption

The redemption price for the 2025 Notes that are redeemed before the date that is three months prior to maturity of the 2025 Notes and for the 2034 Notes that are redeemed before the date that is six months prior to maturity of the 2034 notes, in each case, will be equal to the greater of:

- 100% of the aggregate principal amount of the Notes to be redeemed, or
- as determined by an Independent Investment Banker, the sum of the present values of the remaining scheduled payments of principal and interest on the Notes to be redeemed (not including any portion of such payments of interest accrued to the date of redemption) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate, plus, in the case of the 2025 Notes, 30 basis points and, in the case of the 2034 Notes, 35 basis points,

plus, in either of the above cases, accrued and unpaid interest to the date of redemption on the Notes to be redeemed. The redemption price for the 2025 Notes that are redeemed on or after the date that is three months prior to maturity of the 2025 Notes and for the 2034 Notes that are redeemed on or after the date that is six months prior to maturity of the 2034 notes will be equal to 100% of their principal amount, together with accrued and unpaid interest thereon, if any, to the date of redemption, and will not include a "make-whole" premium.

"Adjusted Treasury Rate" means, with respect to any redemption date:

- the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated "H.15(519)" or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption "Treasury Constant Maturities," for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the Remaining Life (as defined below), yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Adjusted Treasury Rate shall be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month); or
- if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

The Adjusted Treasury Rate shall be calculated on the third Business Day preceding the redemption date. Any weekly average yields calculated by interpolation will be rounded to the nearest 1/100th of 1%, with any figure of 1/200th of 1% or above being rounded upward.

"Comparable Treasury Issue" means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such securities ("Remaining Life").

"Comparable Treasury Price" means (1) the average of four Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (2) if the Independent Investment Banker obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

[Table of Contents](#)

"Independent Investment Banker" means one of the Reference Treasury Dealers appointed by us.

"Reference Treasury Dealer" means any primary U.S. Government securities dealer in New York City selected by us.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker at 5:00 p.m., New York City time, on the third Business Day preceding such redemption date.

Unless the Issuer defaults in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the Notes or portion thereof called for redemption.

Selection and notice of redemption

In the event that less than all of the Notes of either series are to be redeemed at any time pursuant to an optional redemption, selection of the Notes of such series for redemption will be made by the Trustee in compliance with the requirements of the principal national securities exchange, if any, on which the relevant Notes are listed or, if such Notes are not then listed on a national securities exchange, on a *pro rata* basis, by lot or by such method as the Trustee shall deem fair and appropriate; *provided, however*, that no Notes of a principal amount of \$2,000 or less shall be redeemed in part.

Notice of redemption will be mailed by first-class mail at least 30 but not more than 60 days before the date of redemption to each Holder of Notes to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a satisfaction and discharge of the Indenture. If any Note is to be redeemed in part only, the notice of redemption that relates to that Note will state the portion of the principal amount of the Note to be redeemed. A new Note in a principal amount equal to the unredeemed portion of the Note will be issued in the name of the Holder of the Note upon cancellation of the original Note. On and after the date of redemption, interest will cease to accrue on Notes or portions thereof called for redemption so long as the Issuer has deposited with the Paying Agent for the Notes funds in satisfaction of the redemption price (including accrued and unpaid interest on the Notes to be redeemed) pursuant to the Indenture.

Change of control

If a Change of Control Triggering Event (as defined below) occurs with respect to the Notes, unless the Issuer has exercised its right to redeem the Notes of either series as described above, the Issuer will be required to make an offer to repurchase all or, at the Holder's option, any part (equal to \$2,000 or any integral multiple of \$1,000 in excess thereof) of each Holder's Notes of such series pursuant to a Change of Control Offer (as defined below).

In the Change of Control Offer, the Issuer will be required to offer payment in cash equal to 101% of the aggregate principal amount of Notes to be purchased plus accrued and unpaid interest, if any, on the Notes repurchased, to, but not including, the date of purchase (the "Change of Control Payment").

Within 30 days following any Change of Control Triggering Event with respect to the Notes, the Issuer will be required to mail a notice to Holders of each series of Notes, with a copy to the Trustee for such series of Notes, describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase such series of Notes (a "Change of Control Offer") on the date specified in the notice, which date will be no earlier than 30 and no later than 60 days from the date such notice is mailed (the "Change of Control Payment Date"), pursuant to the procedures required by the Indenture and described in such notice.

On the Change of Control Payment Date, the Issuer will be required, to the extent lawful, to:

- accept for payment all Notes or portions of Notes of each series properly tendered pursuant to the Change of Control Offer;
- deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes of each series properly tendered; and
- deliver or cause to be delivered to the Trustee the Notes properly accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions of Notes of each series being purchased.

The Paying Agent will be required to promptly pay, to each Holder who properly tendered Notes of either series, the purchase price for such Notes, and the Trustee will be required to promptly authenticate and mail (or cause to be transferred by book entry) to each such Holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; *provided* that each new Note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

The Issuer will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and such third party purchases all Notes properly tendered and not withdrawn under its offer. In the event that such third party terminates or defaults its offer, the Issuer will be required to make a Change of Control Offer treating the date of such termination or default as though it were the date of the Change of Control Triggering Event.

The Issuer shall comply with the requirements of applicable securities laws and regulations in connection with the purchase of Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions contained in the Indenture, the Issuer shall comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations regarding the Change of Control Offer by virtue of this compliance.

For purposes of the repurchase provisions of the Notes, the following terms will be applicable:

(i) "Below Investment Grade Rating Event" means the Notes are rated below an Investment Grade Rating by each of the Rating Agencies on any date during the period commencing 60 days prior to the date of the first public notice of an arrangement that could result in a Change of Control and ending at the end of the 60-day period following public notice of the occurrence of the Change of Control (which 60-day period shall be extended so long as the rating of the Notes is under publicly announced consideration for possible downgrade by any of the Rating Agencies); provided that a Below Investment Grade Rating Event otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Below Investment Grade Rating Event for purposes of the definition of Change of Control Triggering Event hereunder) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the Holders of Notes in writing at their request that the reduction was the result, in whole or in part, of any event or circumstance comprising or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Below Investment Grade Rating Event);

(ii) "Change of Control Triggering Event" means the occurrence of both a Change of Control and a Below Investment Grade Rating Event occurring in respect of that Change of Control;

(iii) "Investment Grade Rating" means a rating equal to or higher than Baa3 (or the equivalent) if by Moody's and BBB- (or the equivalent) if by Standard & Poor's.

[Table of Contents](#)

(iv) "Moody's" means Moody's Investors Service, Inc. and any successor to its rating agency business;

(v) "Rating Agencies" means (1) each of Moody's and Standard & Poor's; and (2) if any of Moody's or Standard & Poor's ceases to rate the Notes or fails to make a rating of the Notes publicly available for reasons outside of our control, a "nationally recognized statistical rating organization" as such term is defined for purposes of Section 3(a)(62) of the Exchange Act, that the Issuer selects (as certified by an Officer of ours) as a replacement agency for Moody's or Standard & Poor's, or both of them, as the case may be; and

(vi) "Standard & Poor's" means Standard & Poor's Financial Services, LLC, and any successor to its rating agency business.

Certain covenants

The Indenture contains, among others, the following covenants:

Limitations on incurrence of indebtedness

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, incur any Indebtedness; *provided* that the Issuer or any Restricted Subsidiary may incur additional Indebtedness, in each case, if, after giving effect to such incurrence and the application of the proceeds therefrom, the Consolidated Interest Coverage Ratio would be at least 2.00 to 1.00 (the "Coverage Ratio Exception").

Notwithstanding the above, each of the following shall be permitted (the "Permitted Indebtedness"):

(1) Indebtedness of the Issuer and any Guarantor under the Credit Facilities (including the Notes and the Existing Notes) in an aggregate amount at any time outstanding not to exceed \$5,000,000,000;

(2) the Note Guarantees and the Existing Note Guarantees;

(3) Indebtedness of the Issuer and the Restricted Subsidiaries to the extent outstanding on the Issue Date (other than Indebtedness referred to in clause (1), (2) or (4));

(4) (x) Indebtedness of the Issuer or any Restricted Subsidiary owed to any other Restricted Subsidiary or the Issuer and (y) guarantees by any Restricted Subsidiary or the Issuer of any Indebtedness of the Issuer or any other Restricted Subsidiary; *provided, however*, that upon any such Restricted Subsidiary ceasing to be a Restricted Subsidiary or such Indebtedness being owed to any Person other than the Issuer or a Restricted Subsidiary, as applicable, the Issuer or such Restricted Subsidiary, as applicable, shall be deemed to have incurred Indebtedness not permitted by this clause (4);

(5) Indebtedness in respect of bid, performance or surety bonds issued for the account of the Issuer or any Restricted Subsidiary in the ordinary course of business, including guarantees or obligations of the Issuer or any Restricted Subsidiary with respect to letters of credit supporting such bid, performance or surety obligations (in each case other than for an obligation for money borrowed);

(6) Purchase Money Indebtedness incurred by the Issuer or any Restricted Subsidiary, and Refinancing Indebtedness thereof, in an aggregate amount not to exceed at any time outstanding \$100.0 million;

(7) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently (except in the case of daylight overdrafts) drawn

[Table of Contents](#)

against insufficient funds in the ordinary course of business; *provided, however*, that such Indebtedness is extinguished within five Business Days of incurrence;

(8) Indebtedness arising in connection with endorsement of instruments for deposit in the ordinary course of business;

(9) Refinancing Indebtedness with respect to Indebtedness incurred pursuant to the Coverage Ratio Exception or clause (2) or (3) above or this clause (9);

(10) indemnification, adjustment of purchase price, earn-out or similar obligations, in each case, incurred or assumed in connection with the acquisition or disposition of any business or assets of the Issuer or any Restricted Subsidiary or Equity Interests of a Restricted Subsidiary, other than guarantees of Indebtedness incurred by any Person acquiring all or any portion of such business, assets or Equity Interests for the purpose of financing or in contemplation of any such acquisition; *provided* that (a) any amount of such obligations included on the face of the balance sheet of the Issuer or any Restricted Subsidiary shall not be permitted under this clause (10) and (b) in the case of a disposition, the maximum aggregate liability in respect of all such obligations outstanding under this clause (10) shall at no time exceed the gross proceeds actually received by the Issuer and the Restricted Subsidiaries in connection with such disposition;

(11) Indebtedness of Subsidiaries that are not Guarantors if, after giving effect to such incurrence and the application of the proceeds thereof, the aggregate principal amount of such indebtedness does not exceed \$425.0 million (less the amount of any Indebtedness secured by a Lien permitted under clause (23) of the definition of "Permitted Liens" which Indebtedness is not incurred pursuant to this clause (11)); and

(12) Indebtedness of the Issuer or any Restricted Subsidiary in an aggregate amount not to exceed \$250.0 million at any time outstanding.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of Permitted Indebtedness described in clauses (1) through (12) above or is entitled to be incurred pursuant to the Coverage Ratio Exception, the Issuer shall, in its sole discretion, classify such item of Indebtedness and may divide and classify such Indebtedness in more than one of the types of Indebtedness described and may later reclassify any item of Indebtedness described in clauses (1) through (12) above (*provided* that at the time of reclassification it meets the criteria in such category or categories), except that Indebtedness outstanding under the Credit Agreement and the Notes of each series issued on the Issue Date (and any Exchange Notes and guarantees thereof) shall be deemed to have been incurred under clause (1) above. In addition, for purposes of determining any particular amount of Indebtedness under this covenant, guarantees, Liens or letter of credit obligations supporting Indebtedness otherwise included in the determination of such particular amount shall not be included so long as incurred by a Person that could have incurred such Indebtedness.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed or first incurred (whichever yields the lower U.S. dollar equivalent), in the case of revolving credit debt; *provided* that if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced.

Limitations on restricted payments

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, make any Restricted Payment unless at the time of such Restricted Payment:

- (1) no Default shall have occurred and be continuing or shall occur as a consequence thereof; and
- (2) after giving effect to such incurrence and the application of proceeds therefrom the Consolidated Leverage Test would be satisfied.

The foregoing provisions will not prohibit:

(1) the payment by the Issuer or any Restricted Subsidiary of any dividend within 60 days after the date of declaration thereof, if on the date of declaration the payment would have complied with the provisions of the Indenture;

(2) the redemption of any Equity Interests of the Issuer or any Restricted Subsidiary in exchange for, or out of the proceeds of the substantially concurrent issuance and sale of, Qualified Equity Interests (*provided* that any transfers of the Equity Interests of the Issuer will be subject to the provisions of the Parent Pledge Agreement);

(3) the redemption of Subordinated Indebtedness of the Issuer or any Restricted Subsidiary (a) in exchange for, or out of the proceeds of the substantially concurrent issuance and sale of, Qualified Equity Interests (*provided* that any transfers of the Equity Interests of the Issuer will be subject to the provisions of the Parent Pledge Agreement), (b) in exchange for, or out of the proceeds of the substantially concurrent incurrence of, Refinancing Indebtedness permitted to be incurred under "—Limitations on incurrence of indebtedness" and the other terms of the Indenture or (c) upon a Change of Control or in connection with a sale of assets to the extent required by the agreement governing such Subordinated Indebtedness but only if the Issuer shall have complied with the covenants described under "—Change of control" and purchased all Notes validly tendered pursuant to the relevant offer prior to redeeming such Subordinated Indebtedness;

(4) (x) prior to the consummation of an initial public offering, payments to Parent to permit Parent, and which are used by Parent or (y) after the consummation of an initial public offering, payments by the Issuer, to redeem Equity Interests of Parent or the Issuer, as the case may be, held by officers, directors or employees or former officers, directors or employees (or their transferees, estates or beneficiaries under their estates), upon their death, disability, retirement, severance or termination of employment or service; *provided* that the aggregate cash consideration paid for all such redemptions shall not exceed \$25.0 million during any twelve consecutive months;

(5) payments permitted pursuant to clause (3) of the covenant described under "—Limitations on transactions with affiliates";

(6) repurchases of Equity Interests deemed to occur upon the exercise of stock options if the Equity Interests represent a portion of the exercise price thereof;

(7) [Reserved];

(8) payments by the Issuer to Parent or its subsidiaries to the extent necessary to pay principal and interest when due in respect of Indebtedness of Parent and its subsidiaries;

(9) Restricted Payments pursuant to and in accordance with stock option plans or other benefit plans for directors, management, employees or consultants of the Issuer and its Subsidiaries; or

(10) other Restricted Payments in an aggregate amount from and after the Issue Date not to exceed \$50.0 million;

[Table of Contents](#)

provided that in the case of any Restricted Payment pursuant to clause (3), (8) or (10) above, no Default shall have occurred and be continuing or occur as a consequence thereof.

For purposes of this covenant, if a particular Restricted Payment involves a non-cash payment, including a distribution of assets, then such Restricted Payment shall be deemed to be an amount equal to the cash portion of such Restricted Payment, if any, plus an amount equal to the Fair Market Value of the non-cash portion of such Restricted Payment.

Limitations on dividend and other restrictions affecting restricted subsidiaries

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual encumbrance or consensual restriction on the ability of any Restricted Subsidiary to:

- (a) pay dividends or make any other distributions on or in respect of its Equity Interests held by the Issuer or any Restricted Subsidiary;
- (b) make loans or advances or pay any Indebtedness or other obligation owed to the Issuer or any other Restricted Subsidiary; or
- (c) transfer any of its assets to the Issuer or any other Restricted Subsidiary;

except for:

- (1) encumbrances or restrictions existing under or by reason of applicable law, regulation or order;
- (2) encumbrances or restrictions existing under the Indenture, the Notes, the Note Guarantees, Exchange Notes (and any guarantees thereof) and the Security Documents;
- (3) non-assignment provisions of any contract or any lease entered into in the ordinary course of business;
- (4) encumbrances or restrictions existing under agreements existing on the Issue Date (including, without limitation, the Credit Agreement, the Existing Notes Indentures, the Existing Notes and the Existing Note Guarantees) as in effect on that date;
- (5) restrictions relating to any Lien permitted under the Indenture imposed by the holder of such Lien that limit the right of the relevant obligor to transfer assets that are subject to such Lien;
- (6) restrictions imposed under any agreement to sell assets permitted under the Indenture to any Person pending the closing of such sale;
- (7) encumbrances or restrictions imposed under any instrument governing Acquired Indebtedness, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person or the properties or assets of the Person so acquired and encumbrances or restrictions imposed under any agreement of any Person that becomes a Restricted Subsidiary provided that such encumbrances or restrictions are not created in contemplation of or in connection with such Person becoming a Restricted Subsidiary;
- (8) any other agreement governing Indebtedness entered into after the Issue Date that contains encumbrances and restrictions that are not materially more restrictive with respect to any Restricted Subsidiary than those in effect on the Issue Date with respect to that Restricted Subsidiary pursuant to agreements in effect on the Issue Date;
- (9) customary provisions in partnership agreements, limited liability company organizational governance documents, joint venture agreements, stockholder agreements and other similar

[Table of Contents](#)

agreements that restrict the transfer of ownership interests in such partnership, limited liability company, joint venture, corporation or similar Person or assets of such entities;

(10) Purchase Money Indebtedness incurred in compliance with the covenant described under "—Limitations on incurrence of indebtedness" that impose restrictions of the nature described in clause (c) above on the assets acquired;

(11) restrictions on cash or other deposits or net worth imposed by suppliers or landlords under contracts entered into in the ordinary course of business; and

(12) any encumbrances or restrictions imposed by any amendments, replacements or refinancings of the contracts, instruments or obligations referred to in clauses (1) through (11) above; *provided* that such amendments, replacements or refinancings are not materially more restrictive with respect to such encumbrances and restrictions than those prior to such amendment, replacement or refinancing.

Limitations on transactions with affiliates

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, in one transaction or a series of related transactions, sell, lease, transfer or otherwise dispose of any of its assets to, or purchase any assets from, or enter into any contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate (an "Affiliate Transaction"), unless such Affiliate Transaction is on terms that are no less favorable to the Issuer or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction at such time on an arm's-length basis by the Issuer or that Restricted Subsidiary from a Person that is not an Affiliate of the Issuer or that Restricted Subsidiary.

The foregoing restrictions shall not apply to:

- (1) transactions between or among the Issuer and its Restricted Subsidiaries not involving any other Affiliate;
- (2) reasonable director, officer and employee compensation (including bonuses) and other benefits (including retirement, health, and Stock Compensation Plans) and indemnification arrangements and reasonable payments to Affiliates in consideration for securities issued in connection therewith;
- (3) transactions pursuant to the Tax Liability Allocation and Indemnification Agreement;
- (4) loans and advances permitted by clause (3) of the definition of "Permitted Investments";
- (5) Restricted Payments of the type described in clause (1), (2) or (4) of the definition of "Restricted Payment" and which are made in accordance with the covenant described under "—Limitations on restricted payments";
- (6) (x) any agreement in effect on the Issue Date and disclosed in the offering memorandum for the original notes, as in effect on the Issue Date or as thereafter amended or replaced in any manner, that, taken as a whole, is not more disadvantageous to the Holders or the Issuer in any material respect than such agreement as it was in effect on the Issue Date or (y) any transaction pursuant to any agreement referred to in the immediately preceding clause (x);
- (7) any transaction with a joint venture or similar entity which would constitute an Affiliate Transaction solely because the Issuer or a Restricted Subsidiary owns an equity interest in or otherwise controls such joint venture or similar entity; *provided* that no Affiliate of the Issuer or any of its Subsidiaries other than the Issuer or a Restricted Subsidiary shall have a beneficial interest in such joint venture or similar entity;

[Table of Contents](#)

(8) ordinary overhead arrangements in which any Subsidiary participates; and

(9) (a) any transaction with an Affiliate where the only consideration paid by the Issuer or any Restricted Subsidiary is Qualified Equity Interests or (b) the issuance or sale of any Qualified Equity Interests.

Limitations on liens

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create, incur, assume or permit or suffer to exist any Lien (other than Permitted Liens) of any nature whatsoever against any assets (including Equity Interests of a Restricted Subsidiary) of the Issuer or any Restricted Subsidiary, whether owned at the Issue Date or thereafter acquired, which Lien secures Indebtedness, Hedging Obligations or trade payables.

The foregoing shall not apply to Liens on Collateral to secure Indebtedness ("Permitted Parity Indebtedness") in an aggregate principal amount not exceeding \$5,000,000,000 that is secured by a Lien that is equal and ratable with or junior to the Lien in favor of the Collateral Agent for the benefit of the Trustee and the holders of the Notes with respect to the Notes and the Note Guarantees; *provided* that, the Notes may be restricted from participating in providing instructions in respect of remedies and enforcement to the Collateral Agent with respect to the Collateral; *provided* further that, at a time when there is no Credit Agreement outstanding, Liens incurred pursuant to this paragraph in favor of holders of Permitted Parity Indebtedness that ranks *pari passu* with the Notes may be entitled to participate in providing instructions in respect of remedies and enforcement to the Collateral Agent with respect to the Collateral ratably with the holders of any other such Indebtedness and the holders of the Notes in proportion to the amount of obligations under such Indebtedness.

Limitations on designation of unrestricted subsidiaries

The Issuer may designate any Subsidiary (including any newly formed or newly acquired Subsidiary) of the Issuer as an "Unrestricted Subsidiary" under the Indenture (a "Designation") only if:

- (1) no Default shall have occurred and be continuing at the time of or immediately after giving effect to such Designation; and
- (2) at the time of and immediately after giving effect to such Designation, the Consolidated Leverage Test would be satisfied.

No Subsidiary shall be Designated as an "Unrestricted Subsidiary" unless such Subsidiary:

- (1) has no Indebtedness other than Non-Recourse Debt and other obligations arising by operation of law, including joint and several liability for taxes, ERISA obligations and similar items, except, in each case, pursuant to Investments which are made in accordance with the covenant described under "—Limitations on restricted payments";
- (2) is not party to any agreement, contract, arrangement or understanding with the Issuer or any Restricted Subsidiary unless the terms of the agreement, contract, arrangement or understanding comply with the covenant described above under "—Limitations on transactions with affiliates";
- (3) is a Person with respect to which neither the Issuer nor any Restricted Subsidiary has any direct or indirect obligation (a) to subscribe for additional Equity Interests or (b) to maintain or preserve the Person's financial condition or to cause the Person to achieve any specified levels of operating results, except, in each case, pursuant to Investments which are made in accordance with the covenant described under "—Limitations on restricted payments"; and

[Table of Contents](#)

(4) will not become a Subsidiary of the Issuer or its other Subsidiaries (other than another Unrestricted Subsidiary) where the Issuer or such other Subsidiary will become a general partner of any such Subsidiary.

If, at any time, any Unrestricted Subsidiary fails to meet the preceding requirements as an Unrestricted Subsidiary, it shall thereafter cease to be an Unrestricted Subsidiary for purposes of the Indenture on the date that is 30 days after the Issuer or any Restricted Subsidiary has obtained knowledge of such failure (unless such failure has been cured by such date), and any Indebtedness of the Subsidiary and any Liens on assets of such Subsidiary shall be deemed to be incurred by a Restricted Subsidiary at such time and, if the Indebtedness is not permitted to be incurred under the covenant described under "—Limitations on incurrence of indebtedness" or the Lien is not permitted under the covenant described under "—Limitations on liens," the Issuer shall be in default of the applicable covenant.

The Issuer may redesignate an Unrestricted Subsidiary as a Restricted Subsidiary (a "Redesignation") only if:

- (1) no Default shall have occurred and be continuing at the time of and after giving effect to such Redesignation; and
- (2) all Liens, Indebtedness and Investments of such Unrestricted Subsidiary outstanding immediately following such Redesignation would, if incurred or made at such time, have been permitted to be incurred or made for all purposes of the Indenture.

All Designations and Redesignations must be evidenced by resolutions of the Board of Directors of the Issuer making such Designation or Redesignation and an Officer's Certificate certifying compliance with the foregoing provisions delivered to the Trustee.

Limitations on sale and leaseback transactions

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, enter into any Sale and Leaseback Transaction; *provided* that the Issuer or any Restricted Subsidiary may enter into a Sale and Leaseback Transaction if:

- (1) such Sale and Leaseback Transaction involves a lease for a term of not more than three years;
- (2) such Sale and Leaseback Transaction is between the Issuer and one of its Restricted Subsidiaries or between any of the Issuer's Restricted Subsidiaries;
- (3) the Issuer or such Restricted Subsidiary could have (a) incurred the Indebtedness attributable to such Sale and Leaseback Transaction pursuant to the covenant described under "—Limitations on incurrence of indebtedness" and (b) incurred a Lien to secure such Indebtedness without equally and ratably securing the Notes pursuant to the covenant described under "—Limitations on liens" or the lease in the Sale and Leaseback Transaction is not a capital lease and upon its incurrence such arrangements outstanding shall not be in excess of 15% of Consolidated Net Tangible Assets; or
- (4) the Issuer or such Restricted Subsidiary applies an amount equal to the net proceeds of such Sale and Leaseback Transaction within 365 days after such Sale and Leaseback Transaction to the retirement or other discharge of Indebtedness of the Issuer or a Restricted Subsidiary.

Limitations on mergers, consolidations, etc.

The Issuer will not, directly or indirectly, in a single transaction or a series of related transactions, (a) consolidate or merge with or into another Person, or sell, lease, transfer, convey or otherwise

[Table of Contents](#)

dispose of or assign all or substantially all of the assets of the Issuer or the Issuer and the Restricted Subsidiaries (taken as a whole) or (b) adopt a Plan of Liquidation unless, in either case:

(1) either:

(a) the Issuer will be the surviving or continuing Person; or

(b) the Person formed by or surviving such consolidation or merger or to which such sale, lease, conveyance or other disposition shall be made (or, in the case of a Plan of Liquidation, any Person to which assets are transferred) (collectively, the "Successor") is a corporation, limited liability company or limited partnership organized and existing under the laws of any State of the United States of America or the District of Columbia, and the Successor expressly assumes, by agreements in form and substance reasonably satisfactory to the Trustee, all of the obligations of the Issuer under the Notes and the Indenture;

(2) immediately prior to and immediately after giving effect to such transaction and the assumption of the obligations as set forth in clause (1)(b) above and the incurrence of any Indebtedness to be incurred in connection therewith, and the use of any net proceeds therefrom on a pro forma basis, no Default shall have occurred and be continuing; and

(3) immediately after and giving effect to such transaction and the assumption of the obligations set forth in clause (1)(b) above and the incurrence of any Indebtedness to be incurred in connection therewith, and the use of any net proceeds therefrom on a pro forma basis, the Consolidated Leverage Test would be satisfied.

For purposes of this covenant, any Indebtedness of the Successor which was not Indebtedness of the Issuer immediately prior to the transaction shall be deemed to have been incurred in connection with such transaction.

Except as provided in the fourth paragraph under "—Note Guarantees," no Guarantor may consolidate with or merge with or into (whether or not such Guarantor is the surviving Person) another Person, unless:

(1) either:

(a) such Guarantor will be the surviving or continuing Person; or

(b) the Person formed by or surviving any such consolidation or merger is another Guarantor or assumes, by agreements in form and substance reasonably satisfactory to the Trustee, all of the obligations of such Guarantor under the Note Guarantee of such Guarantor, the Indenture, the Registration Rights Agreement and the Security Documents; and

(2) immediately after giving effect to such transaction, no Default shall have occurred and be continuing.

For purposes of the foregoing, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all of the properties or assets of one or more Restricted Subsidiaries, the Equity Interests of which constitute all or substantially all of the properties and assets of the Issuer, will be deemed to be the transfer of all or substantially all of the properties and assets of the Issuer.

Upon any consolidation, combination or merger of the Issuer or a Guarantor, or any transfer of all or substantially all of the assets of the Issuer or Guarantor in accordance with the foregoing, in which the Issuer or such Guarantor is not the continuing obligor under the Notes or its Note Guarantee, the surviving entity formed by such consolidation or into which the Issuer or such Guarantor is merged or the Person to which the conveyance, lease or transfer is made will succeed to, and be substituted for,

[Table of Contents](#)

and may exercise every right and power of, the Issuer or such Guarantor under the Indenture, the Registration Rights Agreement, the Notes and the Note Guarantees with the same effect as if such surviving entity had been named therein as the Issuer or such Guarantor and, except in the case of a lease, the Issuer or such Guarantor, as the case may be, will be released from the obligation to pay the principal of and interest on the Notes or in respect of its Note Guarantee, as the case may be, and all of the Issuer's or such Guarantor's other obligations and covenants under the Notes, the Indenture and its Note Guarantee, if applicable.

Notwithstanding the foregoing, any Restricted Subsidiary may consolidate with, merge with or into or convey, transfer or lease, in one transaction or a series of transactions, all or substantially all of its assets to the Issuer or another Restricted Subsidiary; *provided* if such Restricted Subsidiary is a Guarantor, that the surviving entity remains or becomes a Guarantor.

Additional Note Guarantees

If, after the Issue Date, (a) any Restricted Subsidiary (including any newly formed, newly acquired or newly Redesignated Restricted Subsidiary) becomes a Material Domestic Subsidiary, (b) any Restricted Subsidiary (including any newly formed, newly acquired or newly Redesignated Restricted Subsidiary) guarantees any Indebtedness under the Credit Agreement or any Permitted Parity Indebtedness or (c) the Issuer otherwise elects to have any Restricted Subsidiary become a Guarantor, then, in each such case, the Issuer shall cause such Restricted Subsidiary to:

- (1) execute and deliver to the Trustee (a) a supplemental indenture in form and substance satisfactory to the Trustee pursuant to which such Restricted Subsidiary shall unconditionally guarantee all of the Issuer's obligations under the Notes and the Indenture and (b) a notation of guarantee in respect of its Note Guarantee; and
- (2) deliver to the Trustee one or more opinions of counsel that such supplemental indenture (a) has been duly authorized, executed and delivered by such Restricted Subsidiary and (b) constitutes a valid and legally binding obligation of such Restricted Subsidiary in accordance with its terms (subject to customary qualifications).

Conduct of business

The Issuer will not, and will not permit any Restricted Subsidiary to, change its line of business conducted by the Issuer and its Restricted Subsidiaries on the Issue Date (other than businesses incidental or related thereto).

Reports

The Indenture provides that notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, the Issuer will file with the SEC:

- (1) within the time period specified in the SEC's rules and regulations for a non-accelerated filer, annual reports on Form 10-K (or any successor or comparable form) containing the information required to be contained therein (or required in such successor or comparable form),
- (2) within the time period specified in the SEC's rules and regulations for a non-accelerated filer, reports on Form 10-Q (or any successor or comparable form) containing the information required to be contained therein (or required in such successor or comparable form),
- (3) promptly from time to time after the occurrence of an event required to be therein reported (and in any event within the time period specified in the SEC's rules and regulations), such other reports on Form 8-K (or any successor or comparable form), and

(4) any other information, documents and other reports which the Issuer would be required to file with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act;

provided, however, that the Issuer shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Issuer will make available such information to prospective purchasers of Notes of each series, including by posting such reports on the primary website of the Issuer or its Subsidiaries, in addition to providing such information to the Trustee and the holders, in the case of Form 10-K within 30 days, and in each other case within 15 days, after the time the Issuer would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act as a non-accelerated filer.

In the event that:

(a) the rules and regulations of the SEC permit the Issuer and any direct or indirect parent of the Issuer to report at such parent entity's level on a consolidated basis and

(b) such parent entity of the Issuer is not engaged in any business in any material respect other than incidental to its ownership, directly or indirectly, of the capital stock of the Issuer, such consolidated reporting at such parent entity's level in a manner consistent with that described in this covenant for the Issuer will satisfy this covenant.

In addition, the Issuer will make such information available to prospective investors upon request. In addition, the Issuer has agreed that, for so long as any Notes of either series remain outstanding during any period when it is not subject to Section 13 or 15(d) of the Exchange Act, or otherwise permitted to furnish the SEC with certain information pursuant to Rule 12g3-2(b) of the Exchange Act, it will furnish to the holders of the Notes and to prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Notwithstanding the foregoing, the Issuer will be deemed to have furnished such reports referred to above to the Trustee and the holders if the Issuer has filed such reports with the SEC via the EDGAR filing system and such reports are publicly available; *provided, however*, that the Trustee shall have no obligation to determine whether or not the Issuer shall have made such filings. In addition, such requirements shall be deemed satisfied prior to the commencement, if required, of the exchange offer contemplated by the Registration Rights Agreement relating to the Notes or the effectiveness of the shelf registration statement by the filing with the SEC of the exchange offer registration statement and/or shelf registration statement in accordance with the provisions of such Registration Rights Agreement, and any amendments thereto, if such registration statement and/or amendments thereto are filed at times that otherwise satisfy the time requirements set forth in the first paragraph of this covenant.

In the event that any direct or indirect parent of the Issuer is or becomes a Guarantor, the Indenture permits the Issuer to satisfy its obligations in this covenant with respect to financial information relating to the Issuer by furnishing financial information relating to such direct or indirect parent; *provided* that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such direct or indirect parent and any of its Subsidiaries other than the Issuer and its Subsidiaries, on the one hand, and the information relating to the Issuer and the Subsidiaries of the Issuer on a stand-alone basis, on the other hand.

Limitations on asset sales

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, consummate any Asset Sale unless:

(1) at the time of such transaction (or, if earlier, the date of the commitment to enter into such transaction) and after giving effect thereto and to the use of proceeds thereof, (a) no Default

[Table of Contents](#)

shall have occurred and be continuing, and (b) the Consolidated Leverage Test would be satisfied; and

(2) if such Asset Sale involves the disposition of Collateral, the Issuer or such Subsidiary has complied with the provisions of the Indenture and the Security Documents.

Payment for consent

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any Holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the Notes unless such consideration is offered to be paid or agreed to be paid to all Holders (or, in the case of any consent, waiver or amendment that is applicable to only one series of the Notes, to all Holders of the Notes of such series) that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Fall-away event

If on any date following the Issue Date (i) the Notes have Investment Grade Ratings from both Moody's and Standard & Poor's, and the Issuer has delivered written notice of such Investment Grade Ratings to the Trustee, and (ii) no Default has occurred and is continuing under the Indenture, then, beginning on that day and continuing at all times thereafter regardless of any subsequent changes in the ratings of the Notes or the occurrence of any Default, the covenants specifically listed under the following captions in this "Description of notes" section will no longer be applicable to the Notes (collectively, the "Terminated Covenants"):

- (1) "—Limitations on incurrence of indebtedness";
- (2) "—Limitations on restricted payments";
- (3) "—Limitations on dividend and other restrictions affecting restricted subsidiaries";
- (4) "—Limitations on asset sales";
- (5) clause (3) under "—Limitations on mergers, consolidations, etc."; and
- (6) "—Limitations on transactions with affiliates."

No Default, Event of Default or breach of any kind shall be deemed to exist under the Indenture or the Notes with respect to the Terminated Covenants based on, and none of the Issuer or any of its Subsidiaries shall bear any liability for, any actions taken or events occurring after the Notes attain Investment Grade Ratings, regardless of whether such actions or event would have been permitted if the applicable Terminated Covenants remained in effect.

There can be no assurance that the Notes will ever achieve Investment Grade Ratings.

Events of default

Each of the following constitutes an "Event of Default" under the Indenture with respect to a series of Notes:

- (1) failure by the Issuer to pay interest on any of the Notes of such series when it becomes due and payable and the continuance of any such failure for 30 days;
- (2) failure by the Issuer to pay the principal on any of the Notes of such series when it becomes due and payable, whether at stated maturity, upon redemption, upon purchase, upon acceleration or otherwise;

[Table of Contents](#)

(3) failure by the Issuer to comply with any of its agreements or covenants described above under "—Certain covenants—Limitations on mergers, consolidations, etc." or in respect of its obligations to make a Change of Control Offer as described under "—Change of control";

(4) failure by the Issuer to comply with any other agreement or covenant in the Indenture and continuance of this failure for 30 days after written notice of the failure has been given to the Issuer by the Trustee or by the Holders of at least 25% of the aggregate principal amount of the Notes of such series then outstanding;

(5) default under any mortgage, indenture or other instrument or agreement under which there may be issued or by which there may be secured or evidenced Indebtedness of the Issuer or any Restricted Subsidiary, whether such Indebtedness now exists or is incurred after the Issue Date, which default:

- (a) is caused by a failure to pay at final maturity principal on such Indebtedness within the applicable express grace period and any extensions thereof,
- (b) results in the acceleration of such Indebtedness prior to its express final maturity, or
- (c) results in the commencement of judicial proceedings to foreclose upon, or to exercise remedies under applicable law or the applicable security documents to take ownership of, the assets securing such Indebtedness, and

in each case, the principal amount of such Indebtedness, together with any other Indebtedness with respect to which an event described in clause (a), (b) or (c) has occurred and is continuing, aggregates \$100.0 million or more (and *provided* that, for purposes of this clause (5) only, "Indebtedness" shall include any Hedging Obligations with the "principal amount" of any Hedging Obligations at any time being the maximum aggregate amount (giving effect to any netting agreements) that the Issuer or such Restricted Subsidiary would be required to pay if the agreement with respect to such Hedging Obligations terminated at such time);

(6) one or more judgments or orders that exceed \$100.0 million in the aggregate (net of amounts covered by insurance or bonded) for the payment of money have been entered by a court or courts of competent jurisdiction against the Issuer or any Restricted Subsidiary and such judgment or judgments have not been satisfied, stayed, annulled or rescinded within 60 days of being entered;

(7) the Issuer or any Significant Subsidiary pursuant to or within the meaning of any Bankruptcy Law:

- (a) commences a voluntary case,
- (b) consents to the entry of an order for relief against it in an involuntary case,
- (c) consents to the appointment of a Custodian of it or for all or substantially all of its assets, or
- (d) makes a general assignment for the benefit of its creditors;

(8) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that:

- (a) is for relief against the Issuer or any Significant Subsidiary as debtor in an involuntary case,
- (b) appoints a Custodian of the Issuer or any Significant Subsidiary or a Custodian for all or substantially all of the assets of the Issuer or any Significant Subsidiary, or
- (c) orders the liquidation of the Issuer or any Significant Subsidiary,

[Table of Contents](#)

and the order or decree remains unstayed and in effect for 60 days;

(9) any Note Guarantee ceases to be in full force and effect with respect to such series of Notes (other than in accordance with the terms of such Note Guarantee and the Indenture) or is declared null and void and unenforceable or found to be invalid or any Guarantor denies its liability under its Note Guarantee (other than by reason of release of a Guarantor from its Note Guarantee in accordance with the terms of the Indenture and the Note Guarantee);

(10) (a) the security interest under the Security Documents, at any time, ceases to be in full force and effect for any reason other than in accordance with the terms of the Indenture and the Security Documents, (b) any security interest created thereunder or under the Indenture is declared invalid or unenforceable by a court of competent jurisdiction (other than by reason of release in accordance with the terms of the Indenture and the Security Documents) or (c) the Issuer, any Guarantor, the Parent Pledgor or any of their respective Affiliates asserts, in any pleading in any court of competent jurisdiction, that any such security interest is invalid or unenforceable; or

(11) the Parent Pledgor shall fail to observe or perform any covenant, condition or agreement contained in the Parent Pledge Agreement, and such failure shall continue unremedied for a period of 30 days after notice thereof from the Collateral Agent to the Parent Pledgor.

If an Event of Default specified in clause (7) or (8) with respect to the Issuer or any Guarantor occurs, all outstanding Notes shall become due and payable without any further action or notice. If an Event of Default specified in clause (1) or (2) as to a particular series of Notes occurs, the Trustee or the holders of at least 25% in aggregate principal amount then outstanding of such series of Notes, by written notice to the Issuer and the Trustee, may declare all amounts owing under such series of Notes to be due and payable. If any other Event of Default (other than an Event of Default specified in clause (7) or (8) above with respect to the Issuer or any Guarantor), shall have occurred and be continuing under the Indenture, the Trustee, by written notice to the Issuer, or the Holders of at least 25% in aggregate principal amount of the Notes then outstanding by written notice to the Issuer and the Trustee, may declare all amounts owing under the Notes to be due and payable immediately. Upon any such declaration of acceleration, the aggregate principal of and accrued and unpaid interest on the outstanding Notes (or the outstanding Notes of the relevant series) shall immediately become due and payable; *provided, however*, that after such acceleration, but before a judgment or decree based on acceleration, the Holders of a majority in aggregate principal amount of the outstanding Notes (or the outstanding Notes of the relevant series) may, under certain circumstances, rescind and annul such acceleration if all Events of Default, other than the nonpayment of accelerated principal and interest have been cured or waived as provided in the Indenture.

The Trustee shall, within 30 days after the occurrence of any Default with respect to the Notes of any series, give the Holders of such Notes written notice of all uncured Defaults thereunder known to it; *provided, however*, that, except in the case of an Event of Default in payment with respect to the Notes of such series or a Default in complying with "—Certain covenants—Limitations on mergers, consolidations, etc.," the Trustee shall be protected in withholding such notice if and so long as it in good faith determines that the withholding of such notice is in the interest of the Holders.

No Holder will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder, unless the Trustee:

(1) has failed to act for a period of 60 days after receiving written notice of a continuing Event of Default by such Holder and a request to act by Holders of at least 25% in aggregate principal amount of Notes of the relevant series;

(2) has been offered indemnity satisfactory to it in its reasonable judgment; and

[Table of Contents](#)

(3) has not received from the Holders of a majority in aggregate principal amount of the Notes of the relevant series a direction inconsistent with such request.

However, such limitations do not apply to a suit instituted by a Holder of any Note for enforcement of payment of the principal of or interest on such Note on or after the due date therefor (after giving effect to the grace period specified in clause (1) of the first paragraph of this "—Events of default" section).

The Issuer is required to deliver to the Trustee annually a statement regarding compliance with the Indenture and, upon any Officer of the Issuer becoming aware of any Default, a statement specifying such Default and what action the Issuer is taking or proposes to take with respect thereto.

Legal defeasance and covenant defeasance

The Issuer may, at its option and at any time, elect to have its obligations and the obligations of the Guarantors discharged with respect to the outstanding Notes of either series ("Legal Defeasance"). Legal Defeasance means that the Issuer and the Guarantors shall be deemed to have paid and discharged the entire indebtedness represented by the Notes of the relevant series and the Note Guarantees with respect to such series of Notes, and the Indenture shall cease to be of further effect as to all outstanding Notes of such series and Note Guarantees with respect to such series of Notes, except as to:

- (1) rights of Holders of such series of outstanding Notes to receive payments in respect of the principal of and interest on the Notes of such series when such payments are due from the trust funds referred to below,
- (2) the Issuer's obligations with respect to the Notes of such series concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes, and the maintenance of an office or agency for payment and money for security payments held in trust,
- (3) the rights, powers, trust, duties, and immunities of the Trustee, and the Issuer's obligation in connection therewith, and
- (4) the Legal Defeasance provisions of the Indenture.

In addition, the Issuer may, at its option and at any time, elect to have its obligations and the obligations of the Guarantors released with respect to most of the covenants under the Indenture with respect to either series of Notes, except as described otherwise in the Indenture ("Covenant Defeasance"), and thereafter any omission to comply with such obligations shall not constitute a Default with respect to such series of Notes. In the event Covenant Defeasance occurs, certain Events of Default (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) will no longer apply with respect to the relevant series of Notes. The Issuer may exercise its Legal Defeasance option regardless of whether it previously exercised Covenant Defeasance.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) the Issuer must irrevocably deposit with the Trustee, as trust funds, in trust solely for the benefit of the Holders of the relevant series of Notes, U.S. legal tender, U.S. Government Obligations or a combination thereof, in such amounts as will be sufficient (without consideration of any reinvestment of interest) in the opinion of a nationally recognized firm of independent public accountants selected by the Issuer, to pay the principal of and interest on the Notes of such series on the stated date for payment or on the redemption date of the principal or installment of principal of or interest on the Notes of such series,

[Table of Contents](#)

(2) in the case of Legal Defeasance, the Issuer shall have delivered to the Trustee an opinion of counsel in the United States confirming that:

- (a) the Issuer has received from, or there has been published by the Internal Revenue Service, a ruling, or
- (b) since the Issue Date, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon the opinion of counsel shall confirm that, the Holders of such series of outstanding Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred,

(3) in the case of Covenant Defeasance, the Issuer shall have delivered to the Trustee an opinion of counsel in the United States reasonably acceptable to the Trustee confirming that the Holders of such series of outstanding Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the Covenant Defeasance had not occurred,

(4) no Default shall have occurred and be continuing on the date of such deposit (other than a Default resulting from the borrowing of funds to be applied to such deposit),

(5) the Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a Default under the Indenture or a default under any other material agreement or instrument to which the Issuer or any of its Subsidiaries is a party or by which the Issuer or any of its Subsidiaries is bound (other than any such Default or default resulting solely from the borrowing of funds to be applied to such deposit),

(6) the Issuer shall have delivered to the Trustee an Officer's Certificate stating that the deposit was not made by it with the intent of preferring the Holders of such series of Notes over any other of its creditors or with the intent of defeating, hindering, delaying or defrauding any other of its creditors or others, and

(7) the Issuer shall have delivered to the Trustee an Officer's Certificate and an opinion of counsel, each stating that the conditions provided for in, in the case of the Officer's Certificate, clauses (1) through (6) and, in the case of the opinion of counsel, clauses (2) and/or (3) and (5) of this paragraph have been complied with.

If the funds deposited with the Trustee to effect Covenant Defeasance are insufficient to pay the principal of and interest on the Notes of the relevant series when due, then the obligations of the Issuer and the obligations of Guarantors under the Indenture will be revived and no such defeasance will be deemed to have occurred.

Satisfaction and discharge

The Indenture will be discharged and will cease to be of further effect (except as to rights of registration of transfer or exchange of Notes which shall survive until all Notes have been canceled) as to all outstanding Notes of a series when either:

- (1) all the Notes of such series that have been authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes of such series for whose payment money has been deposited in trust or segregated and held in trust by the Issuer and

[Table of Contents](#)

thereafter repaid to the Issuer or discharged from this trust) have been delivered to the Trustee for cancellation, or

(2) (a) all Notes of such series not delivered to the Trustee for cancellation otherwise (i) have become due and payable, (ii) will become due and payable, or may be called for redemption, within one year or (iii) have been called for redemption pursuant to the provisions described under "—Optional redemption," and, in any case, the Issuer has irrevocably deposited or caused to be deposited with the Trustee as trust funds, in trust solely for the benefit of the Holders of such Notes, U.S. legal tender, U.S. Government Obligations or a combination thereof, in such amounts as will be sufficient (without consideration of any reinvestment of interest) to pay and discharge the entire Indebtedness (including all principal and accrued interest) on the Notes of such series not theretofore delivered to the Trustee for cancellation,

(b) the Issuer has paid all sums payable by it under the Indenture with respect to the relevant series of Notes, and

(c) the Issuer has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the Notes of such series at maturity or on the date of redemption, as the case may be.

In addition, the Issuer must deliver an Officer's Certificate and an opinion of counsel stating that all conditions precedent to satisfaction and discharge have been complied with.

Transfer and exchange

A Holder will be able to register the transfer of or exchange Notes only in accordance with the provisions of the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and to pay any taxes and fees required by law or permitted by the Indenture. Without the prior consent of the Issuer, the Registrar is not required (1) to register the transfer of or exchange any Note selected for redemption, (2) to register the transfer of or exchange any Note for a period of 15 days before a selection of Notes of such series to be redeemed or (3) to register the transfer or exchange of a Note between a record date and the next succeeding interest payment date.

The Notes of each series will be issued in registered form and the registered Holder will be treated as the owner of such Note for all purposes.

Amendment, supplement and waiver

Subject to certain exceptions, the Indenture or the Notes may be amended with the consent (which may include consents obtained in connection with a tender offer or exchange offer for Notes) of the Holders of at least a majority in aggregate principal amount of the Notes then outstanding, and any existing Default under, or compliance with any provision of, the Indenture may be waived (other than any continuing Default in the payment of the principal or interest on the Notes) with the consent (which may include consents obtained in connection with a tender offer or exchange offer for Notes) of the Holders of a majority in aggregate principal amount of the Notes then outstanding; *provided, however*, that if any such amendment or waiver, by its terms, directly and disproportionately affects one series of Notes then outstanding, such amendment or waiver shall require the consent (which may include consents obtained in connection with a tender offer or exchange offer for Notes) of the holders of a majority in principal amount of such series of Notes then outstanding, and if any such amendment or waiver only affects one series of Notes, the holders of the other series of Notes shall not be required to consent thereto. Furthermore, without the consent of each Holder affected, no amendment or waiver may:

(1) reduce, or change the maturity of, the principal of any Note;

- (2) reduce the rate of or extend the time for payment of interest on any Note;
- (3) reduce any premium payable upon redemption of the Notes or change the date on, or the circumstances under, which any Notes are subject to redemption (other than provisions relating to the purchase of Notes described above under "—Change of control," except that if a Change of Control has occurred, no amendment or other modification of the obligation of the Issuer to make a Change of Control Offer relating to such Change of Control shall be made without the consent of each Holder of the Notes affected);
- (4) make any Note payable in money or currency other than that stated in the Notes;
- (5) modify or change any provision of the Indenture or the related definitions to affect the ranking of the Notes or any Note Guarantee in a manner that adversely affects the Holders;
- (6) reduce the percentage of Holders necessary to consent to an amendment or waiver to the Indenture or the Notes;
- (7) waive a default in the payment of principal of or premium or interest on any Notes (except a rescission of acceleration of the Notes by the Holders thereof as provided in the Indenture and a waiver of the payment default that resulted from such acceleration);
- (8) impair the rights of Holders to receive payments of principal of or interest on the Notes on or after the due date therefor or to institute suit for the enforcement of any payment on the Notes;
- (9) release any Guarantor that is a Material Domestic Subsidiary from any of its obligations under its Note Guarantee or the Indenture, except as permitted by the Indenture, or amend the definition of Material Domestic Subsidiary in a manner adverse to Holders; or
- (10) make any change in these amendment and waiver provisions.

In addition, without the consent of at least 75% in aggregate principal amount of Notes then outstanding (or the Notes of the relevant series of Notes, as applicable), no amendment, supplement or waiver may modify any Security Document or the provisions of the Indenture dealing with the Security Documents or application of trust moneys, or otherwise release any Collateral, in each case in any manner that materially and adversely affects the rights of the Holders to equally and ratably share in the Liens provided for in the Security Documents in a manner that is materially disproportionate to the effect of such amendment, supplement or waiver on the holders of the other obligations secured by the Security Documents.

Notwithstanding the foregoing, the Issuer and the Trustee (or, in the case of Security Documents, the Collateral Agent) may amend the Indenture, the Security Documents, the Note Guarantees or the Notes of either series without the consent of any Holder, to cure any ambiguity, defect or inconsistency; to provide for uncertificated Notes in addition to or in place of certificated Notes; to provide for the assumption of the Issuer's or a Guarantor's obligations to the Holders in the case of a merger, consolidation or sale of all or substantially all of the assets in accordance with "—Certain covenants—Limitations on mergers, consolidations, etc."; to release any Guarantor from any of its obligations under its Note Guarantee or the Indenture (to the extent permitted by the Indenture); to make any change that does not materially adversely affect the rights of any Holder; in the case of the Indenture, to maintain the qualification of the Indenture under the Trust Indenture Act; to mortgage, pledge, hypothecate or grant any other Lien in favor of the Trustee or the Collateral Agent for the benefit of the Holders of the Notes as additional security for the payment and performance of all or any portion of the obligations under the Notes and the Indenture in any property or assets, including any which are required to be mortgaged, pledged or hypothecated, or in which a Lien is required to be granted to or for the benefit of the Trustee or the Collateral Agent pursuant to the Indenture, any of the Security Documents or otherwise; to add or remove Secured Parties (or any agent acting on their

[Table of Contents](#)

behalf) to any Security Documents or to release Collateral from the Lien of the Indenture and the Security Documents when permitted or required by the Security Documents or the Indenture. The consent of the Holders is not necessary under the Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

No personal liability of directors, officers, employees and stockholders

No director, officer, employee, incorporator or stockholder of the Issuer or any Guarantor will have any liability for any obligations of the Issuer under the Notes of either series or the Indenture or of any Guarantor under its Note Guarantee or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes and the Note Guarantees. The waiver may not be effective to waive liabilities under the federal securities laws. It is the view of the SEC that this type of waiver is against public policy.

Concerning the trustee

U.S. Bank National Association is the Trustee under the Indenture and has been appointed by the Issuer as Registrar and Paying Agent with regard to the Notes. The Indenture contains certain limitations on the rights of the Trustee, should it become a creditor of the Issuer, to obtain payment of claims in certain cases, or to realize on certain assets received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest (as defined in the Indenture), it must eliminate such conflict within 90 days, apply to the SEC for permission to continue (if the Indenture has been qualified under the Trust Indenture Act) or resign.

The Holders of a majority in principal amount of the then outstanding Notes (or the Notes of the relevant series, if applicable) will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The Indenture provides that, in case an Event of Default occurs and is not cured, the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent person in similar circumstances in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any Holder, unless such Holder shall have offered to the Trustee security and indemnity satisfactory to the Trustee.

Governing law

The Indenture, the Notes of each series and the Note Guarantees are governed by, and construed in accordance with, the laws of the State of New York.

Certain definitions

Set forth below is a summary of certain of the defined terms used in the Indenture. Reference is made to the Indenture for the full definition of all such terms.

"2009 Notes" means the 7.50% Senior Secured Notes due 2019 issued by the Issuer on September 25, 2009.

Book-entry, delivery and form

The certificates representing the exchange notes will be issued in fully registered form without interest coupons. The exchange notes initially will be represented by permanent global notes in fully registered form without interest coupons (each, a "Global Note") and will be deposited with the Trustee as a custodian for DTC, as depository, and registered in the name of a nominee of such depository, in each case for credit to an account of a direct or indirect participant in DTC as described below.

The Global Notes

We expect that, pursuant to procedures established by DTC, (i) upon the issuance of the Global Notes, DTC or its custodian will credit, on its internal system, the principal amount at maturity of the individual beneficial interests represented by such Global Notes to the respective accounts of persons who have accounts with such depository ("participants") and (ii) ownership of beneficial interests in the Global Notes will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants). Such accounts initially will be designated by or on behalf of the initial purchasers and ownership of beneficial interests in the Global Notes will be limited to participants or persons who hold interests through participants. Holders may hold their interests in the Global Notes directly through DTC if they are participants in such system, or indirectly through organizations that are participants in such system.

So long as DTC or its nominee is the registered owner or holder of the notes, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the notes represented by such Global Notes for all purposes under the indenture. No beneficial owner of an interest in the Global Notes will be able to transfer that interest except in accordance with DTC's procedures, in addition to those provided for under the indenture with respect to the notes.

Payments of the principal of, and premium (if any) and interest (including additional interest, if any) on, the Global Notes will be made to DTC or its nominee, as the case may be, as the registered owner thereof. None of the issuer, the Trustee or any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interest.

We expect that DTC or its nominee, upon receipt of any payment of principal of, and premium (if any) and interest (including additional interest, if any) on the Global Notes, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the Global Notes as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the Global Notes held through such participants will be governed by standing instructions and customary practice, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such participants.

Transfers between participants in DTC will be effected in the ordinary way through DTC's same-day funds system in accordance with DTC rules and will be settled in same-day funds. If a holder requires physical delivery of a Certificated Security, such holder must transfer its interest in a Global Note, in accordance with the normal procedures of DTC and with the procedures set forth in the Indenture.

DTC has advised us that it will take any action permitted to be taken by a holder of notes (including the presentation of notes for exchange as described below) only at the direction of one or more participants to whose account the DTC interests in the Global Notes are credited and only in respect of such portion of the aggregate principal amount of notes as to which such participant or participants has or have given such direction. However, if there is an event of default under the indenture, DTC will exchange the Global Notes for Certificated Securities, which it will distribute to its participants and which will be legended as set forth in the notes and the indenture.

DTC has advised us as follows: DTC is a limited-purpose trust company organized under New York banking law, a "banking organization" within the meaning of the New York banking law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for issues of U.S. and non-U.S. equity, corporate and municipal debt issues that participants deposit with DTC. DTC also facilitates the post-trade settlement among participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between participants' accounts. This eliminates the need for physical movement of securities certificates. Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to the DTC system is also available to indirect participants such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in the Global Notes among participants of DTC, it is under no obligation to perform such procedures, and such procedures may be discontinued at any time. None of us, the Trustee or any paying agent will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Certificated Securities

A Global Note is exchangeable for certificated notes in fully registered form without interest coupons ("Certificated Securities") only in the following limited circumstances:

- DTC notifies us that it is unwilling or unable to continue as depository for the Global Note and we fail to appoint a successor depository within 90 days of such notice, or
- there shall have occurred and be continuing an event of default with respect to the notes under the indenture and DTC shall have requested the issuance of Certificated Securities.

Certificated Securities may not be exchanged for beneficial interests in any Global Note unless the transferor first delivers to the Trustee a written certificate (in the form provided in the indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such notes, if any.

The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer the notes will be limited to such extent.

Material U.S. federal income and estate tax consequences

The following discussion is a summary of the material U.S. federal income and, in the case of certain non-U.S. holders, estate tax consequences of the exchange of original notes for exchange notes pursuant to the exchange offer and the ownership and disposition of the exchange notes described in this prospectus. This summary is based upon the provisions of the Code, applicable U.S. Treasury Regulations promulgated thereunder, judicial authorities and administrative interpretations, in each case as of the date of this prospectus, all of which are subject to change and different interpretations, possibly with retroactive effect. We cannot assure you that the U.S. Internal Revenue Service (the "IRS") will not challenge one or more of the tax consequences described in this discussion, and we have not obtained, nor do we intend to obtain, a ruling from the IRS with respect to the U.S. federal income and estate tax consequences of acquiring, holding or disposing of the notes.

This discussion does not purport to address all U.S. federal income and estate tax consequences that may be relevant to a holder in light of the holder's particular circumstances or status, nor does it discuss the U.S. federal income tax consequences to certain types of holders subject to special treatment under the U.S. federal income tax laws, such as financial institutions, insurance companies, regulated investment companies, tax-exempt entities, dealers in securities, partnerships or other pass-through entities (or investors in such entities), U.S. holders (as defined below) whose "functional currency" is not the U.S. dollar, non-U.S. trusts and estates that have U.S. beneficiaries, persons subject to the alternative minimum tax, U.S. expatriates and former long-term residents of the U.S., or persons that hold the notes as part of a hedge, wash sale, conversion transaction, straddle or other risk reduction transaction. This discussion is limited to those holders that hold the notes as capital assets (generally, property held for investment). Moreover, this discussion does not address the tax consequences arising under any applicable state, local or foreign tax laws or the application of any U.S. federal taxes other than U.S. federal income taxes (such as the federal gift tax or the Medicare tax on certain investment income) and, except as specifically noted under "—Tax consequences to non-U.S. holders—Material U.S. federal estate tax considerations," the federal estate tax.

If any entity treated as a partnership for U.S. federal income tax purposes holds notes, the U.S. federal income tax treatment of a partner of the partnership generally will depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership which holds notes or is considering an investment in the notes, you are urged to consult your own tax advisor about the tax consequences of the exchange offer and of acquiring, owning and disposing of the notes.

Holders of notes and investors considering the purchase of notes are urged to consult their own tax advisors regarding the application of the U.S. federal tax laws to their particular situations and the applicability and effect of state, local or foreign tax laws and tax treaties.

Effect of certain contingent payments

In certain circumstances, we may be obligated to pay amounts on the notes that are in excess of the stated interest on, or principal amount of, the notes and/or the timing of payments on the notes may be affected. See, for example, "Description of notes—Change of control." This may cause the notes to be subject to special rules for debt instruments with contingent payments unless, as of the issue date of the notes, the likelihood of the events that would result in any of such contingencies occurring is "remote" and/or such contingencies, in the aggregate, are considered "incidental." We intend to take the position that such contingencies should be treated as remote and/or incidental, as of the issue date of the notes, within the meaning of the applicable U.S. Treasury Regulations and, accordingly, we do not intend to treat the notes as contingent payment debt instruments. Under applicable U.S. Treasury Regulations, our determination that such contingencies are remote and/or incidental is binding on all holders of the notes (other than holders that properly disclose to the IRS that they are taking a different position) but is not binding on the IRS. The IRS may take a contrary

position, which, if sustained, could require holders to accrue ordinary interest income on the notes at a rate in excess of the stated interest rate and to treat any gain recognized on a sale or other taxable disposition of a note as ordinary interest income rather than as capital gain. The remainder of this discussion assumes that the notes are not contingent payment debt instruments.

Tax consequences to U.S. holders

You are a "U.S. holder" for purposes of this discussion if you are a beneficial owner of a note and, for U.S. federal income tax purposes, you are:

- an individual who is a citizen or a resident of the U.S.;
- a corporation that is organized under the laws of the U.S., any state thereof or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust, if (1) a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (2) such trust has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a U.S. person.

Exchange offer

The exchange of original notes for exchange notes will not be treated as an "exchange" for U.S. federal income tax purposes because the exchange notes will not be considered to differ materially in kind from the original notes. Accordingly, in the case of the exchange offer:

- you will not recognize gain or loss upon receipt of an exchange note;
- the adjusted tax basis of the exchange note you receive will be the same as your adjusted tax basis in the original note (determined immediately prior to the exchange) that is exchanged therefor; and
- the holding period of the exchange note you receive will include your holding period of the original note exchanged therefor.

Stated interest on the notes

Payments of stated interest on the notes will generally be taxable to you as ordinary interest income at the time such stated interest is received or accrued in accordance with your regular method of accounting for U.S. federal income tax purposes.

Amortizable bond premium

If you purchase a note for an amount that is greater than the sum of all remaining payments on the note other than stated interest, you will be treated as having purchased the note with "amortizable bond premium" in an amount equal to such excess. Amortizable bond premium on original notes should carry over to the exchange notes received in exchange therefor. A U.S. holder may elect to amortize this premium using a constant yield method over the term of the notes and generally may offset interest in respect of the note otherwise required to be included in income by the amortized amount of the premium for the taxable year. A U.S. holder that elects to amortize bond premium must reduce its tax basis in its note by the amount of the premium amortized in any taxable year. An election to amortize bond premium is binding once made and applies to all bonds held by the holder at the beginning of the first taxable year to which this election applies and to all bonds thereafter

[Table of Contents](#)

acquired. You are urged to consult your own tax advisor concerning the computation and amortization of any bond premium on your notes.

Market discount

If you purchase a note for an amount that is less than its stated principal amount, you will be treated as having purchased the note with "market discount" unless the discount is less than a specified *de minimis* amount. Under the market discount rules, a U.S. holder generally will be required to treat any gain realized on the sale, exchange, retirement or other disposition of a note as ordinary income to the extent of any accrued market discount that has not previously been included in income. For this purpose, market discount will be considered to accrue ratably during the period from the date of the U.S. holder's acquisition of the note to the maturity date of the note, unless the U.S. holder made an election to accrue market discount on a constant yield basis. Accrued market discount on original notes that has not previously been included in income by a U.S. holder should carry over to the exchange notes received in exchange therefor. A U.S. holder may be required to defer the deduction of all or a portion of the interest paid or accrued on any indebtedness incurred or maintained to purchase or carry a note with market discount until the maturity date or certain earlier dispositions.

A U.S. holder may elect to include market discount in income currently as it accrues on either a ratable or a constant yield basis, in which case the rules described above regarding (1) the treatment of any gain realized upon the disposition of the note as ordinary income and (2) the deferral of interest deductions will not apply. Market discount which is included in income currently as it accrues is generally treated as ordinary interest income for U.S. federal income tax purposes and will be added to the basis of the note. An election to include market discount in income as it accrues will apply to all debt instruments with market discount acquired by the U.S. holder on or after the first day of the taxable year to which the election applies and may be revoked only with the consent of the IRS.

Disposition of the notes

Subject to the discussion above under the heading "—Market discount", you will generally recognize capital gain or loss on the sale, redemption, exchange, retirement or other taxable disposition of a note equal to the difference between (i) the amount realized on such disposition (excluding amounts attributable to any accrued but unpaid stated interest, which will be taxable as ordinary income to the extent you have not previously included the accrued interest in income) and (ii) your adjusted tax basis in the note. The amount realized will equal the sum of any cash and the fair market value of any other property received on the disposition. Your adjusted tax basis in a note will generally equal the amount you paid for the note (adjusted, if applicable, as described above under the headings "—Amortizable bond premium" and "—Market discount"). Such gain or loss will be long-term capital gain or loss if you held the note for more than one year at the time of the disposition. Long-term capital gains of non-corporate holders are generally eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

Information reporting and backup withholding

Information reporting requirements may apply to payments of interest and the proceeds of the disposition (including a retirement or redemption) of notes. These requirements, however, do not apply with respect to certain exempt U.S. holders, such as corporations.

Backup withholding (currently at a rate of 28%) may apply to payments of the foregoing amounts, unless you provide the paying agent with a taxpayer identification number, certified under penalties of perjury, as well as certain other information, or otherwise establish an exemption from backup withholding.

[Table of Contents](#)

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a credit against your U.S. federal income tax liability and may entitle you to a refund, provided the required information is timely furnished to the IRS.

Tax consequences to non-U.S. holders

Except as modified for estate tax purposes, you are a "non-U.S. holder" for purposes of this discussion if you are a beneficial owner of notes that is, for U.S. federal income tax purposes, an individual, corporation, estate or trust that is not a U.S. holder.

Exchange offer

The U.S. federal income tax consequences of the exchange of original notes for exchange notes pursuant to the exchange offer will be as described in "—Tax consequences to U.S. holders—Exchange offer" above.

Interest on the notes

Subject to the discussion below under the headings "—Information reporting and backup withholding" and "—Foreign Account Tax Compliance Act," payments of interest on the notes generally will be exempt from U.S. federal income or withholding tax under the "portfolio interest" exemption if you properly certify as to your foreign status, as described below, and:

- you do not own, actually or constructively, 10% or more of the total combined voting power of all classes of our stock entitled to vote;
- you are not a bank whose receipt of interest on the notes is in connection with an extension of credit made pursuant to a loan agreement entered into in the ordinary course of business;
- you are not a "controlled foreign corporation" for U.S. federal income tax purposes that is related to us; and
- interest on the notes is not effectively connected with your conduct of a U.S. trade or business.

The portfolio interest exemption applies only if you appropriately certify as to your foreign status. You can generally meet this certification requirement by providing a properly executed IRS Form W-8BEN or W-8BEN-E, as applicable, or appropriate substitute form to us or our paying agent. If you hold the notes through a financial institution or other agent acting on your behalf, you may be required to provide appropriate certifications to your agent. Your agent will then generally be required to provide appropriate certifications to us or our paying agent, either directly or through other intermediaries.

If you cannot satisfy the requirements described above, payments of interest made to you will be subject to U.S. federal withholding tax, currently at a 30% rate, unless (i) you provide us or our paying agent with a properly executed IRS Form W-8BEN or W-8BEN-E, as applicable (or successor form) claiming an exemption from (or a reduction of) withholding under an applicable income tax treaty or (ii) the payments of interest are effectively connected with your conduct of a trade or business in the U.S. and you meet the certification requirements described below (see "—Income or gain effectively connected with a U.S. trade or business").

Disposition of notes

Subject to the discussion below under the headings "—Information reporting and backup withholding" and "Foreign Account Tax Compliance Act," you generally will not be subject to U.S. federal income or withholding tax on any gain realized on the sale, redemption, exchange, retirement

[Table of Contents](#)

or other taxable disposition of a note (other than amounts attributable to accrued and unpaid interest, which will be treated as described above under "—Interest on the notes"), unless:

- the gain is effectively connected with the conduct by you of a U.S. trade or business; or
- you are an individual who has been present in the U.S. for 183 days or more in the taxable year of disposition and certain other requirements are met.

If you are a non-U.S. holder described in the first bullet point above, you generally will be subject to U.S. federal income tax as described below (see "—Income or gain effectively connected with a U.S. trade or business"). If you are a non-U.S. holder described in the second bullet point above, you generally will be subject to U.S. federal income tax at a flat 30% rate (or a lower applicable treaty rate) on the gain derived from the sale, redemption, exchange, retirement or other taxable disposition, which may be offset by certain U.S. source capital losses, unless an applicable income tax treaty provides otherwise.

Income or gain effectively connected with a U.S. trade or business

If any interest on the notes or gain from the sale, redemption, exchange, retirement or other taxable disposition of the notes is effectively connected with a U.S. trade or business conducted by you, then you will generally be subject to U.S. federal income tax in the same manner as a U.S. holder (unless an applicable income tax treaty provides otherwise). If interest received with respect to the notes is effectively connected income (whether or not a treaty applies), the U.S. federal withholding tax described above will not apply, assuming an appropriate certification is provided. You can generally meet the certification requirements by providing a properly executed IRS Form W-8ECI or appropriate substitute form to us or our paying agent. In addition, if you are a corporation for U.S. federal income tax purposes, that portion of your earnings and profits that is effectively connected with your U.S. trade or business, subject to certain adjustments, may also be subject to a "branch profits tax" at a 30% rate (or a lower applicable treaty rate).

Information reporting and backup withholding

Payments to you of interest on a note, and amounts withheld from such payments, if any, generally will be required to be reported to the IRS and to you. Backup withholding (currently at a rate of 28%) generally will not apply to payments of interest on a note to a non-U.S. holder if the certification described in "—Interest on the notes" above is provided by the holder, or the holder otherwise establishes an exemption, provided that we do not have actual knowledge or reason to know that the holder is a U.S. person.

Proceeds from a disposition (including a retirement or redemption) of a note effected by the U.S. office of a U.S. or foreign broker will be subject to information reporting requirements and backup withholding unless you properly certify, under penalties of perjury, as to your foreign status and certain other conditions are met, or you otherwise establish an exemption. Information reporting and backup withholding generally will not apply to any proceeds from the disposition of a note effected outside the U.S. by a foreign office of a broker; however, if such broker has certain connections to the U.S., then information reporting, but not backup withholding, will apply unless the broker has documentary evidence in its records that you are a non-U.S. holder and certain other conditions are met, or you otherwise establish an exemption.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a credit against your U.S. federal income tax liability, if any, and may entitle you to a refund, provided the required information is timely furnished to the IRS.

Foreign Account Tax Compliance Act

Legislation enacted in 2010 imposes a U.S. federal withholding tax of 30% on payments of interest on, or the gross proceeds from a disposition of, a debt instrument paid to certain non-U.S. entities, including certain foreign financial institutions and investment funds (including, in some instances, where such an entity is acting as an intermediary), unless such non-U.S. entity complies with certain reporting requirements regarding its United States account holders and its United States owners. Pursuant to Treasury Regulations and other administrative guidance, this withholding tax currently applies to payments of interest on the notes and will apply to payments of the gross proceeds from a disposition of the notes beginning January 1, 2017. Holders of the notes should consult their own tax advisors regarding the new withholding and reporting provisions.

Material U.S. federal estate tax considerations

If you are an individual who is not a citizen or resident of the U.S. (as specially defined for U.S. federal estate tax purposes) at the time of your death, any notes owned (or deemed to be owned) by you will not be included in your estate for U.S. federal estate tax purposes provided that, at the time of your death, interest on the notes qualifies for the portfolio interest exemption under the rules described in "—Interest on the notes," without regard to the certification requirement.

The preceding discussion of material U.S. federal income (and, with respect to non-U.S. holders, estate) tax consequences is for general information only and is not tax advice. We urge each holder of notes or prospective investor to consult its own tax advisor regarding the particular U.S. federal, state, local and foreign tax consequences of the exchange offer and of acquiring, owning and disposing of the notes, including the consequences of any proposed change in applicable laws.

Plan of distribution

Based on interpretations of the staff of the SEC in no-action letters issued to third parties, we believe the exchange notes may be offered for resale, resold and otherwise transferred by any holder without compliance with the registration and prospectus delivery requirements of the Securities Act provided such holder meets the following conditions:

- such holder is not a broker-dealer who purchased original notes directly from us for resale pursuant to Rule 144A or any other available exemption under the Securities Act;
- such holder is not our "affiliate" within the meaning of Rule 405 under the Securities Act; and
- such holder acquires exchange notes in the ordinary course of its business and has no arrangement or understanding with any person to participate in the distribution of the exchange notes.

If you do not satisfy all of the above conditions, you cannot participate in the exchange offer.

If you wish to receive exchange notes for your outstanding notes in the exchange offer, you will be required to make representations to us as described in "The exchange offer—Procedures for tendering original notes—Your Representations to Us" in this prospectus. As indicated in the letter of transmittal, you will be deemed to have made these representations by tendering your outstanding notes in the exchange offer.

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for original notes where such original notes were acquired as a result of market-making activities or other trading activities. We have agreed that we will make this prospectus available to any broker-dealer for use in

[Table of Contents](#)

connection with any such resale for a period ending on the earlier of 180 days from the effective date of the registration statement of which this prospectus forms a part and the date on which a broker-dealer is no longer required to deliver a prospectus in connection with market-making or other trading actions. In addition, until _____, 2015 (90 days after the date of this prospectus), all dealers effecting transactions in the exchange notes may be required to deliver a prospectus.

We will not receive any proceeds from the exchange of original notes for exchange notes or from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions:

- in the over-the-counter market,
- in negotiated transactions,
- through the writing of options on the exchange notes or a combination of such methods of resale,
- at market prices prevailing at the time of resale,
- at prices related to such prevailing market prices, or
- at negotiated prices.

Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such exchange notes.

Any broker-dealer that resells exchange notes received for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit on any such resale of exchange notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver a prospectus and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

For a period described in Section 4(a)(3) and Rule 174 under the Securities Act that is applicable to transactions by broker-dealers with respect to the exchange notes, we will promptly send additional copies of this prospectus at no charge and any amendment or supplement to this prospectus to any broker-dealer that requests such documents. We have agreed to pay all expenses incident to the exchange offer (including the reasonable fees and expenses of one counsel for the holders of the original notes) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the original notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

Legal matters

The validity of notes will be passed upon for us by Baker Botts L.L.P., New York, New York, and certain matters of North Carolina law will be passed upon by Womble Carlyle Sandridge & Rice, LLP and certain matters of Texas law will be passed upon by Jackson Walker L.L.P., as set forth in and limited by their respective opinions filed as exhibits to the Registration Statement on Form S-4 of which this prospectus is a part.

Management's discussion and analysis of financial condition and results of operations
June 30, 2014

The following discussion and analysis provides information concerning our results of operations and financial condition. This discussion should be read in conjunction with our accompanying unaudited condensed consolidated financial statements and the notes thereto and our accompanying audited consolidated financial statements and the notes thereto.

Overview

QVC, Inc. (unless otherwise indicated or required by the context, the terms "we," "our," "us," the "Company" and "QVC" refer to QVC, Inc. and its consolidated subsidiaries) is a retailer of a wide range of consumer products, which are marketed and sold primarily by merchandise-focused televised shopping programs, the Internet and mobile applications. In the United States, QVC's live programming is distributed via its nationally televised shopping program 24 hours per day, 364 days per year ("QVC-U.S."). Internationally, QVC's program services are based in Japan ("QVC-Japan"), Germany ("QVC-Germany"), the United Kingdom ("QVC-U.K.") and Italy ("QVC-Italy"). QVC-Japan distributes live programming 24 hours per day, QVC-Germany distributes its program 24 hours per day with 17 hours of live programming and QVC-U.K. distributes its program 24 hours per day with 17 hours of live programming. QVC-Italy distributes programming live for 17 hours per day on satellite and digital terrestrial television and an additional seven hours per day of recorded programming on satellite and seven hours per day of general interest programming on digital terrestrial television.

The Company also has a joint venture with China Broadcasting Corporation, a limited liability company owned by China National Radio ("CNR"). The Company owns a 49% interest in a CNR subsidiary, CNR Home Shopping Co., Ltd. ("CNRS"). CNRS distributes live programming for 15 hours per day and recorded programming for nine hours per day. This joint venture is accounted for as an equity method investment recorded as equity in (losses) earnings of investee in the condensed consolidated statements of operations.

Additionally, the Company's Japanese operations are conducted through a venture with Mitsui & Co. LTD ("Mitsui") for a television and multimedia retailing service in Japan. QVC-Japan is owned 60% by the Company and 40% by Mitsui. The Company and Mitsui share in all profits and losses based on their respective ownership interests. For both the six months ended June 30, 2014 and 2013, QVC-Japan paid dividends to Mitsui of \$25 million, respectively.

We are an indirect wholly owned subsidiary of Liberty Interactive ("Liberty"), which owns interests in a broad range of digital commerce businesses. On August 9, 2012, Liberty completed the recapitalization of its common stock into shares of the corresponding series of two new tracking stocks, Liberty Interactive (Nasdaq: LINTA, LINTB) and Liberty Ventures (Nasdaq: LVNTA, LVNTB). On October 3, 2014, Liberty's board of directors approved (i) the change in attribution from the Liberty Interactive Group to the Liberty Ventures Group of its digital commerce companies (Provide Commerce, Inc., Backcountry.com, Inc., Bodybuilding.com, LLC, CommerceHub and the Evite.com business), together with \$970 million in cash, effective immediately; (ii) the creation of an inter-group interest in Liberty Ventures Group in favor of the former Liberty Interactive Group (which will now be referred to as the "QVC Group"), which is represented as a number of Liberty Ventures shares that may be issued to the QVC Group ("Inter-Group Interest Shares") calculated in accordance with Liberty's Restated Certificate of Incorporation; and (iii) a dividend of the Inter-Group Interest Shares to the holders of QVC Group common stock in full elimination of the inter-group interest. In connection with the payment of the dividend, typical antidilution adjustments will be made to outstanding QVC Group equity incentive awards, and the Liberty board reattributed \$30 million in cash to the Liberty Ventures Group relating to its assumption of liabilities related to those awards. We

[Table of Contents](#)

refer to the foregoing transactions as the "2014 Reattribution." As a result of these transactions, we are now attributed to the new QVC Group, which tracks the assets and liabilities of our company and Liberty's 38% equity interest in HSN, Inc., one of our two closest televised shopping competitors, and the trading symbols for the Series A QVC Group tracking stock and the Series B QVC Group tracking stock have changed to "QVCA" and "QVCB," respectively.

On April 16, 2014, QVC announced plans to expand its global presence into France. Similar to its other markets, QVC plans to offer a highly immersive digital shopping experience, with strong integration across e-commerce, TV, mobile and social platforms, with the launch scheduled for the second quarter of 2015.

Strategies and challenges of business units

QVC's goal is to become the preeminent global multimedia shopping community for people who love to shop, and to offer a shopping experience that is as much about entertainment and enrichment as it is about buying. QVC's objective is to provide an integrated shopping experience that utilizes all forms of media including television, the Internet and mobile devices. QVC intends to employ several strategies to achieve these goals and objectives. Among these strategies are to (i) extend the breadth, relevance and exposure of the QVC brand; (ii) source products that represent unique quality and value; (iii) create engaging presentation content in televised programming, mobile and online; (iv) leverage customer loyalty and continue multi-platform expansion; and (v) create a compelling and differentiated customer experience. In addition, QVC expects to expand globally by leveraging its existing systems, infrastructure and skills in other countries around the world.

QVC's future net revenue growth will primarily depend on international expansion, sales growth from e-commerce and mobile platforms, additions of new customers from households already receiving QVC's television programming and increased spending from existing customers. QVC's future net revenue may also be affected by (i) the willingness of cable television and direct-to-home satellite system operators to continue carrying QVC's programming service; (ii) QVC's ability to maintain favorable channel positioning, which may become more difficult due to governmental action or from distributors converting analog customers to digital; (iii) changes in television viewing habits because of personal video recorders, video-on-demand and Internet video services; and (iv) general economic conditions.

The prolonged economic uncertainty in various regions of the world in which our subsidiaries and affiliates operate could adversely affect demand for our products and services since a substantial portion of our revenue is derived from discretionary spending by individuals, which typically falls during times of economic instability. Global financial markets continue to experience disruptions, including increased volatility and diminished liquidity and credit availability. The world has experienced a global macroeconomic downturn, and if economic and financial market conditions in the U.S. or other key markets, including Japan and Europe, remain uncertain, persist, or deteriorate further, our customers may respond by suspending, delaying, or reducing their discretionary spending. A suspension, delay or reduction in discretionary spending could adversely affect revenue. Accordingly, our ability to increase or maintain revenue and earnings could be adversely affected to the extent that relevant economic environments remain weak or decline further. Such weak economic conditions may also inhibit our expansion into new markets. We currently are unable to predict the extent of any of these potential adverse effects.

Net revenue

Net revenue was generated in the following geographical areas:

(in millions)	Three months ended June 30,		Six months ended June 30,	
	2014	2013	2014	2013
QVC-U.S.	\$ 1,352	1,312	2,657	2,609
QVC-Japan	223	260	457	516
QVC-Germany	227	207	477	457

QVC-Italy	34	29	66	60
Consolidated QVC	\$ 2,014	1,961	4,000	3,935

QVC's consolidated net revenue increased 2.7% and increased 1.7% for the three and six month periods ended June 30, 2014, respectively, as compared to the corresponding periods in the prior year. The three month increase in net revenue was primarily comprised of \$25 million due to a 1.1%

[Table of Contents](#)

increase in units sold, \$13 million due to a 0.6% increase in consolidated average selling price per unit ("ASP") and \$20 million in favorable foreign currency exchange rates in all countries except Japan. These amounts were offset primarily by a decrease of \$3 million in shipping and handling revenue. The six month increase in net revenue was primarily comprised of \$36 million due to a 0.8% increase in ASP, \$26 million due to a 0.6% increase in units sold and \$14 million in favorable foreign currency rates in all countries except Japan. These amounts were negatively impacted by unfavorable returns in the U.S., partially offset by favorability in Germany. The increase in the returns in the U.S. was primarily due to adjustments to prior period estimates based on actual experience, whereas the decrease in Germany was primarily due to lower returns in all categories and a positive mix shift from the apparel and jewelry categories to home, which typically returns at lower rates.

During the three and six month periods ended June 30, 2014, the changes in revenue and expenses were affected by changes in the exchange rates for the Japanese Yen, the Euro and the U.K. Pound Sterling. In the event the U.S. Dollar strengthens against these foreign currencies in the future, QVC's revenue and operating cash flow will be negatively affected.

The percentage increase (decrease) in net revenue for each of QVC's geographic areas in U.S. Dollars and in local currency was as follows:

	Three months ended June 30, 2014		Six months ended June 30, 2014	
	U.S. Dollars	Local currency	U.S. Dollars	Local currency
QVC-U.S.	3.0%	3.0%	1.8%	1.8%
QVC-Japan	(14.2)%	(11.1)%	(11.4)%	(5.0)%
QVC-Germany	9.7%	4.7%	4.4%	0.1%
QVC-U.K.	16.3%	5.8%	17.1%	7.9%
QVC-Italy	17.2%	8.6%	10.0%	5.6%

QVC-U.S.' net revenue growth for the three months ended June 30, 2014 was primarily due to a 3.1% increase in units shipped and a 1.2% increase in ASP, partially offset by an increase in estimated product returns due to adjustments to prior period estimates based on actual experience. QVC-U.S.' net revenue growth for the six months ended June 30, 2014 was primarily due to a 2.2% increase in units shipped and a 0.9% increase in ASP, partially offset by the increase in estimated product returns as discussed in the above paragraph. For both the three and six month periods ended June 30, 2014, QVC-U.S. experienced shipped sales growth primarily in the home, apparel, and accessories categories partially offset by declines in electronics. For both the three and six month periods ended June 30, 2014, QVC-Japan's shipped sales in local currency declined in all categories except electronics. For the three months ended June 30, 2014, the declines in QVC-Japan's shipped sales in local currency were primarily due to a local consumption tax increase that became effective April 1, 2014. For both the three and six month periods ended June 30, 2014, QVC-Germany's shipped sales in local currency increased primarily in the home category, somewhat offset by declines in apparel and jewelry. For both periods presented, QVC-Germany was also positively impacted by favorable return rates as discussed in the above paragraph. For the three month period ended June 30, 2014, QVC-U.K.'s shipped sales growth in local currency increased in the beauty, apparel and accessories categories, partially offset by declines in electronics and to a lesser extent in the home category. For the six month period ended June 30, 2014, QVC-U.K.'s shipped sales growth in local currency increased in all categories except electronics. For both the three and six month periods ended June 30, 2014, QVC-Italy's shipped sales growth in local currency primarily increased in the beauty, accessories and apparel categories which were partially offset by a decline in the home category.

Gross profit

QVC's gross profit percentage was 37.9% and 37.4% for the three and six month periods ended June 30, 2014, respectively, compared to 37.4% and 37.0% for the three and six month periods ended June 30, 2013, respectively. For both the three and six month periods ended June 30, 2014, the gross profit margins increased primarily due to increased product margins in the U.S. and the U.K.

Operating expenses

QVC's operating expenses are principally comprised of commissions, order processing and customer service expenses, credit card processing fees, telecommunications expenses and production costs. Operating expenses increased \$9 million or 5.3% and increased \$14 million or 4.1% for the three and six month periods ended June 30, 2014, respectively.

For the three months ended June 30, 2014, the variance was primarily due to an increase in programming and production expenses of \$2 million, an increase in commission expenses of \$2 million, an increase in customer service expenses in the U.S. and Germany of \$2 million and unfavorable foreign currency exchange rates of \$2 million. For the six months ended June 30, 2014, the variance was primarily due to an increase in commission expenses of \$4 million, an increase in programming and production expenses of \$4 million, an increase in customer service expenses in the U.S. and Germany of \$2 million, an increase in credit card fees of \$1 million and unfavorable foreign currency exchange rates of \$1 million.

For both the three and six month periods ended June 30, 2014, the increase in programming and production expenses was primarily due to an increase in personnel costs in the U.S. The increase in commission expenses was primarily due to higher programming distribution expenses in Japan and the sales increases in the U.S. The increase in customer service expenses in Germany was primarily due to the launch of the new European systems platform that created some short-term disruptions and resulted in additional talk times. The increase in customer service expenses in the US was primarily volume related associated with the sales increases.

Selling, general and administrative expenses (excluding stock-based compensation)

QVC's SG&A expenses include personnel, information technology, provision for doubtful accounts, credit card income and marketing and advertising expenses. Such expenses increased \$16 million and increased \$11 million, and as a percent of net revenue, from 6.6% to 7.2% and from 7.0% to 7.1% for the three and six month periods ended June 30, 2014, respectively, due to a variety of factors.

For the three months ended June 30, 2014, the variance was primarily due to an increase in outside services of \$8 million, higher personnel costs of \$5 million, higher marketing expenses of \$4 million, a higher provision for doubtful accounts of \$3 million and unfavorable foreign currency exchange rates of \$2 million. These amounts were primarily offset by an increase in credit card income of \$5 million. For the six months ended June 30, 2014, the variance was primarily due to an increase in outside services of \$11 million, higher marketing expenses of \$9 million, and unfavorable foreign currency exchange rates of \$3 million. These amounts were primarily offset by an increase in credit card income of \$7 million and a decrease in personnel costs of \$5 million.

For both the three and six month periods ended June 30, 2014, the increase in outside services was primarily driven by information technology and commerce platform projects and global market expansion expenses in the U.S. For the three months ended June 30, 2014, the increase in personnel costs was primarily due to merit, benefits and bonus increases in the U.S., Germany and the U.K. For the six months ended June 30, 2014, the decrease in personnel costs was primarily due to a reduction in U.S. bonus expense and a prior year personnel tax accrual in Germany. For both the three and six month periods ended June 30, 2014, the increase in marketing expenses was primarily due to online

[Table of Contents](#)

and social media campaigns. For the three months ended June 30, 2014, the increase in the provision for doubtful accounts was primarily due to the Easy-Pay installment program in the U.S. The QVC Easy-Pay Plan (known as Q Pay in Germany) permits customers to pay for items in two or more installments. When the QVC Easy-Pay Plan is offered by QVC and elected by the customer, the first installment is billed to the customer's credit card upon shipment. Generally, the customer's credit card is subsequently billed up to five additional monthly installments until the total purchase price of the products has been billed by QVC. For the three and six month periods ended June 30, 2014, the increase in credit card income was primarily due to higher bank reserve requirements associated with the U.S. regulatory environment in the prior year impacting the overall economics of the portfolio. QVC-U.S. amended and restated its agreement with a large consumer financial services company (the "Bank") pursuant to which the Bank provides revolving credit directly to QVC's customers for the sole purpose of purchasing merchandise or services with a QVC branded credit card. The agreement provides more favorable economic terms for QVC and is effective August 1, 2014.

Stock-based compensation

Stock-based compensation includes compensation related to options and restricted stock granted to certain officers and employees. QVC recorded \$10 million and \$9 million of stock-based compensation expense for the three months ended June 30, 2014 and 2013, respectively, and \$18 million and \$19 million of stock-based compensation expense for the six months ended June 30, 2014 and 2013, respectively. Stock-based compensation expense remained relatively consistent for the three and six month periods presented compared to the prior year.

Depreciation and amortization

Depreciation and amortization consisted of the following:

(in millions)	Three months ended June 30,		Six months ended June 30,	
	2014	2013	2014	2013
Affiliate agreements	\$ 38	\$ 37	\$ 76	75

Equity in losses of investee

The activity was associated with our joint venture in China that is accounted for as an equity method investment.

Gains on financial instruments

In 2009 and 2011, QVC entered into several interest rate swap arrangements to mitigate the interest rate risk associated with interest payments related to its variable rate debt. QVC assessed the effectiveness of its interest rate swaps using the hypothetical derivative method. QVC's elected interest terms did not effectively match the terms of the swap arrangements. As a result, the swaps did not qualify as cash flow hedges. Changes in fair value of these interest rate swaps were included in gains on

[Table of Contents](#)

financial instruments in the consolidated statements of operations. In March 2013, QVC's notional interest rate swaps of \$3.1 billion expired.

Interest expense, net

Consolidated interest expense, net increased 20% and increased 8.0% for the three and six month periods ended June 30, 2014, respectively, as compared to the corresponding periods in the prior year. For both periods presented the interest expense increased as a result of using the proceeds from the 3.125% Senior Secured Notes due 2019 and 4.850% Senior Secured Notes due 2024 to pay down the credit facility that has a lower interest rate (please see below for further discussion on the Senior Secured Notes).

Foreign currency loss

Certain loans between QVC and its subsidiaries are deemed to be short-term in nature, and accordingly, the translation of these loans are recorded on the statements of operations. The change in foreign currency loss was primarily due to variances in interest and operating payables balances between QVC and its international subsidiaries denominated in the currency of the subsidiary and the effects of currency exchange rate changes on those balances.

Loss on extinguishment of debt

During the first half of 2013, QVC redeemed \$500 million of its 7.125% Senior Secured Notes due 2017 and \$231 million of its 7.5% Senior Secured Notes due 2019. The loss in the prior year was primarily due to premiums paid for the tenders of these notes.

Income taxes

Our effective tax rate for the three and six month periods ended June 30, 2014 was 37.2% and 37.5%, respectively, and our effective tax rate for the three and six month periods ended June 30, 2013 was 36.8% and 36.9%, respectively. These rates differ from the U.S. federal income tax rate of 35.0% due primarily to state tax expense. We do not expect our effective tax rates to differ significantly in future periods.

Adjusted Operating Income before Depreciation and Amortization (Adjusted OIBDA)

QVC defines Adjusted OIBDA as net revenue less cost of goods sold, operating expenses and selling, general and administrative expenses (excluding stock-based compensation). QVC's chief operating decision maker and management team use this measure of performance in conjunction with other measures to evaluate the businesses and make decisions about allocating resources among the businesses. QVC believes that this is an important indicator of the operational strength and performance of the businesses, including the ability to service debt and fund capital expenditures. In addition, this measure allows QVC to view operating results, perform analytical comparisons and perform benchmarking among its businesses and identify strategies to improve performance. This measure of performance excludes such costs as depreciation, amortization and stock-based compensation that are included in the measurement of operating income pursuant to U.S. GAAP. Accordingly, Adjusted OIBDA should be considered in addition to, but not as a substitute for, operating income, net income, cash flow provided by operating activities and other measures of financial performance prepared in accordance with U.S. GAAP.

The primary material limitations associated with the use of Adjusted OIBDA as compared to GAAP results are (i) it may not be comparable to similarly titled measures used by other companies in the industry, and (ii) it excludes financial information that some may consider important in evaluating QVC's performance. QVC compensates for these limitations by providing disclosure of the difference

[Table of Contents](#)

between Adjusted OIBDA and GAAP results, including providing a reconciliation of Adjusted OIBDA to GAAP results, to enable investors to perform their own analysis of QVC's operating results. Refer to note 11 to the accompanying condensed consolidated financial statements for a reconciliation of Adjusted OIBDA to Income before income taxes.

Seasonality

QVC's business is seasonal due to a higher volume of sales in the fourth calendar quarter related to year-end holiday shopping. In recent years, QVC has earned on average between 22% and 23% of its revenue in each of the first three quarters of the year and 32% of its revenue in the fourth quarter of the year.

Financial Position, Liquidity and Capital Resources

General

Historically, QVC's primary sources of cash have been cash provided by operating activities and borrowings. In general, QVC uses this cash to fund its operations, make capital purchases, make payments to Liberty, make interest payments and minimize QVC's outstanding senior secured credit facility balance.

As of June 30, 2014, substantially all of QVC's cash and cash equivalents were invested in AAA rated money market funds and time deposits with banks rated equal to or above A.

Senior Secured Notes

On March 18, 2014, QVC issued \$400 million principal amount of 3.125% Senior Secured Notes due 2019 at an issue price of 99.828% and \$600 million principal amount of 4.850% Senior Secured Notes due 2024 at an issue price of 99.927% (collectively, the "Notes"). The Notes are secured by a first-priority lien on the capital stock of QVC, which is the same collateral that secures QVC's existing secured indebtedness and certain future indebtedness. The net proceeds from the offering were used to repay indebtedness under QVC's senior secured credit facility and for working capital and other general corporate purposes. Interest is payable semi-annually.

Senior Secured Credit Facility

QVC had approximately \$1.9 billion available under the terms of the Company's senior secured credit facility at June 30, 2014. The interest rate on the senior secured credit facility was 1.9% at June 30, 2014. In connection with the 2014 Reattribution, we increased the balance on our credit facility to \$1.06 billion.

Other Debt Related Information

QVC was in compliance with all of its debt covenants at June 30, 2014.

During the quarter, there were no significant changes to QVC's debt credit ratings.

There are no restrictions under the debt agreements on QVC's ability to pay dividends or make other restricted payments if QVC is not in default on its senior secured notes or credit facility, and QVC's consolidated leverage ratio would be no greater than 3.25 to 1.0. As a result, Liberty will, in many instances, be permitted to rely on QVC's cash flow for servicing Liberty's debt and for other purposes, including repurchases of Liberty's common stock, or to fund acquisitions or other operational requirements of Liberty and its subsidiaries. These events may deplete QVC's equity or require QVC to borrow under the senior secured credit facility, increasing QVC's leverage and decreasing liquidity. QVC has made significant distributions to Liberty in the past.

Additional Cash Flow Information

During the six months ended June 30, 2014, our primary uses of cash were \$1,419 million of principal payments on debt and capital lease obligations, \$480 million of dividends to Liberty, \$57 million of capital expenditures and a \$25 million dividend payment from QVC-Japan to Mitsui. These uses of cash were funded primarily with \$999 million of net proceeds from the issuance of the 3.125% Senior Secured Notes due 2019 and 4.85% Senior Secured Notes due 2024, \$554 million of principal borrowings from the senior secured credit facility and \$549 million of cash provided by operating activities. As of June 30, 2014, our cash balance (excluding restricted cash) was \$548 million.

During the six months ended June 30, 2013, our primary uses of cash were \$1,695 million of principal payments on debt and capital lease obligations, \$765 million of dividends to Liberty, \$75 million of capital expenditures, \$46 million of premiums paid for the tenders of QVC's existing 7.125% Senior Secured Notes due 2017 and 7.5% Senior Secured Notes due 2019, \$26 million of cable and satellite television distribution rights expenditures and a \$25 million dividend payment from QVC-Japan to Mitsui. These uses of cash were funded primarily with \$1,053 million of principal borrowings from the senior secured credit facility, \$1,050 million of net proceeds from the issuance of the 4.375% Senior Secured Notes Due 2023 and 5.95% Senior Secured Notes Due 2043 and \$442 million of cash provided by operating activities. As of June 30, 2013, our cash balance (excluding restricted cash) was \$416 million.

The change in cash provided by operating activities for the six months ended June 30, 2014 compared to the previous year was primarily due to variances in accounts payable balances. The variances in this account were primarily due to timing of inventory receipts and related payments to vendors.

As of June 30, 2014, \$322 million of the \$548 million in cash was held by foreign subsidiaries. Cash in foreign subsidiaries is generally accessible, but certain tax consequences may reduce the net amount of cash we are able to utilize for U.S. purposes. QVC accrues taxes on the unremitted earnings of its international subsidiaries. Approximately one-third of this foreign cash balance was that of QVC-Japan. QVC owns 60% of QVC-Japan and shares all profits and losses with the 40% minority interest holder, Mitsui. We believe that we currently have appropriate legal structures in place to repatriate foreign cash as tax efficiently as possible and meet the business needs of QVC.

Other

Capital expenditures spending in 2014 is expected to be approximately \$200 million, including \$57 million already expended.

Refer to the chart under the "Off-balance Sheet Arrangements and Aggregate Contractual Obligations" section below for additional information concerning the amount and timing of expected future payments under QVC's contractual obligations at June 30, 2014.

QVC has contingent liabilities related to legal and tax proceedings and other matters arising in the ordinary course of business. Although it is reasonably possible QVC may incur losses upon the conclusion of such matters, an estimate of any loss or range of loss cannot be made. In the opinion of management, it is expected that amounts, if any, that may be required to satisfy such contingencies will not be material in relation to the accompanying condensed consolidated financial statements.

Off-balance Sheet Arrangements and Aggregate Contractual Obligations

Recent Accounting Pronouncements

On May 28, 2014, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers*, which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. The new standard is effective for the Company on January 1, 2017. Early application is not permitted. The standard permits the use of either the retrospective or cumulative effect transition method. The Company is evaluating the effect that ASU No. 2014-09 will have on its consolidated financial statements and related disclosures. The Company has not yet selected a transition method nor has it determined the effect of the standard on its ongoing financial reporting.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

QVC is exposed to market risk in the normal course of business due to ongoing investing and financial activities and the conduct of operations by subsidiaries in different foreign countries. Market risk refers to the risk of loss arising from adverse changes in stock prices, interest rates and foreign currency exchange rates. The risk of loss can be assessed from the perspective of adverse changes in fair values, cash flows and future earnings. QVC has established procedures and internal processes governing the management of market risks and the use of financial instruments to manage exposure to such risks.

Interest rate risk

QVC is exposed to changes in interest rates primarily as a result of borrowing activities. Over the long-term, QVC manages the exposure to interest rates by maintaining what QVC believes is an appropriate mix of fixed and variable rate debt. QVC believes this best protects itself from interest rate risk.

Foreign currency exchange rate risk

QVC is exposed to foreign exchange rate fluctuations related to the monetary assets and liabilities and the financial results of its foreign subsidiaries. Assets and liabilities of foreign subsidiaries for which the functional currency is the local currency are translated into U.S. Dollars at period-end exchange rates, and the statements of operations are translated at the average exchange rate for the period. Exchange rate fluctuations on translating foreign currency financial statements into U.S. Dollars that result in unrealized gains or losses are referred to as translation adjustments. Cumulative translation adjustments are recorded in other comprehensive income as a separate component of stockholder's equity. Transactions denominated in currencies other than the functional currency are recorded based on exchange rates at the time such transactions arise. Subsequent changes in exchange rates result in transaction gains and losses, which are reflected in income as unrealized (based on period-end transactions) or realized upon settlement of the transactions. Cash flows from operations in foreign countries are translated at the average rate for the period. Accordingly, QVC may experience economic loss and a negative impact on earnings and equity with respect to its holdings solely as a result of foreign currency exchange rate fluctuations. QVC's reported Adjusted OIBDA for the three and six month periods ended June 30, 2014 would have been impacted by approximately \$1 million and \$3 million, respectively, for every 1% change in foreign currency exchange rates relative to the U.S. Dollar.

The credit facility provides QVC with the ability to borrow in multiple currencies. This allows QVC to somewhat mitigate foreign currency exchange rate risks. As of June 30, 2014, the previously held Japanese Yen-denominated borrowings were paid in full, and no borrowings in foreign currencies were outstanding.

(1) Basis of Presentation

QVC, Inc. (unless otherwise indicated or required by the context, the terms "we," "our," "us," the "Company" and "QVC" refer to QVC, Inc. and its consolidated subsidiaries) is a retailer of a wide range of consumer products, which are marketed and sold primarily by merchandise-focused televised shopping programs, the Internet and mobile applications. In the United States, QVC's live programming is distributed via its nationally televised shopping program 24 hours per day, 364 days per year ("QVC-U.S."). Internationally, QVC's program services are based in Japan ("QVC-Japan"), Germany ("QVC-Germany"), the United Kingdom ("QVC-U.K.") and Italy ("QVC-Italy"). QVC-Japan distributes live programming 24 hours per day, QVC-Germany distributes its program 24 hours per day with 17 hours of live programming and QVC-U.K. distributes its program 24 hours per day with 17 hours of live programming. QVC-Italy distributes programming live for 17 hours per day on satellite and digital terrestrial television and an additional seven hours per day of recorded programming on satellite and seven hours per day of general interest programming on digital terrestrial television.

The Company also has a joint venture with China Broadcasting Corporation, a limited liability company owned by China National Radio ("CNR"). The Company owns a 49% interest in a CNR subsidiary, CNR Home Shopping Co., Ltd. ("CNRS"). CNRS distributes live programming for 15 hours per day and recorded programming for nine hours per day. This joint venture is accounted for as an equity method investment recorded as equity in (losses) earnings of investee in the condensed consolidated statements of operations.

Additionally, the Company's Japanese operations are conducted through a venture with Mitsui & Co. LTD ("Mitsui") for a television and multimedia retailing service in Japan. QVC-Japan is owned 60% by the Company and 40% by Mitsui. The Company and Mitsui share in all profits and losses based on their respective ownership interests. For both the six months ended June 30, 2014 and 2013, QVC-Japan paid dividends to Mitsui of \$25 million, respectively.

We are an indirect wholly owned subsidiary of Liberty Interactive ("Liberty"), which owns interests in a broad range of digital commerce businesses. On August 9, 2012, Liberty completed the recapitalization of its common stock into shares of the corresponding series of two new tracking stocks, Liberty Interactive (Nasdaq: LINTA, LINTB) and Liberty Ventures (Nasdaq: LVNTA, LVNTB). On October 3, 2014, Liberty's board of directors approved (i) the change in attribution from the Liberty Interactive Group to the Liberty Ventures Group of its digital commerce companies (Provide Commerce, Inc., Backcountry.com, Inc., Bodybuilding.com, LLC, CommerceHub and the Evite.com business), together with \$970 million in cash, effective immediately; (ii) the creation of an inter-group interest in Liberty Ventures Group in favor of the former Liberty Interactive Group (which will now be referred to as the "QVC Group"), which is represented as a number of Liberty Ventures shares that may be issued to the QVC Group ("Inter-Group Interest Shares") calculated in accordance with Liberty's Restated Certificate of Incorporation; and (iii) a dividend of the Inter-Group Interest Shares to the holders of QVC Group common stock in full elimination of the inter-group interest. In connection with the payment of the dividend, typical antidilution adjustments will be made to outstanding QVC Group equity incentive awards, and the Liberty board reattributed \$30 million in cash to the Liberty Ventures Group relating to its assumption of liabilities related to those awards. We refer to the foregoing transactions as the "2014 Reattribution." As a result of these transactions, we are now attributed to the new QVC Group, which tracks the assets and liabilities of our company and

(1) Basis of Presentation (Continued)

Liberty's 38% equity interest in HSN, Inc., one of our two closest televised shopping competitors, and the trading symbols for the Series A QVC Group tracking stock and the Series B QVC Group tracking stock have changed to "QVCA" and "QVCB," respectively. In connection with the 2014 Reattribution, we increased the balance on our credit facility to \$1.06 billion.

On April 16, 2014, QVC announced plans to expand its global presence into France. Similar to its other markets, QVC plans to offer a highly immersive digital shopping experience, with strong integration across e-commerce, TV, mobile and social platforms, with the launch scheduled for the second quarter of 2015.

The condensed consolidated financial statements include the accounts of the Company and its majority-owned subsidiaries. All significant intercompany accounts and transactions were eliminated in consolidation.

The accompanying (a) condensed consolidated balance sheet as of December 31, 2013, which has been derived from audited financial statements, and (b) interim unaudited condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") for interim financial information and the instructions to Form 10-Q and Article 10 of Regulation S-X as promulgated by the Securities and Exchange Commission. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of the results for such periods have been included. The results of operations for any interim period are not necessarily indicative of results for the full year. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto contained in QVC's Annual Report on Form 10-K for the year ended December 31, 2013.

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Estimates include, but are not limited to, sales returns, uncollectible receivables, inventory obsolescence, depreciable lives of fixed assets, internally-developed software, valuation of acquired intangible assets and goodwill, income taxes and stock-based compensation.

On May 28, 2014, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers*, which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. The new standard is effective for the Company on January 1, 2017. Early application is not permitted. The standard permits the use of either the retrospective or cumulative effect transition method. The Company is evaluating the effect that ASU No. 2014-09 will have on its consolidated financial statements and related disclosures. The Company has not yet selected a transition method nor has it determined the effect of the standard on its ongoing financial reporting.

Certain prior period amounts have been reclassified to conform with current period presentation.

(7) Leases and Transponder Service Arrangements

Future minimum payments under noncancelable operating leases and capital transponder leases with initial terms of one year or more at June 30, 2014 consisted of the following:

<u>(in millions)</u>	<u>Capital transponders</u>	<u>Operating leases</u>
Remainder of 2014	\$ 7	10

2016	11	13

Thereafter	28	101
Total	\$ 80	160

The Company has entered into ten separate agreements with transponder suppliers to transmit its signals in the U.S., Germany and the U.K. at an aggregate monthly cost of \$1 million. Depreciation expense related to the transponders was \$3 million for both the three months ended June 30, 2014 and 2013, respectively. For both the six months ended June 30, 2014 and 2013, depreciation expense related to the transponders was \$6 million, respectively. Total future minimum capital lease payments of \$80 million include \$7 million of imputed interest. The transponder service agreements for our U.S. transponders expire in 2019 through 2020. The transponder service agreements for our international transponders expire in December 2014 through 2022.

Expenses for operating leases, principally for data processing equipment and facilities and for satellite uplink service agreements, amounted to \$7 million and \$6 million for the three months ended June 30, 2014 and 2013, respectively. For both the six months ended June 30, 2014 and 2013, expenses for operating leases was \$14 million, respectively.

(8) Income Taxes

The Company calculates its interim income tax provision by applying its best estimate of the annual expected effective tax rate to its ordinary year-to-date income or loss. The tax or benefit related to significant, unusual or extraordinary items that will be separately reported or reported net of their related tax effect are individually computed and recognized in the interim period in which those items occur.

The computation of the annual estimated effective tax rate at each interim period requires certain estimates and significant judgment including, but not limited to, the expected operating income for the year, projections of the proportion of income earned and taxed in foreign jurisdictions, permanent and temporary differences as a result of differences between amounts measured and recognized in accordance with tax laws and financial accounting standards, and the likelihood of recovering deferred tax assets. The accounting estimates used to compute the provision for income taxes may change as new events occur, additional information is obtained or as the tax environment changes. To the extent that the estimated annual effective tax rate changes during a quarter, the effect of the change on the prior quarters is included in the tax expense for the current quarter.

QVC, Inc.

(unaudited)

(8) Income Taxes (Continued)

For the three months ended June 30, 2014, the Company recorded a tax provision of \$83 million, which represented an effective tax rate of 37.2%. For the six months ended June 30, 2014, the Company recorded a tax provision of \$157 million, which represented an effective tax rate of 37.5%. These rates differ from the U.S. federal income tax rate of 35.0% due primarily to state tax expense.

QVC is party to ongoing discussions with the Internal Revenue Service under the Compliance Assurance Process audit program. The Company files Federal tax returns on a consolidated basis with its parent company, Liberty. The Company, or one of its subsidiaries, files income tax returns in various states and foreign jurisdictions. As of June 30, 2014, the Company, or one of its subsidiaries, was under examination in California, Minnesota, New Jersey, New York, the City of New York and Pennsylvania, as well as in Germany, the U.K, and Italy.

The amounts of the tax-related balances due to Liberty at June 30, 2014 and December 31, 2013 were \$22 million and \$78 million, respectively, and were included in accrued liabilities in the accompanying condensed consolidated balance sheets.

The Company previously entered into a Tax Liability Allocation and Indemnification Agreement (the "Tax Agreement") with Liberty. The Tax Agreement establishes the methodology for the calculation and payment of income taxes in connection with the consolidation of the Company with Liberty for income tax purposes. Generally, the Tax Agreement provides that the Company will pay Liberty an amount equal to the tax liability, if any, that it would have if it were to file as a consolidated group separate and apart from Liberty, with exceptions for the treatment and timing of certain items, including but not limited to deferred intercompany transactions, credits, and net operating and capital losses. To the extent that the separate company tax expense is different from the payment terms of the Tax Agreement, the difference is recorded as either a dividend or capital contribution.

(9) Commitments and Contingencies

The Company has contingent liabilities related to legal and tax proceedings and other matters arising in the ordinary course of business. Although it is reasonably possible the Company may incur losses upon conclusion of such matters, an estimate of any loss or range of loss cannot be made. In the opinion of management, it is expected that the amounts, if any, which may be required to satisfy such contingencies will not be material in relation to the accompanying condensed consolidated financial statements.

Network and information systems, including the Internet and telecommunication systems, third party delivery services and other technologies are critical to our business activities. Substantially all our customer orders, fulfillment and delivery services are dependent upon the use of network and information systems, including the use of third party telecommunication and delivery service providers. If information systems including the Internet or telecommunication services are disrupted, or if the third party delivery services experience a disruption in their transportation delivery services, we could face a significant disruption in fulfilling our customer orders and shipment of our products. We have active disaster recovery programs in place to help mitigate risks associated with these critical business activities.

(10) Assets and Liabilities Measured at Fair Value

For assets and liabilities required to be reported or disclosed at fair value, U.S. GAAP provides a hierarchy that prioritizes inputs to valuation techniques used to measure fair value into three broad levels. Level 1 inputs are quoted market prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 2 inputs, other than quoted market prices included within Level 1, are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability.

The Company's assets and liabilities measured or disclosed at fair value were as follows:

<u>(in millions)</u>	Fair value measurements at June 30, 2014 using			
	Total	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Current assets:				
Cash equivalents	\$ 463	463	—	—
Long-term liabilities:				
Debt (note 6)	4,071	—	4,071	—

<u>(in millions)</u>	Fair value measurements at December 31, 2013 using			
	Total	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Current assets:				
Cash equivalents	\$ 342	342	—	—
Long-term liabilities:				
Debt (note 6)	3,783	—	3,783	—

The majority of the Company's Level 2 financial assets and liabilities are debt instruments with quoted market prices that are not considered to be traded on "active markets," as defined in U.S. GAAP. Accordingly, the financial instruments are reported in the foregoing tables as Level 2 fair value instruments.

(11) Information about QVC's Operating Segments

(11) Information about QVC's Operating Segments (Continued)

The Company evaluates performance and makes decisions about allocating resources to its operating segments based on financial measures such as net revenue, Adjusted OIBDA, gross margin, average sales price per unit, number of units shipped and revenue or sales per subscriber equivalent. The Company defines Adjusted OIBDA as revenue less cost of sales, operating expenses, and selling, general and administrative expenses (excluding stock-based compensation). The Company believes this measure is an important indicator of the operational strength and performance of its segments, including the ability to service debt and fund capital expenditures. In addition, this measure allows management to view operating results and perform analytical comparisons and benchmarking among our businesses and identify strategies to improve performance. This measure of performance excludes depreciation, amortization and stock-based compensation, that are included in the measurement of operating income pursuant to U.S. GAAP. Accordingly, Adjusted OIBDA should be considered in addition to, but not as a substitute for, operating income, net income, cash flow provided by operating activities and other measures of financial performance prepared in accordance with U.S. GAAP.

(14) Guarantor/Non-guarantor Subsidiary Financial Information

The following information contains the condensed consolidating financial statements for the Company, the parent on a stand-alone basis (QVC, Inc.), the combined subsidiary guarantors (Affiliate Relations Holdings, Inc.; Affiliate Investment, Inc.; AMI 2, Inc.; ER Marks, Inc.; QVC International LLC; QVC Rocky Mount, Inc. and QVC San Antonio, LLC) and the combined non-guarantor subsidiaries pursuant to Rule 3-10 of Regulation S-X. Certain non-guarantor subsidiaries are majority-owned by QVC International LLC, which is a guarantor subsidiary.

These condensed consolidating financial statements have been prepared from the Company's financial information on the same basis of accounting as the Company's condensed consolidated financial statements. The principal elimination entries relate to investments in subsidiaries and intercompany balances and transactions, such as management fees, royalty revenue and expense, interest income and expense and gains on intercompany asset transfers. Goodwill and other intangible assets have been allocated to the subsidiaries based on management's estimates. Certain costs have been partially allocated to all of the subsidiaries of the Company.

During the three months ended June 30, 2014, an intangible asset held by certain non-guarantor subsidiaries was sold to QVC, Inc. resulting in a gain of \$20 million reflected in intercompany interest and other income for the non-guarantor subsidiaries and also included in equity in earnings of subsidiaries for the subsidiary guarantors. The gain is eliminated in the eliminations column. The impact of these earnings has been eliminated in the presentation of intangible assets and equity in earnings of subsidiaries of the parent company.

The subsidiary guarantors are 100% owned by the Company. All guarantees are full and unconditional and are joint and several. There are no significant restrictions on the ability of the Company to obtain funds from its U.S. subsidiaries, including the guarantors, by dividend or loan. The Company has not presented separate notes and other disclosures concerning the subsidiary guarantors as the Company has determined that such material information is available in the notes to the Company's condensed consolidated financial statements.

The Company adjusted the previously reported consolidating financial statements to correctly classify transactions among QVC Inc., the combined subsidiary guarantors and the combined non-guarantor subsidiaries.

The adjustments to the condensed consolidating statements of operations:

- attributed net revenue of \$58 million and operating expenses of \$9 million from QVC, Inc. to the combined non-guarantor subsidiaries for the three months ended June 30, 2013;
- recognized equal and offsetting increases in the equity in earnings of subsidiaries of QVC, Inc. with a corresponding elimination for the three months ended June 30, 2013;
- attributed net revenue of \$112 million, cost of goods sold of \$11 million and operating expenses of \$17 million from QVC, Inc. to the combined non-guarantor subsidiaries for the six months ended June 30, 2013; and
- recognized equal and offsetting increases in the equity in earnings of subsidiaries of QVC, Inc. with a corresponding elimination for the six months ended June 30, 2013.

(14) Guarantor/Non-guarantor Subsidiary Financial Information (Continued)

The adjustments to the condensed consolidating statements of cash flows for the six months ended June 30, 2013:

- attributed net cash provided by operating activities of \$83 million from QVC, Inc. to the combined non-guarantor subsidiaries primarily related to revenue net of cost of goods sold and operating expenses;
- decreased net cash provided by investing activities of \$34 million of QVC, Inc. with an equal and offsetting elimination; and
- increased net cash provided by financing activities of \$117 million of QVC, Inc. and decreased net cash used in financing activities of \$83 million of the non-guarantor subsidiaries, all with equal and offsetting eliminations.

The adjustments had no impact to the Company's condensed consolidated balance sheets, condensed consolidated statements of operations, condensed consolidated statements of comprehensive income, condensed consolidated statements of changes in equity or condensed consolidated statements of cash flows for any current and previously reported period.

The increase in tax expense of the combined non-guarantor subsidiaries compared to the same period in the prior year was primarily due to an unfavorable tax audit settlement in one of our European subsidiaries. This also resulted in a tax benefit for QVC, Inc. as a result of the corresponding foreign tax credit in the U.S.

**Management's discussion and analysis of financial condition and results of operations
December 31, 2013**

The following discussion and analysis provides information concerning our results of operations and financial condition. This discussion should be read in conjunction with our consolidated financial statements and the notes thereto.

Overview

QVC is a retailer of a wide range of consumer products, which are marketed and sold primarily by merchandise-focused televised shopping programs, the Internet and mobile applications. In the U.S., QVC's live programming is distributed via its nationally televised shopping program 24 hours per day, 364 days per year ("QVC-U.S."). Internationally, QVC's program services are based in Japan ("QVC-Japan"), Germany ("QVC-Germany"), the U.K. ("QVC-U.K.") and Italy ("QVC-Italy"). QVC-Japan distributes live programming 24 hours per day, QVC-Germany distributes its program 24 hours per day with 23 hours of live programming and QVC-U.K. distributes its program 24 hours per day with 17 hours of live programming. QVC-Italy distributes programming live for 17 hours per day on satellite and digital terrestrial television and an additional seven hours per day of recorded programming on satellite and seven hours per day of general interest programming on digital terrestrial television.

On July 4, 2012, QVC entered into a joint venture with China Broadcasting Corporation, a limited liability company owned by China National Radio ("CNR"), for a 49% interest in a CNR subsidiary, CNR Home Shopping Co., Ltd. ("CNRS"). CNRS distributes live programming for 15 hours per day and recorded programming for nine hours per day. The CNRS joint venture is accounted for as an equity method investment recorded as equity in losses of investee in the consolidated statements of operations.

The Company has a venture with Mitsui & Co. LTD ("Mitsui") for a television and multimedia retailing service in Japan. QVC-Japan is owned 60% by the Company and 40% by Mitsui. The Company and Mitsui share in all profits and losses based on their respective ownership interests.

We are an indirect wholly owned subsidiary of Liberty Interactive ("Liberty"), which owns interests in a broad range of digital commerce businesses. On August 9, 2012, Liberty completed the recapitalization of its common stock into shares of the corresponding series of two new tracking stocks, Liberty Interactive (Nasdaq: LINTA, LINTB) and Liberty Ventures (Nasdaq: LVNTA, LVNTB). On October 3, 2014, Liberty's board of directors approved (i) the change in attribution from the Liberty Interactive Group to the Liberty Ventures Group of its digital commerce companies (Provide Commerce, Inc., Backcountry.com, Inc., Bodybuilding.com, LLC, CommerceHub and the Evite.com business), together with \$970 million in cash, effective immediately; (ii) the creation of an inter-group interest in Liberty Ventures Group in favor of the former Liberty Interactive Group (which will now be referred to as the "QVC Group"), which is represented as a number of Liberty Ventures shares that may be issued to the QVC Group ("Inter-Group Interest Shares") calculated in accordance with Liberty's Restated Certificate of Incorporation; and (iii) a dividend of the Inter-Group Interest Shares to the holders of QVC Group common stock in full elimination of the inter-group interest. In connection with the payment of the dividend, typical antidilution adjustments will be made to outstanding QVC Group equity incentive awards, and the Liberty board reattributed \$30 million in cash to the Liberty Ventures Group relating to its assumption of liabilities related to those awards. We refer to the foregoing transactions as the "2014 Reattribution." As a result of these transactions, we are now attributed to the new QVC Group, which tracks the assets and liabilities of our company and Liberty's 38% equity interest in HSN, Inc., one of our two closest televised shopping competitors, and the trading symbols for the Series A QVC Group tracking stock and the Series B QVC Group tracking stock have changed to "QVCA" and "QVCB," respectively.

Strategies and challenges of business units

QVC's goal is to become the preeminent global multimedia shopping community for people who love to shop, and to offer a shopping experience that is as much about entertainment and enrichment as it is about buying. QVC's objective is to provide an integrated shopping experience that utilizes all forms of media including television, the Internet and mobile devices. In 2014, QVC intends to employ several strategies to achieve these goals and objectives. Among these strategies are to (i) extend the breadth, relevance and exposure of the QVC brand; (ii) source products that represent unique quality and value; (iii) create engaging presentation content in televised programming, mobile and online; (iv) leverage customer loyalty and continue multi-platform expansion; and (v) create a compelling and differentiated customer experience. In addition, QVC expects to expand globally by leveraging its existing systems, infrastructure and skills in other countries around the world.

QVC's future net revenue growth will primarily depend on international expansion, sales growth from e-commerce and mobile platforms, additions of new customers from households already receiving QVC's television programming and increased spending from existing customers. QVC's future net revenue may also be affected by (i) the willingness of cable television and direct-to-home satellite system operators to continue carrying QVC's programming service; (ii) QVC's ability to maintain favorable channel positioning, which may become more difficult due to governmental action or from distributors converting analog customers to digital; (iii) changes in television viewing habits because of personal video recorders, video-on-demand and Internet video services; and (iv) general economic conditions.

In March 2013, QVC-U.S. launched over-the-air broadcasting in designated U.S. markets that can be accessed by any television household in such markets, regardless of whether it subscribes to a paid television service. This will allow QVC-U.S. to reach new customers who previously did not have access to the program through other television platforms.

In August 2013, QVC-U.S. launched an additional channel, QVC Plus, which is being distributed through cable and satellite systems. The channel generally offers the same programming as the live channel, but on a three hour pre-recorded delay, which will allow viewers to have access to a broader range of QVC programming options as well as more relevant programming for viewers in differing time zones.

Internationally, beyond the main QVC channels, QVC-Germany and QVC- U.K. also broadcast pre-recorded shows on additional channels that offer viewers access to a broader range of QVC programming options. These channels include QVC Beauty and QVC Plus in Germany and QVC Beauty, QVC Extra and QVC Style in the U.K.

The prolonged economic uncertainty in various regions of the world in which our subsidiaries and affiliates operate could adversely affect demand for our products and services since a substantial portion of our revenue is derived from discretionary spending by individuals, which typically falls during times of economic instability. Global financial markets continue to experience disruptions, including increased volatility and diminished liquidity and credit availability. The world has experienced a global macroeconomic downturn, and if economic and financial market conditions in the U.S. or other key markets, including Japan and Europe, remain uncertain, persist, or deteriorate further, our customers may respond by suspending, delaying, or reducing their discretionary spending. A suspension, delay or reduction in discretionary spending could adversely affect revenue. Accordingly, our ability to increase or maintain revenue and earnings could be adversely affected to the extent that relevant economic environments remain weak or decline further. Such weak economic conditions may also inhibit our expansion into new European and other markets. We currently are unable to predict the extent of any of these potential adverse effects.

Net revenue

Net revenue was generated in the following geographical areas:

<u>(in millions)</u>	<u>Years ended December 31,</u>		
	<u>2013</u>	<u>2012</u>	<u>2011</u>
QVC-U.S.	\$ 5,844	5,585	5,412
QVC-Japan	1,024	1,247	1,127
QVC-Germany	971	956	1,068
QVC-U.K.	657	641	626
QVC-Italy	127	87	35
Consolidated QVC	\$ 8,623	8,516	8,268

QVC's consolidated net revenue increased 1.3% and 3.0% for the years ended December 31, 2013 and 2012, respectively, as compared to the corresponding prior years. The 2013 increase of \$107 million in net revenue was primarily comprised of \$257 million due to a 2.7% increase in the average selling price per unit ("ASP") and \$155 million due to a 1.6% increase in units sold. These amounts were partially offset by a net \$200 million of unfavorable foreign currency rate adjustments primarily in

[Table of Contents](#)

Japan. Additionally, net revenue was negatively impacted by \$102 million due to an increase in estimated product returns, primarily in the U.S., Japan and Germany. The increase in returns in the U.S. was primarily due to sales volume and the increases in Japan and Germany were primarily due to higher returns in the apparel and jewelry categories and a greater mix of apparel products that return at higher rates than other categories. Overall returns as a percent of gross product revenue increased to 19.8% from 19.4% in 2012.

The 2012 increase in net revenue was primarily comprised of \$205 million due to a 2.2% increase in ASP, \$154 million due to a 1.7% increase in units sold and a \$59 million increase in shipping and handling and other miscellaneous revenue. These amounts were partially offset by \$92 million of unfavorable foreign currency rate adjustments in all markets and \$78 million due to an increase in estimated product returns as a result of the sales increase. Overall returns as a percent of gross product revenue remained flat at 19.4% compared to 2011.

During the years ended December 31, 2013 and 2012, the changes in revenue and expenses were affected by changes in the exchange rates for the Japanese Yen, the Euro and the U.K. Pound Sterling. In the event the U.S. Dollar strengthens against these foreign currencies in the future, QVC's revenue and operating cash flow will be negatively affected.

The percentage increase (decrease) in net revenue for each of QVC's geographic areas in U.S. Dollars and in local currency was as follows:

	Year ended December 31, 2013		Year ended December 31, 2012	
	U.S. Dollars	Local currency	U.S. Dollars	Local currency
QVC-U.S.	4.6%	4.6%	3.2%	3.2%
QVC-Japan	(17.9)%	0.3%	10.6%	11.2%
QVC-Germany	1.6%	(1.7)%	(10.5)%	(3.5)%
QVC-U.K.	2.5%	3.7%	2.4%	3.3%
QVC-Italy	46.0%	41.5%	148.6%	168.3%

In 2013, QVC-U.S. net revenue growth was primarily due to a 4.6% increase in ASP as a result of higher rates in the beauty and accessories categories as well as a greater mix of accessories. QVC-U.S. experienced shipped sales growth in all categories except jewelry. QVC-Japan's shipped sales in local currency improved primarily in the apparel, home and electronics categories, offset by declines in accessories and jewelry and an increase in estimated product returns as discussed in the above paragraph. QVC-Germany's shipped sales in local currency increased primarily in the apparel and accessories categories, but this growth was more than offset by declines in jewelry and electronics and an increase in estimated product returns as discussed in the above paragraph. QVC-U.K.'s shipped sales growth in local currency was primarily the result of increased sales in the home and beauty categories, partially offset by declines in jewelry. QVC-Italy's sales consisted primarily of home, beauty and apparel products.

In 2012, QVC-U.S. net revenue growth was primarily due to a 3.2% increase in ASP and an increase in shipping and handling revenue, partially offset by an increase in returns associated with the sales increase and change in product mix. QVC-U.S.' shipped sales increased mainly due to growth in the home, beauty and apparel categories that were partially offset by a decline in electronics and jewelry. Additionally, QVC-U.S. revenue growth in the fourth quarter of 2012 was adversely impacted by the effects of Hurricane Sandy. The hurricane did not impact QVC's operations in West Chester, Pennsylvania. QVC-Japan primarily experienced shipped sales growth in local currency in the home, apparel and accessories categories, with the growth for the year also reflective of the earthquake and related events experienced in March 2011. QVC-Germany primarily experienced shipped sales declines in local currency in the health and fitness, apparel and accessories categories, partially offset by an increase in sales of beauty products. QVC-U.K.'s shipped sales growth in local currency was primarily

[Table of Contents](#)

due to the beauty category. QVC-Italy's sales consisted primarily of home, beauty and apparel products.

Gross profit

QVC's gross profit percentage was 36.6%, 36.4% and 36.2% for the years ended December 31, 2013, 2012 and 2011, respectively. The increase in gross profit percentage in 2013 was primarily due to improved product margins in the U.S. and the U.K. The increase in gross profit percentage in 2012 was primarily due to a favorable net shipping and handling position including warehouse productivity in the U.S.; improved leverage of warehouse costs in Japan and warehouse productivity, including the positive impact of lower return processing in Germany.

Operating expenses

QVC's operating expenses are principally comprised of commissions, order processing and customer service expenses, credit card processing fees, telecommunications expenses and production costs. Operating expenses increased \$25 million or 3.5% and decreased \$29 million or 3.9% for the years ended December 31, 2013 and 2012, respectively.

The increase in 2013 was primarily due to a \$29 million increase in credit card processing fees and a \$17 million increase in commissions expense, offset by a \$22 million effect of exchange rates. In regards to the increase in credit card processing fees, as discussed in more detail in the subsequent paragraph, QVC-U.S. reached a favorable legal settlement in the prior year, which offset the related expenses. Credit card processing fees also increased in 2013 due to the U.S. sales increase and lower usage of the QVC branded credit card ("Q Card") combined with a higher mix of purchases from customers using credit cards with higher rates charged to merchants. The increase in commissions expense was primarily due to the sales increase in the U.S. and additional programming distribution expenses in Japan.

The decrease in 2012 was primarily due to a \$23 million decrease in credit card processing fees and a \$10 million effect of exchange rates. In regards to the decrease in credit card processing fees, on October 22, 2012, QVC- U.S. reached a favorable \$20 million net legal settlement regarding credit card fees, which was recorded as a reduction of operating expenses in the fourth quarter of 2012. The decrease in credit card processing fees was also due to a change in U.S. legislation associated with customer debit card purchases resulting in lower fees charged to merchants. These decreases were partially offset by a \$5 million increase in programming and production expenses primarily in the U.S., and to a lesser extent, Japan and Italy.

Selling, general and administrative expenses (excluding stock-based compensation)

QVC's SG&A expenses include personnel, information technology, provision for doubtful accounts, credit card income and marketing and advertising expenses. Such expenses increased \$23 million, and as a percent of net revenue, from 6.5% to 6.7% for the year ended December 31, 2013 and increased \$41 million, and as a percent of net revenue, from 6.2% to 6.5% for the year ended December 31, 2012 as a result of a variety of factors.

The increase in 2013 was primarily related to a \$35 million increase in personnel expense, a \$7 million increase in information technology expense, a \$5 million increase in the provision for doubtful accounts and a \$2 million decrease in credit card income, offset by a \$13 million effect of exchange rates, a \$12 million decrease in sales and franchise taxes and a \$3 million decrease in rent expense. The increase in personnel expense was primarily due to merit, benefits and bonus increases in the U.S. and the U.K. as well as severance costs in Germany and the U.K. The increase in information technology expense was primarily due to additional cloud-based software solutions in the U.S. and solutions to enhance customer service and productivity in Germany. The increase in the provision for

[Table of Contents](#)

doubtful accounts was primarily due to the increased use of the Easy-Pay installment program in the U.S. The QVC Easy-Pay Plan (known as Q Pay in Germany) permits customers to pay for items in two or more installments. When the QVC Easy-Pay Plan is offered by QVC and elected by the customer, the first installment is typically billed to the customer's credit card upon shipment. Generally, the customer's credit card is subsequently billed up to five additional monthly installments until the total purchase price of the products has been billed by QVC. The decrease in credit card income was primarily due to the overall economics, including usage, of the Q Card portfolio in the U.S. The decrease in sales and franchise taxes was primarily due to a revision in settlement estimates and credits in the U.S. The decrease in rent expense was primarily due to duplicate running costs including a lease cancellation accrual in the U.K. in the prior year associated with the move to its new headquarters, partially offset by higher rent expense on its new facility in the current year.

The increase in 2012 was primarily related to a \$31 million increase in personnel expenses, a \$9 million increase in marketing expense, an \$8 million increase in the provision for doubtful accounts and a \$6 million increase in rent expense. These increases were partially offset by a \$9 million effect of exchange rates and a \$7 million increase in credit card income. The increase in personnel expense was primarily due to merit, benefits and bonus increases in the U.S. and Japan. The increase in marketing expense was primarily due to QVC-U.S. Internet and social media campaigns and a renewal of marketing efforts at QVC-Japan as a result of the earthquake and related events experienced in 2011. The increase in the provision for doubtful accounts was primarily due to the increased use of the Easy-Pay Plan in the U.S. The increase in rent expense was primarily due to duplicate running costs at QVC-U.K. associated with the transition to its new headquarters including a lease cancellation accrual. The increase in credit card income was primarily due to a higher average portfolio balance in the U.S.

Stock-based compensation

Stock-based compensation includes compensation related to options and restricted stock granted to certain officers and employees. QVC recorded \$38 million, \$34 million and \$22 million of stock-based compensation expense for the years ended December 31, 2013, 2012 and 2011, respectively. The increase in stock-based compensation expense in 2013 was primarily the result of a greater number of shares being expensed on a higher measurement basis and the result of a one-time option exchange transaction (the "Option Exchange") for certain officers in December 2012. The increase in stock compensation expense during 2012 was primarily the result of the Option Exchange. Refer to note 10 in the financial statements for further information on the Option Exchange.

Depreciation and amortization

Depreciation and amortization consisted of the following:

<u>(in millions)</u>	<u>Years Ended</u> <u>December 31,</u>		
	<u>2013</u>	<u>2012</u>	<u>2011</u>
Affiliate agreements	\$ 150	151	152
Customer relationships	172	172	173
Acquisition related amortization	322	323	325
Property, plant and equipment	127	126	135
Software amortization	78	62	95
Channel placement amortization and related expenses	31	15	19
Total depreciation and amortization	\$ 558	526	574

The increase in software amortization in 2013 was primarily due to solutions to enhance customer service and productivity in the U.S. and Germany. The increase in channel placement amortization and

[Table of Contents](#)

related expenses in 2013 was primarily due to new and amended long-term cable and satellite television distribution agreements in the U.S.

During the fourth quarter of 2011, QVC determined that certain capitalized customer relationship management ("CRM") software did not meet service-level expectations and desired functionality. As a result, QVC recorded an impairment of certain CRM assets in the amount of \$47 million included in depreciation and amortization in the consolidated statement of operations within the QVC- U.S. operating segment.

Equity in losses of investee

The losses were primarily associated with our joint venture in China that is accounted for as an equity method investment.

Gains on financial instruments

In 2009 and 2011, QVC entered into several interest rate swap arrangements to mitigate the interest rate risk associated with interest payments related to its variable rate debt. QVC assessed the effectiveness of its interest rate swaps using the hypothetical derivative method. During 2013, 2012 and 2011, QVC's elected interest terms did not effectively match the terms of the swap arrangements. As a result, the swaps did not qualify as cash flow hedges. Changes in fair value of these interest rate swaps were included in gains on financial instruments in the consolidated statements of operations. In March 2013, QVC's notional interest rate swaps of \$3.1 billion expired.

This financial statement line item also included a gain in 2013 that resulted from the reversal of a liability for contingent consideration associated with a previous acquisition.

Interest expense, net

For the years ended December 31, 2013 and 2012, consolidated net interest expense decreased 8.2% and increased 1.7%, respectively, as compared to the corresponding periods in the prior year. The decrease in 2013 was primarily due to lower average interest rates on borrowings due to our 2013 refinancing activities as discussed below in further detail. Net interest expense remained relatively consistent in 2012 compared to the prior year.

Foreign currency gain (loss)

Certain loans between QVC and its subsidiaries are deemed to be short-term in nature, and accordingly, the translation of these loans is recorded on the statements of operations. The change in foreign currency gain (loss) was primarily due to variances in interest and operating payables balances between QVC and its international subsidiaries denominated in the currency of the subsidiary and the effects of currency exchange rate changes on those balances.

Loss on extinguishment of debt

During the first half of 2013, QVC redeemed \$500 million of its 7.125% Senior Secured Notes due 2017 and \$231 million of its 7.5% Senior Secured Notes due 2019. The loss was primarily due to premiums paid for the tenders and calls of these notes. Refer to note eight to the consolidated financial statements and the below section, "Financial Position, Liquidity and Capital Resources," for further details.

Income taxes

Our effective tax rate was 35.8%, 36.4% and 35.8% for the years ended December 31, 2013, 2012 and 2011, respectively. For all three years, these rates differ from the U.S. federal income tax rate of 35% primarily due to state tax expense. In addition, the 2013 and 2011 rates differ due to the effect of tax rate changes on deferred taxes and the 2012 rate differs due to the revision of expected settlement estimates.

Adjusted Operating Income before Depreciation and Amortization (Adjusted OIBDA)

QVC defines Adjusted OIBDA as net revenue less cost of goods sold, operating expenses and selling, general and administrative expenses (excluding stock-based compensation). QVC's chief operating decision maker and management team use this measure of performance in conjunction with other measures to evaluate the businesses and make decisions about allocating resources among the businesses. QVC believes that this is an important indicator of the operational strength and performance of the businesses, including the ability to service debt and fund capital expenditures. In addition, this measure allows QVC to view operating results, perform analytical comparisons and perform benchmarking among its businesses and identify strategies to improve performance. This measure of performance excludes such costs as depreciation, amortization and stock-based compensation that are included in the measurement of operating income pursuant to U.S. GAAP. Accordingly, Adjusted OIBDA should be considered in addition to, but not as a substitute for, operating income, net income, cash flow provided by operating activities and other measures of financial performance prepared in accordance with U.S. GAAP.

The primary material limitations associated with the use of Adjusted OIBDA as compared to GAAP results are (i) it may not be comparable to similarly titled measures used by other companies in the industry, and (ii) it excludes financial information that some may consider important in evaluating QVC's performance. QVC compensates for these limitations by providing disclosure of the difference between Adjusted OIBDA and GAAP results, including providing a reconciliation of Adjusted OIBDA to GAAP results, to enable investors to perform their own analysis of QVC's operating results. Refer to note 15 to the consolidated financial statements for a reconciliation of Adjusted OIBDA to income before income taxes.

Seasonality

QVC's business is seasonal due to a higher volume of sales in the fourth calendar quarter related to year-end holiday shopping. In recent years, QVC has earned, on average, between 22% and 23% of its revenue in each of the first three quarters of the year and 32% of its revenue in the fourth quarter of the year.

Financial Position, Liquidity and Capital Resources

General

Historically, QVC's primary sources of cash have been cash provided by operating activities and borrowings. In general, QVC uses this cash to fund its operations, make capital purchases, make payments to Liberty, make interest payments and minimize QVC's outstanding senior secured credit facility balance.

As of December 31, 2013, substantially all of QVC's cash and cash equivalents were invested in AAA rated money market funds and time deposits with banks rated equal to or above A.

2013 Tender Offers

On March 4, 2013, QVC announced the commencement of cash tender offers (the "Offers") for any and all of its outstanding \$500 million in aggregate principal amount of 7.125% Senior Secured Notes due 2017 and up to \$250 million in aggregate principal amount of its 7.5% Senior Secured Notes due 2019.

Senior Secured Notes due 2017

On March 23, 2010, QVC issued \$500 million principal amount of 7.125% Senior Secured Notes due 2017 at par. On March 18, 2013, \$124 million of the 7.125% Senior Secured Notes due 2017 were tendered pursuant to the Offers, whereby holders of the 7.125% Senior Secured Notes due 2017 received consideration of \$1,039.40 for each \$1,000 principal amount of tendered 7.125% Senior Secured Notes due 2017. On April 17, 2013, QVC completed the redemption of the remaining \$376 million principal amount of its 7.125% Senior Secured Notes due 2017, whereby holders received consideration of \$1,035.63 for each \$1,000 principal amount of tendered 7.125% Senior Secured Notes due 2017.

Senior Secured Notes due 2019

On September 25, 2009, QVC issued \$1 billion principal amount of 7.5% Senior Secured Notes due 2019 at an issue price of 98.278%. On March 18, 2013, \$231 million of the 7.5% Senior Secured Notes due 2019 were tendered pursuant to the Offers, whereby holders of the 7.5% Senior Secured Notes due 2019 received consideration of \$1,120 for each \$1,000 principal amount of tendered 7.5% Senior Secured Notes due 2019. The senior secured notes have equal priority to the senior secured credit facility. The notes are secured by the stock of QVC and certain of its subsidiaries. Interest is payable semi-annually.

Senior Secured Notes due 2020

On March 23, 2010, QVC issued \$500 million principal amount of 7.375% Senior Secured Notes due 2020 at par. The senior secured notes have equal priority to the senior secured credit facility. The notes are secured by the stock of QVC and certain of its subsidiaries. Interest is payable semi-annually.

Senior Secured Notes due 2022

On July 2, 2012, QVC issued \$500 million principal amount of 5.125% Senior Secured Notes due 2022 at par. The senior secured notes have equal priority to the senior secured credit facility. The notes are secured by the stock of QVC and certain of its subsidiaries. Interest is payable semi-annually.

Senior Secured Notes due 2023 and 2043

On March 18, 2013, QVC issued \$750 million principal amount of 4.375% Senior Secured Notes due 2023 at an issue price of 99.968% and issued \$300 million principal amount of 5.95% Senior Secured Notes due 2043 at an issue price of 99.973%. These notes are secured by the stock of QVC and have equal priority to the senior secured credit facility and QVC's other notes. Interest is payable semi-annually.

The net proceeds from the issuance of these instruments were used to reduce the outstanding principal under QVC's existing 7.125% Senior Secured Notes due 2017, the 7.5% Senior Secured Notes due 2019 and the senior secured credit facility, as well as for general corporate purposes.

Senior Secured Credit Facility

On March 1, 2013, we amended and restated our senior secured credit facility, which provides for a \$2.0 billion revolving credit facility with a \$250 million sub-limit for standby letters of credit and \$1.0 billion of uncommitted incremental revolving loan commitments or incremental term loans. QVC may elect that the loans extended under the senior secured credit facility bear interest at a rate per annum equal to the ABR Rate or LIBOR, as each is defined in the senior secured credit facility agreement, plus a margin of 0.25% to 2.00% depending on various factors. Each loan may be prepaid at any time and from time to time without penalty other than customary breakage costs. Any amounts prepaid on the revolving credit facility may be reborrowed. Payment of loans may be accelerated following certain customary events of default. The senior secured credit facility is a multi-currency facility. The senior secured credit facility is secured by the stock of QVC. We had \$1.1 billion available under the terms of the senior secured credit facility at December 31, 2013. The interest rate on the senior secured credit facility was 1.9% at December 31, 2013.

The purpose of the amendment was to, among other things, extend the maturity of our senior secured credit facility to March 1, 2018 and lower the interest rate on borrowings.

The senior secured credit facility contains certain affirmative and negative covenants, including certain restrictions with respect to, among other things: incurring additional indebtedness; creating liens on property or assets; making certain loans or investments; selling or disposing of assets; paying certain dividends and other restricted payments; dissolving, consolidating or merging; entering into certain transactions with affiliates; entering into sale or leaseback transactions; restricting subsidiary distributions; and limiting QVC's ratio of consolidated total debt to consolidated Adjusted OIBDA.

Interest Rate Swap Arrangements

In 2009 and 2011, QVC entered into several interest rate swap arrangements to mitigate the interest rate risk associated with interest payments related to its variable rate debt. QVC assessed the effectiveness of its interest rate swaps using the hypothetical derivative method. During 2013, 2012 and 2011, QVC's elected interest terms did not effectively match the terms of the swap arrangements. As a result, the swaps did not qualify as cash flow hedges. Changes in fair value of these interest rate swaps were included in gains on financial instruments in the consolidated statements of operations. In March 2013, QVC's notional interest rate swaps of \$3.1 billion expired.

Other Debt Related Information

As a result of the refinancing transactions discussed above, we incurred an extinguishment loss of \$57 million for the year ended December 31, 2013, recorded as loss on extinguishment of debt in the consolidated statements of operations.

QVC was in compliance with all of its debt covenants at December 31, 2013.

During the year, there were no significant changes to QVC's debt credit ratings.

At December 31, 2013 and 2012, outstanding letters of credit totaled \$26 million and \$30 million, respectively.

There are no restrictions under the debt agreements on QVC's ability to pay dividends or make other restricted payments if QVC is not in default on its senior secured notes or credit facility, and QVC's consolidated leverage ratio would be no greater than 3.25 to 1.0. As a result, Liberty will, in many instances, be permitted to rely on QVC's cash flow for servicing Liberty's debt and for other purposes, including repurchases of Liberty's common stock, or to fund acquisitions or other operational requirements of Liberty and its subsidiaries. These events may deplete QVC's equity or require QVC

[Table of Contents](#)

to borrow under the senior secured credit facility, increasing QVC's leverage and decreasing liquidity. QVC has made significant distributions to Liberty in the past.

Additional Cash Flow Information

During the year ended December 31, 2013, QVC's primary uses of cash were \$2,387 million of principal payments on debt and capital lease obligations, \$1,005 million of dividends to Liberty, \$269 million of capital and cable and satellite television distribution rights expenditures, \$46 million in premiums paid for the redemption of QVC's existing 7.125% Senior Secured Notes due 2017 and partial redemption of QVC's 7.5% Senior Secured Notes due 2019 and \$45 million in dividend payments from QVC-Japan to Mitsui. These uses of cash were funded primarily with \$1,674 million of principal borrowings on the senior secured credit facility, \$1,050 million in proceeds from the issuance of the 4.375% Senior Secured Notes due 2023 and the 5.95% Senior Secured Notes due 2043 and \$973 million of cash provided by operating activities. As of December 31, 2013, QVC's cash balance (excluding restricted cash) was \$457 million.

The change in cash provided by operating activities for the year ended December 31, 2013 compared to the previous year was primarily due to a decrease in net income, the loss on extinguishment of debt and variances in accounts payable and accrued liabilities balances. The variance in accounts payable was primarily due to timing of payments to vendors and the change in accrued liabilities was primarily due to variances in taxes payable balances.

As of December 31, 2013, \$240 million of the \$457 million in cash was held by foreign subsidiaries. Cash in foreign subsidiaries is generally accessible, but certain tax consequences may reduce the net amount of cash we are able to utilize for U.S. purposes. QVC accrues taxes on the unremitted earnings of its international subsidiaries. Approximately one-half of this foreign cash balance was that of QVC-Japan. QVC owns 60% of QVC-Japan and shares all profits and losses with the 40% minority interest holder, Mitsui. We believe that we currently have appropriate legal structures in place to repatriate foreign cash as tax efficiently as possible and meet the business needs of QVC.

During the year ended December 31, 2012, QVC's primary uses of cash were \$1,817 million of dividends to Liberty, \$1,246 million of principal payments on debt and capital lease obligations, \$246 million of capital expenditures, \$95 million paid related to investments in joint ventures and acquisitions, net of cash received, and a \$29 million dividend payment from QVC-Japan to Mitsui. These uses of cash were funded primarily with \$1,717 million of debt borrowings on the senior secured credit facility, \$1,206 million of cash provided by operating activities and \$500 million in proceeds from the issuance of the 5.125% Senior Secured Notes due 2022. As of December 31, 2012, QVC's cash balance (excluding restricted cash) was \$540 million.

The change in cash provided by operating activities for the year ended December 31, 2012 compared to the previous year was primarily due to an increase in net income and variances in accounts receivable, accounts payable and accrued liabilities balances. The variance in accounts receivable was primarily due to the Easy-Pay installment program, the variance in accounts payable was primarily due to timing of payments to vendors and the change in accrued liabilities was primarily due to variances in taxes payable balances.

During the year ended December 31, 2011, QVC's primary uses of cash were \$837 million of principal payments on debt and capital lease obligations, \$259 million of capital expenditures, \$205 million of dividends to Liberty and a \$50 million dividend payment from QVC-Japan to Mitsui. These uses of cash were funded primarily with \$818 million of cash provided by operating activities and \$465 million of debt borrowings on the senior secured credit facility. As of December 31, 2011, QVC's cash balance (excluding restricted cash) was \$560 million.

Other

Capital expenditures spending in 2014 is expected to be approximately \$190 million.

Refer to the chart under the "Off-balance Sheet Arrangements and Aggregate Contractual Obligations" section below for additional information concerning the amount and timing of expected future payments under QVC's contractual obligations at December 31, 2013.

QVC has contingent liabilities related to legal and tax proceedings and other matters arising in the ordinary course of business. Although it is reasonably possible QVC may incur losses upon the conclusion of such matters, an estimate of any loss or range of loss cannot be made. In the opinion of management, it is expected that amounts, if any, that may be required to satisfy such contingencies will not be material in relation to the consolidated financial statements.

Off-balance Sheet Arrangements and Aggregate Contractual Obligations

Information concerning the amount and timing of required payments, both accrued and off-balance sheet, under our contractual obligations at December 31, 2013 is summarized below:

Recent Accounting Pronouncements

In February 2013, the FASB issued ASU No. 2013-02, which amends ASC Topic 220, *Comprehensive Income* and requires that companies present information about reclassification adjustments from accumulated other comprehensive income in their interim and annual financial statements. The standard requires that companies present either in a single note, or parenthetically on the face of the financial statements, the effect of significant amounts reclassified from each component of accumulated other comprehensive income based on its source and the income statement line items affected by the reclassification. If a component is not required to be reclassified to net income in its entirety, companies will instead cross reference to the related footnote for additional information. QVC adopted this guidance as of January 1, 2013, and adoption did not have an impact on QVC's consolidated financial position, results of operations or cash flows.

Critical Accounting Estimates

The preparation of consolidated financial statements in conformity with GAAP requires QVC to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and

[Table of Contents](#)

the reported amounts of revenue and expenses during the reporting period. Estimates include, but are not limited to, sales returns, uncollectible receivables, inventory obsolescence, medical and other benefit related costs, depreciable lives of fixed assets, internally developed software, valuation of acquired intangible assets and goodwill, income taxes and stock-based compensation. QVC bases its estimates on historical experience and on various other assumptions that QVC believes to be reasonable under the circumstances. These estimates form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from those estimates under different assumptions or conditions. In addition, as circumstances change, QVC may revise the basis of its estimates accordingly.

Fair value measurements

QVC records several assets and liabilities in the consolidated balance sheet at fair value on a recurring basis. QVC has adopted the GAAP prescribed hierarchy that prioritizes inputs to valuation techniques used to measure fair value of financial and nonfinancial instruments.

Goodwill and long-lived assets

QVC's long-lived asset valuations are primarily comprised of the annual assessment of the recoverability of goodwill and other nonamortizable intangibles, such as trademarks and the evaluation of the recoverability of other long-lived assets upon certain triggering events. If the carrying value of long-lived assets exceeds their undiscounted cash flows, QVC is required to write the carrying value down to the fair value. Any such writedown is included in depreciation/amortization in the consolidated statements of operations. A high degree of judgment is required to estimate the fair value of the long-lived assets. QVC may use quoted market prices, prices for similar assets, present value techniques and other valuation techniques to prepare these estimates. QVC may need to make estimates of future cash flows and discount rates as well as other assumptions in order to implement these valuation techniques. Due to the high degree of judgment involved in estimation techniques, any value ultimately derived from the long-lived assets may differ from the estimate of fair value. As each of QVC's operating segments has long-lived assets, this critical accounting estimate affects the financial position and results of operations of each segment.

QVC utilized a qualitative assessment for determining whether step one of the goodwill impairment analysis was necessary, and concluded it was not. In evaluating goodwill on a qualitative basis, QVC reviewed the business performance of each reporting unit, evaluated other relevant factors and determined that it was not more likely than not that an impairment existed for any of QVC's reporting units. The Company considered whether there were any negative macroeconomic conditions, industry specific conditions, market changes, increased competition, increased costs in doing business, management challenges, the legal environments and how these factors might impact company specific performance in future periods.

The changes in the carrying amount of goodwill for the years ended December 31, 2013 and 2012 were as follows:

<u>(in millions)</u>	<u>QVC-U.S.</u>	<u>QVC-Japan</u>	<u>QVC-Germany</u>	<u>QVC-U.K.</u>	<u>QVC-Italy</u>	<u>Total</u>

Retail related adjustments and allowances

QVC records adjustments and allowances for sales returns, inventory obsolescence and uncollectible receivables. Each of these adjustments is estimated based on historical experience. Sales returns are calculated as a percent of sales and are netted against revenue in the consolidated statement of operations. For the years ended December 31, 2013, 2012 and 2011, sales returns represented 19.8%, 19.4% and 19.4% of gross product revenue, respectively. The inventory obsolescence reserve is calculated as a percent of inventory at the end of a reporting period based on, among other factors, the average inventory balance for the preceding twelve months and historical experience with liquidated inventory. The change in the reserve is included in cost of goods sold in the consolidated statements of operations. At December 31, 2013, inventory was \$931 million, which was net of the obsolescence adjustment of \$79 million. At December 31, 2012, inventory was \$909 million, which was net of the obsolescence adjustment of \$89 million. The allowance for doubtful accounts is calculated as a percent of accounts receivable at the end of a reporting period, and it is based on historical experience, with the change in such allowance being recorded as bad debt expense in the consolidated statements of operations. At December 31, 2013, trade accounts receivable was \$1,111 million, net of the allowance for doubtful accounts of \$83 million. At December 31, 2012, trade accounts receivable was \$1,055 million, net of the allowance for doubtful accounts of \$74 million. Each of these adjustments requires management judgment. Actual results could differ from management's estimates.

Accounting for income taxes

QVC is required to estimate the amount of tax payable or refundable for the current year and the deferred income tax liabilities and assets for the future tax consequences of events that have been reflected in the financial statements or tax returns for each taxing jurisdiction in which QVC operates. This process requires management to make judgments regarding the timing and probability of the ultimate tax impact of the various agreements and transactions into which QVC enters. Based on these judgments, QVC may record tax reserves or adjustments to valuation allowances on deferred tax assets to reflect the expected realizability of future tax benefits. Actual income taxes could vary from these estimates due to future changes in income tax law, significant changes in the jurisdictions in which QVC operates, QVC's inability to generate sufficient future taxable income or unpredicted results from the final determination of each year's liability by taxing authorities. These changes could have a significant impact on QVC's financial position.

Quantitative and Qualitative Disclosures about Market Risk

QVC is exposed to market risk in the normal course of business due to ongoing investing and financial activities and the conduct of operations by subsidiaries in different foreign countries. Market risk refers to the risk of loss arising from adverse changes in stock prices, interest rates and foreign currency exchange rates. The risk of loss can be assessed from the perspective of adverse changes in fair values, cash flows and future earnings. QVC has established procedures and internal processes governing the management of market risks and the use of financial instruments to manage exposure to such risks.

Interest rate risk

QVC is exposed to changes in interest rates primarily as a result of borrowing activities. QVC manages the exposure to interest rates by maintaining what QVC believes is an appropriate mix of fixed and variable rate debt. QVC believes this best protects itself from interest rate risk.

In 2009 and 2011, QVC entered into several interest rate swap arrangements to mitigate the interest rate risk associated with interest payments related to its variable rate debt. QVC assessed the effectiveness of its interest rate swaps using the hypothetical derivative method. During 2013, 2012 and 2011, QVC's elected interest terms did not effectively match the terms of the swap arrangements. As a result, the swaps did not qualify as cash flow hedges. Changes in fair value of these interest rate swaps were included in gains on financial instruments in the consolidated statements of operations. In March 2013, QVC's notional interest rate swaps of \$3.1 billion expired.

Foreign currency exchange rate risk

QVC is exposed to foreign exchange rate fluctuations related to the monetary assets and liabilities and the financial results of its foreign subsidiaries. Assets and liabilities of foreign subsidiaries for which the functional currency is the local currency are translated into U.S. Dollars at period-end exchange rates, and the statements of operations are translated at the average exchange rate for the period. Exchange rate fluctuations on translating foreign currency financial statements into U.S. Dollars that result in unrealized gains or losses are referred to as translation adjustments. Cumulative translation adjustments are recorded in other comprehensive income as a separate component of shareholder's equity. Transactions denominated in currencies other than the functional currency are recorded based on exchange rates at the time such transactions arise. Subsequent changes in exchange rates result in transaction gains and losses, which are reflected in income as unrealized (based on period-end transactions) or realized upon settlement of the transactions. Cash flows from operations in foreign countries are translated at the average rate for the period. Accordingly, QVC may experience economic loss and a negative impact on earnings and equity with respect to its holdings solely as a result of foreign currency exchange rate fluctuations. QVC's reported Adjusted OIBDA for the year ended December 31, 2013 would have been impacted by approximately \$4 million for every 1% change in foreign currency exchange rates relative to the U.S. Dollar.

The credit facility provides QVC the ability to borrow in multiple currencies. This allows QVC to somewhat mitigate foreign currency exchange rate risks. As of December 31, 2013, QVC had borrowings of 5.5 billion Japanese Yen, equivalent to \$52 million based on an exchange rate of 105.3 Japanese Yen per U.S. Dollar, outstanding under the credit facility. As of December 31, 2013, the foreign currency exchange exposure to these borrowings approximated \$1 million for every 1% change in the Japanese Yen exchange rate per U.S. Dollar.

QVC, Inc.

Notes to Consolidated Financial Statements

(1) Basis of Presentation

QVC is a retailer of a wide range of consumer products, which are marketed and sold primarily by merchandise-focused televised shopping programs, the Internet and mobile applications. In the U.S., QVC's live programming is distributed via its nationally televised shopping program 24 hours per day, 364 days per year ("QVC-U.S."). Internationally, QVC's program services are based in Japan ("QVC-Japan"), Germany ("QVC-Germany"), the U.K. ("QVC-U.K.") and Italy ("QVC-Italy"). QVC-Japan distributes live programming 24 hours per day, QVC-Germany distributes its program 24 hours per day with 23 hours of live programming and QVC-U.K. distributes its program 24 hours per day with 17 hours of live programming. QVC-Italy distributes programming live for 17 hours per day on satellite and digital terrestrial television and an additional seven hours per day of recorded programming on satellite and seven hours per day of general interest programming on digital terrestrial television.

On July 4, 2012, QVC entered into a joint venture with China Broadcasting Corporation, a limited liability company owned by China National Radio ("CNR"), for a 49% interest in a CNR subsidiary, CNR Home Shopping Co., Ltd. ("CNRS"). CNRS distributes live programming for 15 hours a day and recorded programming for nine hours a day. The CNRS joint venture is accounted for as an equity method investment recorded as equity in losses of investee in the consolidated statements of operations.

The Company has a venture with Mitsui & Co. LTD ("Mitsui") for a television and multimedia retailing service in Japan. QVC-Japan is owned 60% by the Company and 40% by Mitsui. The Company and Mitsui share in all profits and losses based on their respective ownership interests. During the years ended December 31, 2013, 2012 and 2011, QVC-Japan paid dividends to Mitsui of \$45 million, \$29 million and \$50 million, respectively.

We are an indirect wholly owned subsidiary of Liberty Interactive Corporation ("Liberty") (Nasdaq: LINTA, LINTB, LVNTA and LVNTB), which owns interests in a broad range of digital commerce businesses. We are attributed to the Liberty Interactive tracking stock, which tracks the assets and liabilities of Liberty's Interactive Group (the "Interactive Group"). The Interactive Group does not represent a separate legal entity; rather, it represents those businesses, assets and liabilities that are attributed to that group. Liberty also attributes to its Interactive Group those businesses primarily focused on digital commerce and its 38% ownership interest in HSN, Inc. ("HSN"), one of our two closest televised shopping competitors.

In October 2013, Liberty announced that its board has authorized management to pursue a plan to recapitalize (the "Recapitalization") its Liberty Interactive Group tracking stock into two new tracking stocks, one (currently the Liberty Interactive common stock) to be renamed the QVC Group common stock and the other to be designated as the Liberty Digital Commerce common stock. In the Recapitalization, record holders of Series A and Series B Liberty Interactive common stock would receive one share of the corresponding series of Liberty Digital Commerce common stock for each 10 shares of the renamed QVC Group common stock held by them as of the effective date. Liberty intends to attribute to the Liberty Digital Commerce Group its operating subsidiaries Provide Commerce, Inc.; Backcountry.com, Inc.; Bodybuilding.com, LLC; CommerceHub; Right Start and Evite along with cash and certain liabilities. The QVC Group, which is currently known as the Liberty Interactive Group, would have attributed to it the Company and Liberty's approximate 38% interest in HSN, along with cash and certain liabilities.

Notes to Consolidated Financial Statements (Continued)

(1) Basis of Presentation (Continued)

The consolidated financial statements include the accounts of the Company and its majority-owned subsidiaries. All significant intercompany accounts and transactions were eliminated in consolidation.

(2) Summary of Significant Accounting Policies

(a) Cash and cash equivalents

All highly liquid investments purchased with an original maturity of three months or less are classified as cash equivalents. Cash equivalents were \$342 million and \$424 million at December 31, 2013 and 2012, respectively. The carrying amounts reported in the consolidated balance sheets for cash and cash equivalents approximates their fair values (Level 1).

(b) Restricted cash

Restricted cash at December 31, 2013 and 2012 primarily includes a cash deposit with a third party trustee that provides financial assurance that the Company will fulfill its obligations in relation to claims under its workers' compensation policy.

(c) Accounts receivable

A provision for customer bad debts is provided as a percentage of accounts receivable based on historical experience and is included within selling, general and administrative expense. A provision for noncustomer bad debt expense, related to amounts due from vendors for unsold and returned products, is provided based on an estimate of the probable expected losses and is included in cost of goods sold.

(d) Inventories

Inventories, consisting primarily of products held for sale, are stated at the lower of cost or market. Cost is determined by the average cost method, which approximates the first-in, first-out method. Assessments about the realizability of inventory require the Company to make judgments based on currently available information about the likely method of disposition including sales to individual customers, returns to product vendors, liquidations and the estimated recoverable values of each disposition category.

(e) Property, plant and equipment

The costs of property, plant and equipment are capitalized and depreciated over their estimated useful lives using the straight-line method beginning in the month of acquisition or in-service date. Transponders under capital leases are stated at the present value of minimum lease payments. When assets are sold or retired, the cost and accumulated depreciation are removed from the accounts and any gain or loss is included in net income. The costs of maintenance and repairs are charged to expense as incurred.

The Company is party to several transponder capacity arrangements as a lessee, which are accounted for as capital leases.

(2) Summary of Significant Accounting Policies (Continued)

(f) Capitalized interest

The Company capitalizes interest cost incurred on debt during the construction of major projects exceeding one year. Capitalized interest was not material to the financial statements for any periods presented.

(g) Internally developed software

Internal software development costs are capitalized in accordance with guidance on accounting for the costs of computer software developed or obtained for internal use, and are classified within other intangible assets in the consolidated balance sheets. The Company amortizes computer software and internal software development costs over an estimated useful life of approximately three years using the straight-line method.

(h) Goodwill

Goodwill represents the excess of costs over the fair value of the net assets of businesses acquired. Goodwill is not amortized. Goodwill is tested annually for impairment, and more frequently if events and circumstances indicated that the asset might be impaired. An impairment loss would be recognized to the extent that the carrying amount exceeded the reporting unit's fair value.

The changes in the carrying amount of goodwill for the years ended December 31, 2013 and 2012 were as follows:

<u>(in millions)</u>	<u>QVC-U.S.</u>	<u>QVC-Japan</u>	<u>QVC-Germany</u>	<u>QVC-U.K.</u>	<u>QVC-Italy</u>	<u>Total</u>
Balance as of December 31, 2011	\$ 4,169	393	328	203	146	5,239
Acquisitions	21	—	—	—	—	21
Exchange rate fluctuations	—	(44)	6	9	3	(26)
Balance as of December 31, 2012	4,190	349	334	212	149	5,234
Exchange rate fluctuations	—	(61)	14	4	6	(37)
Balance as of December 31, 2013	\$ 4,190	288	348	216	155	5,197

The Company utilized a qualitative assessment for determining whether step one of the goodwill impairment analysis was necessary, and concluded it was not. In evaluating goodwill on a qualitative basis, the Company reviewed the business performance of each reporting unit, evaluated other relevant factors and determined that it was not more likely than not that an impairment existed for any of the Company's reporting units. The Company considered whether there were any negative macroeconomic conditions, industry specific conditions, market changes, increased competition, increased costs in doing business, management challenges, the legal environments and how these factors might impact company specific performance in future periods.

If a step one test would have been necessary based on the qualitative factors, the Company would have compared the estimated fair value of a reporting unit to its carrying value. Developing estimates of fair value requires significant judgments, including making assumptions about appropriate discount rates, perpetual growth rates, relevant comparable market multiples, public trading prices and the amount and timing of expected future cash flows. The cash flows employed in the Company's valuation analysis are based on management's best estimates considering current marketplace factors and risks as

QVC, Inc.

Notes to Consolidated Financial Statements (Continued)

(2) Summary of Significant Accounting Policies (Continued)

well as assumptions of growth rates in future years. There is no assurance that actual results in the future will approximate these forecasts. For those reporting units whose carrying value exceeds the fair value, a second test is required to measure the impairment loss (the "Step 2 Test"). In the Step 2 Test, the fair value (Level 3) of the reporting unit is allocated to all of the assets and liabilities of the reporting unit with any residual value being allocated to goodwill. Any excess of the carrying value of the goodwill over this allocated amount is recorded as an impairment charge.

(i) Translation of foreign currencies

Assets and liabilities of foreign subsidiaries are translated at the spot rate in effect at the applicable reporting date, and the consolidated statements of operations are translated at the average exchange rates in effect during the applicable period. The resulting unrealized cumulative translation adjustments, net of applicable income taxes, are recorded as a component of accumulated other comprehensive income in equity.

Transactions denominated in currencies other than the functional currency are recorded based on exchange rates at the time such transactions arise. Subsequent changes in exchange rates result in transaction gains and losses, which are reflected in the consolidated statements of operations as unrealized (based on the applicable period-end exchange rate) or realized upon settlement of the transactions.

(j) Revenue recognition

The Company recognizes revenue at the time of delivery to customers. The revenue for shipments in-transit is recorded as deferred revenue.

The Company's policy is to allow customers to return merchandise for up to thirty days after the date of shipment. An allowance for returned merchandise is provided at the time revenue is recorded as a percentage of sales based on historical experience. The total reduction in net revenue due to returns for the years ended years ended December 31, 2013, 2012 and 2011 aggregated to \$2,036 million, \$1,965 million and \$1,900 million, respectively.

The Company evaluates the criteria for reporting revenue gross as a principal versus net as an agent, in determining whether it is appropriate to record the gross amount of product sales and related costs or the net amount earned as commissions. Generally, the Company is the primary obligor in the arrangement, has inventory risk, has latitude in establishing the selling price and selecting suppliers, and accordingly, records revenue gross.

Sales and use taxes collected from customers and remitted to governmental authorities are accounted for on a net basis and, therefore, are excluded from net revenue in the consolidated statements of operations.

(k) Cost of goods sold

Cost of goods sold primarily includes actual product cost, provision for obsolete inventory, buying allowances received from suppliers, shipping and handling costs and warehouse costs.

QVC, Inc.

Notes to Consolidated Financial Statements (Continued)

(2) Summary of Significant Accounting Policies (Continued)

(l) Advertising costs

Advertising costs are expensed as incurred. Advertising costs amounted to \$89 million, \$91 million and \$81 million for the years ended December 31, 2013, 2012 and 2011, respectively. These costs were included in selling, general and administrative expenses in the consolidated statements of operations.

(m) Stock-based compensation

As more fully described in note 10, the Company and Liberty have granted certain stock-based awards to employees of the Company. The Company measures the cost of employee services received in exchange for an award of equity instruments (such as stock options and restricted stock) based on the grant-date fair value of the award, and recognizes that cost over the period during which the employee is required to provide service (usually the vesting period of the award). Stock-based compensation expense is included in selling, general and administrative expenses in the consolidated statements of operations.

(n) Impairment of long-lived assets

The Company reviews long-lived assets, such as property, plant and equipment, internally developed software and purchased intangibles subject to amortization, for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the fair value of the asset. Impairment charges are recognized as an acceleration of depreciation expense or amortization expense in the consolidated statement of operations.

During the fourth quarter of 2011, the Company determined that certain capitalized customer relationship management ("CRM") software did not meet our service-level expectations and desired functionality. As a result, the Company recorded an impairment of certain CRM assets in the amount of \$47 million included in depreciation and amortization in the statement of operations within the QVC-U.S. operating segment.

(o) Derivatives

The Company accounts for derivatives and hedging activities in accordance with standards issued by the Financial Accounting Standards Board ("FASB"), which requires that all derivative instruments be recorded on the balance sheet at their respective fair values. Fair value is based on the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. For derivatives designated as hedges, changes in the fair value are either offset against the changes in fair value of the designated hedged item through earnings or recognized in accumulated other comprehensive income until the hedged item is recognized in earnings.

The Company generally enters into derivative contracts that it intends to designate as a hedge of a forecasted transaction or the variability of cash flows to be received or paid related to a recognized asset or liability (cash flow hedge). For all hedging relationships, the Company formally documents the hedging relationship and its risk management objective and strategy for undertaking the hedge, the

QVC, Inc.

Notes to Consolidated Financial Statements (Continued)

(2) Summary of Significant Accounting Policies (Continued)

hedging instrument, the hedged item, the nature of the risk being hedged, how the hedging instrument's effectiveness in offsetting the hedged risk will be assessed prospectively and retrospectively, and a description of the method of measuring ineffectiveness. The Company also formally assesses, both at the hedge's inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting cash flows of hedged items. Changes in the fair value of a derivative that is highly effective and that is designated and qualifies as a cash flow hedge are recorded in accumulated other comprehensive income to the extent that the derivative is effective as a hedge, until earnings are affected by the variability in cash flows of the designated hedged item. The ineffective portion of the change in fair value of a derivative instrument that qualifies as a cash flow hedge is reported in earnings.

In 2009 and 2011, QVC entered into several interest rate swap arrangements to mitigate the interest rate risk associated with interest payments related to its variable rate debt. QVC assessed the effectiveness of its interest rate swaps using the hypothetical derivative method. During 2013, 2012 and 2011, QVC's elected interest terms did not effectively match the terms of the swap arrangements. As a result, the swaps did not qualify as cash flow hedges. Changes in fair value of these interest rate swaps were included in gains on financial instruments in the consolidated statements of operations. In March 2013, QVC's notional interest rate swaps of \$3.1 billion expired.

(p) Income taxes

Income taxes are accounted for under the asset and liability method. Deferred income tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred income tax assets and liabilities are measured using statutory tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. A valuation allowance is provided when it is more likely than not that some portion of the deferred tax asset will not be realized. The effect on deferred tax assets and liabilities of an enacted change in tax rates is recognized in income in the period that includes the enactment date.

When the tax law requires interest to be paid on an underpayment of income taxes, the Company recognizes interest expense from the first period the interest would begin accruing according to the relevant tax law. The Company recognizes interest accrued related to unrecognized tax benefits in interest expense and penalties in other income (expense) in the consolidated statements of operations.

(q) Noncontrolling interest

The Company reports the noncontrolling interest of QVC-Japan within equity in the consolidated balance sheets and the amount of consolidated net income attributable to the noncontrolling interest is presented in the consolidated statements of operations.

(r) Business acquisitions

Acquired businesses are accounted for using the acquisition method of accounting, which requires the Company to record assets acquired and liabilities assumed at their respective fair values with the excess of the purchase price over estimated fair values recorded as goodwill. The assumptions made in determining the fair value of acquired assets and assumed liabilities as well as asset lives can materially impact the results of operations. The Company obtains information during due diligence and through

QVC, Inc.

Notes to Consolidated Financial Statements (Continued)

(2) Summary of Significant Accounting Policies (Continued)

other sources to establish respective fair values. Examples of factors and information that the Company uses to determine the fair values include tangible and intangible asset evaluations and appraisals and evaluations of existing contingencies and liabilities. If the initial valuation for an acquisition is incomplete by the end of the quarter in which the acquisition occurred, the Company will record a provisional estimate in the financial statements. The provisional estimate will be finalized as soon as information becomes available, but not later than one year from the acquisition date.

(s) Investment in affiliate

The Company holds an investment in China that is accounted for using the equity method. The equity method of accounting is used when we exercise significant influence, but do not have operating control, generally assumed to be 20%- 50% ownership. Under the equity method, original investments are recorded at cost and adjusted by our share of undistributed earnings or losses of these companies. The excess of the Company's cost on its underlying interest in the net assets of the affiliate is allocated to identifiable intangible assets and goodwill. Equity investments are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable.

(t) Use of estimates in the preparation of consolidated financial statements

The preparation of consolidated financial statements in conformity with generally accepted accounting principles in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Estimates include, but are not limited to, sales returns, uncollectible receivables, inventory obsolescence, medical and other benefit related costs, depreciable lives of fixed assets, internally developed software, valuation of acquired intangible assets and goodwill, income taxes and stock-based compensation.

(u) Recent accounting pronouncements

In February 2013, the FASB issued Accounting Standards Update ("ASU") No. 2013-02, which amends Accounting Standards Codification ("ASC") Topic 220, *Comprehensive Income* and requires that companies present information about reclassification adjustments from accumulated other comprehensive income in their interim and annual financial statements. The standard requires that companies present either in a single note, or parenthetically on the face of the financial statements, the effect of significant amounts reclassified from each component of accumulated other comprehensive income based on its source and the income statement line items affected by the reclassification. If a component is not required to be reclassified to net income in its entirety, companies will instead cross reference to the related footnote for additional information. QVC adopted this guidance as of January 1, 2013, and adoption did not have an impact on QVC's consolidated financial position, results of operations or cash flows.

(v) Reclassifications

Certain prior period amounts have been reclassified to conform with current period presentation.

QVC, Inc.**Notes to Consolidated Financial Statements (Continued)****(3) Accounts Receivable**

The Company has two credit programs, the QVC Easy-Pay Plan (known as Q Pay in Germany) and the QVC-U.S. revolving credit card program. The QVC Easy-Pay Plan permits customers to pay for items in two or more installments. When the QVC Easy-Pay Plan is offered by QVC and elected by the customer, the first installment is typically billed to the customer's credit card upon shipment. Generally, the customer's credit card is subsequently billed up to five additional monthly installments until the total purchase price of the products has been billed by the Company.

QVC-U.S. has an agreement with a large consumer financial institution (the "Bank") pursuant to which the Bank provides revolving credit directly to our customers for the sole purpose of purchasing merchandise from us with a QVC branded credit card ("Q Card"). We receive a portion of the net economics of the credit card program according to percentages that vary with the performance of the portfolio. We cannot predict the extent to which customers will use the Q Card, nor the extent that they will make payments on their outstanding balances. The net amount of finance income resulting from credit card operations is included as a reduction of selling, general and administrative expenses and was \$63 million, \$65 million and \$58 million for the years ended December 31, 2013, 2012 and 2011, respectively.

The Company also accepts major credit cards for its sales. Accounts receivable from major credit cards represents amounts owed to QVC from the credit card clearing houses for amounts billed but not yet collected.

The Company enters into affiliation agreements with cable and satellite television providers for carriage of the Company's shopping service, as well as for certain channel placement. If these cable and satellite affiliates were to add additional subscribers to the agreement through acquisition, the Company may be required to make additional payments.

The Company's ability to continue to sell products to its customers is dependent on its ability to maintain and renew these affiliation agreements. In some cases, renewals are not agreed upon prior to the expiration of a given agreement while the programming continues to be carried by the relevant

distributor without an effective agreement in place. The Company does not have distribution agreements with some of the cable operators that carry its programming.

Cable and satellite television distribution rights are amortized using the straight-line method over the lives of the individual agreements. The remaining weighted average lives of the cable and satellite television distribution rights was approximately 3.7 years at December 31, 2013. Amortization expense for cable and satellite television distribution rights was \$177 million, \$163 million and \$167 million for the years ended December 31, 2013, 2012 and 2011, respectively.

The increase in channel placement amortization and related expenses in 2013 was primarily due to new and amended long-term cable and satellite television distribution agreements in the U.S.

As of December 31, 2013, related amortization expense for each of the next five years ended December 31 was as follows (in millions):

2014	\$ 176
2015	167
2016	161
2017	110
2018	5

The decrease in future amortization expense in 2018 is primarily due to the end of affiliation agreement terms for contracts in place at the time of the Liberty acquisition of QVC in 2003.

In return for carrying our signals, each programming distributor in the U.S. receives an allocated portion, based upon market share, of up to 5% of the net sales of merchandise sold via the television programs and from certain Internet sales to customers located in the programming distributors' service areas. In Japan, Germany, the U.K. and Italy, programming distributors predominately receive an agreed-upon annual fee, a monthly fee per subscriber regardless of the net sales, a variable percentage of net sales or some combination of the above arrangements. The Company recorded expense related to these commissions of \$298 million, \$296 million and \$299 million for the years ended December 31, 2013, 2012 and 2011, respectively, which is included as part of operating expenses in the consolidated statements of operations.

Amortization expense for other intangible assets was \$254 million, \$237 million and \$272 million for the years ended December 31, 2013, 2012 and 2011, respectively.

The increase in software amortization in 2013 was primarily due to solutions to enhance customer service and productivity in the U.S. and Germany.

During the fourth quarter of 2011, QVC determined that certain capitalized customer relationship management ("CRM") software did not meet service-level expectations and desired functionality. As a result, QVC recorded an impairment of certain CRM assets in the amount of \$47 million included in depreciation and amortization in the consolidated statement of operations within the QVC- U.S. operating segment.

As of December 31, 2013, the related amortization expense and interest expense for each of the next five years ended December 31 was as follows (in millions):

2014	\$ 280
2015	259
2016	223
2017	122
2018	9

The decrease in future amortization expense in 2018 is primarily due to the end of the useful lives of the affiliate and customer relationships in place at the time of the Liberty acquisition of QVC in 2003.

The notes are secured by the stock of QVC and certain of its subsidiaries. Interest is payable semi-annually.

(e) Senior Secured Notes due 2022

On July 2, 2012, QVC issued \$500 million principal amount of 5.125% Senior Secured Notes due 2022 at par. The senior secured notes have equal priority to the senior secured credit facility. The notes are secured by the stock of QVC and certain of its subsidiaries. Interest is payable semi-annually.

(f) Senior Secured Notes due 2023 and 2043

On March 18, 2013, QVC issued \$750 million principal amount of 4.375% Senior Secured Notes due 2023 at an issue price of 99.968% and issued \$300 million principal amount of 5.95% Senior Secured Notes due 2043 at an issue price of 99.973%. These notes are secured by the stock of QVC and have equal priority to the senior secured credit facility and QVC's other notes. Interest is payable semi-annually.

The net proceeds from the issuance of these instruments were used to reduce the outstanding principal under QVC's existing 7.125% Senior Secured Notes due 2017, the 7.5% Senior Secured Notes due 2019 and the senior secured credit facility, as well as for general corporate purposes.

(g) Senior Secured Credit Facility

On March 1, 2013, we amended and restated our senior secured credit facility, which provides for a \$2.0 billion revolving credit facility with a \$250 million sub-limit for standby letters of credit and \$1.0 billion of uncommitted incremental revolving loan commitments or incremental term loans. QVC may elect that the loans extended under the senior secured credit facility bear interest at a rate per annum equal to the ABR Rate or LIBOR, as each is defined in the senior secured credit facility agreement, plus a margin of 0.25% to 2.00% depending on various factors. Each loan may be prepaid at any time and from time to time without penalty other than customary breakage costs. Any amounts prepaid on the revolving credit facility may be reborrowed. Payment of loans may be accelerated following certain customary events of default. The senior secured credit facility is a multi-currency facility. The senior secured credit facility is secured by the stock of QVC. We had \$1.1 billion available under the terms of the senior secured credit facility at December 31, 2013. The interest rate on the senior secured credit facility was 1.9% at December 31, 2013.

The purpose of the amendment was to, among other things, extend the maturity of our senior secured credit facility to March 1, 2018 and lower the interest rate on borrowings.

The senior secured credit facility contains certain affirmative and negative covenants, including certain restrictions with respect to, among other things: incurring additional indebtedness; creating liens on property or assets; making certain loans or investments; selling or disposing of assets; paying certain dividends and other restricted payments; dissolving, consolidating or merging; entering into certain transactions with affiliates; entering into sale or leaseback transactions; restricting subsidiary

distributions; and limiting QVC's ratio of consolidated total debt to consolidated Adjusted OIBDA (Adjusted OIBDA is defined in note 15).

(h) Interest Rate Swap Arrangements

In 2009 and 2011, QVC entered into several interest rate swap arrangements to mitigate the interest rate risk associated with interest payments related to its variable rate debt. QVC assessed the effectiveness of its interest rate swaps using the hypothetical derivative method. During 2013, 2012 and 2011, QVC's elected interest terms did not effectively match the terms of the swap arrangements. As a result, the swaps did not qualify as cash flow hedges. Changes in fair value of these interest rate swaps were included in gains on financial instruments in the consolidated statements of operations. In March 2013, QVC's notional interest rate swaps of \$3.1 billion expired.

(i) Other Debt Related Information

As a result of the refinancing transactions discussed above, we incurred an extinguishment loss of \$57 million for the year ended December 31, 2013, recorded as loss on extinguishment of debt in the consolidated statements of operations.

QVC was in compliance with all of its debt covenants at December 31, 2013.

During the year, there were no significant changes to QVC's debt credit ratings.

The weighted average rate applicable to all of the outstanding debt (excluding capital leases) was 5.0% as of December 31, 2013.

At December 31, 2013 and 2012, outstanding letters of credit totaled \$26 million and \$30 million, respectively.

(9) Leases and Transponder Service Arrangements

We distribute our television programs, via satellite and optical fiber, to cable television and direct-to-home satellite system operators for retransmission to their subscribers in the U.S., Japan, Germany, the U.K. and neighboring countries. programming transmissions using a third party service. Both transmissions are uplinked to protected, non-preemptible transponders on U.S. satellites. "Protected" status means that, in the event of a transponder failure, our signal will be transferred to a spare transponder or, if none is available, to a preemptible transponder located on the same satellite or, in certain cases, to a transponder on another satellite owned by the same service provider if one is available at the time of the failure. "Non-preemptible" status means that, in the event of a transponder failure, our transponders cannot be preempted in favor of a user of a failed transponder, even another user with "protected status." Our international business units each obtain uplinking services from third parties and transmit their programming to non-preemptible transponders on international satellites. Our transponder service agreements for our U.S. transponders expire at the earlier of the end of the lives of the satellites or the service agreements. The service agreements in the U.S. expire in 2019 through 2020. Our transponder service agreements for our international transponders expire in 2014 through 2022.

The Company has entered into ten separate agreements with transponder suppliers to transmit its signals in the U.S., Germany and the U.K. at an aggregate monthly cost of \$1 million. Depreciation expense related to the transponders was \$12 million, \$11 million and \$14 million for the years ended December 31, 2013, 2012 and 2011, respectively. Total future minimum capital lease payments of \$88 million include \$9 million of imputed interest.

QVC's ability to continue to sell products to its customers is dependent on its ability to maintain uninterrupted broadcast.

Expenses for operating leases, principally for data processing equipment and facilities and for satellite uplink service agreements, amounted to \$28 million, \$31 million and \$24 million for the years ended December 31, 2013, 2012 and 2011, respectively.

The Company entered into a 21 year operating lease for its QVC-U.K. headquarters that commenced in 2012, which is included in the future minimum operating lease payments in the above table.

(10) Stock Options and Other Share-Based Payments

QVC employees and officers received stock options (the "Options") and restricted shares in LINTA and LVNTA common stock in accordance with the Liberty Interactive Corporation 2000 Incentive Plan, as amended from time to time; the Liberty Interactive Corporation 2007 Incentive Plan, as amended from time to time; the Liberty Interactive Corporation 2010 Incentive Plan, as amended from time to time; and the Liberty Interactive Corporation 2012 Incentive Plan, as amended from time to time (collectively, the "Liberty Incentive Plan").

(a) Stock options

In August 2012, the LINTA stock was split into two tracking stocks, LINTA and LVNTA. The split was one LVNTA share for every 20 LINTA shares. Under the Liberty Incentive Plan, the Options have an exercise price equal to or greater than the fair market value of a share of LINTA and LVNTA common stock at the date of the grant. Under the Liberty Incentive Plan, the Options have a seven year term from the date of grant, with the Options generally becoming exercisable over four years from the date of grant, vesting in eight equal semi-annual tranches.

For accounting purposes, the Options are classified as equity-based awards.

(10) Stock Options and Other Share-Based Payments (Continued)

During the fourth quarter of 2012, Liberty entered into an option exchange transaction that required a series of transactions with certain officers of the Company in order to recognize tax deductions associated with the stock options in the current year versus future years (the "Option Exchange"). On December 4, 2012 (the "Grant Date"), there was an acceleration of (i) each unvested in-the-money option to acquire shares of LINTA and (ii) each unvested in-the-money option to acquire shares of LVNTA, in each case, held by certain officers (collectively, the "Eligible Optionholders"). Following this acceleration, also on the Grant Date, each Eligible Optionholder exercised, on a net settled basis, substantially all of his or her outstanding in-the-money vested and unvested options to acquire LINTA shares and LVNTA shares (the "Eligible Options"), and:

- with respect to each vested Eligible Option, Liberty granted the Eligible Optionholder a vested new option with substantially the same terms and conditions as the exercised vested Eligible Option;
- and with respect to each unvested Eligible Option:
 - the Eligible Optionholder sold to Liberty the shares of LINTA or LVNTA, as applicable, received upon exercise of such unvested Eligible Option and used the proceeds of that net sale to purchase from Liberty at that price an equal number of restricted LINTA or LVNTA shares, as applicable, which have a vesting schedule identical to that of the exercised unvested Eligible Option; and
 - Liberty granted the Eligible Optionholder an unvested new option, with substantially the same terms and conditions as the exercised unvested Eligible Option, except that (a) the number of shares underlying the new option is equal to the number of shares underlying such exercised unvested Eligible Option less the number of restricted shares purchased from Liberty as described above and (b) the exercise price of the new option is the closing price per LINTA or LVNTA share, as applicable, on The Nasdaq Global Select Market on the grant date.

This Option Exchange was considered a modification under ASC 718—*Stock Compensation* and resulted in incremental compensation expense in 2012 and over the remaining vesting periods of the new unvested options and the restricted shares, which is included in unrecognized compensation.

QVC, Inc.**Notes to Consolidated Financial Statements (Continued)****(10) Stock Options and Other Share-Based Payments (Continued)**

Expected volatility is based on historical and implied volatilities of LINTA and LVNTA common stock over a period commensurate with the expected term of the Options. The Company estimates the expected term of the Options based on historical exercise and forfeiture data. The volatility used in the calculation for the Options is based on the historical volatility of Liberty's stocks and the implied volatility of publicly traded Liberty options. The Company uses a zero dividend rate and the risk-free rate for Treasury Bonds with a term similar to that of the subject Options.

The fair value of the Options is recognized as expense over the requisite service period, net of estimated forfeitures. Based on QVC's historical experience of option pre-vesting cancellations, the Company has assumed an annualized forfeiture rate of 10% for all participants. We will record additional expense if the actual forfeiture rate is lower than estimated, and will record a recovery of prior expense if the actual forfeiture is higher than estimated.

As of December 31, 2013, 2012 and 2011, the Company recorded \$31 million, \$29 million and \$18 million, respectively, of stock-based compensation expense related to the Options. The total unrecognized compensation cost related to unvested Options, net of estimated forfeitures, was approximately \$50 million as of December 31, 2013. Such amount will be recognized in the Company's consolidated statements of operations. These LINTA Options had a weighted average life of 4.8, 4.0 and 4.1 years for the years ended December 31, 2013, 2012 and 2011, respectively. These LVNTA Options had a weighted average life of 4.5 and 5.6 years at December 31, 2013 and 2012, respectively.

The Company has recognized tax benefits from the exercise of employee stock options that reduced taxes payable and were credited to additional paid-in capital. The amount of the tax benefits is reported in the consolidated statements of equity.

The Company entered into a Tax Liability Allocation and Indemnification Agreement (the "Tax Agreement"), dated April 26, 2004, with Liberty. The Tax Agreement establishes the methodology for the calculation and payment of income taxes in connection with the consolidation of the Company with Liberty for income tax purposes. Generally, the Tax Agreement provides that the Company will pay Liberty an amount equal to the tax liability, if any, that it would have if it were to file as a consolidated group separate and apart from Liberty, with exceptions for the treatment and timing of certain items, including but not limited to deferred intercompany transactions, credits, and net operating and capital losses. To the extent that the separate company tax expense is different from the payment terms of the Tax Agreement, the difference is recorded as either a dividend or capital contribution. The differences recorded during the years ended December 31, 2013, 2012 and 2011 were \$45 million, \$47 million and \$10 million in dividends, respectively, and related primarily to foreign tax credits recognized by QVC

that are creditable under the Tax Agreement when and if utilized in Liberty's consolidated tax return. The amounts of the tax-related balance due to Liberty at December 31, 2013 and 2012 were \$78 million and \$70 million, respectively, and are included in accrued liabilities in the consolidated balance sheets.

The Company has provided for U.S. income taxes on the undistributed earnings of foreign subsidiaries. The Company expects the amount of foreign tax credits available on those undistributed earnings to offset the U.S. income tax liability and to result in an incremental benefit related to the increased utilization of foreign tax credits. The amount of the U.S. income tax benefit recorded in the years ended December 31, 2013, 2012 and 2011 on those undistributed earnings was \$3 million, \$12 million and \$10 million, respectively.

A reconciliation of the 2013 beginning and ending amount of the liability for unrecognized tax benefits is as follows:

<u>(in millions)</u>	
Balance at January 1, 2013	95
Decreases related to prior year tax positions	(11)
Increases related to current year tax positions	12
Settlements	(7)
Balance at December 31, 2013	<u>89</u>

Included in the balance of unrecognized tax benefits at December 31, 2013 are potential benefits of \$58 million (net of a \$31 million federal tax effect) that, if recognized, would affect the effective rate on income from continuing operations.

The Company recognizes interest accrued related to unrecognized tax benefits in interest expense and penalties in other income (expense) in the consolidated statements of operations. The Company did not have a material amount of interest accrued related to unrecognized tax benefits or tax penalties.

The Company has tax positions for which the amount of related unrecognized tax benefits could change during 2014. These include federal transfer pricing and nonfederal tax issues. The amount of unrecognized tax benefits related to these issues could have a net decrease of \$24 million in 2014 as a result of potential settlements, lapsing of statute of limitations and revisions of settlement estimates.

The Company participates in a consolidated federal return filing with Liberty. As of December 31, 2013, the Company's tax years through 2009 are closed for federal income tax purposes, and the IRS has completed its examination of the Company's 2010, 2011, and 2012 tax years. The Company's 2013 tax year is being examined currently as part of the Liberty consolidated return under the IRS's Compliance Assurance Process ("CAP") program. The Company, or one of its subsidiaries, files income tax returns in various states and foreign jurisdictions. As of December 31, 2013, the Company, or one of its subsidiaries, was under examination in California, Minnesota, New Jersey, New York, the City of New York and Pennsylvania, as well as in Germany and the U.K.

(12) Commitments and Contingencies

The Company has contingent liabilities related to legal and tax proceedings and other matters arising in the ordinary course of business. Although it is reasonably possible the Company may incur losses upon conclusion of such matters, an estimate of any loss or range of loss cannot be made. In the opinion of management, it is expected that the amounts, if any, which may be required to satisfy such contingencies will not be material in relation to the consolidated financial statements.

Network and information systems, including the Internet and telecommunication systems, third party delivery services and other technologies are critical to our business activities. Substantially all our customer orders, fulfillment and delivery services are dependent upon the use of network and information systems, including the use of third party telecommunication and delivery service providers. If information systems including the Internet or telecommunication services are disrupted, or if the third party delivery services experience a disruption in their transportation delivery services, we could face a significant disruption in fulfilling our customer orders and shipment of our products. We have active disaster recovery programs in place to help mitigate risks associated with these critical business activities.

(13) Business Acquisitions and Investment in Affiliate

On February 21, 2012, the Company acquired all of the outstanding shares of Send the Trend, Inc. ("STT"). The Company believes that this transaction will strengthen its penetration in e-commerce due to STT's proprietary personalization software.

On December 31, 2012, the Company acquired substantially all of the assets of Oodle, Inc. ("Oodle"). Oodle provides a sophisticated technology platform that is expected to help us capitalize on the growing consumer trend of discovering new products via social media as well as grow our customer base and strengthen our brand as an innovative retailer.

On July 4, 2012, the Company entered into a joint venture with China Broadcasting Corporation, a limited liability company, owned by China National Radio ("CNR") for a 49% interest in a CNR subsidiary, CNR Home Shopping Co., Ltd. ("CNRS"). The CNRS joint venture is accounted for as an equity method investment as a component of other noncurrent assets on the consolidated balance sheets and loss on investments on the consolidated statements of operations. CNRS operates a retailing business in China through a televised shopping channel with an associated website. CNRS is headquartered in Beijing, China. The joint venture's strategy is to combine CNRS' existing knowledge of the digital shopping market and consumers in China with QVC's global experience and know-how in multimedia retailing.

The aggregate purchase price for these business acquisitions and the investment in affiliate was \$95 million.

(14) Assets and Liabilities Measured at Fair Value

For assets and liabilities required to be reported or disclosed at fair value, U.S. GAAP provides a hierarchy that prioritizes inputs to valuation techniques used to measure fair value into three broad levels. Level 1 inputs are quoted market prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 2 inputs, other than quoted market prices included within Level 1, are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability.

QVC, Inc.

(14) Assets and Liabilities Measured at Fair Value (Continued)

The Company's assets and liabilities measured or disclosed at fair value were as follows:

<u>(in millions)</u>	Fair value measurements at December 31, 2013 using			
	Total	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)

<u>(in millions)</u>	Fair value measurements at December 31, 2012 using

Current liabilities:				
Interest rate swap arrangements (note 8)	13	—	13	—
Long-term liabilities:				
Debt (note 8)	3,626	—	3,626	—

The majority of the Company's Level 2 financial assets and liabilities are debt instruments with quoted market prices that are not considered to be traded on "active markets," as defined in U.S. GAAP. Accordingly, the financial instruments are reported in the foregoing tables as Level 2 fair value instruments.

U.S. GAAP requires the incorporation of a credit risk valuation adjustment in the Company's fair value measurements to estimate the impact of both its own nonperformance risk and the nonperformance risk of its counterparties. The Company estimates credit risk associated with its own and its counterparties' nonperformance primarily by using observable credit default swap rates for terms similar to those of the remaining life of the instrument, adjusted for any master netting arrangements or other factors that provide an estimate of nonperformance risk. These are Level 3 inputs. However, as the credit risk valuation adjustments were not significant, the Company reported its interest rate swaps as Level 2. The counterparties to the Company's interest rate swap arrangements were all major international financial institutions.

(15) Information about QVC's Operating Segments

Each of the Company's operating segments are retailers of a wide range of consumer products, which are marketed and sold primarily by merchandise-focused televised-shopping programs as well as via the Internet and mobile applications in certain markets. The Company has operations in the U.S., Japan, Germany, the U.K. and Italy. As such, the Company has identified five reportable segments: the U.S., Japan, Germany, the U.K. and Italy.

(15) Information about QVC's Operating Segments (Continued)

The Company evaluates performance and makes decisions about allocating resources to its operating segments based on financial measures such as net revenue, Adjusted OIBDA, gross margin, average sales price per unit, number of units shipped and revenue or sales per subscriber equivalent. The Company defines Adjusted OIBDA as revenue less cost of sales, operating expenses, and selling, general and administrative expenses (excluding stock-based compensation). The Company believes this measure is an important indicator of the operational strength and performance of its segments, including the ability to service debt and fund capital expenditures. In addition, this measure allows management to view operating results and perform analytical comparisons and benchmarking among our businesses and identify strategies to improve performance. This measure of performance excludes depreciation, amortization and stock-based compensation, that are included in the measurement of operating income pursuant to U.S. GAAP. Accordingly, Adjusted OIBDA should be considered in addition to, but not as a substitute for, operating income, net income, cash flow provided by operating activities and other measures of financial performance prepared in accordance with U.S. GAAP.

In certain markets, QVC sponsors defined contribution plans, which provide employees an opportunity to make contributions to a trust for investment in a variety of securities. Generally, the Company makes matching contributions to the plans based on a percentage of the amount contributed by employees. The Company's cash contributions to the plans were \$19 million, \$16 million and \$16 million for the years ended December 31, 2013, 2012 and 2011, respectively.

QVC declared and paid dividends to Liberty in the amount of \$108 million subsequent to December 31, 2013 and on or prior to March 3, 2014 (the date that QVC filed its Form 10-K for the year-ended December 31, 2013).

(19) Guarantor/Non-guarantor Subsidiary Financial Information

The following information contains the consolidating financial statements for the Company, the parent on a stand-alone basis (QVC, Inc.), the combined subsidiary guarantors (Affiliate Relations Holdings, Inc.; Affiliate Investment, Inc.; AMI 2, Inc.; ER Marks, Inc.; QVC International LLC; QVC Rocky Mount, Inc. and QVC San Antonio, LLC) and the combined non-guarantor subsidiaries pursuant to Rule 3-10 of Regulation S-X. Certain non-guarantor subsidiaries are majority-owned by QVC International LLC, which is a guarantor subsidiary.

These consolidating financial statements have been prepared from the Company's financial information on the same basis of accounting as the Company's consolidated financial statements. The principal elimination entries relate to investments in subsidiaries and intercompany balances and transactions, such as management fees, royalty revenue and expense and interest income and expense. Goodwill and other intangible assets have been allocated to the subsidiaries based on management's estimates. Certain costs have been partially allocated to all of the subsidiaries of the Company.

The subsidiary guarantors are 100% owned by the Company. All guarantees are full and unconditional and are joint and several. There are no significant restrictions on the ability of the Company to obtain funds from its U.S. subsidiaries, including the guarantors, by dividend or loan. The Company has not presented separate notes and other disclosures concerning the subsidiary guarantors as the Company has determined that such material information is available in the notes to the Company's consolidated financial statements.

The Company adjusted the previously reported consolidating financial statements to correctly classify transactions among QVC Inc., the combined subsidiary guarantors and the combined non-guarantor subsidiaries.

The adjustments to the consolidating balance sheets:

- increased intercompany accounts receivable of the combined non-guarantor subsidiaries by \$650 million and increased intercompany accounts payable of QVC, Inc. by \$1,055 million related to cumulative revenue net of cumulative cost of goods sold and cumulative operating expenses, which have been attributed from QVC, Inc. to the combined non-guarantor subsidiaries as of December 31, 2012; and
- increased shareholder's equity for the combined subsidiary guarantors by \$405 million and combined non-guarantor subsidiaries by \$650 million with an equal and offsetting increase in the investment in subsidiaries of QVC, Inc. and its corresponding elimination as of December 31, 2012.

The adjustments to the consolidating statements of operations:

- attributed \$231 million and \$199 million of revenue, \$69 million and \$73 million of cost of goods sold and \$33 million and \$25 million in operating expenses for the years ended 2012 and 2011, respectively, from QVC, Inc. to the combined non-guarantor subsidiaries and recognized equal and offsetting increases in the equity in earnings of subsidiaries of QVC, Inc.; and

QVC, Inc.

- recognized \$63 million and \$52 million for the years ended 2012 and 2011, respectively, in net income attributable to noncontrolling interests of QVC, Inc. and eliminated that income in consolidation.

The adjustments to the condensed consolidating statements of cash flows:

- attributed net cash provided by operating activities from QVC, Inc. to the combined non-guarantor subsidiaries primarily related to revenue net of cost of goods sold and operating expenses of \$156 million and \$103 million for the years ended 2012 and 2011, respectively;

The adjustments had no impact to the Company's consolidated balance sheets, consolidated statements of operations, consolidated statements of comprehensive income, consolidated statements of changes in equity or consolidated statements of cash flows for any current and previously reported period.

The effect of the adjustment on equity as of January 1, 2012 was as follows:

Item 20. Indemnification of directors and officers.

QVC, Inc.

Delaware law

Section 145 of the General Corporation Law of the State of Delaware ("DGCL") provides, generally, that a corporation shall have the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (except actions by or in the right of the corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the corporation against all expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. A corporation may similarly indemnify such person for expenses actually and reasonably incurred by such person in connection with the defense or settlement of any action or suit by or in the right of the corporation, provided that such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, in the case of claims, issues and matters as to which such person shall have been adjudged liable to the corporation, provided that a court shall have determined, upon application, that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

Section 102(b)(7) of the DGCL provides, generally, that the certificate of incorporation may contain a provision eliminating or limiting the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that such provision may not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of Title 8 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit. No such provision may eliminate or limit the liability of a director for any act or omission occurring prior to the date when such provision became effective.

Restated certificate of incorporation

Article Six of our restated certificate of incorporation provides as follows:

No director of the corporation (which shall include any stockholder of the corporation exercising any of the powers or duties otherwise conferred or imposed upon the board of directors by the General Corporation Law of the State of Delaware) shall be personally liable for monetary damages to the corporation or its stockholders for any breach of fiduciary duty of such director as a director to the full extent permitted pursuant to Section 102(b)(7) of the General Corporation Law of the State of Delaware.

Bylaws

Article VII of our bylaws provides in relevant part (with capitalized terms used but not defined herein having the meanings assigned to them in the bylaws) as follows:

Section 7-1. Indemnification. Subject to Section 7-3 of this Article VII, the Corporation shall indemnify any person who is a Shareholder Director or officer of the Corporation or any Shareholder Director or officer who is or was serving at the request of the Corporation as a

director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise (any such person is hereinafter referred to in this Article VII as a "Shareholder Director or officer") against expenses (including, but not limited to, attorneys' fees), judgments, fines and amounts paid in settlement, actually and reasonably incurred by such Shareholder Director or officer ("liabilities"), to the fullest extent now or hereafter permitted by law in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (as used in this Article VII, "Proceeding" or, in the plural, "Proceedings"), brought or threatened to be brought against such Shareholder Director or officer by reason of the fact that he or she is or was serving in any such capacity or in any other capacity on behalf of the Corporation, its parent or any of its subsidiaries.

The Board by resolution adopted in each specific instance may similarly indemnify any person other than a Shareholder Director or officer (any such person is hereinafter referred to in this Article VII as an "Other Person") for liabilities incurred by him or her in connection with services rendered by him or her for or at the request of the Corporation, its parent or any of its subsidiaries.

Section 7-2. Advances. Subject to Section 7-3 of this Article VII, expenses (including, but not limited to, attorneys' fees) incurred by any Shareholder Director or officer in defending a Proceeding shall be paid by the Corporation in advance of the final disposition of such Proceeding as authorized by the Board in the specific case upon receipt of an undertaking, by or on behalf of such Shareholder Director or officer, to repay such amount without interest if it shall ultimately be determined that he or she is not entitled to be indemnified by the Corporation as authorized by law. Advance expenses (including, but not limited to, attorneys' fees) incurred by Other Persons may be paid if the Board deems appropriate and upon such terms and conditions, including the giving of an undertaking, as the Board deems appropriate.

Section 7-3. Actions Initiated Against the Corporation. Anything in Sections 7-1 or 7-2 of this Article VII to the contrary notwithstanding, with respect to a Proceeding initiated against the Corporation by any person who is or was a Shareholder Director or officer, or by an indemnified person other than a Shareholder Director or officer who is or was adopted by resolution of the Board as an Other Person, the Corporation shall not be required to indemnify or to advance expenses (including attorney's fees) to such Shareholder Director, officer or Other Person in connection with prosecuting such Proceeding (or part thereof) or in defending any counterclaim, cross-claim, affirmative defense, or like claim of the Corporation in such Proceeding (or part thereof) unless such Proceeding was authorized by the Board.

Section 7-4. Applicability; Survival. The provisions of Sections 7-1 and 7-2 shall be applicable to all Proceedings commenced before or after the amendment, repeal, or modification of, or adoption of this Article VII, regardless of whether such arise out of acts or omissions which occurred prior or subsequent to such amendment, repeal, modification or adoption, and shall continue as to a person who has ceased to be a Shareholder Director or officer (or, where and so long as the Board has authorized indemnification or advancement of expenses to an Other Person in accordance with this Article VII, to an Other Person who has ceased to render services for or at the request of the Corporation its parent or subsidiaries), and shall inure to the benefit of the heirs, executors and administrators of such a person.

Section 7-5. Insurance. The Corporation may purchase and maintain insurance on behalf of any person who is or was a Shareholder Director, officer, or Other Person of the Corporation, or is or was serving at the request of the Corporation as a Shareholder Director, officer, or Other Person of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him or her and incurred by him or her in any such capacity, or arising out

[Table of Contents](#)

of his or her status as such, whether or not the Corporation would have the power to indemnify him or her against such liability under law.

Section 7-6. Non-Exclusivity. The indemnification and advancement of the expenses provided by, or granted pursuant to, this Article VII, shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under these bylaws, agreement, vote of stockholders or disinterested Stockholder Directors, or otherwise, both as to action in his or her official capacity and as to action in another capacity while holding such office.

Indemnification agreements

We have entered into certain indemnity agreements with certain of our executive officers that require us to indemnify such persons to the fullest extent permitted by law as soon as practicable, but in any event no later than 30 days after written demand is presented to us, against any and all expenses, judgments, fines, penalties and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of such expenses, judgments, fines, penalties or amounts paid in settlement) of such claim. If such person requests, we will also advance (within five business days of such request) any and all expenses related to such claims. The indemnification agreements also set forth certain procedures that will apply in the event of a claim for indemnification and for reimbursement to us if it is found that such person is not entitled to such indemnification under applicable law.

Article VI of the bylaws of AMI 2, Inc. provides as follows:

Section 6.1. Right to Indemnification. The corporation shall indemnify and hold harmless to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, any person who was or is made or is threatened to be made a party or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (a "proceeding") by reason of the fact that he, or a person for whom he is the legal representative, is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust, enterprise or non-profit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses reasonably incurred by such person. The corporation shall be required to indemnify a person in connection with a proceeding initiated by such person only if the proceeding was authorized by the Board of Directors of the corporation.

Section 6.2. Prepayment of Expenses. The corporation shall pay the expenses incurred in defending any proceeding in advance of its final disposition, provided, however, that the payment of expenses incurred by a director or officer in advance of the final disposition of the proceeding shall be made only upon receipt of an undertaking by the director or officer to repay all amounts advanced if it should be ultimately determined that the director or officer is not entitled to be indemnified under this Article or otherwise.

Section 6.3. Claims. If a claim for indemnification or payment of expenses under this Article is not paid in full within sixty days after a written claim therefor has been received by the corporation the claimant may file suit to recover the unpaid amount of such claim and, if successful in whole or in part, shall be entitled to be paid the expense of prosecuting such claim. In any such action the corporation shall have the burden of proving that the claimant was not entitled to the requested indemnification or payment of expenses under applicable law.

Section 6.4. Non-Exclusivity of Rights. The rights conferred on any person by this Article VI shall not be exclusive of any other rights which such person may have or hereafter acquire under any statute, provision of the certificate of incorporation, these by-laws, agreement, vote of stockholders or disinterested directors or otherwise.

Section 6.5. Other Indemnification. The corporation's obligation, if any, to indemnify any person who was or is serving at its request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust, enterprise or non-profit entity shall be reduced by any amount such person may collect as indemnification from such other corporation, partnership, joint venture, trust, enterprise or non-profit enterprise.

Section 6.6. Amendment or Repeal. Any repeal or modification of the foregoing provisions of this Article VI shall not adversely affect any right or protection hereunder of any person in respect of any act or omission occurring prior to the time of such repeal or modification.

Limited Liability Company Agreement

Section 11.3 of the limited liability company agreement of QVC International LLC provides in relevant part (with capitalized terms used but not defined herein having the meanings assigned to them in the limited liability company agreement) the following:

To the fullest extent permitted by law, the Company will indemnify and hold harmless each Director or officer of the Company or any Affiliate of the Company (as defined below) and any officer, director, shareholder, partner, employee, representative or agent of any such Director, officer or Affiliate (each, a "Covered Person") and each former Covered Person from and against any and all losses, claims, demands, liabilities, expenses, judgments, fines, settlements and other amounts (including any investigation, legal and other reasonable expenses) arising from any and all claims, demands, actions, suits or proceedings, civil, criminal, administrative or investigative ("Claims"), in which the Covered Person or former Covered Person may be involved, or threatened to be involved, as a party or otherwise, by reason of its management of the affairs of the Company or that relates to or arises out of the Company or its formation, operation, dissolution or termination or its property, business or affairs. The Company may indemnify any employee, representative or agent of the Company when, as and if determined by the Board of Directors, to the same extent as provided to Covered Persons pursuant to this Section 11.3. QVC Rocky Mount, Inc.

North Carolina law

Section 55-8-51 of the North Carolina Business Corporation Act ("NCBCA") provides that a corporation may indemnify an individual made a party to a proceeding because he is or was a director against liability incurred in the proceeding if (1) he conducted himself in good faith; (2) he reasonably believed (a) in the case of conduct in his official capacity with the corporation, that his conduct was in its best interests; and (b) in all other cases, that his conduct was at least not opposed to its best interests; and (3) in the case of any criminal proceeding, he had no reasonable cause to believe his conduct was unlawful. However, a corporation may not indemnify a director in connection with a proceeding by or in the right of the corporation in which the director was adjudged liable to the corporation or in connection with any other proceeding charging improper personal benefit to him, whether or not involving action in his official capacity, in which he was adjudged liable on the basis that personal benefit was improperly received by him.

Section 55-8-52 of the NCBCA provides that unless the Articles of Incorporation state otherwise, requires a corporation to indemnify a director who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which he was a party because he is or was a director of the corporation against reasonable expenses incurred by him in connection with the proceeding.

Additionally, § 55-8-53 of the NCBCA allows a corporation to advance expenses incurred by a director in defending a proceeding in advance of the final disposition of such proceeding as authorized by the board of directors in the specific case or as authorized or required under any provision in the articles of incorporation or bylaws or by any applicable resolution or contract upon receipt of an undertaking by or on behalf of the director to repay such amount unless it shall ultimately be

determined that he is entitled to be indemnified by the corporation against such expenses. Section 55-8-56 of the NCBCA provides that a corporation may indemnify and advance expenses to an officer, employee or agent to the same extent as a director.

Bylaws

Article VII of the bylaws of QVC Rocky Mount, Inc. provides in relevant part (with capitalized terms used but not defined herein having the meanings assigned to them in the bylaws) as follows:

Section 7.01. Right to Indemnification. Each person who was or is a party or is threatened to be made a party to or is involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative and whether formal or informal (hereinafter, a "proceeding" and including without limitation, a proceeding brought by or behalf of the Corporation itself), by reason that he is or was a Director or officer of the Corporation, or is or was serving at the request of the Corporation as a director, officer, partner, trustee, employee or agent of another foreign or domestic corporation, partnership, joint venture, trust or other enterprise, or as trustee or administrator under an employee benefit plan, whether the basis of such proceeding is alleged action in an official capacity as a Director of officer or in any other capacity while serving as a director, officer, partner, trustee, employee, agent, trustee or administrator, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the Act as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than the Act permitted the Corporation to provide prior to such amendment) against all expense, liability and loss (including attorney's fees, judgments, fines, excise taxes or penalties and amounts paid or to be paid in settlement) reasonably incurred or suffered by such person in connection therewith, and such indemnification shall continue as to a person who has ceased to serve in the capacity that initially entitled such person to indemnification hereunder and shall inure to the benefit of his heirs, executors and administrators; *provided, however*, that the Corporation shall indemnify any such person seeking indemnification in connection with a proceeding (or part thereof) initiated by such person only if such proceeding (or part thereof) was authorized by the Board of Directors of the Corporation. The right to indemnification conferred in this Article VII shall be a contract right and shall include the right to be paid by the Corporation the expenses incurred in defending any such proceeding in advance of its final disposition; *provided, however*, that, if the Act so requires, the payment of expenses incurred by a Director or officer in his capacity as a director or officer (and not in any other capacity in which service was or is rendered by such person while a director or officer, including without limitation, service to an employee benefit plan) in advance of the final disposition of a proceeding shall be made only upon delivery to the Corporation of an undertaking, by or on behalf of such Director or officer, to repay all amounts so advanced if it shall ultimately be determined that the Director or officer is not entitled to be indemnified under this Section or otherwise.

Section 7.02. Right of Claimant to Bring Suit. If a claim under Section 7.01 hereof is not paid in full by the Corporation within 90 days after a written claim has been received by the Corporation, the claimant may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim and, if successful in whole or in part, the claimant shall be entitled to be paid also the expense of prosecuting such claim. It shall be a defense to any such action (other than an action brought to enforce a claim for expenses incurred in defending any proceeding in advance of its final disposition where the required undertaking, if any is required, has been tendered to the Corporation) that the claimant has not met the standards of conduct which make it permissible under the Act for the Corporation to indemnify the claimant for the amount claimed, but the burden of proving such defense shall be on the Corporation. Neither the failure of the Corporation (including its Board of Directors, independent legal counsel, or its

[Table of Contents](#)

shareholder) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he has met the applicable standard of conduct set forth in the act, nor an actual determination by the Corporation (including its Board of Directors, independent legal counsel, or its shareholders) that the claimant has not met the applicable standard of conduct, shall be a defense to the action or create a presumption that the claimant has not met the applicable standard of conduct.

Section 7.03. **Nonexclusivity of Rights.** The right to indemnification and the advancement and payment of expenses conferred in this Article VII shall not be exclusive of any other right which any person may have or hereafter acquire under any law (common or statutory), the Corporation's Articles of Incorporation, these Bylaws, any agreement, the vote of shareholders or disinterested Directors or otherwise.

QVC San Antonio, LLC

Texas Law

Section 101.402 of the Texas Limited Liability Company Act provides that a limited liability company may indemnify a person; pay in advance or reimburse expenses incurred by a person; and purchase or procure or establish and maintain insurance or another arrangement to indemnify or hold harmless a person.

Company agreement

Article IX of the company agreement of QVC San Antonio, LLC provides in relevant part (with capitalized terms used but not defined herein having the meanings assigned to them in the company agreement) as follows:

9.3 **Indemnification.** To the fullest extent permitted by applicable law, each Shareholder, Director, and officer shall be entitled to indemnification from the Company for any loss, damage or claim incurred by such Person by reason of any act or omission performed or omitted by such Person in good faith on behalf of the Company and in a manner reasonably believed to be within the scope of authority conferred on such Person by this Agreement, unless it is finally adjudicated that such loss, damage or claim was incurred by reason of such Person's gross negligence, willful misconduct or breach of contract; *provided, however*, that any indemnity under this *Section 9.3* shall be provided out of and to the extent of Company assets only, and no Shareholder shall have any personal liability on account thereof. The indemnification provided by this *Section 9.3* shall continue as to a Person who has ceased to serve in the capacity by reason of which the Person was indemnified under this Section with respect to matters arising during the period the Person served in such capacity, and shall inure to the benefit of the heirs, executors, and administrators of such Person.

9.4 **Advancement of Expenses.** To the fullest extent permitted by applicable law, expenses (including legal fees) incurred by a Shareholder, Director, or officer in defending any claim, demand, action, suit or proceeding (including court costs and attorneys' fees) shall, from time to time, be advanced by the Company prior to the final disposition of such claim, demand, action, suit or proceeding upon receipt by the Company of an undertaking by or on behalf of the Person to repay such amount if it shall be determined that the Person is not entitled to be indemnified as authorized in *Section 9.3* hereof. Notwithstanding any other provision of this Article, the Company may pay or reimburse expenses incurred by a Shareholder, Director, or officer in connection with his appearance as a witness or other participation in a proceeding at a time when the Shareholder, Director, or officer is not named a defendant or respondent in the proceeding.

(b) *Financial Statement Schedules.* Schedules not listed above have been omitted because the information set forth therein is not material, not applicable or is included in the financial statements or notes of the prospectus, which forms a part of this registration statement.

Item 22. Undertakings.

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by section 10(a)(3) of the Securities Act;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) of the Securities Act if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
 - (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
 - (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
 - (4) That, for the purpose of determining liability under the Securities Act to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.
 - (5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
-

[Table of Contents](#)

- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (6) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (7) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
- (8) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act of 1939 (the "Act") in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Act.
- (9) To respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.
- (10) To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

(iv) Beneficial interests in a Rule 144A Global Note or an IAI Global Note may be transferred to a Person who takes delivery in the form of an interest in a Regulation S Global Note of the same series, whether before or after the expiration of the Distribution Compliance Period, only if the transferor first delivers to the Trustee a written certificate (in the form provided in this Indenture) to the effect that such transfer is being made in accordance with Rule 903 or 904 of Regulation S or Rule 144 (if applicable).

28

(vi) The Rule 144A Global Note, the IAI Global Note, the Temporary Regulation S Global Note, the Permanent Regulation S Global Note and the Exchange Global Note are collectively referred to herein as "Global Notes". Notwithstanding the foregoing, nothing herein shall prevent the Issuer, the Trustee or any agent of the Issuer or the Trustee from giving effect to any written certification, proxy or other authorization furnished by the Depository or impair, as between the Depository and its Agent Members, the operation of customary practices of such Depository governing the exercise of the rights of a holder of a beneficial interest in any Global Note.

(d) Definitive Notes. Except as provided in this Section 2.02 or Section 2.16 or 2.17, owners of beneficial interests in Notes shall not be entitled to receive physical delivery of Definitive Notes.

- (f) The Notes may be presented for registration of transfer and exchange at the offices of the Registrar.

SECTION 2.03. Execution and Authentication.

An Officer (who shall, in each case, have been duly authorized by all requisite corporate actions) shall sign the Notes for the Issuer by manual or facsimile signature.

If an Officer whose signature is on a Note was an Officer at the time of such execution but no longer holds that office at the time the Trustee authenticates the Note, the Note shall be valid nevertheless.

29

No Note shall be entitled to any benefit under this Indenture or be valid or obligatory for any purpose unless there appears on such Note a certificate of authentication substantially in the form provided for herein executed by the Trustee by manual signature of an authorized officer, and such certificate upon any Note shall be conclusive evidence, and the only evidence, that such Note has been duly authenticated and delivered hereunder. Notwithstanding the foregoing, if any Note shall have been authenticated and delivered hereunder but never issued and sold by the Issuer, and the Issuer shall deliver such Note to the Trustee for cancellation as provided in Section 2.12, for all purposes of this Indenture such Note shall be deemed never to have been authenticated and delivered hereunder and shall never be entitled to the benefits of this Indenture.

The Trustee may appoint an authenticating agent reasonably acceptable to the Issuer to authenticate the Notes. Unless otherwise provided in the appointment, an authenticating agent may authenticate the Notes whenever the Trustee may do so. Each reference in this Indenture to authentication by the Trustee includes authentication by such agent. An authenticating agent has the same rights as an Agent to deal with the Issuer and Affiliates of the Issuer. Each Paying Agent is designated as an authenticating agent for purposes of this Indenture.

The Notes of each series shall be issuable only in registered form without coupons in minimum denominations of \$2,000 and integral multiples of \$1,000.

SECTION 2.04. Registrar and Paying Agent.

The Issuer shall maintain an office or agency (which shall be located in the Borough of Manhattan in The City of New York, State of New York) where Notes may be presented for registration of transfer or for exchange (the “Registrar”), and an office or agency where Notes may be presented for payment (the “Paying Agent”) and an office or agency where notices and demands to or upon the Issuer, if any, in respect of the Notes and this Indenture may be served. The Registrar shall keep a register of the Notes and of their transfer and exchange. If and for so long as the Trustee is not the Registrar, the Trustee shall have the right to inspect the register of the Notes during regular business hours. The Issuer may have one or more additional Paying Agents. The term “Paying Agent” includes any additional Paying Agent. The Issuer or any Affiliate thereof may act as Paying Agent.

The Issuer shall enter into an appropriate agency agreement, which shall incorporate the provisions of the TIA, with any Agent that is not a party to this Indenture. The agreement shall implement the provisions of this Indenture that relate to such Agent. The Issuer shall notify the Trustee of the name and address of any such Agent. If the Issuer fails to maintain a Registrar or Paying Agent, or fails to give the foregoing notice, the Trustee shall act as such and shall be entitled to appropriate compensation in accordance with Section 7.07. The Issuer or any wholly owned Subsidiary may act as Paying Agent, Registrar, co-registrar or transfer agent.

The Issuer initially appoints the Trustee as Registrar, Paying Agent and Agent for service of notices and demands in connection with the Notes and this Indenture.

SECTION 2.05. Paying Agent To Hold Money in Trust

On or prior to each due date of the principal or interest on any Notes, the Issuer shall deposit with the Paying Agent a sum sufficient to pay such principal and interest when so becoming due. Each Paying Agent shall hold in trust for the benefit of the Holders or the Trustee all money held by the Paying Agent for the payment of principal of or premium or interest on the Notes (whether such money has been paid to it by the Issuer or any other obligor on the Notes or the Guarantors), and the Issuer and the Paying Agent shall notify the Trustee in writing of any default by the Issuer (or any other obligor on

30

the Notes) in making any such payment. If the Issuer or a Subsidiary of the Issuer serves as Paying Agent, it shall segregate the money held by it as Paying Agent and hold it as a separate trust fund. Money held in trust by the Paying Agent need not be segregated except as required by law and in no event shall the Paying Agent be liable for any interest on any money received by it hereunder. The Issuer at any time may require the Paying Agent to pay all money held by it to the Trustee and account for any funds disbursed and the Trustee may at any time during the continuance of any Event of Default specified in Section 6.01(1) or (2), upon written request to the Paying Agent, require such Paying Agent to pay forthwith all money so held by it to the Trustee and to account for any funds disbursed by the Paying Agent. Upon making such payment, the Paying Agent shall have no further liability for the money delivered to the Trustee.

SECTION 2.06. Holder Lists.

The Trustee shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of the Holders and shall otherwise comply with TIA Section 312(a). If the Trustee is not the Registrar, the Issuer shall furnish to the Trustee at least five Business Days before each Interest Payment Date, and at such other times as the Trustee may reasonably request in writing, a list in such form and as of such date as the Trustee may reasonably require of the names and addresses of the Holders and the Issuer shall otherwise comply with TIA Section 312(a).

SECTION 2.07. Transfer and Exchange.

Subject to Sections 2.02(b), 2.16 and 2.17, when Notes are presented to the Registrar with a request from such Holder to register a transfer or to exchange them for an equal principal amount of Notes of the same series of other authorized denominations, the Registrar shall register the transfer as requested if the requirements of this Indenture are met. Every Note presented or surrendered for registration of transfer or exchange shall be duly endorsed or be accompanied by a written instrument of transfer in form satisfactory to the Issuer and the Registrar, duly executed by the Holder thereof or his attorneys duly authorized in writing. To permit registrations of transfers and exchanges, the Issuer shall issue and execute and the Trustee shall authenticate new Notes (and the Guarantors shall execute the guarantee thereon) evidencing such transfer or exchange at the Registrar’s request. No service charge shall be made to the Holder for any registration of transfer or exchange. The Issuer may require from the Holder payment of a sum sufficient to cover any transfer taxes or other governmental charge that may be imposed in relation to a transfer or exchange, but this provision shall not apply to any exchange pursuant to Section 2.11, 3.06, 4.20 or 8.05 (in which events the Issuer shall be responsible for the payment of such taxes). The Registrar shall not be required to exchange or register a transfer of any Note of a series for a period of 15 days immediately preceding the mailing of notice of redemption of Notes of such series to be redeemed or of any Note selected, called or being called for redemption except the unredeemed portion of any Note being redeemed in part.

Any Holder of any Global Note shall, by acceptance of such Global Note, agree that transfers of the beneficial interests in such Global Note may be effected only through a book entry system maintained by the Holder of such Global Note (or its agent), and that ownership of a beneficial interest in such Global Note shall be required to be reflected in a book entry.

Each Holder of a Note agrees to indemnify the Issuer and the Trustee against any liability that may result from the transfer, exchange or assignment of such Holder's Note in violation of any provision of this Indenture and/or applicable U.S. Federal or state securities law.

Except as expressly provided herein, neither the Trustee nor the Registrar shall have any duty to monitor the Issuer's compliance with or have any responsibility with respect to the Issuer's compliance with any Federal or state securities laws.

SECTION 2.08. Replacement Notes.

If a mutilated Note is surrendered to the Registrar or the Trustee, or if the Holder claims that the Note has been lost, destroyed or wrongfully taken, the Issuer shall issue and the Trustee shall authenticate a replacement Note of the same series (and the Guarantors shall execute the guarantee thereon) if such Holder furnishes to the Issuer and the Trustee evidence reasonably acceptable to them of the ownership and the destruction, loss or theft of such Note and if the requirements of Section 8-405 of the New York Uniform Commercial Code as in effect on the date of this Indenture are met. If required by the Trustee or the Issuer, an indemnity bond shall be posted by such Holder, sufficient in the judgment of both to protect the Issuer, the Guarantors, the Trustee or any Paying Agent from any loss that any of them may suffer if such Note is replaced. The Issuer and the Trustee may charge such Holder for their reasonable out-of-pocket expenses in replacing such Note (including, without limitation, attorneys' fees and disbursements) in replacing such Note. Every replacement Note shall constitute a contractual obligation of the Issuer.

SECTION 2.09. Outstanding Notes.

The Notes outstanding at any time are all Notes that have been authenticated by the Trustee except for (a) those cancelled by it, (b) those delivered to it for cancellation, (c) to the extent set forth in Sections 9.01 and 9.02, on or after the date on which the conditions set forth in Section 9.01 or 9.02 have been satisfied, those Notes theretofore authenticated and delivered by the Trustee hereunder and (d) those described in this Section 2.09 as not outstanding. Subject to Section 2.10, a Note does not cease to be outstanding because the Issuer or one of its Affiliates holds the Note.

If a Note is replaced pursuant to Section 2.08, it ceases to be outstanding unless the Trustee and the Issuer receives proof satisfactory to it that the replaced Note is held by a *bona fide* purchaser in whose hands such Note is a legal, valid and binding obligation of the Issuer.

If the Paying Agent holds in trust, in its capacity as such, on any Redemption Date or maturity date, money sufficient to pay all accrued interest and principal with respect to the Notes payable on that date and is not prohibited from paying such money to the Holders thereof pursuant to the terms of this Indenture, then on and after that date such Notes cease to be outstanding and interest on them ceases to accrue.

SECTION 2.10. Treasury Notes.

In determining whether the Holders of the required principal amount of Notes have concurred in any declaration of acceleration or notice of default or direction, waiver or consent or any amendment, modification or other change to this Indenture, Notes owned by the Issuer or any other Affiliate of the Issuer shall be disregarded as though they were not outstanding, except that for the purposes of determining whether the Trustee shall be protected in relying on any such direction, waiver or consent or any amendment, modification or other change to this Indenture, only Notes as to which a Responsible Officer of the Trustee has received an Officer's Certificate stating that such Notes are so owned shall be so disregarded. Notes so owned which have been pledged in good faith shall not be disregarded if the pledgee established to the satisfaction of the Trustee the pledgee's right so to act with respect to the Notes and that the pledgee is not the Issuer, a Guarantor, any other obligor on the Notes or any of their respective Affiliates.

SECTION 2.11. Temporary Notes.

Until definitive Notes are prepared and ready for delivery, the Issuer may prepare and the Trustee shall authenticate temporary Notes. Temporary Notes shall be substantially in the form of definitive Notes but may have variations that the Issuer considers appropriate for temporary Notes. Without unreasonable delay, the Issuer shall prepare and the Trustee shall authenticate definitive Notes in exchange for temporary Notes of the same series. Until such exchange, temporary Notes shall be entitled to the same rights, benefits and privileges as definitive Notes.

SECTION 2.12. Cancellation.

The Issuer at any time may deliver Notes to the Trustee for cancellation. The Registrar and the Paying Agent shall forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee and no one else shall cancel all Notes surrendered for registration of transfer, exchange, payment, replacement or cancellation and shall (subject to the record-retention requirements of the Exchange Act) destroy cancelled Notes. The Trustee shall deliver a certificate of such destruction to the Issuer. The Issuer may not reissue or resell, or issue new Notes to replace, Notes that the Issuer has redeemed or paid, or that have been delivered to the Trustee for cancellation, other than in accordance with the express provisions of this Indenture.

SECTION 2.13. Defaulted Interest.

If the Issuer defaults on a payment of interest on the Notes, it shall pay the defaulted interest, plus (to the extent permitted by law) any interest payable on the defaulted interest, in accordance with the terms hereof, to the Persons who are Holders of such Notes on a subsequent special record date, which date shall be at least five Business Days prior to the payment date. The Issuer shall fix such special record date and payment date in a manner satisfactory to the Trustee. The Issuer shall promptly mail to each Holder of such Notes a notice that states the special record date, the payment date and the amount of defaulted interest, and interest payable on defaulted interest, if any, to be paid. The Issuer may make payment of any defaulted interest in any other lawful manner not inconsistent with the requirements (if applicable) of any securities exchange on which the Notes may be listed and, upon such notice as may be required by such exchange, if, after written notice given by the Issuer to the Trustee of the proposed payment pursuant to this sentence, such manner of payment shall be deemed practicable by the Trustee.

SECTION 2.14. CUSIP Number.

The Issuer in issuing the Notes may use a "CUSIP" number, ISIN and "Common Code" number (in each case if then generally in use), and if so, such CUSIP number, ISIN and Common Code number shall be included in notices of redemption or exchange as a convenience to Holders; *provided* that any such notice may state that no representation is made as to the correctness or accuracy of such number either as printed in the notice or on the Notes, and that reliance may be placed only on the other identification numbers printed on the Notes. The Issuer shall promptly notify, and in any event within 10 Business Days, the Trustee of any such CUSIP number, ISIN and Common Code number used by the Issuer in connection with the issuance of the Notes and of any change in the CUSIP number, ISIN and Common Code number.

SECTION 2.15. Deposit of Moneys.

Subject to the following paragraph, prior to 12:00 p.m., New York City time, on each Interest Payment Date and maturity date, the Issuer shall have deposited with the Paying Agent in immediately available funds money sufficient to make cash payments, if any, due on such Interest Payment Date

33

or maturity date, as the case may be. The principal and interest on Global Notes shall be payable to the Depository or its nominee, as the case may be, as the sole registered owner and the sole holder of the Global Notes represented thereby. The principal and interest on Definitive Notes shall be payable, either in person or by mail, at the office of the Paying Agent.

If a Holder has given wire transfer instructions to the Issuer at least ten Business Days prior to the applicable Interest Payment Date, the Issuer (through the Paying Agent) will make all payments on such Holder's Notes by wire transfer of immediately available funds to the account specified in those instructions. Otherwise, payments on the Notes will be made at the office or agency of the Payment Agent for the Notes within the City and State of New York unless the Issuer (with notice to the Paying Agent) elects to make interest payments by check mailed to the Holders at their addresses set forth in the register of Holders.

SECTION 2.16. Special Transfer Provisions.

- (a) Transfer and Exchange of Definitive Notes. When Definitive Notes are presented to the Registrar with a request:
- (x) to register the transfer of such Definitive Notes; or
- (y) to exchange such Definitive Notes for an equal principal amount of Definitive Notes of other authorized denominations of the same series,

the Registrar shall register the transfer or make the exchange as requested if its reasonable requirements for such transaction are met; *provided, however*, that the Definitive Notes surrendered for transfer or exchange:

- (i) shall be duly endorsed or accompanied by a written instrument of transfer in form reasonably satisfactory to the Issuer and the Registrar, duly executed by the Holder thereof or its attorney duly authorized in writing; and
- (ii) if such Definitive Notes are required to bear a restricted securities legend, they are being transferred or exchanged pursuant to an effective registration statement under the Securities Act, pursuant to Section 2.16(b) or pursuant to clause (A), (B) or (C) below, and are accompanied by the following additional information and documents, as applicable:
 - (A) if such Definitive Notes are being delivered to the Registrar by a Holder for registration in the name of such Holder, without transfer, a certification from such Holder to that effect; or
 - (B) if such Definitive Notes are being transferred to the Issuer, a certification to that effect; or
 - (C) if such Definitive Notes are being transferred (x) pursuant to an exemption from registration in accordance with Rule 144A, Regulation S or Rule 144 under the Securities Act; or (y) in reliance upon another exemption from the requirements of the Securities Act: (i) a certification to that effect (in the form set forth on the reverse of the Note) and (ii) if the Issuer so requests, an opinion of counsel or other evidence reasonably satisfactory to it as to the compliance with the restrictions set forth in the legend set forth in Section 2.16(e)(i).

34

(b) Restrictions on Transfer of a Definitive Note for a Beneficial Interest in a Global Note A Definitive Note may not be exchanged for a beneficial interest in a Rule 144A Global Note, an IAI Global Note or a Permanent Regulation S Global Note of the same series except upon satisfaction of the requirements set forth below. Upon receipt by the Trustee of a Definitive Note, duly endorsed or accompanied by appropriate instruments of transfer, in form satisfactory to the Trustee, together with:

- (i) certification, in the form set forth on the reverse of the Note, that such Definitive Note is either (A) being transferred to a QIB in accordance with Rule 144A, (B) being transferred to an IAI or (C) being transferred after expiration of the Distribution Compliance Period by a Person who initially purchased such Note in reliance on Regulation S to a buyer who elects to hold its interest in such Note in the form of a beneficial interest in the Permanent Regulation S Global Note; and
- (ii) written instructions directing the Trustee to make, or to direct the Notes Custodian to make, an adjustment on its books and records with respect to such Rule 144A Global Note (in the case of a transfer pursuant to clause (b)(i)(A)), IAI Global Note (in the case of a transfer pursuant to clause (b)(i)(B)) or Permanent Regulation S Global Note (in the case of a transfer pursuant to clause (b)(i)(C)) to reflect an increase in the aggregate principal amount of the Notes represented by the Rule 144A Global Note, IAI Global Note or Permanent Regulation S Global Note, as applicable, such instructions to contain information regarding the Depository account to be credited with such increase,

then the Trustee shall cancel such Definitive Note and cause, or direct the Notes Custodian to cause, in accordance with the standing instructions and procedures existing between the Depository and the Notes Custodian, the aggregate principal amount of Notes represented by the Rule 144A Global Note, IAI Global Note or Permanent Regulation S Global Note, as applicable, of the same series to be increased by the aggregate principal amount of the Definitive Note to be exchanged and shall credit or cause to be credited to the account of the Person specified in such instructions a beneficial interest in the Rule 144A Global Note, IAI Global Note or Permanent Regulation S Global Note, as applicable, of the same series, equal to the principal amount of the Definitive Note so canceled. If no Rule 144A Global Notes, IAI Global Notes or Permanent Regulation S Global Notes, as applicable, of the applicable series are then outstanding, the Issuer shall issue and the Trustee shall authenticate, upon written order of the Issuer in the form of an Officer's Certificate of the Issuer, a new Rule 144A Global Note, IAI Global Note or Permanent Regulation S Global Note, as applicable, of the applicable series in the appropriate principal amount.

(c) Transfer and Exchange of Global Notes

(i) The transfer and exchange of Global Notes or beneficial interests therein shall be effected through the Depository, in accordance with this Indenture (including applicable restrictions on transfer set forth herein, if any) and the procedures of the Depository therefor. A transferor of a beneficial interest in a Global Note shall deliver to the Registrar a written order given in accordance with the Depository's procedures containing information regarding the participant account of the Depository to be credited with a beneficial interest in such Global Note. The Registrar shall, in accordance with such instructions, instruct the Depository to credit to the account of the Person specified in such instructions a beneficial interest in the Global Note and to debit the account of the Person making the transfer the beneficial interest in the Global Note being transferred.

(ii) If the proposed transfer is a transfer of a beneficial interest in one Global Note to a beneficial interest in another Global Note of the same series, the Registrar shall reflect on its books and records the date and an increase in the principal amount of the Global Note to which such interest is being

transferred in an amount equal to the principal amount of the interest to be so transferred, and the Registrar shall reflect on its books and records the date and a corresponding decrease in the principal amount of the Global Note from which such interest is being transferred.

(iii) Notwithstanding any other provisions of Article Two (other than the provisions set forth in Section 2.17), a Global Note may not be transferred as a whole except by the Depository to a nominee of the Depository or by a nominee of the Depository to the Depository or another nominee of the Depository or by the Depository or any such nominee to a successor Depository or a nominee of such successor Depository.

(iv) In the event that a Global Note is exchanged for Definitive Notes of the same series pursuant to Section 2.17, such Notes may be exchanged only in accordance with such procedures as are substantially consistent with the provisions of this Section 2.16 (including the certification requirements set forth on the reverse of the Notes intended to ensure that such transfers comply with Rule 144A, Regulation S or another applicable exemption under the Securities Act, as the case may be) and such other procedures as may from time to time be adopted by the Issuer.

(d) Restrictions on Transfer of Temporary Regulation S Global Notes During the Distribution Compliance Period, beneficial ownership interests in Temporary Regulation S Global Notes may only be sold, pledged or transferred in accordance with the Applicable Procedures and only (i) to Issuer, (ii) in an offshore transaction in accordance with Regulation S (other than a transaction resulting in an exchange for an interest in a Permanent Regulation S Global Note) or (iii) pursuant to an effective registration statement under the Securities Act, in each case in accordance with any applicable securities laws of any State of the United States.

(e) Legend.

(i) Except as permitted by the following paragraphs (ii), (iii) and (iv), each Note certificate evidencing the Global Notes (and all Notes issued in exchange therefor or in substitution thereof), in the case of Notes offered otherwise than in reliance on Regulation S, shall bear a legend in substantially the following form:

THIS NOTE (OR ITS PREDECESSOR) WAS ORIGINALLY ISSUED IN A TRANSACTION EXEMPT FROM REGISTRATION UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), AND THIS NOTE MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED IN THE ABSENCE OF SUCH REGISTRATION OR AN APPLICABLE EXEMPTION THEREFROM. EACH PURCHASER OF THIS NOTE IS HEREBY NOTIFIED THAT THE SELLER OF THIS NOTE MAY BE RELYING ON THE EXEMPTION FROM THE PROVISIONS OF SECTION 5 OF THE SECURITIES ACT PROVIDED BY RULE 144A THEREUNDER.

THE HOLDER OF THIS NOTE AGREES FOR THE BENEFIT OF THE ISSUER THAT (A) THIS NOTE MAY BE OFFERED, RESOLD, PLEDGED OR OTHERWISE TRANSFERRED, ONLY (I) TO THE ISSUER, (II) IN THE UNITED STATES TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER (AS DEFINED IN RULE 144A UNDER THE SECURITIES ACT) IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A, (III) TO AN "ACCREDITED INVESTOR" WITHIN THE MEANING OF RULE 501(a)(1), (2), (3), OR (7) OF REGULATION D UNDER THE SECURITIES ACT THAT IS AN INSTITUTIONAL INVESTOR ACQUIRING THE NOTES FOR ITS OWN ACCOUNT

OR FOR THE ACCOUNT OF SUCH AN INSTITUTIONAL ACCREDITED INVESTOR, IN EACH CASE IN A MINIMUM PRINCIPAL AMOUNT OF SECURITIES OF US\$250,000, FOR INVESTMENT PURPOSES AND NOT WITH A VIEW TO OR FOR OFFER OR SALE IN CONNECTION WITH ANY DISTRIBUTION IN VIOLATION OF THE SECURITIES ACT, (IV) OUTSIDE THE UNITED STATES IN AN OFFSHORE TRANSACTION IN ACCORDANCE WITH RULE 904 UNDER THE SECURITIES ACT, (V) PURSUANT TO EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT PROVIDED BY RULE 144 THEREUNDER (IF AVAILABLE) OR (VI) PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT, IN EACH OF CASES (I) THROUGH (VI), IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES, AND (B) THE HOLDER SHALL, AND EACH SUBSEQUENT HOLDER IS REQUIRED TO, NOTIFY ANY PURCHASER OF THIS NOTE FROM IT OF THE RESALE RESTRICTIONS REFERRED TO IN (A) ABOVE.

Each certificate evidencing a Note offered in reliance on Regulation S shall, in addition to the foregoing, bear a legend in substantially the following form:

THIS NOTE (OR ITS PREDECESSOR) WAS ORIGINALLY ISSUED IN A TRANSACTION ORIGINALLY EXEMPT FROM REGISTRATION UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), AND MAY NOT BE TRANSFERRED IN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, ANY U.S. PERSON EXCEPT PURSUANT TO AN AVAILABLE EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND ALL APPLICABLE STATE SECURITIES LAWS. TERMS USED ABOVE HAVE THE MEANINGS GIVEN TO THEM IN REGULATION S UNDER THE SECURITIES ACT.

Each Definitive Note shall also bear the following additional legend:

IN CONNECTION WITH ANY TRANSFER, THE HOLDER SHALL DELIVER TO THE REGISTRAR AND TRANSFER AGENT SUCH CERTIFICATES AND OTHER INFORMATION AS SUCH TRANSFER AGENT MAY REASONABLY REQUIRE TO CONFIRM THAT THE TRANSFER COMPLIES WITH THE FOREGOING RESTRICTIONS.

(ii) Upon any sale or transfer of a Transfer Restricted Note (including any Transfer Restricted Note represented by a Global Note) pursuant to Rule 144 under the Securities Act, the Registrar shall permit the transferee thereof to exchange such Transfer Restricted Note for a certificated Note of the same series that does not bear the legend set forth above and rescind any restriction on the transfer of such Transfer Restricted Note, if the transferor thereof certifies in writing to the Registrar that such sale or transfer was made in reliance on Rule 144 (such certification to be in the form set forth on the reverse of the Note).

(iii) After a transfer of any Initial Notes during the period of the effectiveness of a Shelf Registration Statement with respect to such Initial Notes, all requirements pertaining to the restricted securities legend as set forth in Exhibit A-1 hereto, in the case of 2025 Notes, and Exhibit A-2 hereto, in the case of 2034 Notes, on such Initial Notes shall cease to apply and the requirements that any such Initial Notes be issued in global form shall continue to apply.

(iv) Upon the consummation of an Exchange Offer with respect to the Initial Notes pursuant to which Holders of such Initial Notes are offered Exchange Notes in exchange for their Initial Notes, all requirements pertaining to Initial Notes that Initial Notes be issued in global form shall continue to apply, and

Exchange Notes in global form without the restricted securities legend as set forth in Exhibit A-1 hereto, in the case of 2025 Notes, and Exhibit A-2 hereto, in the case of 2034 Notes, shall be available to Holders that exchange such Initial Notes in such Exchange Offer.

(f) Cancellation or Adjustment of Global Note. At such time as all beneficial interests in a Global Note have either been exchanged for Definitive Notes, redeemed, purchased or canceled, such Global Note shall be returned to the Depository for cancellation or retained and canceled by the Trustee. At any time prior to such cancellation, if any beneficial interest in a Global Note is exchanged for Definitive Notes, redeemed, purchased or canceled, the principal amount of Notes represented by such Global Note shall be reduced and an adjustment shall be made on the books and records of the Trustee (if it is then the Notes Custodian for such Global Note) with respect to such Global Note, by the Trustee or the Notes Custodian, to reflect such reduction.

(g) No Obligation of the Trustee.

(i) The Trustee shall have no responsibility or obligation to any beneficial owner of a Global Note, a member of, or a participant in the Depository or other Person with respect to the accuracy of the records of the Depository or its nominee or of any participant or member thereof, with respect to any ownership interest in the Notes or with respect to the delivery to any participant, member, beneficial owner or other Person (other than the Depository) of any notice (including any notice of redemption) or the payment of any amount, under or with respect to such Notes. All notices and communications to be given to the Holders and all payments to be made to Holders under the Notes shall be given or made only to or upon the order of the registered Holders (which shall be the Depository or its nominee in the case of a Global Note). The rights of beneficial owners in any Global Note shall be exercised only through the Depository subject to the applicable rules and procedures of the Depository. The Trustee may rely and shall be fully protected in relying upon information furnished by the Depository with respect to its members, participants and any beneficial owners.

(ii) The Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Note (including any transfers between or among Depository participants, members or beneficial owners in any Global Note) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by, the terms of this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

SECTION 2.17. Certificated Notes.

(a) A Global Note deposited with the Depository or with the Trustee as Notes Custodian for the Depository pursuant to Section 2.02 shall be transferred to the beneficial owners thereof in the form of Definitive Notes of the same series in an aggregate principal amount equal to the principal amount of such Global Note, in exchange for such Global Note, only if such transfer complies with Section 2.16 hereof and (i) the Depository notifies the Issuer that it is unwilling or unable to continue as Depository for such Global Note and the Depository fails to appoint a successor depository or if at any time such Depository ceases to be a "clearing agency" registered under the Exchange Act and, in either case, a successor depository is not appointed by the Issuer within 90 days of such notice, (ii) the Issuer, at its option, notifies the Trustee in writing that it elects to cause the issuance of Notes of either series in definitive form, then, upon surrender by the relevant Global Note Holder of its Global Note, Notes in such form will

38

be issued to each Person that such Global Note Holder and the Depository identifies as being the beneficial owner of the related Notes, or (iii) an Event of Default has occurred and is continuing with respect to the Notes of the relevant series.

(b) Any Global Note that is transferable to the beneficial owners thereof pursuant to this Section 2.17 shall be surrendered by the Depository to the Trustee located at its corporate trust office in the Borough of Manhattan, The City of New York, to be so transferred, in whole or from time to time in part, without charge, and the Trustee shall authenticate and deliver, upon such transfer of each portion of such Global Note, an equal aggregate principal amount of Definitive Notes of the same series of authorized denominations. Any portion of a Global Note transferred pursuant to this Section 2.17 shall be executed, authenticated and delivered only in denominations of US\$2,000 principal amount or any integral multiple of US\$1,000 in excess thereof and registered in such names as the Depository shall direct. Any Definitive Note delivered in exchange for an interest in the Transfer Restricted Note shall, except as otherwise provided by Section 2.16(e) hereof, bear the applicable restricted securities legends and definitive note legend set forth in Exhibit A-1 hereto, in the case of 2025 Notes, and Exhibit A-2 hereto, in the case of 2034 Notes.

(c) Subject to the provisions of Section 2.17(b) hereof, the registered Holder of a Global Note shall be entitled to grant proxies and otherwise authorize any Person, including Agent Members and Persons that may hold interests through Agent Members, to take any action which a Holder is entitled to take under this Indenture or the Notes.

(d) In the event of the occurrence of one of the events specified in Section 2.17(a) hereof, the Issuer shall promptly make available to the Trustee a reasonable supply of Definitive Notes in definitive, fully registered form without interest coupons. In the event that the Definitive Notes are not issued to each such beneficial owner promptly after the Registrar has received a request from the Holder of a Global Note to issue such Certificated Note, the Issuer expressly acknowledges, with respect to the right of any Holder to pursue a remedy pursuant to Article 6 of this Indenture, the right of any beneficial holder of Notes to pursue such remedy with respect to the portion of the Global Note that represents such beneficial holder's Notes as if such Certificated Notes had been issued.

(e) By its acceptance of any Note bearing any Legend in Section 2.16(e), each Holder of such Note acknowledges the restrictions on transfer of such Note set forth in this Indenture and in such Legend in Section 2.16(e) and agrees that it shall transfer such Note only as provided in this Indenture.

The Registrar shall retain for a period of two years copies of all letters, notices and other written communications received pursuant to Section 2.02 or this Section 2.17. The Issuer shall have the right to inspect and make copies of all such letters, notices or other written communications at any reasonable time upon the giving of reasonable notice to the Registrar.

SECTION 2.18. Computation of Interest.

Interest on the Notes shall be computed on the basis of a 360-day year of twelve 30-day months. Additional Interest will be payable with respect to the Notes in certain circumstances if the Issuer does not consummate the Exchange Offer (or shelf registration, if applicable) as provided in the Registration Rights Agreement.

ARTICLE THREE

REDEMPTION

SECTION 3.01. Election To Redeem: Notices to Trustee

If the Issuer elects to redeem Notes of either series pursuant to paragraph 6 of such Notes, at least 40 days prior to the Redemption Date (unless a shorter notice shall be agreed to in writing by the Trustee), the Issuer shall notify the Trustee in writing of the Redemption Date, the principal amount of Notes to be redeemed and the redemption price, and deliver to the Trustee an Officer's Certificate stating that such redemption will comply with the conditions contained in paragraph 6 of the Notes.

Notice given to the Trustee pursuant to this Section 3.01 may not be revoked after the time that notice is given to Holders pursuant to Section 3.03.

SECTION 3.02. Selection by Trustee of Notes To Be Redeemed

In the event that less than all of the 2025 Notes or 2034 Notes, as the case may be, are to be redeemed pursuant to a redemption made pursuant to paragraph 6 of such Notes, selection of the Notes for redemption shall be made by the Trustee in compliance with the requirements of the principal national securities exchange, if any, on which such Notes are listed or, if such Notes are not then listed on a national securities exchange, on a *pro rata* basis, by lot or by such method as the Trustee shall deem fair and appropriate; *provided, however*, that no Notes of a principal amount of \$2,000 or less shall be redeemed in part. The Trustee shall promptly notify the Issuer of the Notes selected for redemption and, in the case of any Notes selected for partial redemption, the principal amount thereof to be redeemed. The Trustee may select for redemption portions of the principal of the Notes that have denominations larger than \$2,000. For all purposes of this Indenture unless the context otherwise requires, provisions of this Indenture that apply to Notes called for redemption also apply to portions of Notes called for redemption. The Issuer may acquire Notes of either series by means other than redemption, whether pursuant to an Issuer tender offer, open market purchase or otherwise, *provided* such acquisition does not otherwise violate the other terms of this Indenture.

SECTION 3.03. Notice of Redemption.

At least 30 days, and no more than 60 days, before a Redemption Date, the Issuer shall mail, or cause to be mailed, a notice of redemption by first-class mail to each Holder to be redeemed at his or her last address as the same appears on the registry books maintained by the Registrar pursuant to Section 2.04, except that redemption notices may be mailed more than 60 days prior to a Redemption Date if the notice is issued in connection with a satisfaction and discharge of this Indenture. If the Issuer mails such notice to Holders, it shall mail a copy of such notice to the Trustee at the same time.

The notice shall identify the Notes to be redeemed (including the CUSIP numbers, ISIN and Common Code numbers, if any thereof) and shall state:

- (1) the Redemption Date;
- (2) the redemption price and the amount of premium (or the manner of calculation the redemption price and/or premium) and accrued interest to be paid;
- (3) if any Note is being redeemed in part, the portion of the principal amount of such Note to be redeemed and that, after the Redemption Date and upon surrender of such Note, a new

40

Note or Notes of the same series in principal amount equal to the unredeemed portion shall be issued;

- (4) the name and address of the Paying Agent;
- (5) that Notes called for redemption must be surrendered to the Paying Agent to collect the redemption price;
- (6) that unless the Issuer defaults in making the redemption payment, interest on Notes called for redemption ceases to accrue on and after the Redemption Date;
- (7) that the Notes are being redeemed pursuant to paragraph 6 of the Notes; and
- (8) the aggregate principal amount of Notes that are being redeemed.

At the Issuer's written request made at least five Business Days prior to the date on which notice is to be given, the Trustee shall give the notice of redemption prepared by the Issuer, in the Issuer's name and at the Issuer's sole expense. In such event, the Issuer shall provide the Trustee with the information required by this Section 3.03.

SECTION 3.04. Effect of Notice of Redemption.

Once the notice of redemption described in Section 3.03 is mailed, Notes called for redemption become due and payable on the Redemption Date and at the redemption price, including any premium, plus interest accrued to the Redemption Date. Upon surrender to the Paying Agent, such Notes shall be paid at the redemption price, including any premium, plus interest accrued to the Redemption Date, *provided* that if the Redemption Date is after a regular record date and on or prior to the Interest Payment Date, the accrued interest shall be payable to the Holder of the redeemed Notes registered on the relevant record date, and *provided, further*, that if a Redemption Date is not a Business Day, payment shall be made on the next succeeding Business Day and no interest shall accrue for the period from such Redemption Date to such succeeding Business Day. Failure to give notice or any defect in the notice to any Holder shall not affect the validity of the notice to any other Holder.

SECTION 3.05. Deposit of Redemption Price.

On or prior to 12:00 p.m., New York City time, on each Redemption Date, the Issuer shall deposit with the Paying Agent in immediately available funds money sufficient to pay the redemption price of, including premium, if any, and accrued interest on all Notes to be redeemed on that date other than Notes or portions thereof called for redemption on that date which have been delivered by the Issuer to the Trustee for cancellation. Promptly after the calculation of the redemption price, the Issuer shall give the Trustee and any Paying Agent written notice thereof.

On and after any Redemption Date, if money sufficient to pay the redemption price of, including premium, if any, and accrued interest on Notes called for redemption shall have been made available in accordance with the preceding paragraph, the Notes called for redemption shall cease to accrue interest and the only right of the Holders of such Notes shall be to receive payment of the redemption price of and, subject to the first proviso in Section 3.04, accrued and unpaid interest on such Notes to the Redemption Date. If any Note surrendered for redemption shall not be so paid, interest shall be paid, from the Redemption Date until such redemption payment is made, on the unpaid principal of the Note and any interest not paid on such unpaid principal, in each case, at the rate and in the manner provided in the Notes.

41

SECTION 3.06. Notes Redeemed in Part

Upon surrender of a Note that is redeemed in part, the Issuer shall execute and the Trustee shall authenticate for the Holder thereof a new Note of the same series equal in principal amount to the unredeemed portion of the Note surrendered.

SECTION 3.07. Mandatory Redemption.

The Issuer shall not be required to make mandatory redemption payments with respect to the Notes of either series.

ARTICLE FOUR

COVENANTS

SECTION 4.01. Payment of Notes

The Issuer shall pay the principal of and interest on the Notes on the dates and in the manner provided in the Notes and this Indenture. An installment of principal or interest shall be considered paid on the date it is due if the Trustee or Paying Agent holds on that date money designated for and sufficient to pay such installment.

The Issuer shall pay interest on overdue principal (including post-petition interest in a proceeding under any Bankruptcy Law), and overdue interest, to the extent lawful, at the rate specified in the Notes.

SECTION 4.02. Reports to Holders

(a) Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, the Issuer will file with the SEC:

- (1) within the time period specified in the SEC's rules and regulations for a non-accelerated filer, annual reports on Form 10-K (or any successor or comparable form) containing the information required to be contained therein (or required in such successor or comparable form);
- (2) within the time period specified in the SEC's rules and regulations for a non-accelerated filer, reports on Form 10-Q (or any successor or comparable form) containing the information required to be contained therein (or required in such successor or comparable form);
- (3) promptly from time to time after the occurrence of an event required to be therein reported (and in any event within the time period specified in the SEC's rules and regulations), such other reports on Form 8-K (or any successor or comparable form); and
- (4) any other information, documents and other reports which the Issuer would be required to file with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act;

42

provided, however, that the Issuer shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Issuer will make available such information to prospective purchasers of Notes of each series, including by posting such reports on the primary website of the Issuer or its Subsidiaries, in addition to providing such information to the Trustee and the Holders, in the case of Form 10-K within 30 days, and in each other case within 15 days, after the time the Issuer would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act as a non-accelerated filer.

(b) In the event that (1) the rules and regulations of the SEC permit the Issuer and any direct or indirect parent of the Issuer to report at such parent entity's level on a consolidated basis and (2) such parent entity of the Issuer is not engaged in any business in any material respect other than incidental to its ownership, directly or indirectly, of the capital stock of the Issuer, such consolidated reporting at such parent entity's level in a manner consistent with that described in this Section 4.02 for the Issuer will satisfy this Section 4.02.

In addition, the Issuer will make such information available to prospective investors upon request. In addition, the Issuer will, for so long as any Notes of either series remain outstanding during any period when it is not subject to Section 13 or 15(d) of the Exchange Act, or otherwise permitted to furnish the SEC with certain information pursuant to Rule 12g3-2(b) of the Exchange Act, it will furnish to the Holders and to prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Notwithstanding the foregoing, the Issuer will be deemed to have furnished such reports referred to above to the Trustee and the Holders if the Issuer has filed such reports with the SEC via the EDGAR filing system and such reports are publicly available; *provided, however*, that the Trustee shall have no obligation to determine whether or not the Issuer shall have made such filings. In addition, such requirements shall be deemed satisfied prior to the commencement, if required, of the exchange offer contemplated by the Registration Rights Agreement relating to the Notes or the effectiveness of the shelf registration statement by the filing with the SEC of the exchange offer registration statement and/or shelf registration statement in accordance with the provisions of such Registration Rights Agreement, and any amendments thereto, if such registration statement and/or amendments thereto are filed at times that otherwise satisfy the time requirements set forth in Section 4.02(a).

(c) In the event that any direct or indirect parent of the Issuer is or becomes a Guarantor, Issuer may satisfy its obligations in this Section 4.02 with respect to financial information relating to the Issuer by furnishing financial information relating to such direct or indirect parent; *provided* that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such direct or indirect parent and any of its Subsidiaries other than the Issuer and its Subsidiaries, on the one hand, and the information relating to the Issuer and the Subsidiaries of the Issuer on a stand-alone basis, on the other hand.

SECTION 4.03. Waiver of Stay, Extension or Usury Laws

Each of the Issuer and the Guarantors covenants (to the extent that it may lawfully do so) that it shall not at any time insist upon, or plead (as a defense or otherwise) or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law or any usury law or other law which would prohibit or forgive any of the Issuer and the Guarantors from paying all or any portion of the principal of, premium, if any, and/or interest on the Notes as contemplated herein, wherever enacted, now or at any time hereafter in force, or which may affect the covenants or the performance of this Indenture; and (to the extent that they may lawfully do so) each of the Issuer and the Guarantors hereby expressly waives all benefit or advantage of any such law, and covenants that it shall not hinder, delay or impede the execution

43

of any power herein granted to the Trustee, but shall suffer and permit the execution of every such power as though no such law had been enacted.

SECTION 4.04. Compliance Certificate; Notice of Default

(a) The Issuer shall deliver to the Trustee, within 120 days after the end of each fiscal year, an Officer's Certificate stating that a review of the activities of the Issuer and its Subsidiaries during such fiscal year has been made under the supervision of the signing Officers with a view to determining whether the Issuer and the Guarantors have kept, observed, performed and fulfilled their obligations under this Indenture, and further stating, as to each such Officer signing such certificate, that to the best of his or her knowledge, the Issuer and the Guarantors have kept, observed, performed and fulfilled each and every covenant contained in this Indenture and no Default occurred during such period (or, if a Default shall have occurred, describing all such Defaults of which he or she may have knowledge and what action they are taking

or propose to take with respect thereto) and that to the best of his or her knowledge no event has occurred and remains in existence by reason of which payments on account of the principal of or interest, if any, on the Notes is prohibited or if such event has occurred, a description of the event and what action the Issuer and the Guarantors is taking or propose to take with respect thereto.

(b) The Issuer and the Guarantors shall, so long as any of the Notes are outstanding, deliver to the Trustee, forthwith upon any Officer becoming aware of any Default, an Officer's Certificate specifying such Default and what action the Issuer and the Guarantors are taking or propose to take with respect thereto.

(c) The Issuer's fiscal year currently ends on December 31. The Issuer shall provide written notice to the Trustee of any change in its fiscal year.

SECTION 4.05. Payment of Obligations.

The Issuer shall, and shall cause each of its Restricted Subsidiaries to, pay its material obligations, including material tax liabilities before the same shall become delinquent or in default, except where (a) the validity or amount thereof is being contested in good faith by appropriate proceedings, (b) the Issuer or such Restricted Subsidiary has set aside on its books adequate reserves with respect thereto in accordance with GAAP and (c) the failure to make payment pending such contest is not adverse in any material respect to the Holders.

SECTION 4.06. Limitations on Incurrence of Indebtedness.

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, incur any Indebtedness; *provided* that the Issuer or any Restricted Subsidiary may incur additional Indebtedness, in each case, if, after giving effect to such incurrence and the application of the proceeds therefrom, the Consolidated Interest Coverage Ratio would be at least 2.00 to 1.00 (the "Coverage Ratio Exception").

Notwithstanding the above, each of the following shall be permitted (the "Permitted Indebtedness"):

(1) Indebtedness of the Issuer and any Guarantor under the Credit Facilities (including the Notes and the Existing Notes) in an aggregate amount at any time outstanding not to exceed \$5,000,000,000;

(2) the Note Guarantees and the Existing Note Guarantees;

44

(3) Indebtedness of the Issuer and the Restricted Subsidiaries to the extent outstanding on the Issue Date (other than Indebtedness referred to in clause (1), (2) or (4));

(4) (x) Indebtedness of the Issuer or any Restricted Subsidiary owed to any other Restricted Subsidiary or the Issuer and (y) guarantees by any Restricted Subsidiary or the Issuer of any Indebtedness of the Issuer or any other Restricted Subsidiary; *provided, however*, that upon any such Restricted Subsidiary ceasing to be a Restricted Subsidiary or such Indebtedness being owed to any Person other than the Issuer or a Restricted Subsidiary, as applicable, the Issuer or such Restricted Subsidiary, as applicable, shall be deemed to have incurred Indebtedness not permitted by this clause (4);

(5) Indebtedness in respect of bid, performance or surety bonds issued for the account of the Issuer or any Restricted Subsidiary in the ordinary course of business, including guarantees or obligations of the Issuer or any Restricted Subsidiary with respect to letters of credit supporting such bid, performance or surety obligations (in each case other than for an obligation for money borrowed);

(6) Purchase Money Indebtedness incurred by the Issuer or any Restricted Subsidiary, and Refinancing Indebtedness thereof, in an aggregate amount not to exceed at any time outstanding \$100.0 million;

(7) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently (except in the case of daylight overdrafts) drawn against insufficient funds in the ordinary course of business; *provided, however*, that such Indebtedness is extinguished within five Business Days of incurrence;

(8) Indebtedness arising in connection with endorsement of instruments for deposit in the ordinary course of business;

(9) Refinancing Indebtedness with respect to Indebtedness incurred pursuant to the Coverage Ratio Exception or clause (2) or (3) above or this clause (9);

(10) indemnification, adjustment of purchase price, earn-out or similar obligations, in each case, incurred or assumed in connection with the acquisition or disposition of any business or assets of the Issuer or any Restricted Subsidiary or Equity Interests of a Restricted Subsidiary, other than guarantees of Indebtedness incurred by any Person acquiring all or any portion of such business, assets or Equity Interests for the purpose of financing or in contemplation of any such acquisition; *provided* that (a) any amount of such obligations included on the face of the balance sheet of the Issuer or any Restricted Subsidiary shall not be permitted under this clause (10) and (b) in the case of a disposition, the maximum aggregate liability in respect of all such obligations outstanding under this clause (10) shall at no time exceed the gross proceeds actually received by the Issuer and the Restricted Subsidiaries in connection with such disposition;

(11) Indebtedness of Subsidiaries that are not Guarantors if, after giving effect to such incurrence and the application of the proceeds thereof, the aggregate principal amount of such indebtedness does not exceed \$425.0 million (less the amount of any Indebtedness secured by a Lien permitted under clause (23) of the definition of "Permitted Liens" which Indebtedness is not incurred pursuant to this clause (11)); and

(12) Indebtedness of the Issuer or any Restricted Subsidiary in an aggregate amount not to exceed \$250.0 million at any time outstanding.

45

For purposes of determining compliance with this Section 4.06, in the event that an item of Indebtedness meets the criteria of more than one of the categories of Permitted Indebtedness described in clauses (1) through (12) above or is entitled to be incurred pursuant to the Coverage Ratio Exception, the Issuer shall, in its sole discretion, classify such item of Indebtedness and may divide and classify such Indebtedness in more than one of the types of Indebtedness described and may later reclassify any item of Indebtedness described in clauses (1) through (12) above (*provided* that at the time of reclassification it meets the criteria in such category or categories), except that Indebtedness outstanding under the Credit Agreement and the Notes of each series issued on the Issue Date (and any Exchange Notes and guarantees thereof) shall be deemed to have been incurred under clause (1) above. In addition, for purposes of determining any particular amount of Indebtedness under this Section 4.06, guarantees, Liens or letter of credit obligations supporting Indebtedness otherwise included in the determination of such particular amount shall not be included so long as incurred by a Person that could have incurred such Indebtedness.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was

incurred, in the case of term debt, or first committed or first incurred (whichever yields the lower U.S. dollar equivalent), in the case of revolving credit debt; *provided* that if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced.

SECTION 4.07. Limitations on Restricted Payments.

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, make any Restricted Payment unless at the time of such Restricted Payment:

- (1) no Default shall have occurred and be continuing or shall occur as a consequence thereof; and
- (2) after giving effect to such incurrence and the application of proceeds therefrom the Consolidated Leverage Test would be satisfied.

The foregoing provisions will not prohibit:

- (1) the payment by the Issuer or any Restricted Subsidiary of any dividend within 60 days after the date of declaration thereof, if on the date of declaration the payment would have complied with the provisions of this Indenture;
- (2) the redemption of any Equity Interests of the Issuer or any Restricted Subsidiary in exchange for, or out of the proceeds of the substantially concurrent issuance and sale of, Qualified Equity Interests (*provided* that any transfers of the Equity Interests of the Issuer will be subject to the provisions of the Parent Pledge Agreement);
- (3) the redemption of Subordinated Indebtedness of the Issuer or any Restricted Subsidiary (a) in exchange for, or out of the proceeds of the substantially concurrent issuance and sale of, Qualified Equity Interests (*provided* that any transfers of the Equity Interests of the Issuer will be subject to the provisions of the Parent Pledge Agreement), (b) in exchange for, or out of the proceeds of the substantially concurrent incurrence of, Refinancing Indebtedness permitted to

46

be incurred under Section 4.06 and the other terms of this Indenture or (c) upon a Change of Control or in connection with a sale of assets to the extent required by the agreement governing such Subordinated Indebtedness but only if the Issuer shall have complied with Section 4.20 and purchased all Notes validly tendered pursuant to the relevant offer prior to redeeming such Subordinated Indebtedness;

- (4) (x) prior to the consummation of an initial public offering, payments to Parent to permit Parent, and which are used by Parent or (y) after the consummation of an initial public offering, payments by the Issuer, to redeem Equity Interests of Parent or the Issuer, as the case may be, held by officers, directors or employees or former officers, directors or employees (or their transferees, estates or beneficiaries under their estates), upon their death, disability, retirement, severance or termination of employment or service; *provided* that the aggregate cash consideration paid for all such redemptions shall not exceed \$25.0 million during any twelve consecutive months;
- (5) payments permitted pursuant to clause (3) of Section 4.09;
- (6) repurchases of Equity Interests deemed to occur upon the exercise of stock options if the Equity Interests represent a portion of the exercise price thereof;
- (7) [Reserved];
- (8) payments by the Issuer to Parent or its subsidiaries to the extent necessary to pay principal and interest when due in respect of Indebtedness of Parent and its subsidiaries;
- (9) Restricted Payments pursuant to and in accordance with stock option plans or other benefit plans for directors, management, employees or consultants of the Issuer and its Subsidiaries; or
- (10) other Restricted Payments in an aggregate amount from and after the Issue Date not to exceed \$50.0 million;

provided that in the case of any Restricted Payment pursuant to clause (3), (8) or (10) above, no Default shall have occurred and be continuing or occur as a consequence thereof.

For purposes of this covenant, if a particular Restricted Payment involves a non-cash payment, including a distribution of assets, then such Restricted Payment shall be deemed to be an amount equal to the cash portion of such Restricted Payment, if any, plus an amount equal to the Fair Market Value of the non-cash portion of such Restricted Payment.

SECTION 4.08. Limitations on Asset Sales.

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, consummate any Asset Sale unless:

- (1) at the time of such transaction (or, if earlier, the date of the commitment to enter into such transaction) and after giving effect thereto and to the use of proceeds thereof, (a) no Default shall have occurred and be continuing, and (b) the Consolidated Leverage Test would be satisfied; and

47

- (2) if such Asset Sale involves the disposition of Collateral, the Issuer or such Subsidiary has complied with the provisions of this Indenture and the Security Documents.

SECTION 4.09. Limitations on Transactions with Affiliates.

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, in one transaction or a series of related transactions, sell, lease, transfer or otherwise dispose of any of its assets to, or purchase any assets from, or enter into any contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate (an "Affiliate Transaction"), unless such Affiliate Transaction is on terms that are no less favorable to the Issuer or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction at such time on an arm's-length basis by the Issuer or that Restricted Subsidiary from a

Person that is not an Affiliate of the Issuer or that Restricted Subsidiary.

The foregoing restrictions shall not apply to:

- (1) transactions between or among the Issuer and its Restricted Subsidiaries not involving any other Affiliate;
- (2) reasonable director, officer and employee compensation (including bonuses) and other benefits (including retirement, health, and Stock Compensation Plans) and indemnification arrangements and reasonable payments to Affiliates in consideration for securities issued in connection therewith;
- (3) transactions pursuant to the Tax Liability Allocation and Indemnification Agreement;
- (4) loans and advances permitted by clause (3) of the definition of "Permitted Investments";
- (5) Restricted Payments of the type described in clause (1), (2) or (4) of the definition of "Restricted Payment" and which are made in accordance with Section 4.07;
- (6) (x) any agreement in effect on the Issue Date and disclosed in the Offering Memorandum, as in effect on the Issue Date or as thereafter amended or replaced in any manner, that, taken as a whole, is not more disadvantageous to the Holders or the Issuer in any material respect than such agreement as it was in effect on the Issue Date or (y) any transaction pursuant to any agreement referred to in the immediately preceding clause (x);
- (7) any transaction with a joint venture or similar entity which would constitute an Affiliate Transaction solely because the Issuer or a Restricted Subsidiary owns an equity interest in or otherwise controls such joint venture or similar entity; *provided* that no Affiliate of the Issuer or any of its Subsidiaries other than the Issuer or a Restricted Subsidiary shall have a beneficial interest in such joint venture or similar entity;
- (8) ordinary overhead arrangements in which any Subsidiary participates; and
- (9) (a) any transaction with an Affiliate where the only consideration paid by the Issuer or any Restricted Subsidiary is Qualified Equity Interests or (b) the issuance or sale of any Qualified Equity Interests.

48

SECTION 4.10. Limitations on Liens.

(a) The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create, incur, assume or permit or suffer to exist any Lien (other than Permitted Liens) of any nature whatsoever against any assets (including Equity Interests of a Restricted Subsidiary) of the Issuer or any Restricted Subsidiary, whether owned at the Issue Date or thereafter acquired, which Lien secures Indebtedness, Hedging Obligations or trade payables.

(b) The provisions in the preceding clause (a) shall not apply to Liens on Collateral to secure Indebtedness (Permitted Parity Indebtedness) in an aggregate principal amount not exceeding \$5,000,000,000 that is secured by a Lien that is equal and ratable with or junior to the Lien in favor of the Collateral Agent for the benefit of the Trustee and the Holders with respect to the Notes and the Note Guarantees; *provided* that, the Notes may be restricted from participating in providing instructions in respect of remedies and enforcement to the Collateral Agent with respect to the Collateral; *provided further* that when there is no Credit Agreement outstanding, Liens incurred pursuant to this paragraph in favor of holders of Permitted Parity Indebtedness that ranks *pari passu* with the Notes may be entitled to participate in providing instructions in respect of remedies and enforcement to the Collateral Agent with respect to the Collateral ratably with the holders of any other such Indebtedness and the Holders of the Notes in proportion to the amount of obligations under such Indebtedness.

SECTION 4.11. Additional Note Guarantees.

If, after the Issue Date, (a) any Restricted Subsidiary (including any newly formed, newly acquired or newly Redesignated Restricted Subsidiary) becomes a Material Domestic Subsidiary, (b) any Restricted Subsidiary (including any newly formed, newly acquired or newly Redesignated Restricted Subsidiary) guarantees any Indebtedness under the Credit Agreement or any Permitted Parity Indebtedness or (c) the Issuer otherwise elects to have any Restricted Subsidiary become a Guarantor, then, in each such case, the Issuer shall cause such Restricted Subsidiary to:

- (1) execute and deliver to the Trustee (a) a supplemental indenture in form and substance satisfactory to the Trustee pursuant to which such Restricted Subsidiary shall unconditionally guarantee all of the Issuer's obligations under the Notes and this Indenture and (b) a notation of guarantee in respect of its Note Guarantee; and
- (2) deliver to the Trustee one or more opinions of counsel that such supplemental indenture (a) has been duly authorized, executed and delivered by such Restricted Subsidiary and (b) constitutes a valid and legally binding obligation of such Restricted Subsidiary in accordance with its terms (subject to customary qualifications).

SECTION 4.12. Limitations on Dividend and Other Restrictions Affecting Restricted Subsidiaries.

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual encumbrance or consensual restriction on the ability of any Restricted Subsidiary to:

- (a) pay dividends or make any other distributions on or in respect of its Equity Interests held by the Issuer or any Restricted Subsidiary;
- (b) make loans or advances or pay any Indebtedness or other obligation owed to the Issuer or any other Restricted Subsidiary; or

49

- (c) transfer any of its assets to the Issuer or any other Restricted Subsidiary;

except for:

- (1) encumbrances or restrictions existing under or by reason of applicable law, regulation or order;
- (2) encumbrances or restrictions existing under this Indenture, the Notes, the Note Guarantees, Exchange Notes (and any guarantees thereof) and the Security Documents;

- (3) non-assignment provisions of any contract or any lease entered into in the ordinary course of business;
- (4) encumbrances or restrictions existing under agreements existing on the Issue Date (including, without limitation, the Credit Agreement, the Existing Notes Indentures, the Existing Notes and the Existing Note Guarantees) as in effect on that date;
- (5) restrictions relating to any Lien permitted under this Indenture imposed by the holder of such Lien that limit the right of the relevant obligor to transfer assets that are subject to such Lien;
- (6) restrictions imposed under any agreement to sell assets permitted under this Indenture to any Person pending the closing of such sale;
- (7) encumbrances or restrictions imposed under any instrument governing Acquired Indebtedness, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person or the properties or assets of the Person so acquired and encumbrances or restrictions imposed under any agreement of any Person that becomes a Restricted Subsidiary provided that such encumbrances or restrictions are not created in contemplation of or in connection with such Person becoming a Restricted Subsidiary;
- (8) any other agreement governing Indebtedness entered into after the Issue Date that contains encumbrances and restrictions that are not materially more restrictive with respect to any Restricted Subsidiary than those in effect on the Issue Date with respect to that Restricted Subsidiary pursuant to agreements in effect on the Issue Date;
- (9) customary provisions in partnership agreements, limited liability company organizational governance documents, joint venture agreements, shareholder agreements and other similar agreements that restrict the transfer of ownership interests in such partnership, limited liability company, joint venture, corporation or similar Person or assets of such entities;
- (10) Purchase Money Indebtedness incurred in compliance with Section 4.06 that impose restrictions of the nature described in clause (c) above on the assets acquired;
- (11) restrictions on cash or other deposits or net worth imposed by suppliers or landlords under contracts entered into in the ordinary course of business; and
- (12) any encumbrances or restrictions imposed by any amendments, replacements or refinancings of the contracts, instruments or obligations referred to in clauses (1) through (11) above; *provided* that such amendments, replacements or refinancings are not materially more restrictive

50

with respect to such encumbrances and restrictions than those prior to such amendment, replacement or refinancing.

SECTION 4.13. Limitations on Designation of Unrestricted Subsidiaries.

The Issuer may designate any Subsidiary (including any newly formed or newly acquired Subsidiary) of the Issuer as an “Unrestricted Subsidiary” under this Indenture (a “Designation”) only if:

- (1) no Default shall have occurred and be continuing at the time of or immediately after giving effect to such Designation; and
- (2) at the time of and immediately after giving effect to such Designation, the Consolidated Leverage Test would be satisfied.

No Subsidiary shall be Designated as an “Unrestricted Subsidiary” unless such Subsidiary:

- (1) has no Indebtedness other than Non-Recourse Debt and other obligations arising by operation of law, including joint and several liability for taxes, ERISA obligations and similar items, except, in each case, pursuant to Investments which are made in accordance with Section 4.07;
- (2) is not party to any agreement, contract, arrangement or understanding with the Issuer or any Restricted Subsidiary unless the terms of the agreement, contract, arrangement or understanding comply with Section 4.09;
- (3) is a Person with respect to which neither the Issuer nor any Restricted Subsidiary has any direct or indirect obligation (a) to subscribe for additional Equity Interests or (b) to maintain or preserve the Person’s financial condition or to cause the Person to achieve any specified levels of operating results, except, in each case, pursuant to Investments which are made in accordance with Section 4.07; and
- (4) will not become a Subsidiary of the Issuer or its other Subsidiaries (other than another Unrestricted Subsidiary) where the Issuer or such other Subsidiary will become a general partner of any such Subsidiary.

If, at any time, any Unrestricted Subsidiary fails to meet the preceding requirements as an Unrestricted Subsidiary, it shall thereafter cease to be an Unrestricted Subsidiary for purposes of this Indenture on the date that is 30 days after the Issuer or any Restricted Subsidiary has obtained knowledge of such failure (unless such failure has been cured by such date), and any Indebtedness of the Subsidiary and any Liens on assets of such Subsidiary shall be deemed to be incurred by a Restricted Subsidiary at such time and, if the Indebtedness is not permitted to be incurred under Section 4.06 or the Lien is not permitted under Section 4.10, the Issuer shall be in default of the applicable covenant.

The Issuer may redesignate an Unrestricted Subsidiary as a Restricted Subsidiary (a “Redesignation”) only if:

- (1) no Default shall have occurred and be continuing at the time of and after giving effect to such Redesignation; and

51

- (2) all Liens, Indebtedness and Investments of such Unrestricted Subsidiary outstanding immediately following such Redesignation would, if incurred or made at such time, have been permitted to be incurred or made for all purposes of this Indenture.

All Designations and Redesignations must be evidenced by resolutions of the Board of Directors of the Issuer and an Officer’s Certificate certifying compliance with the foregoing provisions delivered to the Trustee.

SECTION 4.14. Limitations on Sale and Leaseback Transactions

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, enter into any Sale and Leaseback Transaction *provided* that the

Issuer or any Restricted Subsidiary may enter into a Sale and Leaseback Transaction if:

- (1) such Sale and Leaseback Transaction involves a lease for a term of not more than three years;
- (2) such Sale and Leaseback Transaction is between the Issuer and one of its Restricted Subsidiaries or between any of the Issuer's Restricted Subsidiaries;
- (3) the Issuer or such Restricted Subsidiary could have (a) incurred the Indebtedness attributable to such Sale and Leaseback Transaction pursuant to Section 4.06 and (b) incurred a Lien to secure such Indebtedness without equally and ratably securing the Notes pursuant to Section 4.10 or the lease in the Sale and Leaseback Transaction is not a capital lease and, upon its incurrence, such arrangements outstanding shall not be in excess of 15% of Consolidated Net Tangible Assets; or
- (4) the Issuer or such Restricted Subsidiary applies an amount equal to the net proceeds of such Sale and Leaseback Transaction within 365 days after such Sale and Leaseback Transaction to the retirement or other discharge of Indebtedness of the Issuer or a Restricted Subsidiary.

SECTION 4.15. Conduct of Business.

The Issuer will not, and will not permit any Restricted Subsidiary to, change its line of business conducted by the Issuer and its Restricted Subsidiaries on the Issue Date (other than businesses incidental or related thereto).

SECTION 4.16. Maintenance of Properties; Insurance.

The Issuer will, and will cause each of its Restricted Subsidiaries to, (a) keep and maintain all property material to the conduct of its business in good working order and condition, ordinary wear and tear excepted, and (b) maintain, with financially sound and reputable insurance companies or in accordance with self insurance practices, insurance in such amounts and against such risks as are customarily maintained by companies of similar size engaged in the same or similar businesses operating in the same or similar locations.

52

SECTION 4.17. Compliance with Laws.

The Issuer will, and will cause each of its Restricted Subsidiaries to, comply with all laws, rules, regulations and orders of any Governmental Authority applicable to it or its property, except where the failure to do so would not be adverse in any material respect to the Holders.

SECTION 4.18. Existence.

The Issuer will, and will cause each of its Restricted Subsidiaries to, do or cause to be done all things necessary to preserve, renew and keep in full force and effect its legal existence and the rights, licenses, permits, privileges and franchises material to the conduct of its business; *provided* that the foregoing shall not prohibit any merger, consolidation, liquidation or dissolution permitted under Section 5.01, and the Issuer shall not be required to preserve any such right, franchise, permit, license or legal existence with respect to itself or any Restricted Subsidiary if the Issuer shall determine in good faith the preservation thereof is no longer desirable in the conduct of the business of the Issuer and its Restricted Subsidiaries.

SECTION 4.19. Payments for Consent.

The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any Holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of this Indenture or the Notes unless such consideration is offered to be paid or agreed to be paid to all Holders (or, in the case of any consent, waiver or amendment that is applicable to only one series of the Notes, to all Holders of the Notes of such series) that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

SECTION 4.20. Change of Control Offer.

If a Change of Control Triggering Event occurs with respect to the Notes, unless the Issuer has exercised its right to redeem the Notes of either series, the Issuer will be required to make an offer to repurchase all or, at the Holder's option, any part (equal to \$2,000 or any integral multiple of \$1,000 in excess thereof) of each Holder's Notes of such series pursuant to a Change of Control Offer.

In the Change of Control Offer, the Issuer will be required to offer payment in cash equal to 101% of the aggregate principal amount of Notes to be purchased plus accrued and unpaid interest, if any, on the Notes repurchased, to, but not including, the date of purchase (the "Change of Control Payment"). Within 30 days following any Change of Control Triggering Event with respect to the Notes, the Issuer shall mail a notice to Holders of each series of Notes, with a copy to the Trustee for such series of Notes, describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase such series of Notes (a "Change of Control Offer") on the date specified in the notice, which date will be no earlier than 30 and no later than 60 days from the date such notice is mailed (the "Change of Control Payment Date"), pursuant to the procedures required by this Indenture and described in such notice.

On the Change of Control Payment Date, the Issuer will be required, to the extent lawful, to:

- (1) accept for payment all Notes or portions of Notes of each series properly tendered pursuant to the Change of Control Offer;

53

- (2) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes of each series properly tendered; and

- (3) deliver or cause to be delivered to the Trustee the Notes properly accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions of Notes of each series being purchased.

The Paying Agent will be required to promptly pay, to each Holder who properly tendered Notes, the purchase price for such Notes, and the Trustee will be required to promptly authenticate and mail (or cause to be transferred by book entry) to each such Holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; *provided* that each new Note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

The Issuer will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if a third party makes such an offer in the

manner, at the times and otherwise in compliance with the requirements for an offer made by us and such third party purchases all Notes properly tendered and not withdrawn under its offer. In the event that such third party terminates or defaults its offer, the Issuer will be required to make a Change of Control Offer treating the date of such termination or default as though it were the date of the Change of Control Triggering Event.

The Issuer shall comply with the requirements of applicable securities laws and regulations in connection with the purchase of Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions under this Section 4.20, the Issuer shall comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations under this Section 4.20 by virtue of this compliance.

SECTION 4.21. Fall-Away Event.

If on any date following the Issue Date (i) the Notes have Investment Grade Ratings from both Moody's and Standard & Poor's, and the Issuer has delivered written notice of such Investment Grade Ratings to the Trustee, and (ii) no Default has occurred and is continuing under this Indenture, then, beginning on that day and continuing at all times thereafter regardless of any subsequent changes in the ratings of the Notes or the occurrence of any Default, the provisions in the following sections shall no longer be applicable to the Notes (collectively, the "Terminated Covenants"): Sections 4.06, 4.07, 4.08, 4.09, 4.12 and clause (3) of Section 5.01.

No Default, Event of Default or breach of any kind shall be deemed to exist under this Indenture or the Notes with respect to the Terminated Covenants based on, and none of the Issuer or any of its Subsidiaries shall bear any liability for, any actions taken or events occurring after the Notes attain Investment Grade Ratings, regardless of whether such actions or event would have been permitted if the applicable Terminated Covenants remained in effect.

ARTICLE FIVE

SUCCESSOR CORPORATION

SECTION 5.01. Limitations on Mergers, Consolidations, etc.

The Issuer will not, directly or indirectly, in a single transaction or a series of related transactions, (a) consolidate or merge with or into another Person, or sell, lease, transfer, convey or otherwise dispose of or assign all or substantially all of the assets of the Issuer or the Issuer and the Restricted Subsidiaries (taken as a whole) or (b) adopt a Plan of Liquidation unless, in either case:

(1) either:

(a) the Issuer will be the surviving or continuing Person; or

(b) the Person formed by or surviving such consolidation or merger or to which such sale, lease, conveyance or other disposition shall be made (or, in the case of a Plan of Liquidation, any Person to which assets are transferred) (collectively, the "Successor") is a corporation, limited liability company or limited partnership organized and existing under the laws of any State of the United States of America or the District of Columbia, and the Successor expressly assumes, by agreements in form and substance reasonably satisfactory to the Trustee, all of the obligations of the Issuer under the Notes and this Indenture;

(2) immediately prior to and immediately after giving effect to such transaction and the assumption of the obligations as set forth in clause (1)(b) above and the incurrence of any Indebtedness to be incurred in connection therewith, and the use of any net proceeds therefrom on a pro forma basis, no Default shall have occurred and be continuing; and

(3) immediately after and giving effect to such transaction and the assumption of the obligations set forth in clause (1)(b) above and the incurrence of any Indebtedness to be incurred in connection therewith, and the use of any net proceeds therefrom on a pro forma basis, the Consolidated Leverage Test would be satisfied.

For purposes of this Section 5.01, any Indebtedness of the Successor which was not Indebtedness of the Issuer immediately prior to the transaction shall be deemed to have been incurred in connection with such transaction.

Except as provided in Section 10.04, no Guarantor may consolidate with or merge with or into (whether or not such Guarantor is the surviving Person) another Person, unless:

(1) either:

(a) such Guarantor will be the surviving or continuing Person; or

(b) the Person formed by or surviving any such consolidation or merger is another Guarantor or assumes, by agreements in form and substance reasonably satisfactory to the Trustee, all of the obligations of such Guarantor under the Note Guarantee of such Guarantor, this Indenture, the Registration Rights Agreement and the Security Documents; and

55

(2) immediately after giving effect to such transaction, no Default shall have occurred and be continuing.

For purposes of the foregoing, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all of the properties or assets of one or more Restricted Subsidiaries, the Equity Interests of which constitute all or substantially all of the properties and assets of the Issuer, will be deemed to be the transfer of all or substantially all of the properties and assets of the Issuer.

Upon any consolidation, combination or merger of the Issuer or a Guarantor, or any transfer of all or substantially all of the assets of the Issuer or Guarantor in accordance with the foregoing, in which the Issuer or such Guarantor is not the continuing obligor under the Notes or its Note Guarantee, the surviving entity formed by such consolidation or into which the Issuer or such Guarantor is merged or the Person to which the conveyance, lease or transfer is made will succeed to, and be substituted for, and may exercise every right and power of, the Issuer or such Guarantor under this Indenture, the Registration Rights Agreement, the Notes and the Note Guarantees with the same effect as if such surviving entity had been named therein as the Issuer or such Guarantor and, except in the case of a lease, the Issuer or such Guarantor, as the case may be, will be released from the obligation to pay the principal of and interest on the Notes or in respect of its Note Guarantee, as the case may be, and all of the Issuer's or such Guarantor's other obligations and covenants under the Notes, this Indenture and its Note Guarantee, if applicable.

Notwithstanding the foregoing, any Restricted Subsidiary may consolidate with, merge with or into or convey, transfer or lease, in one transaction or a

series of transactions, all or substantially all of its assets to the Issuer or another Restricted Subsidiary; *provided* if such Restricted Subsidiary is a Guarantor, that the surviving entity remains or becomes a Guarantor.

SECTION 5.02. Successor Person Substituted

Upon any consolidation or merger or any transfer of all or substantially all of the assets of the Issuer or any Restricted Subsidiary in accordance with Section 5.01, the successor entity formed by such consolidation or into which the Issuer is merged or to which such transfer is made shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer or such Restricted Subsidiary under this Indenture with the same effect as if such successor entity had been named as the Issuer or such Restricted Subsidiary herein, and thereafter the predecessor entity shall be relieved of all obligations and covenants under this Indenture and the Notes.

DEFAULTS AND REMEDIES

SECTION 6.01. Events of Default

Each of the following shall be an "Event of Default" with respect to a series of Notes:

(1) failure by the Issuer to pay interest on any of the Notes of such series when it becomes due and payable and the continuance of any such failure for 30 days;

56

(2) failure by the Issuer to pay the principal on any of the Notes of such series when it becomes due and payable, whether at stated maturity, upon redemption, upon purchase, upon acceleration or otherwise;

(3) failure by the Issuer to comply with Section 5.01 or in respect of its obligations to make a Change of Control Offer;

(4) failure by the Issuer to comply with any other agreement or covenant in this Indenture and continuance of this failure for 30 days after written notice of the failure has been given to the Issuer by the Trustee or by the Holders of at least 25% of the aggregate principal amount of the Notes of such series then outstanding;

(5) default under any mortgage, indenture or other instrument or agreement under which there may be issued or by which there may be secured or evidenced Indebtedness of the Issuer or any Restricted Subsidiary, whether such Indebtedness now exists or is incurred after the Issue Date, which default:

(a) is caused by a failure to pay at final maturity principal on such Indebtedness within the applicable express grace period and any extensions thereof,

(b) results in the acceleration of such Indebtedness prior to its express final maturity, or

(c) results in the commencement of judicial proceedings to foreclose upon, or to exercise remedies under applicable law or the applicable security documents to take ownership of, the assets securing such Indebtedness, and

in each case, the principal amount of such Indebtedness, together with any other Indebtedness with respect to which an event described in clause (a), (b) or (c) has occurred and is continuing, aggregates \$100.0 million or more (and provided that, for purposes of this clause (5) only, "Indebtedness" shall include any Hedging Obligations with the "principal amount" of any Hedging Obligations at any time being the maximum aggregate amount (giving effect to any netting agreements) that the Issuer or such Restricted Subsidiary would be required to pay if the agreement with respect to such Hedging Obligations terminated at such time);

(6) one or more judgments or orders that exceed \$100.0 million in the aggregate (net of amounts covered by insurance or bonded) for the payment of money have been entered by a court or courts of competent jurisdiction against the Issuer or any Restricted Subsidiary and such judgment or judgments have not been satisfied, stayed, annulled or rescinded within 60 days of being entered;

(7) the Issuer or any Significant Subsidiary pursuant to or within the meaning of any Bankruptcy Law:

(a) commences a voluntary case,

(b) consents to the entry of an order for relief against it in an involuntary case,

57

(d) makes a general assignment for the benefit of its creditors;

(a) is for relief against the Issuer or any Significant Subsidiary as debtor in an involuntary case,

(b) appoints a Custodian of the Issuer or any Significant Subsidiary or a Custodian for all or substantially all of the assets of the Issuer or any Significant Subsidiary, or

(c) orders the liquidation of the Issuer or any Significant Subsidiary,

and the order or decree remains unstayed and in effect for 60 days;

(9) any Note Guarantee ceases to be in full force and effect with respect to such series of Notes (other than in accordance with the terms of such Note Guarantee and this Indenture) or is declared null and void and unenforceable or found to be invalid or any Guarantor denies its liability under its Note Guarantee (other than by reason of release of a Guarantor from its Note Guarantee in accordance with the terms of this Indenture and the Note Guarantee);

(10) (a) the security interest under the Security Documents, at any time, ceases to be in full force and effect for any reason other than in accordance with

the terms of this Indenture and the Security Documents, (b) any security interest created thereunder or under this Indenture is declared invalid or unenforceable by a court of competent jurisdiction (other than by reason of release in accordance with the terms of the Indenture and the Security Documents) or (c) the Issuer, any Guarantor, the Parent Pledgor or any of their respective Affiliates asserts, in any pleading in any court of competent jurisdiction, that any such security interest is invalid or unenforceable; or

(11) the Parent Pledgor shall fail to observe or perform any covenant, condition or agreement contained in the Parent Pledge Agreement and such failure shall continue unremedied for a period of 30 days after notice thereof from the Collateral Agent to the Parent Pledgor.

SECTION 6.02. Acceleration.

If an Event of Default specified in clause (7) or (8) of Section 6.01 with respect to the Issuer or any Guarantor occurs, all outstanding Notes shall become due and payable without any further action or notice. If an Event of Default specified in clause (1) or (2) of Section 6.01 as to a particular series of Notes occurs, the Trustee or the Holders of at least 25% in aggregate principal amount then outstanding of such series of Notes, by written notice to the Issuer and the Trustee, may declare all amounts owing under such series of Notes to be due and payable. If any other Event of Default (other than an Event of Default specified in clause (7) or (8) of Section 6.01 with respect to the Issuer or any Guarantor), shall have occurred and be continuing hereunder, the Trustee, by written notice to the Issuer, or the Holders of at least 25% in aggregate principal amount of the Notes then outstanding by written notice to the Issuer and the Trustee, may declare all amounts owing under the Notes to be due and payable immediately. Upon any such declaration of acceleration, the aggregate principal of and accrued and unpaid interest on the outstanding Notes (or the outstanding Notes of the relevant series) shall immediately become due and payable; *provided, however*, that after such acceleration, but before a judgment or decree based on acceleration, the Holders of a majority in aggregate principal amount of the outstanding Notes (or the outstanding Notes of the relevant series) may, in accordance with the terms of this Indenture, rescind and

58

annul such acceleration if all Events of Default, other than the nonpayment of accelerated principal and interest, have been cured or waived as provided in this Indenture.

The Trustee shall, within 30 days after the occurrence of any Default with respect to the Notes of any series, give the Holders of such Notes written notice of all uncured Defaults thereunder known to it; *provided, however*, that, except in the case of an Event of Default in payment with respect to the Notes of such series or a Default in complying with Section 5.01, the Trustee shall be protected in withholding such notice if and so long as it in good faith determines that the withholding of such notice is in the interest of the Holders.

SECTION 6.03. Other Remedies.

If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy by proceeding at law or in equity to collect the payment of principal of, or premium, if any, and interest on the Notes or to enforce the performance of any provision of the Notes, this Indenture and, subject to the terms thereof, the Security Documents and may take any necessary action requested of it as Trustee to settle, compromise, adjust or otherwise conclude any proceedings to which it is a party.

The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative. Any costs associated with actions taken by the Trustee under this Section 6.03 shall be reimbursed to the Trustee by the Issuer.

SECTION 6.04. Waiver of Past Defaults and Events of Default.

Subject to Sections 6.02, 6.08 and 8.02, the Holders of a majority in aggregate principal amount of the Notes (or the Notes of the relevant series) then outstanding have the right to waive any existing Default or compliance with any provision of this Indenture or the Notes. Upon any such waiver, such Default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereto.

SECTION 6.05. Control by Majority.

Subject to the terms of the Security Documents, the Holders of a majority in aggregate principal amount of the then outstanding Notes (or the Notes of the then outstanding relevant series, if applicable) may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee by this Indenture. The Trustee, however, may refuse to follow any direction that conflicts with law or this Indenture or that the Trustee determines may be unduly prejudicial to the rights of another Holder not taking part in such direction, and the Trustee shall have the right to decline to follow any such direction if the Trustee, being advised by counsel, determines that the action so directed may not lawfully be taken or if the Trustee in good faith shall, by a Responsible Officer, determine that the proceedings so directed may result in costs and expenses of the Trustee for which it has no source of payment or recovery or involve it in personal liability; *provided* that the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction.

59

SECTION 6.06. Limitation on Suits.

No Holder shall have any right to institute any proceeding with respect to this Indenture or for any remedy thereunder, unless the Trustee:

- (1) has failed to act for a period of 60 days after receiving written notice of a continuing Event of Default by such Holder and a request to act by Holders of at least 25% in aggregate principal amount of Notes of the relevant series;
- (2) has been offered indemnity satisfactory to it in its reasonable judgment; and
- (3) has not received from the Holders of a majority in aggregate principal amount of the Notes of the relevant series a direction inconsistent with such request.

However, such limitations do not apply to a suit instituted by a Holder of any Note for enforcement of payment of the principal of or interest on such Note on or after the due date therefor (after giving effect to the grace period specified in clause (1) of Section 6.01).

SECTION 6.07. No Personal Liability of Directors, Officers, Employees and Stockholders.

No director, officer, employee, incorporator or stockholder of the Issuer or any Guarantor shall have any liability for any obligations of the Issuer under the Notes of either series or this Indenture or of any Guarantor under its Note Guarantee or this Indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the

SECTION 6.08. Rights of Holders To Receive Payment

Notwithstanding any other provision of this Indenture, the right of any Holder to receive payment of principal of, or premium, if any, and interest of the Note on or after the respective due dates expressed in the Note, or to bring suit for the enforcement of any such payment on or after such respective dates, is absolute and unconditional and shall not be impaired or affected without the consent of the Holder.

SECTION 6.09. Collection Suit by Trustee

If an Event of Default in payment of principal, premium or interest specified in clause (1) or (2) of Section 6.01 occurs and is continuing, the Trustee may recover judgment in its own name and as trustee of an express trust against the Issuer or any Guarantor (or any other obligor on the Notes) for the whole amount of unpaid principal and accrued interest remaining unpaid, together with interest on overdue principal and, to the extent that payment of such interest is lawful, interest on overdue installments of interest, in each case at the rate set forth in the applicable series of Notes.

SECTION 6.10. Trustee May File Proofs of Claim

The Trustee may file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Holders allowed in any judicial proceedings relative to the Issuer or any Guarantor (or any other obligor upon the Notes), its creditors or its property and shall be entitled and empowered to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same after deduction of its charges and expenses to

the extent that any such charges and expenses are not paid out of the estate in any such proceedings and any custodian in any such judicial proceeding is hereby authorized by each Holder to make such payments to the Trustee, and in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due the Trustee under Section 7.07.

Nothing herein contained shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan or reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceedings.

SECTION 6.11. Priorities

Subject to the terms of the Security Documents and any intercreditor agreement with the holders of Permitted Party Indebtedness, if the Trustee collects any money pursuant to this Article Six, it shall pay out the money in the following order:

FIRST: to the Trustee for amounts due under Section 7.07;

SECOND: to Holders for amounts due and unpaid on the Notes for principal, premium, if any, and interest as to each, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes; and

THIRD: to the Issuer or, to the extent the Trustee collects any amount from any Guarantor, to such Guarantor.

The Trustee may fix a record date and payment date for any payment to Holders pursuant to this Section 6.11. At least 15 days before such record date, the Trustee shall mail to each Holder and the Issuer a notice that states the record date, the payment date and the amount to be paid.

SECTION 6.12. Undertaking for Costs

In any suit for the enforcement of any right or remedy hereunder or in any suit against the Trustee for any action taken or omitted by it as Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.12 does not apply to a suit by the Trustee, a suit by a Holder pursuant to Section 6.08 or a suit by Holders of more than 10% in principal amount of the Notes (or Notes of the relevant series) then outstanding.

ARTICLE SEVEN

TRUSTEE

SECTION 7.01. Duties of Trustee

(a) If an Event of Default actually known to a Responsible Officer of the Trustee has occurred and is continuing, the Trustee shall exercise such of the rights and powers vested in it by this Indenture and use the same degree of care and skill in its exercise as a prudent person would exercise or use under the same circumstances in the conduct of his or her own affairs.

(b) Except during the continuance of an Event of Default:

(1) the Trustee need perform only those duties that are specifically set forth in this Indenture and no others; and

(2) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture but, in the case of any such certificates or opinions which by any provision hereof are required to be furnished to the Trustee, the Trustee shall be under a duty to examine the same to determine whether they conform on their face to the requirements hereof (but need not confirm or investigate the accuracy of mathematical calculations or other facts stated therein).

(c) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that:

- (1) this clause (c) does not limit the effect of clause (b) of this Section 7.01;
 - (2) the Trustee shall not be liable for any error of judgment made in good faith, unless it is proved that the Trustee was negligent in ascertaining the pertinent facts;
 - (3) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to the terms hereof; and
 - (4) no provision hereof shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its rights, powers or duties if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity satisfactory to it against such risk or liability is not reasonably assured to it.
- (d) Whether or not therein expressly so provided, paragraphs (a), (b), (c) and (e) of this Section 7.01 shall govern every provision of this Indenture that in any way relates to the Trustee.
- (e) The Trustee may refuse to perform any duty or exercise any right or power unless it receives indemnity satisfactory to it in its sole discretion against any loss, liability, expense or fee.
- (f) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuer or any Guarantor. Money held in trust by the Trustee need not be segregated from other funds except to the extent required by the law.

62

(g) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Section 7.01 and to the provision of the TIA.

SECTION 7.02. Rights of Trustee.

Subject to Section 7.01:

- (1) The Trustee may rely on any document reasonably believed by it to be genuine and to have been signed or presented by the proper person. The Trustee need not investigate any fact or matter stated in the document.
- (2) Before the Trustee acts or refrains from acting, it may require an Officer's Certificate or an Opinion of Counsel, or both, which shall conform to the provisions of Section 11.05. The Trustee shall be protected and shall not be liable for any action it takes or omits to take in good faith in reliance on such certificate or opinion.
- (3) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any agent appointed by it with due care.
- (4) The Trustee shall not be liable for any action it takes or omits to take in good faith which it reasonably believes to be authorized or within its rights or powers; *provided* that the Trustee's conduct does not constitute negligence or willful misconduct.
- (5) The Trustee may consult with counsel of its selection, and the advice or opinion of such counsel as to matters of law shall be full and complete authorization and protection from liability in respect of any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.
- (6) The Trustee shall not be deemed to have knowledge of any Default or Event of Default except (i) any Event of Default occurring pursuant to clause (1) or (2) of Section 6.01 or (ii) any Event of Default of which the Trustee shall have received written notification or otherwise obtained actual knowledge. In the absence of such notice, the Trustee may conclusively assume there is no Default except as aforesaid.
- (7) The Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture, and may refuse to perform any duty or exercise any such rights or powers, unless it shall have been offered reasonable security or indemnity satisfactory to it against the cost, expenses and liabilities which may be incurred by it in connection with such exercise of its rights or powers.
- (8) The Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate (including any Officer's Certificate), statement, instrument, opinion (including any Opinion of Counsel), notice, request, direction, consent, order, bond, debenture, note, other evidence of Indebtedness or other paper or document, but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit and, if the Trustee shall determine to make such further inquiry or investigation, it shall be entitled, upon reasonable notice to the Issuer, to examine the books, records, and premises of the Issuer, personally or by agent or attorney at the sole cost of the investigation. Except with respect to Sections 4.01, 4.02 (subject to paragraph 12 below) and 4.04, the Trustee shall have no duty to inquire as to the performance of the Issuer's and the Guarantors' covenants set forth herein.

63

- (9) The Trustee shall not be required to give any bond or surety in respect of the performance of its powers and duties hereunder.
- (10) The permissive rights of the Trustee to do things enumerated in this Indenture shall not be construed as duties hereunder.
- (11) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and to each agent, custodian and other Person employed to act hereunder.
- (12) Delivery of reports, information and documents to the Trustee under Section 4.02 is for informational purposes only and the Trustee's receipt of the foregoing shall not constitute constructive notice of any information contained therein, including the Issuer's compliance with any of its covenants hereunder (as which the Trustee is entitled to rely exclusively on the Officer's Certificate).

SECTION 7.03. Individual Rights of Trustee.

The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may make loans to, accept deposits from, perform services for or otherwise deal with either of the Issuer or any Guarantor, or any Affiliates thereof, with the same rights it would have if it were not Trustee. Any Agent may do the same with like rights. The Trustee, however, shall be subject to Sections 7.10 and 7.11.

SECTION 7.04. Trustee's Disclaimer.

The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture or the Notes or any Note Guarantee, it shall not be accountable for the Issuer's or any Guarantor's use of the proceeds from the sale of Notes or any money paid to the Issuer or any Guarantor pursuant to the terms of this Indenture and it shall not be responsible for the use or application of money received by any Paying Agent other than the Trustee. The Trustee shall not be responsible for any statement in the Notes, Note Guarantee, this Indenture or any other document in connection with the sale of the Notes other than its certificate of authentication.

SECTION 7.05. Notice of Defaults.

The Trustee shall, within 30 days after the occurrence of any Default with respect to the Notes, give the Holders notice of all uncured Defaults thereunder known to it; *provided, however*, that, except in the case of an Event of Default in payment with respect to the Notes or a Default in complying with Section 5.01, the Trustee shall be protected in withholding such notice if and so long as it in good faith determines that the withholding of such notice is not opposed to the interest of the Holders.

SECTION 7.06. Reports by Trustee to Holders

If required by TIA § 313(a), within 60 days after May 15th of any year, commencing May 15, 2015, the Trustee shall mail to each Holder a brief report dated as of such reporting date that complies with TIA § 313(a). The Trustee also shall comply with TIA § 313(b)(2). The Trustee shall also transmit by mail all reports as required by TIA § 313(c) and TIA § 313(d).

64

Reports pursuant to this Section 7.06 shall be transmitted by mail:

- (1) to all Holders, as the names and addresses of such Holders appear on the Registrar's books; and
- (2) to such Holders as have, within the two years preceding such transmission, filed their names and addresses with the Trustee for that purpose.

A copy of each report at the time of its mailing to Holders shall be filed with the SEC and each stock exchange on which the Notes are listed. The Issuer shall promptly notify the Trustee, and in any event within 10 Business Days, when the Notes are listed on any stock exchange and of any delisting thereof.

SECTION 7.07. Compensation and Indemnity.

The Issuer and the Guarantors shall pay to the Trustee and Agents from time to time reasonable compensation for its services hereunder (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust) as agreed to from time to time by the Trustee and the Issuer. The Issuer and the Guarantors shall reimburse the Trustee and Agents upon request for all reasonable out-of-pocket disbursements, expenses and advances incurred or made by it in connection with its duties under this Indenture, including the reasonable compensation, disbursements and expenses of the Trustee's agents and counsel.

The Issuer and the Guarantors shall indemnify each of the Trustee and any predecessor Trustee for, and hold each of them harmless against, any and all loss, damage, claim, liability or expense, including without limitation taxes (other than taxes based on the income of the Trustee or such Agent) and reasonable attorneys' fees and expenses incurred by each of them in connection with the acceptance or performance of its duties under this Indenture including the reasonable costs and expenses of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties hereunder (including, without limitation, settlement costs). The Trustee or Agent shall notify the Issuer and the Guarantors in writing promptly of any claim asserted against the Trustee or Agent for which it may seek indemnity. However, the failure by the Trustee or Agent to so notify the Issuer and the Guarantors shall not relieve the Issuer and Guarantors of their obligations hereunder except to the extent the Issuer and the Guarantors are prejudiced thereby.

Notwithstanding the foregoing, the Issuer and the Guarantors need not reimburse the Trustee for any expense or indemnify it against any loss or liability incurred by the Trustee through its negligence, bad faith or willful misconduct. To secure the payment obligations of the Issuer and the Guarantors in this Section 7.07, the Trustee shall have a lien prior to the Notes on all money or property held or collected by the Trustee except such money or property held in trust to pay principal of and interest on particular Notes. The obligations of the Issuer and the Guarantors under this Section 7.07 to compensate and indemnify the Trustee, Agents and each predecessor Trustee and to pay or reimburse the Trustee, Agents and each predecessor Trustee for expenses, disbursements and advances shall survive the resignation or removal of the Trustee and the satisfaction, discharge or other termination of this Indenture, including any termination or rejection hereof under any Bankruptcy Law.

When the Trustee incurs expenses or renders services after an Event of Default specified in clause (7) or (8) of Section 6.01 occurs, the expenses and the compensation for the services are intended to constitute expenses of administration under any Bankruptcy Law.

65

For purposes of this Section 7.07, the term "Trustee" shall include any trustee appointed pursuant to this Article Seven.

SECTION 7.08. Replacement of Trustee.

The Trustee may resign by so notifying the Issuer and the Guarantors in writing. The Holders of a majority in principal amount of the outstanding Notes (or the Notes of the relevant series, if applicable) may remove the Trustee by notifying the Issuer and the removed Trustee in writing and may appoint a successor Trustee with the Issuer's written consent, which consent shall not be unreasonably withheld. The Issuer may remove the Trustee at its election if:

- (1) the Trustee fails to comply with Section 7.10;
- (2) the Trustee is adjudged a bankrupt or an insolvent;
- (3) a receiver or other public officer takes charge of the Trustee or its property; or
- (4) the Trustee otherwise becomes incapable of acting.

If the Trustee resigns or is removed or if a vacancy exists in the office of Trustee for any reason, the Issuer shall promptly appoint a successor Trustee. If a Trustee is removed with or without cause, all fees and expenses (including the reasonable fees and expenses of counsel) of the Trustee incurred in the administration of the trust or in performing the duties hereunder shall be paid to the Trustee.

If a successor Trustee does not take office within 60 days after the retiring Trustee resigns or is removed, the retiring Trustee, the Issuer or the Holders of at least 10% in principal amount of the outstanding Notes may petition any court of competent jurisdiction for the appointment of a successor Trustee.

If the Trustee fails to comply with Section 7.10, any Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Issuer. Immediately following such delivery, the retiring Trustee shall, subject to its rights under Section 7.07, transfer all property held by it as Trustee to the successor Trustee, the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. A successor Trustee shall mail notice of its succession to each Holder. Notwithstanding replacement of the Trustee pursuant to this Section 7.08, the Issuer obligations under Section 7.07 shall continue for the benefit of the retiring Trustee.

SECTION 7.09. Successor Trustee by Consolidation, Merger, etc.

If the Trustee consolidates with, merges or converts into, or transfers all or substantially all of its corporate trust assets to, another entity, subject to Section 7.10, the successor entity without any further act shall be the successor Trustee; *provided* such entity shall be otherwise qualified and eligible under this Article Seven.

SECTION 7.10. Eligibility; Disqualification.

This Indenture shall always have a Trustee who satisfies the requirements of TIA § 310(a)(1) and (2) in every respect. The Trustee (together with its corporate parent) shall have a combined

66

capital and surplus of at least \$50,000,000 as set forth in the most recent applicable published annual report of condition. The Trustee shall comply with TIA § 310(b), including the provision in § 310(b)(1).

SECTION 7.11. Preferential Collection of Claims Against Issuer.

The Trustee shall comply with TIA § 311(a), excluding any creditor relationship listed in TIA § 311(b). A Trustee who has resigned or been removed shall be subject to TIA § 311(a) to the extent indicated therein.

SECTION 7.12. Paying Agents.

The Issuer shall cause each Paying Agent other than the Trustee to execute and deliver to it and the Trustee an instrument in which such agent shall agree with the Trustee, subject to the provisions of this Section 7.12:

- (A) that it shall hold all sums held by it as agent for the payment of principal of, or premium, if any, or interest on, the Notes (whether such sums have been paid to it by the Issuer or by any obligor on the Notes) in trust for the benefit of Holders or the Trustee;
- (B) that it shall at any time during the continuance of any Event of Default, upon written request from the Trustee, deliver to the Trustee all sums so held in trust by it together with a full accounting thereof; and
- (C) that it shall give the Trustee written notice within three (3) Business Days of any failure of the Issuer (or by any obligor on the Notes) in the payment of any installment of the principal of, premium, if any, or interest on, the Notes when the same shall be due and payable.

AMENDMENTS, SUPPLEMENTS AND WAIVERS

SECTION 8.01. Without Consent of Holders.

The Issuer and the Trustee (or in the case of the Security Documents, the Collateral Agent) may amend, waive or supplement this Indenture, the Security Documents, the Note Guarantees or the Notes of either series without prior notice to or consent of any Holder:

- (1) to provide for the assumption of the Issuer's or a Guarantor's obligations to the Holders pursuant to Section 5.01;
- (2) to provide for uncertificated Notes in addition to or in place of certificated Notes;
- (3) to cure any ambiguity, defect or inconsistency;
- (4) to add Note Guarantees with respect to the Notes or to secure the Notes;
- (5) to release any Guarantor from any of its obligations under its Note Guarantee or this Indenture (to the extent permitted by this Indenture);

67

- (6) to qualify or maintain the qualification of this Indenture under the TIA;
- (7) to add to the covenants of the Issuer or a Guarantor for the benefit of the Holders or to surrender any right or power herein conferred upon the Issuer or a Guarantor with respect to the Notes;
- (8) to provide for the issuance of Additional Notes in accordance with the provisions set forth in this Indenture;
- (9) to mortgage, pledge, hypothecate or grant any other Lien in favor of the Collateral Agent or Trustee for the benefit of the Holders as additional security for the payment and performance of all or any portion of the obligations under the Notes and this Indenture in any property or assets, including any which are required to be mortgaged, pledged or hypothecated, or in which a Lien is required to be granted to or for the benefit of the Trustee or the Collateral Agent pursuant to this Indenture, any of the Security Documents or otherwise;
- (10) to add or remove Secured Parties (or any agent acting on their behalf) to or from any Security Documents or to release Collateral from the Lien of this Indenture and the Security Documents when permitted or required by the Security Documents or this Indenture; or

- (11) to make any other change that does not materially adversely affect the rights of any Holder hereunder.

The Trustee is hereby authorized to join with the Issuer and the Guarantors in the execution of any supplemental indenture authorized or permitted by the terms of this Indenture and to make any further appropriate agreements and stipulations which may be therein contained, but the Trustee shall not be obligated to enter into any such supplemental indenture which adversely affects its own rights, duties or immunities under this Indenture.

SECTION 8.02. With Consent of Holders.

(a) Subject to clause (b) of this Section 8.02, this Indenture or the Notes may be amended with the consent (which may include consents obtained in connection with a tender offer or exchange offer for Notes) of the Holders of at least a majority in aggregate principal amount of the Notes then outstanding, and any existing Default under, or compliance with any provision of, this Indenture may be waived (other than any continuing Default in the payment of the principal or interest on the Notes) with the consent (which may include consents obtained in connection with a tender offer or exchange offer for Notes) of the Holders of a majority in aggregate principal amount of the Notes then outstanding; provided however, that if any such amendment or waiver, by its terms, directly and disproportionately affects one series of Notes then outstanding, such amendment or waiver shall require the consent (which may include consents obtained in connection with a tender offer or exchange offer for Notes) of the Holders of the majority in principal amount of such series of Notes then outstanding, and if any such amendment or waiver only affects one series of Notes, the Holders of the other series of Notes shall not be required to consent thereto. Furthermore, without the consent of each Holder affected, no amendment or waiver may:

- (1) reduce, or change the maturity of, the principal of any Note;
- (2) reduce the rate of or extend the time for payment of interest on any Note;

68

(3) reduce any premium payable upon redemption of the Notes or change the date on, or the circumstances under, which any Notes are subject to redemption (other than provisions relating to the purchase of Notes described in Sections 4.20, except that if a Change of Control has occurred, no amendment or other modification of the obligation of the Issuer to make a Change of Control Offer relating to such Change of Control shall be made without the consent of each Holder affected);

(4) make any Note payable in money or currency other than that stated in the Notes;

(5) modify or change any provision of this Indenture or the related definitions to affect the ranking of the Notes or any Note Guarantee in a manner that adversely affects the Holders;

(6) reduce the percentage of Holders necessary to consent to an amendment or waiver to this Indenture or the Notes;

(7) waive a default in the payment of principal of or premium or interest on any Notes (except a rescission of acceleration of the Notes by the Holders thereof as provided in this Indenture and a waiver of the payment default that resulted from such acceleration);

(8) impair the rights of Holders to receive payments of principal of or interest on the Notes on or after the due date therefor or to institute suit for the enforcement of any payment on the Notes;

(9) release any Guarantor that is a Material Domestic Subsidiary from any of its obligations under its Note Guarantee or this Indenture, except as permitted by this Indenture, or amend the definition of Material Domestic Subsidiary in a manner adverse to Holders; or

(10) make any change in this Section 8.02.

(b) In addition, without the consent of at least 75% in aggregate principal amount of Notes then outstanding (or the Notes of the relevant series of Notes, as applicable), no amendment, supplement or waiver may modify any Security Document or the provisions of this Indenture dealing with the Security Documents or application of trust moneys, or otherwise release any Collateral, in each case in any manner that materially and adversely affects the rights of the Holders to equally and ratably share in the Liens provided for in the Security Documents in a manner that is materially disproportionate to the effect of such amendment, supplement or waiver on the holders of the other obligations secured by the Security Documents.

After an amendment, supplement or waiver under this Section 8.02 becomes effective, the Issuer shall mail to the Holders a notice briefly describing the amendment, supplement or waiver.

Upon the written request of the Issuer, accompanied by a Board Resolution authorizing the execution of any such supplemental indenture, and upon the receipt by the Trustee of evidence reasonably satisfactory to the Trustee of the consent of the Holders as aforesaid and upon receipt by the Trustee of the documents described in Section 8.06, the Trustee shall join with the Issuer and the Guarantors in the execution of such supplemental indenture unless such supplemental indenture affects the Trustee's own rights, duties or immunities under this Indenture, in which case the Trustee may, but shall not be obligated to, enter into such supplemental indenture.

69

It shall not be necessary for the consent of the Holders under this Section 8.02 to approve the particular form of any proposed amendment, supplement or waiver, but it shall be sufficient if such consent approves the substance thereof.

SECTION 8.03. Compliance with Trust Indenture Act.

Every amendment or supplement to this Indenture or the Notes shall comply with the TIA as then in effect.

SECTION 8.04. Revocation and Effect of Consents.

Until an amendment, supplement, waiver or other action becomes effective, a consent to it by a Holder is a continuing consent conclusive and binding upon such Holder and every subsequent Holder of the same Note or portion thereof, and of any Note issued upon the transfer thereof or in exchange therefor or in place thereof, even if notation of the consent is not made on any such Note. Any such Holder or subsequent Holder, however, may revoke the consent as to his Note or portion of a Note, if the Trustee receives the written notice of revocation before the date the amendment, supplement, waiver or other action becomes effective.

The Issuer may, but shall not be obligated to, fix a record date for the purpose of determining the Holders entitled to consent to any amendment, supplement, or waiver. If a record date is fixed, then, notwithstanding the preceding paragraph, those Persons who were Holders at such record date (or their duly designated proxies), and only such Persons, shall be entitled to consent to such amendment, supplement, or waiver or to revoke any consent previously given, whether or not such Persons continue to be Holders after such record date. No such consent shall be valid or effective for more than 120 days after such record date unless the consent of the

requisite number of Holders has been obtained.

After an amendment, supplement, waiver or other action becomes effective, it shall bind every Holder, unless it makes a change described in any of clauses (1) through (10) of Section 8.02(a). In that case the amendment, supplement, waiver or other action shall bind each Holder who has consented to it and every subsequent Holder or portion of a Note that evidences the same debt as the consenting Holder's Note.

SECTION 8.05. Notation on or Exchange of Notes

If an amendment, supplement, or waiver changes the terms of a Note, the Trustee (in accordance with the specific written direction of the Issuer) shall request the Holder (in accordance with the specific written direction of the Issuer) to deliver it to the Trustee. In such case, the Trustee shall place an appropriate notation on the Note about the changed terms and return it to the Holder. Alternatively, if the Issuer or the Trustee so determines, the Issuer in exchange for the Note shall issue, the Guarantors shall endorse, and the Trustee shall authenticate a new Note that reflects the changed terms. Failure to make the appropriate notation or issue a new Note shall not affect the validity and effect of such amendment, supplement or waiver.

SECTION 8.06. Trustee To Sign Amendments, etc.

The Trustee shall sign any amendment, supplement or waiver authorized pursuant to this Article Eight if the amendment, supplement or waiver does not adversely affect the rights, duties, liabilities or immunities of the Trustee. If it does, the Trustee may, but need not, sign it. In signing or refusing to sign such amendment, supplement or waiver the Trustee shall be entitled to receive and, subject to Section 7.01, shall be fully protected in relying conclusively upon an Officer's Certificate and an Opinion of

Counsel stating, in addition to the matters required by Section 11.04, that such amendment, supplement or waiver is authorized or permitted by this Indenture and all conditions precedent required hereunder to such amendment, supplement or waiver have been satisfied.

ARTICLE NINE

DISCHARGE OF INDENTURE; DEFEASANCE

SECTION 9.01. Discharge of Indenture.

The Issuer may terminate its obligations and the obligations of the Guarantors under the Notes of either series, the Note Guarantees with respect to such series, the Registration Rights Agreement and this Indenture with respect to such series, except the obligations referred to in the last paragraph of this Section 9.01, if

- (1) all the Notes of such series that have been authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes of such series for whose payment money has been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from this trust) have been delivered to the Trustee for cancellation, or
- (2) (a) all Notes of such series not delivered to the Trustee for cancellation otherwise (i) have become due and payable, (ii) shall become due and payable, or may be called for redemption, within one year or (iii) have been called for redemption pursuant to paragraph 6 of the Notes, and, in any case, the Issuer has irrevocably deposited or caused to be deposited with the Trustee as trust funds, in trust solely for the benefit of the Holders of such Notes, U.S. legal tender, U.S. Government Obligations or a combination thereof, in such amounts as shall be sufficient (without consideration of any reinvestment of interest) to pay and discharge the entire Indebtedness (including all principal and accrued interest) on the Notes of such series not theretofore delivered to the Trustee for cancellation,
- (b) the Issuer has paid all sums payable by it under this Indenture with respect to the relevant series of Notes, and
- (c) the Issuer has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the Notes of such series at maturity or on the date of redemption, as the case may be.

In addition, the Issuer must deliver an Officer's Certificate and an Opinion of Counsel stating that all conditions precedent to satisfaction and discharge have been complied with.

After such delivery, the Trustee shall acknowledge in writing the discharge of the Issuer's and the Guarantors' obligations under the Notes of the relevant series, the Note Guarantees with respect to such series, the Registration Rights Agreement and this Indenture with respect to such series, except for those surviving obligations specified below.

Notwithstanding the satisfaction and discharge of this Indenture, the obligations of the Issuer in Sections 7.07, 9.05 and 9.06 shall survive.

SECTION 9.02. Legal Defeasance.

The Issuer may at its option, by Board Resolution of the Board of Directors of the Issuer, be discharged from its obligations with respect to the Notes of either series and the Guarantors discharged from their obligations under the Note Guarantees with respect to such series of Notes on the date the conditions set forth in Section 9.04 are satisfied (hereinafter, "Legal Defeasance"). For this purpose, such Legal Defeasance means that the Issuer and the Guarantors shall be deemed to have paid and discharged the entire indebtedness represented by the Notes of the relevant series and the Note Guarantees with respect thereto and to have satisfied all its other obligations under such series of Notes, such Note Guarantees and this Indenture insofar as the Notes of such series are concerned (and the Trustee, at the expense of the Issuer, shall, subject to Section 9.06, execute instruments in form and substance reasonably satisfactory to the Trustee and Issuer acknowledging the same), except for the following which shall survive until otherwise terminated or discharged hereunder (a) the rights of Holders of such series of outstanding Notes to receive payments in respect of the principal of, premium, if any, and interest on the Notes of such series when such payments are due solely from the trust funds described in Section 9.04 and as more fully set forth in such Section, (b) the Issuer's obligations with respect to the Notes of such series under Sections 2.03, 2.04, 2.05, 2.06, 2.07, 2.08, 2.11 and 4.18, (c) the rights, powers, trusts, duties, and immunities of the Trustee hereunder (including claims of, or payments to, the Trustee under or pursuant to Section 7.07) and (d) this Article Nine. Subject to compliance with this Article Nine, the Issuer may exercise its option under this Section 9.02 with respect to Notes of either series notwithstanding the prior exercise of its option under Section 9.03 with respect to such Notes.

SECTION 9.03. Covenant Defeasance.

At the option of the Issuer, pursuant to a Board Resolution of the Board of Directors of the Issuer, with respect to either series of Notes (x) the Issuer and the Guarantors shall be released from their respective obligations under Sections 4.02 (except for obligations mandated by the TIA), 4.05 through 4.16, inclusive, 4.20 and

clause (3) of the first paragraph of Section 5.01 and (y) clauses (4), (5), (6) and (9) of Section 6.01 shall no longer apply with respect to the relevant series of Notes on and after the date the conditions set forth in Section 9.04 are satisfied (hereinafter, "Covenant Defeasance"). For this purpose, such Covenant Defeasance means that the Issuer and the Guarantors may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such specified Section or portion thereof, whether directly or indirectly by reason of any reference elsewhere herein to any such specified Section or portion thereof or by reason of any reference in any such specified Section or portion thereof to any other provision herein or in any other document, but the remainder of this Indenture and the Notes shall be unaffected thereby.

SECTION 9.04. Conditions to Legal Defeasance or Covenant Defeasance.

The following shall be the conditions to application of Section 9.02 or Section 9.03 to the outstanding Notes:

(1) the Issuer must irrevocably deposit with the Trustee, as trust funds, in trust solely for the benefit of the Holders of the relevant series of Notes, U.S. legal tender, U.S. Government Obligations or a combination thereof, in such amounts as shall be sufficient (without consideration of any reinvestment of interest) in the opinion of a nationally recognized firm of independent public accountants selected by the Issuer, to pay the principal of and interest on the Notes of such series on the stated date for payment or on the Redemption Date of the principal or installment of principal of or interest on the Notes of such series,

72

(2) in the case of Legal Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel in the United States confirming that:

- (a) the Issuer has received from, or there has been published by the Internal Revenue Service, a ruling, or
- (b) since the date hereof, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, the Holders of such series of outstanding Notes shall not recognize income, gain or loss for U.S. federal income tax purposes as a result of the Legal Defeasance and shall be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred,

(3) in the case of Covenant Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel in the United States reasonably acceptable to the Trustee confirming that the Holders of such series of outstanding Notes shall not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and shall be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the Covenant Defeasance had not occurred,

(4) no Default shall have occurred and be continuing on the date of such deposit (other than a Default resulting from the borrowing of funds to be applied to such deposit),

(5) the Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute (a) a Default under this Indenture or (b) a default under any other material agreement or instrument to which the Issuer or any of its Subsidiaries is a party or by which the Issuer or any of its Subsidiaries is bound (other than any such Default or default resulting solely from the borrowing of funds to be applied to such deposit),

(6) the Issuer shall have delivered to the Trustee an Officer's Certificate stating that the deposit was not made by it with the intent of preferring the Holders of such series of Notes over any other of its creditors or with the intent of defeating, hindering, delaying or defrauding any other of its creditors or others, and

(7) the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that the conditions provided for in, in the case of the Officer's Certificate, clauses (1) through (6) and, in the case of the Opinion of Counsel, clauses (2) and/or (3) and (5) of this paragraph have been complied with.

If the funds deposited with the Trustee to effect Covenant Defeasance are insufficient to pay the principal of and interest on the Notes of the relevant series when due, then the obligations of the Issuer and the obligations of Guarantors under this Indenture shall be revived and no such defeasance shall be deemed to have occurred.

SECTION 9.05. Deposited Money and U.S. Government Obligations To Be Held in Trust; Other Miscellaneous Provisions.

All money and U.S. Government Obligations (including the proceeds thereof) deposited with the Trustee pursuant to Section 9.04 in respect of the outstanding Notes of a particular series shall be

73

held in trust and applied by the Trustee, in accordance with the provisions of such Notes and this Indenture, to the payment, either directly or through any Paying Agent, to the Holders of such Notes, of all sums due and to become due thereon in respect of principal, premium, if any, and accrued interest, but such money need not be segregated from other funds except to the extent required by law.

The Issuer and the Guarantors shall (on a joint and several basis) pay and indemnify the Trustee against any tax, fee or other charge imposed on or assessed against the U.S. Government Obligations deposited pursuant to Section 9.04 or the principal, premium, if any, and interest received in respect thereof other than any such tax, fee or other charge which by law is for the account of the Holders of the outstanding Notes.

Anything in this Article Nine to the contrary notwithstanding, the Trustee shall deliver or pay to the Issuer from time to time any money or U.S. Government Obligations held by it as provided in Section 9.04 which, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the Trustee, are in excess of the amount thereof which would then be required to be deposited to effect an equivalent Legal Defeasance or Covenant Defeasance.

SECTION 9.06. Reinstatement.

If the Trustee or Paying Agent is unable to apply any money or U.S. Government Obligations in accordance with Section 9.01, 9.02 or 9.03 by reason of any legal proceeding or by reason of any order or judgment of any court or Governmental Authority enjoining, restraining or otherwise prohibiting such application, the Issuer's and each Guarantor's obligations under this Indenture, the Registration Rights Agreement, the Notes and the Note Guarantees shall be revived and reinstated as though no deposit had occurred pursuant to this Article Nine until such time as the Trustee or Paying Agent is permitted to apply all such money or U.S. Government Obligations in accordance with Section 9.01; *provided* that if the Issuer or the Guarantors have made any payment of principal of, premium, if any, or accrued interest on any Notes because of the reinstatement of their obligations, the Issuer or the Guarantors, as the case may be, shall be subrogated to the rights of the Holders of such Notes to receive such payment from the money or U.S. Government Obligations held by the Trustee or Paying Agent.

SECTION 9.07. Moneys Held by Paying Agent.

In connection with the satisfaction and discharge of this Indenture, all moneys then held by any Paying Agent under the provisions of this Indenture shall, upon written demand of the Issuer, be paid to the Trustee, or if sufficient moneys have been deposited pursuant to Section 9.04, to the Issuer (or, if such moneys had been deposited by the Guarantors, to such Guarantors), and thereupon such Paying Agent shall be released from all further liability with respect to such moneys.

SECTION 9.08. Moneys Held by Trustee.

Subject to applicable law, any moneys deposited with the Trustee or any Paying Agent or then held by the Issuer or the Guarantors in trust for the payment of the principal of, or premium, if any, or interest on any Note that are not applied but remain unclaimed by the Holder of such Note for two years after the date upon which the principal of, or premium, if any, or interest on such Note shall have respectively become due and payable shall be repaid to the Issuer (or, if appropriate, the Guarantors), or if such moneys are then held by the Issuer or the Guarantors in trust, such moneys shall be released from such trust; and the Holder of such Note entitled to receive such payment shall thereafter, as an unsecured general creditor, look only to the Issuer and the Guarantors for the payment thereof, and all liability of the Trustee or such Paying Agent with respect to such trust money shall thereupon cease; *provided* that the

74

Trustee or any such Paying Agent, before being required to make any such repayment, may, at the expense of the Issuer and the Guarantors, either mail to each Holder affected, at the address shown in the register of the Notes maintained by the Registrar pursuant to Section 2.03, or cause to be published once a week for two successive weeks, in a newspaper published in the English language, customarily published each Business Day and of general circulation in the City of New York, New York, a notice that such money remains unclaimed and that, after a date specified therein, which shall not be less than 30 days from the date of such mailing or publication, any unclaimed balance of such moneys then remaining shall be repaid to the Issuer. After payment to the Issuer or the Guarantors or the release of any money held in trust by the Issuer or any Guarantors, as the case may be, Holders entitled to the money must look only to the Issuer and the Guarantors for payment as general creditors unless applicable abandoned property law designates another Person.

ARTICLE TEN

GUARANTEE OF NOTES

SECTION 10.01. Guarantee.

Subject to the provisions of this Article Ten, each Guarantor, by execution of this Indenture, jointly and severally, unconditionally guarantees (each, a “Note Guarantee” and collectively, the “Note Guarantees”) to each Holder (i) the due and punctual payment of the principal of and interest on each Note, when and as the same shall become due and payable, whether at maturity, by acceleration or otherwise, the due and punctual payment of interest on the overdue principal of and interest on the Notes, to the extent lawful, and the due and punctual payment of all obligations of the Issuer to the Holders or the Trustee all in accordance with the terms of such Note, this Indenture and the Registration Rights Agreement, and (ii) in the case of any extension of time of payment or renewal of any Notes or any of such other Obligations, that the same shall be promptly paid in full when due or performed in accordance with the terms of the extension or renewal, at stated maturity, by acceleration or otherwise. Each Guarantor, by execution of this Indenture, agrees that its obligations hereunder shall be absolute and unconditional, irrespective of, and shall be unaffected by, any invalidity, irregularity or unenforceability of any such Note, this Indenture or the Registration Rights Agreement, any failure to enforce the provisions of any such Note, this Indenture or the Registration Rights Agreement, any waiver, modification or indulgence granted to the Issuer with respect thereto by the Holder of such Note, or any other circumstances which may otherwise constitute a legal or equitable discharge of a surety or such Guarantor.

Each Guarantor hereby waives diligence, presentment, demand for payment, filing of claims with a court in the event of merger or bankruptcy of the Issuer, any right to require a proceeding first against the Issuer, protest or notice with respect to any such Note or the Indebtedness evidenced thereby and all demands whatsoever, and covenants that this Note Guarantee shall not be discharged as to any such Note except by payment in full of the principal thereof and interest thereon. Each Guarantor hereby agrees that, as between such Guarantor, on the one hand, and the Holders and the Trustee, on the other hand, (i) the maturity of the Obligations guaranteed hereby may be accelerated as provided in Article Six for the purposes of this Note Guarantee, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the Obligations guaranteed hereby, and (ii) in the event of any declaration of acceleration of such Obligations as provided in Article Six, such Obligations (whether or not due and payable) shall forthwith become due and payable by each Guarantor for the purpose of this Note Guarantee.

75

SECTION 10.02. Execution and Delivery of Guarantee.

To further evidence the Note Guarantee set forth in Section 10.01, each Guarantor hereby agrees that a notation of such Note Guarantee, substantially in the form included in Exhibit C hereto, shall be endorsed on each Note authenticated and delivered by the Trustee and such Note Guarantee shall be executed by either manual or facsimile signature of an Officer or an Officer of a general partner, as the case may be, of each Guarantor. The validity and enforceability of any Note Guarantee shall not be affected by the fact that it is not affixed to any particular Note.

Each of the Guarantors hereby agrees that its Note Guarantee set forth in Section 10.01 shall remain in full force and effect notwithstanding any failure to endorse on each Note a notation of such Note Guarantee.

If an officer of a Guarantor whose signature is on this Indenture or a Note Guarantee no longer holds that office at the time the Trustee authenticates the Note on which such Note Guarantee is endorsed or at any time thereafter, such Guarantor’s Note Guarantee of such Note shall be valid nevertheless.

The delivery of any Note by the Trustee, after the authentication thereof hereunder, shall constitute due delivery of any Note Guarantee set forth in this Indenture on behalf of the Guarantor.

SECTION 10.03. Limitation of Guarantee.

The obligations of each Guarantor are limited to the maximum amount as shall, after giving effect to all other contingent and fixed liabilities of such Guarantor (including, without limitation, any guarantees under the Credit Agreement and the Existing Note Guarantees) and after giving effect to any collections from or payments made by or on behalf of any other Guarantor in respect of the obligations of such other Guarantor under its Note Guarantee or pursuant to its contribution obligations under this Indenture, result in the obligations of such Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law. Each Guarantor that makes a payment or distribution under a Note Guarantee shall be entitled to a contribution from each other Guarantor in a pro rata amount based on the adjusted net assets of each Guarantor.

SECTION 10.04. Release of Guarantor.

A Guarantor shall be released from its obligations under its Note Guarantee and its obligations under this Indenture:

- (1) in the event of dissolution of such Guarantor;

(2) if such Guarantor is designated as an Unrestricted Subsidiary or otherwise ceases to be a Restricted Subsidiary, in each case in accordance with the provisions of this Indenture, upon effectiveness of such designation or when it first ceases to be a Restricted Subsidiary, respectively; or

(3) upon the release or discharge of the guarantee by such Guarantor of the Credit Agreement or such other Indebtedness that resulted in the creation of such Note Guarantee, except a discharge or release by or as a result of payment under such other guarantee,

76

and in each such case, the Issuer has delivered to the Trustee an Officer's Certificate or an Opinion of Counsel, each stating that all conditions precedent herein provided for relating to such transactions have been complied with and that such release is authorized and permitted hereunder.

The Trustee shall execute any documents reasonably requested by the Issuer or a Guarantor in order to evidence the release of such Guarantor from its obligations under its Note Guarantee endorsed on the Notes and under this Article Ten.

SECTION 10.05. Waiver of Subrogation.

Until the Notes have been paid in full, each Guarantor hereby irrevocably waives any claim or other rights which it may now or hereafter acquire against the Issuer that arise from the existence, payment, performance or enforcement of such Guarantor's obligations under its Note Guarantee and this Indenture, including, without limitation, any right of subrogation, reimbursement, exoneration, indemnification, and any right to participate in any claim or remedy of any Holder of Notes against the Issuer, whether or not such claim, remedy or right arises in equity, or under contract, statute or common law, including, without limitation, the right to take or receive from the Issuer, directly or indirectly, in cash or other property or by set-off or in any other manner, payment or Note on account of such claim or other rights. If any amount shall be paid to any Guarantor in violation of the preceding sentence and the Notes shall not have been paid in full, such amount shall have been deemed to have been paid to such Guarantor for the benefit of, and held in trust for the benefit of, the Holders, and shall forthwith be paid to the Trustee for the benefit of such Holders to be credited and applied upon the Notes, whether matured or unmatured, in accordance with the terms of this Indenture. Each Guarantor acknowledges that it shall receive direct and indirect benefits from the financing arrangements contemplated by this Indenture and that the waiver set forth in this Section 10.05 is knowingly made in contemplation of such benefits.

78

Failure to mail a notice or communication to a Holder or any defect in it shall not affect its sufficiency with respect to other Holders. If a notice or communication to a Holder is mailed in the manner provided above, it shall be deemed duly given, whether or not the addressee receives it.

In case by reason of the suspension of regular mail service, or by reason of any other cause, it shall be impossible to mail any notice as required by this Indenture, then such method of notification as shall be made with the approval of the Trustee shall constitute a sufficient mailing of such notice.

SECTION 11.11. No Adverse Interpretation of Other Agreements.

This Indenture may not be used to interpret another indenture, loan, security or debt agreement of the Issuer or any Subsidiary. No such indenture, loan, security or debt agreement may be used to interpret this Indenture.

SECTION 11.12. No Recourse Against Others.

No recourse for the payment of the principal of or premium, if any, or interest, on any of the Notes, or for any claim based thereon or otherwise in respect thereof, and no recourse under or upon any obligation, covenant or agreement of the Issuer or any Guarantor in this Indenture or in any supplemental indenture, or in any of the Notes, or because of the creation of any Indebtedness represented thereby, shall be had against any stockholder, officer, director or employee, as such, past, present or future, of the Issuer or of any successor corporation or against the property or assets of any such stockholder, officer, employee or director, either directly or through the Issuer or any Guarantor, or any successor

80

corporation thereof, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise; it being expressly understood that this Indenture and the Notes are solely obligations of the Issuer and the Guarantors, and that no such personal liability whatever shall attach to, or is or shall be incurred by, any stockholder, officer, employee or director of the Issuer or any Guarantor, or any successor corporation thereof, because of the creation of the indebtedness hereby authorized, or under or by reason of the obligations, covenants or agreements contained in this Indenture or the Notes or implied therefrom, and that any and all such personal liability of, and any and all claims against every stockholder, officer, employee and director, are hereby expressly waived and released as a condition of, and as a consideration for, the execution of this Indenture and the issuance of the Notes. ARTICLE TWELVE

COLLATERAL AND SECURITY

SECTION 12.01. Security Documents.

(a) The payment of the principal of, premium, if any, and interest on the Notes when due, whether on an interest payment date, at maturity, by acceleration, repurchase, redemption or otherwise and whether by the Issuer pursuant to the Notes or by any Guarantor pursuant to its Note Guarantees, the payment of all secured obligations under the Security Documents, and the performance of all other obligations of the Issuer and the Guarantors under this Indenture, the Notes, the Note

Guarantees, the Registration Rights Agreement and the Security Documents are secured by Liens on the Collateral in favor of the Collateral Agent for the benefit of the Trustee and the Holders prior to all other Liens except for Permitted Liens, as provided in the Security Documents, and shall be secured as provided in the Security Documents hereafter delivered as required or permitted by this Indenture. The Trustee, the Issuer and the Guarantors hereby acknowledge and agree that the Collateral Agent holds the Collateral in trust for the ratable benefit of the Trustee and the Holders and the other secured parties under the Security Document as provided therein and enforcing their rights (in their capacity as such) with respect to the Collateral, in each case pursuant to the terms of the Security Documents. Each Holder, by accepting a Note, consents and agrees to the terms of this Security Documents (including the provisions providing for the possession, use, release and foreclosure of Collateral) as the same may be in effect or may be amended from time to time in accordance with their terms and this Indenture and the applicable Security Documents, and authorizes and directs the Collateral Agent to enter into the Security Documents and to perform its obligations and exercise its rights thereunder in accordance therewith. The Issuer shall deliver to the Collateral Agent all documents required to be delivered pursuant to the Security Documents, and shall do or cause to be done all such acts and things as may be reasonably required by the next sentence of this Section 12.01(a), to assure and confirm to the Collateral Agent the security interest in the Collateral contemplated hereby, by the Security Documents or any part thereof, as from time to time constituted, so as to render the same available for the security and benefit of this Indenture and of the Notes secured thereby, according to the intent and purposes therein expressed. The Issuer shall, and shall cause each Guarantor to, and each Guarantor shall, make all filings (including filings of continuation statements and amendments to Uniform Commercial Code financing statements) and take all other actions as are required by the Security Documents to maintain (at the sole cost and expense of the Issuer and Guarantors) the security interest created by the Security Documents in the Collateral in favor of the Collateral Agent for the benefit of the Trustee and the Holders as a valid and enforceable first priority perfected lien and security interest, subject only to Permitted Liens.

(b) Neither the Issuer nor any Guarantor shall take or omit to take any action that would materially adversely affect or impair the Liens in favor of the Collateral Agent for the benefit of the Trustee and the Holders with respect to the Collateral. Neither the Issuer nor any Guarantor shall enter into any agreement that requires the proceeds received from any sale of Collateral to be applied to repay, redeem, defease or otherwise acquire or retire any Indebtedness of any Person, other than as permitted by this Indenture, the Notes, the Note Guarantees and the Security Documents.

82

SECTION 12.02. Collateral Agent.

(a) The Collateral Agent shall determine the time and method by which the security interests in the Collateral shall be enforced and shall have the sole and exclusive right to manage, perform and enforce the terms of the Security Documents relating to the Collateral and to exercise and enforce all privileges, rights and remedies thereunder, including to take or retake control or possession of such Collateral and to hold, prepare for sale, marshal, process, sell, lease, dispose of or liquidate such Collateral, including, without limitation, following the occurrence of a Default or Event of Default under this Indenture.

(b) Prior to the repayment in full in cash of all obligations under the Credit Agreement, neither the Trustee nor the Holders shall be entitled to exercise or be entitled to participate in providing instructions in respect of remedies and enforcement to the Collateral Agent, including the right to enforce the actions pursuant to the Security Documents, request any action, institute proceedings, give any instructions or notices, make any election, make collections, sell or otherwise foreclose on any portion of the Collateral or receive any payment (except for the right to receive payments as expressly set forth under the Security Documents).

(c) None of the Collateral Agent, any lender or agent of the secured obligations under the Security Documents shall be liable to the Trustee or the Holders for any actions with respect to the creation, perfection or continuation of the security interests on the Collateral, actions with respect to the occurrence of a default or an event of default, actions with respect to the foreclosure upon, sale, release, or depreciation of, or failure to realize upon, any of the Collateral, actions with respect to the collection of any claim for all or any part of the obligations under the Notes from any debtor, guarantor or any other party or the valuation, use or protection of the Collateral.

SECTION 12.03. Release of Collateral.

(a) The Issuer and the Guarantors shall be entitled to the release of the following property and other assets constituting Collateral from the Liens securing the Notes and the Note Guarantees under any one or more of the following circumstances:

- (1) in the case of a Guarantor that is released from its Note Guarantee pursuant to the terms hereof, the property and assets of such Guarantor;
- (2) concurrently with any release of such Collateral under the Credit Agreement, the Existing Notes, and all then outstanding Permitted Parity Indebtedness;
- (3) any Collateral that is sold (other than any such sale to another grantor of Collateral) in a transaction permitted by the Credit Agreement;
- (4) as described under Section 8.02(b); or

(5) upon (i) payment in full of the principal of, together with accrued and unpaid interest on, the Notes and all other Obligations under this Indenture, the Note Guarantees, the Registration Rights Agreement, and the Security Documents that are due and payable at or prior to the time such principal, together with accrued and unpaid interest, are paid or (ii) a legal defeasance or covenant defeasance hereunder made in accordance with Section 9.04 or a discharge of this Indenture pursuant to Section 9.01.

83

(b) Upon receipt of an Officer's Certificate and an Opinion of Counsel certifying that all conditions precedent hereunder and under the Security Documents (and TIA Section 314(d)), if any, to such release have been met and any necessary or proper instruments of termination, satisfaction or release prepared by the Issuer, the Trustee shall, to the extent it may do so under the applicable Security Documents, or shall cause the Collateral Agent to, execute, deliver or acknowledge (at the Issuer's expense) such instruments or releases to evidence the release of any Collateral permitted to be released pursuant to this Indenture or the Security Documents. Neither the Trustee nor the Collateral Agent shall be liable for any such release undertaken in good faith in reliance upon any such Officer's Certificate or Opinion of Counsel, and notwithstanding any term hereof or in any Security Document to the contrary, the Trustee and Collateral Agent shall not be under any obligation to release any such Lien and security interest, or execute and deliver any such instrument of release, satisfaction or termination, unless and until it receives such Officer's Certificate and Opinion of Counsel.

SECTION 12.04. Filing, Recording and Opinions.

(a) The Issuer shall comply with the provisions of TIA § 314 to the extent applicable. To the extent applicable, the Issuer shall cause TIA § 313(b), relating to reports, TIA § 314(b), relating to opinions, and TIA § 314(d), relating to the release of property or securities subject to the Lien of the Security Documents, to be complied with. Any certificate or opinion required by TIA § 314(d) shall be made by an officer or legal counsel, as applicable, of the Issuer except in cases where TIA § 314(d) requires that such certificate or opinion be made by an independent Person, which Person shall be an independent engineer, appraiser or other expert selected by or reasonably satisfactory to the Trustee.

(b) Any release of Collateral permitted by Section 12.03 hereof shall be deemed not to impair the Liens under this Indenture and the Security Documents in contravention hereof and thereof. Any certificate or opinion required by TIA § 314(d) shall be made by an officer or legal counsel, as applicable, of the Issuer

except in cases where TIA § 314(d) requires that such certificate or opinion be made by an independent Person, which Person shall be an independent engineer, appraiser or other expert selected by or reasonably satisfactory to the Trustee.

(c) Notwithstanding anything to the contrary in this Section 12.04, the Issuer and its Subsidiaries shall not be required to comply with all or any portion of Section 314(d) of the Trust Indenture Act if they determine in good faith, based on the advice of counsel, that under the terms of that section and/or any interpretation or guidance as to the meaning thereof of the SEC and its staff, including “no action” letters or exemptive orders, all or the relevant portion of Section 314(d) of the Trust Indenture Act is inapplicable to the released Collateral. Without limiting the generality of the foregoing, certain no action letters issued by the SEC have permitted an indenture qualified under the Trust Indenture Act to contain provisions permitting the release of collateral from Liens under such indenture in the ordinary course of the issuer’s business without requiring the issuer to provide certificates and other documents under Section 314(d) of the Trust Indenture Act. The Issuer and the Guarantors may, subject to the provisions of this Indenture, among other things, without any release or consent by the Collateral Agent, conduct ordinary course activities with respect to the Collateral, including, without limitation, (i) selling or otherwise disposing of, in any transaction or series of related transactions, any property subject to the Lien of the Security Documents that has become worn out, defective, obsolete or not used or useful in the business; (ii) abandoning, terminating, canceling, releasing or making alterations in or substitutions of any leases or contracts subject to the Lien of this Indenture or any of the Security Documents; (iii) surrendering or modifying any franchise, license or permit subject to the Lien of the Security Documents that it may own or under which it may be operating; (iv) altering, repairing, replacing, changing the location or position of and adding to its structures, machinery, systems, equipment, fixtures and appurtenances; (v) granting a license of any intellectual property; (vi) selling, transferring or otherwise disposing of inventory in the ordinary course of business; (vii) collecting accounts receivable in the ordinary course of business;

84

(viii) making cash payments (including for the repayment of Indebtedness or interest) from cash that is at any time part of the Collateral in the ordinary course of business that are not otherwise prohibited by this Indenture and the Security Documents; and (ix) abandoning any intellectual property that is no longer used or useful in the Issuer’s business.

SECTION 12.05. Possession and Use of Collateral.

Subject to the provisions of the Security Documents, the Issuer and the Guarantors shall have the right to remain in possession and retain exclusive control of and to exercise all rights with respect to the Collateral (other than as set forth in the Security Documents and herein), to operate, manage, develop, lease, use, consume and enjoy the Collateral (other than as set forth in the Security Documents and herein), to alter or repair any Collateral so long as such alterations and repairs do not impair the Lien of the Security Documents thereon, and to collect, receive, use, invest and dispose of the reversions, remainders, interest, rents, lease payments, issues, profits, revenues, proceeds and other income thereof. Subject to the provisions of the Parent Pledge Agreement, the Parent Pledgor will have the right to receive dividends paid in respect of the shares constituting the Collateral and to exercise all voting rights with respect to the shares constituting the Collateral.

SECTION 12.06. Authorization of Actions to Be Taken by the Collateral Agent Under the Security Documents.

(a) The Holders agree that the Collateral Agent shall be entitled to the rights, privileges, protections, immunities, indemnities and benefits provided to the Collateral Agent by the Security Documents. Furthermore, each Holder, by accepting such Note and the Trustee hereby appoints JPMorgan Chase Bank, N.A. (and any of its successors) as collateral agent under the Security Documents and consents to the terms of and authorizes and directs the Trustee (in each of its capacities) and the Collateral Agent to enter into and perform the Security Documents in each of its capacities thereunder.

(b) The Collateral Agent is authorized to receive any funds for the benefit of the Holders distributed under the Security Documents, and to make further distributions of such funds to the Holders according to the provisions hereof and thereof.

(c) The Issuer and the Holders each acknowledge that the Trustee may, but is not required to, act as collateral agent under any of the Security Documents.

SECTION 12.07. Purchase Protected.

In no event shall any purchaser in good faith of any property purported to be released hereunder be bound to ascertain the authority of the Collateral Agent to execute the release or to inquire as to the satisfaction of any conditions required by the provisions hereof for the exercise of such authority or to see to the application of any consideration given by such purchaser or other transferee; nor shall any purchaser or other transferee of any property or rights permitted by this Article Twelve to be sold be under any obligation to ascertain or inquire into the authority of the Issuer or the applicable Guarantor to make any such sale or other transfer.

SECTION 12.08. Reinstatement: Powers Exercisable by Receiver or Trustee

(a) To the extent the Trustee or any Holder is required in any insolvency or liquidation proceeding or otherwise to turn over or otherwise pay any amount, including with respect to the Obligations or proceeds of any Collateral, to the estate of the Issuer or any Guarantor (or any trustee, receiver or similar person therefor) because the payment of such amount was subsequently invalidated, set

85

aside, declared to be fraudulent or preferential in any respect or for any other reason, any such amount (a “Recovery”), whether received as proceeds of security, enforcement of any right of setoff or otherwise, then as among the parties hereto, the Obligations owing to such party shall be deemed to be reinstated to the extent of such Recovery and to be outstanding as if such payment had not been received. Such Secured Party and the Trustee shall be entitled to a reinstatement of the Obligations, the Liens and security interests with respect to all such recovered amounts and shall have all rights, powers and remedies as a Secured Party under this Indenture and the Security Documents which shall continue in full force and effect. In such event, this Indenture shall be automatically reinstated and each of the Issuer and the Guarantors shall take such action as may be reasonably requested by the Trustee to effect such reinstatement.

(b) In case the Collateral shall be in the possession of a receiver or trustee, lawfully appointed, the powers conferred in this Article Twelve upon the Issuer or a Guarantor with respect to the release, sale or other disposition of such property may be exercised by such receiver or trustee, and an instrument signed by such receiver or trustee shall be deemed the equivalent of any similar instrument of the Issuer or a Guarantor or of any officer or officers thereof required by the provisions of this Article Twelve; and if the Trustee shall be in the possession of the Collateral under any provision of this Indenture, then such powers may be exercised by the Trustee.

86

IN WITNESS WHEREOF, the parties have caused this Indenture to be duly executed all as of the date and year first written above.

Interest hereon shall accrue from and including the most recent date to which interest has been paid or, if no interest has been paid, from and including August 21, 2014 to but excluding the date on which interest is paid. Interest shall be payable in arrears on each February 15 and August 15 commencing on February 15, 2015. In addition to the rights provided to Holders of the Notes under the Indenture, Holders of Registrable Notes (as defined in the Registration Rights Agreement) shall have all rights set forth in the Registration Rights Agreement, dated as of August 21, 2014, among the Company, the Guarantors named therein and the other parties named on the signature pages thereto (the “Registration Rights Agreement”), including the right to receive Additional Interest pursuant to the Registration Rights Agreement in certain circumstances. If applicable, Additional Interest payable pursuant to the Registration Rights Agreement shall be paid to the same Persons, in the same manner and at the same times as regular interest.

[Until this Temporary Regulation S Global Note is exchanged for one or more Regulation S Permanent Global Notes, the Holder hereof shall not be entitled to receive payments of interest (including Additional Interest, if any) hereon; until so exchanged in full, this Temporary Regulation S Global Note shall in all other respects be entitled to the same benefits as other Notes under the Indenture.]

2. Method of Payment. The Company shall pay interest hereon (except defaulted interest) and Additional Interest, if any, to the Persons who are registered Holders at the close of business on February 1 or August 1 next preceding the interest payment date (whether or not a Business Day). The Company (through the Paying Agent) shall pay principal and interest (including Additional Interest, if any) in money of the United States of America that at the time of payment is legal tender for payment of public and private debts. If the Holder has given wire transfer instructions to the Company at least ten Business Days prior to the payment date, the Company shall make all payments on this Note by wire transfer of immediately available funds to the account specified in those instructions. Otherwise, payments on this Note shall be made at the office or agency of the Payment Agent unless the Company elects to make interest payments by check mailed to the Holders at their addresses set forth in the register of Holders.

3. Paying Agent and Registrar. Initially, U.S. Bank National Association, a national banking association (the “Trustee”), shall act as a Paying Agent and Registrar. The Initial Notes, the Additional Notes and the Exchange Notes shall be considered collectively as a single class for all purposes of the Indenture. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939 (15 U.S. Code §§ 77aaa-77bbb), as amended from time to time. After that, Holders entitled to the money must look to the Company for payment as general creditors unless an "abandoned property" law designates another Person.

13. Amendment, Supplement, Waiver, Etc. The Company, the Guarantors and the Trustee (if a party thereto) may, without the consent of the Holders of any outstanding Notes, amend, waive or supplement the Indenture or the Notes for certain specified purposes, including, among other things, curing ambiguities, defects or inconsistencies, maintaining the qualification of the Indenture under the Trust Indenture Act of 1939, as amended, and making any change that does not materially and adversely affect the rights of any Holder. If an Event of Default specified in clause (1) or (2) of Section 6.01 as to the 2025 Notes occurs, the Trustee or the Holders of at least 25% in aggregate principal amount

then outstanding 2025 Notes, by written notice to the Company and the Trustee, may declare all amounts owing under the 2025 Notes to be due and payable. Holders may not enforce the Indenture or the Notes except as provided in the Indenture. The Trustee may require indemnity satisfactory to it before it enforces the Indenture or the Notes. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders notice of any continuing default (except a default in payment of principal, premium, if any, or interest on the Notes or a default in the observance or performance of any of the obligations of the Company under Article Five of the Indenture) if it determines that withholding notice is in their best interests.

In addition to the rights provided to Holders of the Notes under the Indenture, Holders of Registrable Notes (as defined in the Registration Rights Agreement) shall have all rights set forth in the Registration Rights Agreement, dated as of August 21, 2014, among the Company, the Guarantors named therein and the other parties named on the signature pages thereto (the "Registration Rights Agreement"), including the right to receive Additional Interest pursuant to the Registration Rights Agreement in certain circumstances. [Until this Temporary Regulation S Global Note is exchanged for one or more Regulation S Permanent Global Notes, the Holder hereof shall not be entitled to receive payments of interest (including Additional Interest, if any) hereon; until so exchanged in full, this Temporary Regulation S Global Note shall in all other respects be entitled to the same benefits as other Notes under the Indenture.]

2. Method of Payment. The Company shall pay interest hereon (except defaulted interest) and Additional Interest, if any, to the Persons who are registered Holders at the close of business on February 1 or August 1 next preceding the interest payment date (whether or not a Business Day). Holders must surrender Notes to a Paying Agent to collect principal payments. The 2034 Notes include (i) \$400,000,000 aggregate principal amount of the Company's 5.45% Senior Secured Notes due 2034 (the "Initial Notes"), (ii) if and when issued, additional 5.45% Senior Secured Notes due 2034 that may be issued from time to time under the Indenture subsequent to August 21, 2014 (the "Additional Notes") and (iii) if and when issued, the Company's 5.45% Senior Secured Notes due 2034 that may be issued from time to time under the Indenture in exchange for Initial Notes or Additional Notes in an offer registered under the Securities Act as provided in the Registration Rights Agreement (herein called "Exchange Notes"). The Initial Notes, the Additional Notes and the Exchange Notes shall be considered collectively as a single class for all purposes of the Indenture. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939 (15 U.S. Code §§ 77aaa-77bbb), as amended from time to time. The Notes are subject to all such terms, and Holders are referred to the Indenture and such Act for a statement of them. Capitalized and certain other terms used herein and not otherwise defined have the meanings set forth in the Indenture.

5. Mandatory Redemption. Except as set forth in paragraph 8 below, the Company shall not be required to make mandatory redemption payments with respect to the Notes.

6. Optional Redemption. (a) The 2034 Notes are redeemable at the Company's election, in whole or in part at any time upon not less than 30 nor more than 60 days' notice. The redemption price for the 2034 Notes that are redeemed before February 15, 2034 will be equal to the greater of:

(i) 100% of the aggregate principal amount of the Notes to be redeemed, or

(ii) as determined by an Independent Investment Banker, the sum of the present values of the remaining scheduled payments of principal and interest on the Notes to be redeemed (not including any portion of such payments of interest accrued to the date of redemption) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate, plus 35 basis points,

plus, in either of the above cases, accrued and unpaid interest (including Additional Interest, if any) to the date of redemption on the Notes to be redeemed. The redemption price for the 2034 Notes that are redeemed on or after February 15, 2034 will be equal to 100% of their principal amount, together with accrued and unpaid interest (including Additional Interest, if any) to the date of redemption on the Notes to be redeemed.

(b) In the event of a redemption of fewer than all of the 2034 Notes, the Trustee shall select the 2034 Notes to be redeemed in compliance with the requirements of the principal national securities exchange, if any, on which such Notes are listed, or if such Notes are not then listed on a national securities exchange, on a pro rata basis, by lot or in such other manner as the Trustee shall deem fair and appropriate. On and after any Redemption Date, interest shall cease to accrue on the Notes or portions thereof called for redemption unless the Company shall fail to redeem any such Note.

7. Notice of Redemption. Notice of redemption shall be mailed at least 30 days but not more than 60 days before the Redemption Date to each Holder to be redeemed at his registered address, except that redemption notices may be mailed more than 60 days prior to a Redemption Date if the notice is issued in connection with a satisfaction and discharge of the Indenture. On and after the Redemption Date, unless the Company defaults in making the redemption payment, interest ceases to accrue on Notes or portions thereof called for redemption.

A-2-8

8. Offers To Purchase. The Indenture provides that upon the occurrence of a Change of Control Triggering Event and subject to further limitations contained therein, the Company shall make an offer to purchase outstanding Notes in accordance with the procedures set forth in the Indenture.

9. Collateral. These Notes are secured initially by a security interest in the Collateral pursuant to certain Security Documents. Reference is made to the Indenture for events causing release of the security interest in the Collateral.

10. Denominations, Transfer, Exchange. The Notes are in registered form without coupons in denominations of \$2,000 and integral multiples of \$1,000. A Holder may transfer or exchange Notes in accordance with the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and to pay to it any taxes and fees required by law or permitted by the Indenture. The Registrar need not register the transfer of or exchange of any Notes or a portion of a Note selected for redemption for a period of 15 days before a mailing of notice of redemption.

[This Temporary Regulation S Global Note is exchangeable in whole or in part for one or more Global Notes only (i) on or after the expiration of the Restricted Period and (ii) upon presentation of certificates (accompanied by an Opinion of Counsel, if applicable) required by Article Two of the Indenture. Upon exchange of this Temporary Regulation S Global Note for one or more Global Notes, the Trustee shall cancel this Temporary Regulation S Global Note.]

11. Persons Deemed Owners. The registered Holder of this Note may be treated as the owner of this Note for all purposes.
12. Unclaimed Money. If money for the payment of principal or interest or Additional Interest, if any, remains unclaimed for two years, the Trustee shall pay the money back to the Company at its written request. After that, Holders entitled to the money must look to the Company for payment as general creditors unless an "abandoned property" law designates another Person.
13. Amendment, Supplement, Waiver, Etc. The Company, the Guarantors and the Trustee (if a party thereto) may, without the consent of the Holders of any outstanding Notes, amend, waive or supplement the Indenture or the Notes for certain specified purposes, including, among other things, curing ambiguities, defects or inconsistencies, maintaining the qualification of the Indenture under the Trust Indenture Act of 1939, as amended, and making any change that does not materially and adversely affect the rights of any Holder. Other amendments and modifications of the Indenture or the Notes may be made by the Company, the Guarantors and the Trustee with the consent of the Holders of not less than a majority of the aggregate principal amount of the outstanding Notes, subject to certain exceptions requiring the consent of the Holders of the particular Notes to be affected.
14. Successor Corporation. When a successor corporation assumes all the obligations of its predecessor under the Notes and the Indenture and the transaction complies with the terms of Article Five of the Indenture, the predecessor corporation shall, except as provided in Article Five, be released from those obligations.
15. Defaults and Remedies. Events of Default are set forth in the Indenture. Subject to certain limitations in the Indenture, if an Event of Default specified in clause (7) or (8) of Section 6.01 with respect to the Company or any Guarantor occurs, all outstanding Notes shall become due and payable without any further action or notice. If an Event of Default specified in clause (1) or (2) of Section 6.01 as to the 2034 Notes occurs, the Trustee or the Holders of at least 25% in aggregate principal amount

A-2-9

then outstanding 2034 Notes, by written notice to the Company and the Trustee, may declare all amounts owing under the 2034 Notes to be due and payable. If any other Event of Default (other than an Event of Default specified in clause (7) or (8) of Section 6.01 with respect to the Company or any Guarantor) occurs and is continuing, the Trustee or the Holders of not less than 25% in aggregate principal amount of the outstanding Notes may, by written notice to the Trustee and the Company, and the Trustee upon the request of the Holders of not less than 25% in aggregate principal amount of the outstanding Notes shall, declare all principal of and accrued interest on all Notes to be immediately due and payable and such amounts shall become immediately due and payable. Holders may not enforce the Indenture or the Notes except as provided in the Indenture. The Trustee may require indemnity satisfactory to it before it enforces the Indenture or the Notes. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders notice of any continuing default (except a default in payment of principal, premium, if any, or interest on the Notes or a default in the observance or performance of any of the obligations of the Company under Article Five of the Indenture) if it determines that withholding notice is in their best interests.

16. Trustee Dealings with Company. The Trustee, in its individual or any other capacity, may make loans to, accept deposits from, and perform services for the Company or its Affiliates, and may otherwise deal with the Company or its Affiliates, as if it were not Trustee.
17. Discharge. The Company's obligations pursuant to the Indenture shall be discharged, except for obligations pursuant to certain sections thereof, subject to the terms of the Indenture, upon the payment of all the Notes or upon the irrevocable deposit with the Trustee of United States dollars or U.S. Government Obligations sufficient to pay when due principal of and interest on the Notes to maturity or redemption, as the case may be.
18. Guarantees. The Note shall be entitled to the benefits of certain Note Guarantees made for the benefit of the Holders. Reference is hereby made to the Indenture for a statement of the respective rights, limitations of rights, duties and obligations thereunder of the Guarantors, the Trustee and the Holders, and for events causing release of the Guarantors from the Note Guarantees.
19. Authentication. This Note shall not be valid until the Trustee signs the certificate of authentication on the other side of this Note.
20. Governing Law. This Note shall be governed by and construed in accordance with the laws of the State of New York, as applied to contracts made and performed within the State of New York. The Trustee, the Company, the Guarantor and the Holders agree to submit to the jurisdiction of the courts of the State of New York in any action or proceeding arising out of or relating to the Indenture or the Notes.

4. Indenture. The Company issued the Notes under an Indenture dated as of August 21, 2014 (the "Indenture") among the Company, the Guarantors (as defined in the Indenture) and the Trustee. This is one of a series of 2025 Notes of the Company issued, or to be issued, under the Indenture. The 2025 Notes include (i) \$[] aggregate principal amount of the Company's 4.45% Senior Secured Notes due 2025 (the "Initial Notes"), representing the 2025 Notes that were not exchanged for Exchange Notes, (ii) the Exchange Notes represented by this Note and (iii) if and when issued, additional 4.45% Senior Secured Notes due 2025 (other than Exchange Notes) that may be issued from time to time under the Indenture subsequent to August 21, 2014 (the "Additional Notes"). The Initial Notes, the Exchange Notes represented by this Note and the Additional Notes shall be considered collectively as a single class for all purposes of the Indenture. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939 (15 U.S. Code §§ 77aaa-77bbb), as amended from time to time. The Notes are subject to all such terms, and Holders are referred to the Indenture and such Act for a statement of them. Capitalized and certain other terms used herein and not otherwise defined have the meanings set forth in the Indenture.

5. Mandatory Redemption. Except as set forth in paragraph 8 below, the Company shall not be required to make mandatory redemption payments with respect to the Notes.

B-1-5

6. Optional Redemption. (a) The 2025 Notes are redeemable at the Company's election, in whole or in part at any time upon not less than 30 nor more than 60 days' notice. The redemption price for the 2025 Notes that are redeemed before November 15, 2024 will be equal to the greater of:

(i) 100% of the aggregate principal amount of the Notes to be redeemed, or

(ii) as determined by an Independent Investment Banker, the sum of the present values of the remaining scheduled payments of principal and interest on the Notes to be redeemed (not including any portion of such payments of interest accrued to the date of redemption) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate, plus 30 basis points,

plus, in either of the above cases, accrued and unpaid interest to the date of redemption on the Notes to be redeemed. The redemption price for the 2025 Notes that are redeemed on or after November 15, 2024 will be equal to 100% of their principal amount, together with accrued and unpaid interest (including Additional Interest, if any) to the date of redemption on the Notes to be redeemed.

(b) In the event of a redemption of fewer than all of the 2025 Notes, the Trustee shall select the 2025 Notes to be redeemed in compliance with the requirements of the principal national securities exchange, if any, on which such Notes are listed, or if such Notes are not then listed on a national securities exchange, on a pro rata basis, by lot or in such other manner as the Trustee shall deem fair and appropriate. On and after any Redemption Date, interest shall cease to accrue on the Notes or portions thereof called for redemption unless the Company shall fail to redeem any such Note.

7. Notice of Redemption. Notice of redemption shall be mailed at least 30 days but not more than 60 days before the Redemption Date to each Holder to be redeemed at his registered address, except that redemption notices may be mailed more than 60 days prior to a Redemption Date if the notice is issued in connection with a satisfaction and discharge of the Indenture. On and after the Redemption Date, unless the Company defaults in making the redemption payment, interest ceases to accrue on Notes or portions thereof called for redemption.

8. Offers To Purchase. The Indenture provides that upon the occurrence of a Change of Control Triggering Event and subject to further limitations contained therein, the Company shall make an offer to purchase outstanding Notes in accordance with the procedures set forth in the Indenture.

9. Collateral. These Notes are secured initially by a security interest in the Collateral pursuant to certain Security Documents. Reference is made to the Indenture for events causing release of the security interest in the Collateral.

10. Denominations, Transfer, Exchange. The Notes are in registered form without coupons in denominations of \$2,000 and integral multiples of \$1,000. A Holder may transfer or exchange Notes in accordance with the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and to pay to it any taxes and fees required by law or permitted by the Indenture. The Registrar need not register the transfer of or exchange of any Notes or a portion of a Note selected for redemption for a period of 15 days before a mailing of notice of redemption.

11. Persons Deemed Owners. The registered Holder of this Note may be treated as the owner of this Note for all purposes.

B-1-6

12. Unclaimed Money. If money for the payment of principal or interest remains unclaimed for two years, the Trustee shall pay the money back to the Company at its written request. After that, Holders entitled to the money must look to the Company for payment as general creditors unless an "abandoned property" law designates another Person.

13. Amendment, Supplement, Waiver, Etc. The Company, the Guarantors and the Trustee (if a party thereto) may, without the consent of the Holders of any outstanding Notes, amend, waive or supplement the Indenture or the Notes for certain specified purposes, including, among other things, curing ambiguities, defects or inconsistencies, maintaining the qualification of the Indenture under the Trust Indenture Act of 1939, as amended, and making any change that does not materially and adversely affect the rights of any Holder. Other amendments and modifications of the Indenture or the Notes may be made by the Company, the Guarantors and the Trustee with the consent of the Holders of not less than a majority of the aggregate principal amount of the outstanding Notes, subject to certain exceptions requiring the consent of the Holders of the particular Notes to be affected.

14. Successor Corporation. When a successor corporation assumes all the obligations of its predecessor under the Notes and the Indenture and the transaction complies with the terms of Article Five of the Indenture, the predecessor corporation shall, except as provided in Article Five, be released from those obligations.

15. Defaults and Remedies. Events of Default are set forth in the Indenture. Subject to certain limitations in the Indenture, if an Event of Default specified in clause (7) or (8) of Section 6.01 with respect to the Company or any Guarantor occurs, all outstanding Notes shall become due and payable without any further action or notice. If an Event of Default specified in clause (1) or (2) of Section 6.01 as to the 2025 Notes occurs, the Trustee or the Holders of at least 25% in aggregate principal amount then outstanding 2025 Notes, by written notice to the Company and the Trustee, may declare all amounts owing under the 2025 Notes to be due and payable. If any other Event of Default (other than an Event of Default specified in clause (7) or (8) of Section 6.01 with respect to the Company or any Guarantor) occurs and is continuing, the Trustee or the Holders of not less than 25% in aggregate principal amount of the outstanding Notes may, by written notice to the Trustee and the Company, and the Trustee upon the request of the Holders of not less than 25% in aggregate principal amount of the outstanding Notes shall, declare all principal of and accrued interest on all Notes to be immediately due and payable and such amounts shall become immediately due and payable. Holders may not enforce the Indenture or the Notes except as provided in the Indenture. The Trustee may require indemnity satisfactory to it before it enforces the Indenture or the Notes. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from Holders notice of any continuing default (except a default in payment of principal, premium, if any, or interest on the Notes or a default in the observance or performance of any of the obligations of the Company under Article Five of the Indenture) if it determines that withholding notice is in their best interests.

16. Trustee Dealings with Company. The Trustee, in its individual or any other capacity, may make loans to, accept deposits from, and perform services for the Company or its Affiliates, and may otherwise deal with the Company or its Affiliates, as if it were not Trustee.

17. Discharge. The Company's obligations pursuant to the Indenture shall be discharged, except for obligations pursuant to certain sections thereof, subject to the terms of the Indenture, upon the payment of all the Notes or upon the irrevocable deposit with the Trustee of United States dollars or U.S. Government Obligations sufficient to pay when due principal of and interest on the Notes to maturity or redemption, as the case may be.

B-1-7

18. Guarantees. The Note shall be entitled to the benefits of certain Note Guarantees made for the benefit of the Holders. Reference is hereby made to the Indenture for a statement of the respective rights, limitations of rights, duties and obligations thereunder of the Guarantors, the Trustee and the Holders, and for events causing release of the Guarantors from the Note Guarantees.

19. Authentication. This Note shall not be valid until the Trustee signs the certificate of authentication on the other side of this Note.

20. Governing Law. This Note shall be governed by and construed in accordance with the laws of the State of New York, as applied to contracts made and performed within the State of New York. No representation is made as to the accuracy of such numbers either as printed on the Notes or as contained in any notice of redemption and reliance may be placed only on the other identification numbers placed thereon.

This Registration Rights Agreement (this “*Agreement*”) is made and entered into as of August 21, 2014, by and among QVC, Inc., a Delaware corporation (the “*Company*”), the guarantors listed on Schedule I hereto (the “*Guarantors*”) and Credit Agricole Securities (USA), Inc., Morgan Stanley & Co. LLC and Wells Fargo Securities, LLC, as representatives (the “*Representatives*”) of the several initial purchasers named in Schedule I attached to the Purchase Agreement (as defined below) (each such initial purchaser, an “*Initial Purchaser*” and, together, the “*Initial Purchasers*”), each of whom has agreed to purchase \$600,000,000 aggregate principal amount of the Company’s 4.45% Senior Secured Notes due 2025 (the “*2025 Notes*”) and \$400,000,000 aggregate principal amount of the Company’s 5.45% Senior Secured Notes due 2034 (the “*2034 Notes*” and, together with the 2025 Notes, the “*Initial Notes*”) pursuant to the Purchase Agreement (as defined below).

2. HOLDERS

A Person is deemed to be a holder of Transfer Restricted Securities (each, a **“Holder”**) whenever such Person owns Transfer Restricted Securities.

3. REGISTERED EXCHANGE OFFER

(a) No later than 270 days after the Closing Date, the Company and the Guarantors shall (i) use all commercially reasonable efforts to file and cause the Exchange Offer Registration Statement to be declared effective by the Commission, (ii) in connection with the foregoing, (A) file all pre-effective amendments to such Exchange Offer Registration Statement as may be necessary in order to cause it to become effective, (B) file, if applicable, a post-effective amendment to such Exchange Offer Registration Statement, and (C) cause all necessary filings, if any, in connection with the registration and qualification of the Exchange Notes to be made under the Blue Sky laws of such jurisdictions as are necessary to permit Consummation of the Exchange Offer, and (iii) unless the Exchange Offer shall not be permitted by applicable law or Commission policy (after the procedures set forth in Section 6(a)(i) below have been complied with), upon the effectiveness of such Exchange Offer Registration Statement, commence and consummate the Exchange Offer. The Exchange Offer shall be on the appropriate form permitting (i) registration of the Exchange Notes to be offered in exchange for the Initial Notes that are Transfer Restricted Securities and (ii) resales of Exchange Notes by Broker-Dealers that tendered into the Exchange Offer Initial Notes that such Broker-Dealer acquired for its own account as a result of market-making activities or other trading activities (other than Initial Notes acquired directly from the Company or any of its Affiliates) as contemplated by Section 3(c) below.

(b) The Company and the Guarantors shall use all commercially reasonable efforts to cause the Exchange Offer Registration Statement to be effective continuously, and shall keep the Exchange Offer open for a period of not less than the minimum period required under applicable federal and state securities laws to consummate the Exchange Offer; *provided, however*, that in no event shall such period be less than 20 Business Days. The Company and the Guarantors shall cause the Exchange Offer to comply with all applicable federal and state securities laws. No securities other than the Exchange Notes shall be

3

included in the Exchange Offer Registration Statement. The Company and the Guarantors shall use all commercially reasonable efforts to cause the Exchange Offer to be consummated on the earliest practicable date after the Exchange Offer Registration Statement has become effective, but in no event later than 30 Business Days or longer, if required by the federal securities laws, after the date on which the Exchange Offer Registration Statement has become effective (such 30th day, or such later date required by the federal securities laws, being the **“Consummation Deadline”**).

(c) The Company shall include a “Plan of Distribution” section in the Prospectus contained in the Exchange Offer Registration Statement that contains the information included in Annex A attached hereto and indicate therein that any Broker-Dealer who holds Transfer Restricted Securities that were acquired for the account of such Broker-Dealer as a result of market-making activities or other trading activities (other than Initial Notes acquired directly from the Company or any Affiliate of the Company), may exchange such Transfer Restricted Securities pursuant to the Exchange Offer. Such “Plan of Distribution” section shall also contain all other information with respect to such sales by such Broker-Dealers that the Commission may require in order to permit such sales pursuant thereto, but such “Plan of Distribution” shall not name any such Broker-Dealer or disclose the amount of Transfer Restricted Securities held by any such Broker-Dealer, except to the extent required by the Commission as a result of a change in policy, rules or regulations after the date of this Agreement. See the Shearman & Sterling no-action letter (available July 2, 1993).

Because such Broker-Dealer may be deemed to be an “underwriter” within the meaning of the Act and must, therefore, deliver a prospectus meeting the

requirements of the Act in connection with its initial sale of any Exchange Notes received by such Broker-Dealer in the Exchange Offer, the Company and the Guarantors shall permit the use of the Prospectus contained in the Exchange Offer Registration Statement by such Broker-Dealer to satisfy such prospectus delivery requirement. To the extent necessary to ensure that the Prospectus contained in the Exchange Offer Registration Statement is available for sales of Exchange Notes by Broker-Dealers, the Company and the Guarantors agree to use all commercially reasonable efforts to keep the Exchange Offer Registration Statement continuously effective, supplemented, amended and current as required by and subject to the provisions of Sections 6(a) and (c) hereof and in conformity with the requirements of this Agreement, the Act and the policies, rules and regulations of the Commission as announced from time to time, for a period of 180 days from the Consummation Deadline or such shorter period as will terminate when all Transfer Restricted Securities covered by such Registration Statement have been sold pursuant thereto. The Company and the Guarantors shall provide sufficient copies of the latest version of such Prospectus to such Broker-Dealers, promptly upon request, and in no event later than two Business Days after such request, at any time during such period.

4. SHELF REGISTRATION

(a) Shelf Registration. If (i) the Company and the Guarantors are not (A) required to file the Exchange Offer Registration Statement or (B) permitted to consummate the Exchange Offer because the Exchange Offer is not permitted by applicable law or Commission policy (after the Company and the Guarantors have complied with the procedures set forth in Section 6(a)(i) below) or (ii) any Holder notifies the Company prior to the 20th Business Day following Consummation of the Exchange Offer that (A) such Holder is prohibited by law or Commission policy from participating in the Exchange Offer, (B) such Holder may not resell the Exchange Notes acquired by it in the Exchange Offer to the public without delivering a prospectus and the Prospectus contained in the Exchange Offer Registration Statement is not appropriate or available for such resales by such Holder or (C) such Holder is a Broker-Dealer and holds Initial Notes acquired directly from the Company or any of its Affiliates, then the Company and the Guarantors shall:

4

(x) use all commercially reasonable efforts on or prior to 30 days after the earlier of (i) the date as of which the Company determines that the Exchange Offer Registration Statement will not be or cannot be, as the case may be, filed as a result of clause (a)(i) above and (ii) the date on which the Company receives the notice specified in clause (a)(ii) above (30) days after such earlier date, the “*Shelf Filing Deadline*”), to file a shelf registration statement pursuant to Rule 415 under the Act (which may be an amendment to the Exchange Offer Registration Statement (the “*Shelf Registration Statement*”), covering the resale of all Transfer Restricted Securities, and

(y) use all commercially reasonable efforts to cause such Shelf Registration Statement to become effective on or prior to 75 days after the Shelf Filing Deadline for the Shelf Registration Statement (such 75th day the “*Shelf Effectiveness Deadline*”).

If, after the Company and the Guarantors have filed an Exchange Offer Registration Statement that satisfies the requirements of Section 3(a) above, the Company and the Guarantors are required to file and make effective a Shelf Registration Statement solely because the Exchange Offer is not permitted under applicable federal law (i.e., clause (a)(i)(B) above), then the filing of the Exchange Offer Registration Statement shall be deemed to satisfy the requirements of clause (x) above; *provided that*, in such event, the Company and the Guarantors shall remain obligated to meet the Shelf Effectiveness Deadline set forth in clause (y).

To the extent necessary to ensure that the Shelf Registration Statement is available for sales of Transfer Restricted Securities by the Holders thereof entitled to the benefit of this Section 4(a) and the other securities required to be registered therein pursuant to Section 6(b)(ii) hereof, the Company and the Guarantors shall use all commercially reasonable efforts to keep any Shelf Registration Statement required by this Section 4(a) continuously effective, supplemented, amended and current as required by and subject to the provisions of Sections 6(b) and 6(c) hereof and in conformity with the requirements of this Agreement, the Act and the policies, rules and regulations of the Commission as announced from time to time, for a period of at least two years (as extended pursuant to Section 6(c)(i) or 6(d)) following the Closing Date, or such shorter period as will terminate when all Transfer Restricted Securities covered by such Shelf Registration Statement have been sold pursuant thereto or are no longer Transfer Restricted Securities.

(b) Provision by Holders of Certain Information in Connection with the Shelf Registration Statement. No Holder may include any of its Transfer Restricted Securities in any Shelf Registration Statement pursuant to this Agreement unless and until such Holder furnishes to the Company in writing, within 15 days after receipt of a request therefor, the information specified in Item 507 or 508 of Regulation S-K, as applicable, of the Act, or other information reasonably requested by the Company and required by Regulation S-K of the Act, for use in connection with any Shelf Registration Statement or Prospectus or preliminary Prospectus included therein. No Holder shall be entitled to Special Interest pursuant to Section 5 hereof unless and until (and from and after such time) such Holder shall have provided all such information. Each selling Holder agrees to promptly furnish additional information required to be disclosed in order to make the information previously furnished to the Company by such Holder not materially misleading and shall promptly supply such other information as the Company may from time to time reasonably request.

5. SPECIAL INTEREST

If (i) any Registration Statement required by this Agreement has not been filed with the Commission on or prior to the date specified for such filing in this Agreement, (ii) any such Registration Statement has been filed but not declared effective by the Commission on or prior to the date specified for

5

such effectiveness in this Agreement (the “*Effectiveness Target Date*”), (iii) the Exchange Offer has not been Consummated within the period required by this Agreement after the Effectiveness Target Date with respect to the Exchange Offer Registration Statement unless the Company has filed a Shelf Registration Statement or (iv) any Registration Statement required by this Agreement is filed and declared effective but shall thereafter cease to be effective or fail to be usable for its intended purpose during any period in which such Registration Statement is required to remain effectiveness or be usable pursuant to this Agreement without being succeeded immediately by a post-effective amendment to such Registration Statement that is itself immediately declared effective and that cures such failure (each such event referred to in clauses (i) through (iv), a “*Registration Default*”), then the Company and the Guarantors hereby jointly and severally agree to pay to each Holder affected thereby special interest (“*Special Interest*”) at a rate of 0.25% per annum of the principal amount of such Transfer Restricted Securities held by such Holder for the first 90 days from and including such specified date, and increasing by an additional 0.25% per annum at the beginning of each subsequent 90-day period thereafter, until all Registration Defaults have been cured; *provided that* Special Interest in the aggregate under this Section 5 may not exceed 1.00% per annum of the principal amount of such Transfer Restricted Securities. Notwithstanding anything to the contrary set forth herein, (1) upon filing of the Exchange Offer Registration Statement (and/or, if applicable, the Shelf Registration Statement), in the case of clause (i) above, (2) upon the effectiveness of the Exchange Offer Registration Statement (and/or, if applicable, the Shelf Registration Statement), in the case of clause (ii) above, (3) upon Consummation of the Exchange Offer, in the case of clause (iii) above, or (4) upon the filing of a post-effective amendment to the Registration Statement or an additional Registration Statement that causes the Exchange Offer Registration Statement (and/or, if applicable, the Shelf Registration Statement) to again be declared effective or made usable in the case of clause (iv) above, the Special Interest payable with respect to the Transfer Restricted Securities as a result of such clause (i), (ii), (iii), or (iv), as applicable, shall cease.

All accrued Special Interest shall be paid by the Company and the Guarantors (or the Company and the Guarantors will cause the Paying Agent to make such payment on their behalf) to the Holders entitled thereto, in the manner provided for the payment of interest in the Indenture, on each Interest Payment Date, as more fully set forth in the Indenture, the Initial Notes and the Exchange Notes. Notwithstanding the fact that any securities for which Special Interest are due cease to be Transfer Restricted Securities, all obligations of the Company and the Guarantors to pay Special Interest with respect to securities that accrued prior to the time that such securities ceased to be Transfer Restricted Securities shall survive until such time as such obligations with respect to such securities shall have been satisfied in full, but the interest rate borne by

such securities will be reduced to the original interest rate borne by the Initial Notes at the time such securities cease to be a Transfer Restricted Securities.

6. REGISTRATION PROCEDURES

(a) Exchange Offer Registration Statement. In connection with the Exchange Offer, the Company and the Guarantors shall (x) comply with all applicable provisions of Section 6(c) below, (y) use all commercially reasonable efforts to effect such exchange and to permit the resale of Exchange Notes by Broker-Dealers that tendered in the Exchange Offer Initial Notes that such Broker-Dealer acquired for its own account as a result of its market-making activities or other trading activities (other than Initial Notes acquired directly from the Company or any of its Affiliates) being sold in accordance with the intended method or methods of distribution thereof, and (z) comply with all of the following provisions:

(i) If, following the date hereof there has been announced a change in Commission policy with respect to exchange offers such as the Exchange Offer, that in the reasonable opinion of counsel to the Company raises a substantial question as to whether the Exchange Offer is permitted by applicable federal law, the Company and the Guarantors hereby agree either to (x) seek

6

a no-action letter or other favorable decision from the Commission allowing the Company and the Guarantors to consummate an Exchange Offer for such Transfer Restricted Securities, or (y) file, in accordance with Section 4(a) hereof, a Shelf Registration Statement to permit the registration and/or resale of the Transfer Restricted Securities that would otherwise be covered by the Exchange Offer Registration Statement but for the announcement of a change in Commission policy. In the case of clause (x) above, the Company and the Guarantors hereby agree to pursue the issuance of such a decision to the Commission staff level but shall not be required to take action not commercially reasonable to affect a change of Commission policy. In connection with the foregoing, the Company and the Guarantors hereby agree to take all such other actions as may be requested by the Commission or otherwise required in connection with the issuance of such decision, including without limitation (A) participating in telephonic conferences with the Commission, (B) delivering to the Commission staff an analysis prepared by counsel to the Company setting forth the legal bases, if any, upon which such counsel has concluded that such an Exchange Offer should be permitted, and (C) diligently pursuing a resolution (which need not be favorable) by the Commission staff.

(ii) As a condition to its participation in the Exchange Offer, each Holder (including, without limitation, any Holder who is a Broker-Dealer) shall furnish, upon the request of the Company, prior to the consummation of the Exchange Offer, a written representation to the Company and the Guarantors (which may be contained in the letter of transmittal contemplated by the Exchange Offer Registration Statement) to the effect that (A) it is not an Affiliate of the Company, (B) it is not engaged in, and does not intend to engage in, and has no arrangement or understanding with any Person to participate in, a distribution of the Exchange Notes to be issued in the Exchange Offer, (C) it is acquiring the Exchange Notes in its ordinary course of business, and (D) only if such Holder is a Broker-Dealer that will receive Exchange Notes in exchange for Initial Notes that such Broker-Dealer acquired for its own private account as a result of market making or other trading activities, it will deliver a Prospectus, as required by law, in connection with any sale of such Exchange Notes. As a condition to its participation in the Exchange Offer each Holder using the Exchange Offer to participate in a distribution of the Exchange Notes shall acknowledge and agree that, if the resales are of Exchange Notes obtained by such Holder in exchange for Initial Notes acquired directly from the Company or an Affiliate thereof, it (1) could not, under Commission policy as in effect on the date of this Agreement, rely on the position of the Commission enunciated in Morgan Stanley and Co., Inc. (available June 5, 1991) and Exxon Capital Holdings Corporation (available May 13, 1988), as interpreted in the Commission's letter to Shearman & Sterling dated July 2, 1993, and similar no-action letters (including, if applicable, any no-action letter obtained pursuant to clause (i) above), and (2) must comply with the registration and prospectus delivery requirements of the Act in connection with a secondary resale transaction and that such a secondary resale transaction must be covered by an effective registration statement containing the selling security holder information required by Item 507 or 508, as applicable, of Regulation S-K.

(iii) Prior to effectiveness of the Exchange Offer Registration Statement, the Company and the Guarantors shall provide a supplemental letter to the Commission (A) stating that the Company and the Guarantors are registering the Exchange Offer in reliance on the position of the Commission enunciated in Exxon Capital Holdings Corporation (available May 13, 1988), Morgan Stanley and Co., Inc. (available June 5, 1991) as interpreted in the Commission's letter to Shearman & Sterling dated July 2, 1993, and, if applicable, any no-action letter obtained pursuant to clause (i) above, (B) including a representation that the Company and the Guarantors have not entered into any arrangement or understanding with any Person to distribute the Exchange Notes to be received in the Exchange Offer and that, to the best of the Company's and each Guarantor's information and belief, each Holder participating in the Exchange Offer is acquiring the Exchange

7

Notes in its ordinary course of business and has no arrangement or understanding with any Person to participate in the distribution of the Exchange Notes received in the Exchange Offer, and (C) any other undertaking or representation required by the Commission as set forth in any no-action letter obtained pursuant to clause (i) above, if applicable.

(b) Shelf Registration Statement. In connection with the Shelf Registration Statement, the Company and the Guarantors shall:

(i) comply with all the provisions of Section 6(c) below and use all commercially reasonable efforts to effect such registration to permit the sale of the Transfer Restricted Securities being sold in accordance with the intended method or methods of distribution thereof (as indicated in the information furnished to the Company pursuant to Section 4(b) hereof), and pursuant thereto the Company and the Guarantors will prepare and file with the Commission a Registration Statement relating to the registration on any appropriate form under the Act, which form shall be available for the sale of the Transfer Restricted Securities in accordance with the intended method or methods of distribution thereof within the time periods and otherwise in accordance with the provisions hereof, and

(ii) issue to any Holder or purchaser of Initial Notes covered by any Shelf Registration Statement contemplated by this Agreement, upon the request of any such Holder or purchaser, registered Initial Notes having an aggregate principal amount equal to the aggregate principal amount of Initial Notes in the names as such Holder or purchaser shall designate.

(c) General Provisions. In connection with any Registration Statement and any related Prospectus required by this Agreement, the Company and the Guarantors shall:

(i) use all commercially reasonable efforts to keep such Registration Statement continuously effective and provide all requisite financial statements for the period specified in Section 3 or 4 of this Agreement, as applicable. Upon the occurrence of any event that would cause any such Registration Statement or the Prospectus contained therein (A) to contain an untrue statement of material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading, or (B) not to be effective and usable for resale of Transfer Restricted Securities during the period required by this Agreement, the Company and the Guarantors shall file promptly an appropriate amendment to such Registration Statement curing such defect, and, if Commission review is required, use all commercially reasonable efforts to cause such amendment to be declared effective as soon as practicable;

(ii) prepare and file with the Commission such amendments and post-effective amendments to the applicable Registration Statement as may be necessary to keep such Registration Statement effective for the applicable period set forth in Section 3 or 4 hereof, as the case may be, or such shorter period as will terminate when all Transfer Restricted Securities covered by such Registration Statement have been sold or are no longer Transfer Restricted Securities; cause the Prospectus to be supplemented by any required Prospectus supplement, and as so supplemented to be filed pursuant to Rule 424 under the Act, and to comply fully

with Rules 424, 430A, and 462, as applicable, under the Act in a timely manner; and comply with the provisions of the Act with respect to the disposition of all securities covered by such Registration Statement during the applicable period in accordance with the intended method or methods of distribution by the sellers thereof set forth in such Registration Statement or supplement to the Prospectus;

(iii) advise (a) each Holder whose Transfer Restricted Securities have been included in a Shelf Registration Statement (in the case of a Shelf Registration Statement), and (b) each

8

Holder who has provided notice to the Company promptly and, if requested by such Holder, confirm such advice in writing, (A) when the Prospectus or any Prospectus supplement or post-effective amendment has been filed, and, with respect to any applicable Registration Statement or any post-effective amendment thereto, when the same has become effective, (B) of any request by the Commission for amendments to the Registration Statement or amendments or supplements to the Prospectus or for additional information relating thereto, (C) of the issuance by the Commission of any stop order suspending the effectiveness of the Registration Statement under the Act or of the suspension by any state securities commission of the qualification of the Transfer Restricted Securities for offering or sale in any jurisdiction, or the initiation of any proceeding for any of the preceding purposes, and (D) of the happening of any event that requires the Company to make changes in the Registration Statement or the Prospectus in order that the Registration Statement or the Prospectus, any amendment or supplement thereto or any document incorporated by reference therein do not contain an untrue statement of material fact nor omit to state a material fact required to be stated therein or necessary to make the statements therein (in the case of the Prospectus, in light of the circumstances under which they were made) not misleading. If at any time the Commission shall issue any stop order suspending the effectiveness of the Registration Statement, or any state securities commission or other regulatory authority shall issue an order suspending the qualification or exemption from qualification of the Transfer Restricted Securities under state securities or Blue Sky laws, the Company and the Guarantors shall use all commercially reasonable efforts to obtain the withdrawal or lifting of such order at the earliest possible time;

(iv) subject to Section 6(d), if any fact or event contemplated by Section 6(c)(iii)(D) above shall exist or have occurred, prepare a supplement or post-effective amendment to the Registration Statement or related Prospectus or any document incorporated therein by reference or file any other required document so that, as thereafter delivered to the purchasers of Transfer Restricted Securities, the Prospectus will not contain an untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(v) furnish to each Holder whose Transfer Restricted Securities have been included in a Shelf Registration Statement (in the case of a Shelf Registration Statement) in connection with such exchange, registration or sale, if any, before filing with the Commission, copies of any Registration Statement or any Prospectus included therein or any amendments or supplements to any such Registration Statement or Prospectus (including all documents incorporated by reference after the initial filing of such Registration Statement), which documents will be subject to the reasonable review and comment of such Holders in connection with such sale, if any, for a period of at least three Business Days, and the Company will not file any such Registration Statement or Prospectus or any amendment or supplement to any such Registration Statement or Prospectus (including all such documents incorporated by reference) to which such Holders shall reasonably object within three Business Days after the receipt thereof. A Holder shall be deemed to have reasonably objected to such filing if such Registration Statement, amendment, Prospectus or supplement, as applicable, as proposed to be filed, contains an untrue statement of a material fact or omits to state any material fact necessary to make the statements therein not misleading or fails to comply with the applicable requirements of the Act;

(vi) promptly prior to the filing of any document that is to be incorporated by reference into a Registration Statement or Prospectus in connection with such exchange, registration or sale, if any, provide copies of such document to each Holder whose Transfer Restricted Securities have been included in a Shelf Registration Statement (in the case of a Shelf Registration Statement) in connection with such exchange, registration or sale, if any, make the Company's

9

and the Guarantors' representatives available for discussion of such document and other customary due diligence matters, and include such information in such document prior to the filing thereof as such Holders may reasonably request;

(vii) make available, at reasonable times, for inspection by each Holder whose Transfer Restricted Securities have been included in a Shelf Registration Statement (in the case of a Shelf Registration Statement) and any attorney or accountant retained by such Holders, all financial and other records and pertinent corporate documents of the Company and the Guarantors reasonably requested and cause the Company's and the Guarantors' officers, directors and employees to supply all information reasonably requested by any such Holder, attorney or accountant in connection with such Registration Statement or any post-effective amendment thereto subsequent to the filing thereof and prior to its effectiveness as is customary for similar due diligence examinations; *provided* that any Holder or representative thereof requesting or receiving such information shall agree to be bound by reasonable confidentiality agreements and procedures with respect thereto;

(viii) if requested by any Holders whose Transfer Restricted Securities have been included in a Shelf Registration Statement (in the case of a Shelf Registration Statement) in connection with such exchange, registration or sale, promptly include in any Registration Statement or Prospectus, pursuant to a supplement or post-effective amendment if necessary, such information as such Holders may reasonably request to have included therein, including, without limitation, information relating to the "Plan of Distribution" of the Transfer Restricted Securities and the use of the Registration Statement or Prospectus for market making activities; and make all required filings of such Prospectus supplement or post-effective amendment as soon as practicable after the Company is notified of the matters to be included in such Prospectus supplement or post-effective amendment;

(ix) furnish to each Holder whose Transfer Restricted Securities have been included in a Shelf Registration Statement (in the case of a Shelf Registration Statement) in connection with such exchange, registration or sale, without charge, at least one copy of the Registration Statement, as first filed with the Commission, and of each amendment thereto, including all documents incorporated by reference therein and all exhibits (including exhibits incorporated therein by reference);

(x) deliver to each Holder whose Transfer Restricted Securities have been included in a Shelf Registration Statement (in the case of a Shelf Registration Statement) without charge, as many copies of the Prospectus (including each preliminary prospectus) and any amendment or supplement thereto as such Holders reasonably may request; the Company and the Guarantors hereby consent to the use (in accordance with law and subject to Section 6(d) hereof) of the Prospectus and any amendment or supplement thereto by each selling Holder in connection with the offering and the sale of the Transfer Restricted Securities covered by the Prospectus or any amendment or supplement thereto;

(xi) enter into such agreements (including an underwriting agreement), and make such representations and warranties, and take all such other actions in connection therewith in order to expedite or facilitate the disposition of the Transfer Restricted Securities pursuant to any Registration Statement contemplated by this Agreement, all to such extent as may be customarily and reasonably requested by the Initial Purchasers or, in the case of registration for resale of Transfer Restricted Securities pursuant to the Shelf Registration Statement, by any Holder or Holders of Transfer Restricted Securities who hold at least 50% in aggregate principal amount of such class of Transfer Restricted Securities; *provided*, that, the Company and the Guarantors shall

10

not be required to enter into any such agreement more than once with respect to all of the Transfer Restricted Securities and, in the case of a Shelf Registration Statement, may delay entering into such agreement if the Shareholder-Director of the Company determines in good faith that it is in the best interests of the Company and the Guarantors not to disclose the existence of or facts surrounding any proposed or pending material corporate transaction involving the Company and the Guarantors. In such connection, the Company and the Guarantors shall:

(a) upon the request of any Holder, furnish (or in the case of paragraph (ii), use its commercially reasonable efforts to cause to be furnished) to each such Holder (in the case of the Shelf Registration Statement) and any underwriter, upon Consummation of the Exchange Offer or the effectiveness of the Shelf Registration Statement, as the case may be:

(i) a certificate, dated such date, signed on behalf of the Company and each Guarantor by (x) the Chief Executive Officer or any Vice President, and (y) a principal financial or accounting officer of the Company and such Guarantor, confirming, as of the date thereof, such matters as such Holders may reasonably request; and

(ii) an opinion, dated the date of Consummation of the Exchange Offer or the date of effectiveness of the Shelf Registration Statement, as the case may be, of counsel for the Company and the Guarantors in customary form and covering such other matters as such Holder may reasonably request, and in any event including a statement to the effect that such counsel has participated in conferences with officers and other representatives of the Company and the Guarantors and representatives of the independent public accountants for the Company and the Guarantors and representatives of the underwriters, if any, and their counsel at which the contents of the Registration Statement and related matters were discussed and, although such counsel need not pass upon or assume responsibility for the accuracy, completeness or fairness of such statements (relying as to materiality to the extent such counsel deems appropriate upon the statements of officers and other representatives of the Company and the Guarantors and without independent check or verification), no facts came to such counsel's attention that caused such counsel to believe that the applicable Registration Statement, at the time such Registration Statement or any post-effective amendment thereto became effective and, in the case of the Exchange Offer Registration Statement, as of the date of Consummation of the Exchange Offer, contained an untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary to make the statements therein not misleading, or that the Prospectus contained in such Registration Statement as of its date and, in the case of the opinion dated the date of Consummation of the Exchange Offer, as of the date of Consummation, contained an untrue statement of a material fact or omitted to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. Such counsel may state further that such counsel assumes no responsibility for, and has not independently verified, the accuracy, completeness or fairness of the financial statements, schedules or other financial data included in any Registration Statement contemplated by this Agreement or the related Prospectus and need express no view as to the accounting or financial records from which such financial statements, schedules and data are derived; and

11

(b) deliver such other documents and certificates as may be reasonably requested by the selling Holders to evidence compliance with the matters covered in clause (A) above and with any customary conditions contained in any agreement entered into by the Company and the Guarantors pursuant to this clause (xi);

(xii) prior to any public offering of Transfer Restricted Securities, cooperate with the selling Holders and their counsel in connection with the registration and qualification of the Transfer Restricted Securities under the securities or Blue Sky laws of such jurisdictions as the selling Holders may request and do any and all other acts or things necessary or advisable to enable the disposition in such jurisdictions of the Transfer Restricted Securities covered by the applicable Registration Statement; *provided, however*, that the Company and the Guarantors shall not be required to register or qualify as a foreign corporation where it is not now so qualified or to take any action that would subject it to the service of process in suits or to taxation, other than as to matters and transactions relating to the Registration Statement, in any jurisdiction where it is not now so subject;

(xiii) in connection with any sale of Transfer Restricted Securities that will result in such securities no longer being Transfer Restricted Securities, cooperate with the Holders to facilitate the timely preparation and delivery of certificates representing Transfer Restricted Securities to be sold and not bearing any restrictive legends; and to register such Transfer Restricted Securities in such denominations and such names as the selling Holders may request at least two Business Days prior to such sale of Transfer Restricted Securities;

(xiv) use all commercially reasonable efforts to cause the disposition of the Transfer Restricted Securities covered by the Registration Statement to be registered with or approved by such other governmental agencies or authorities as may be necessary to enable the seller or sellers thereof to consummate the disposition of such Transfer Restricted Securities, subject to the proviso contained in clause (xii) above;

(xv) provide a CUSIP number for all Transfer Restricted Securities not later than the effective date of a Registration Statement covering such Transfer Restricted Securities and provide the Trustee under the Indenture with printed certificates for the Transfer Restricted Securities which are in a form eligible for deposit with the Depository Trust Company;

(xvi) otherwise use all commercially reasonable efforts to comply with all applicable rules and regulations of the Commission, and make generally available to its security holders with regard to any applicable Registration Statement, as soon as practicable, a consolidated earnings statement meeting the requirements of Rule 158 under the Act (which need not be audited) covering a twelve-month period beginning after the effective date of the Registration Statement (as such term is defined in paragraph (c) of Rule 158 under the Act);

(xvii) cause the Indenture to be qualified under the TIA not later than the effective date of the first Registration Statement required by this Agreement and, in connection therewith, cooperate with the Trustee and the Holders to effect such changes to the Indenture as may be required for such Indenture to be so qualified in accordance with the terms of the TIA; and execute and use its commercially reasonable efforts to cause the Trustee to execute, all documents that may be required to effect such changes and all other forms and documents required to be filed with the Commission to enable such Indenture to be so qualified in a timely manner; and

(xviii) provide promptly to each Holder, upon request, each document filed with the Commission pursuant to the requirements of Section 13 or Section 15(d) of the Exchange Act.

12

(d) **Restrictions on Holders.** Each Holder agrees by acquisition of a Transfer Restricted Security that, upon receipt of the notice referred to in Section 6(c)(i) or 6(c)(iii)(C) or any notice from the Company of the existence of any fact of the kind described in Section 6(c)(iii)(D) hereof (in each case, a "*Suspension Notice*"), such Holder will forthwith discontinue disposition of Transfer Restricted Securities pursuant to the applicable Registration Statement until (i) such Holder has received copies of the supplemented or amended Prospectus contemplated by Section 6(c)(iv) hereof, or (ii) such Holder is advised in writing by the Company that the use of the Prospectus may be resumed, and has received copies of any additional or supplemental filings that are incorporated by reference in the Prospectus (in each case, the "*Recommendation Date*"). Each Holder receiving a Suspension Notice hereby agrees that it will either (i) destroy any Prospectuses, other than permanent file copies, then in such Holder's possession which have been replaced by the Company with more recently dated Prospectuses, or (ii) deliver to the Company (at the Company's expense) all copies, other than permanent file copies, then in such Holder's possession of the Prospectus covering such Transfer Restricted Securities that was current at the time of receipt of the Suspension Notice.

The time period regarding the effectiveness of such Registration Statement set forth in Section 3 or 4 hereof, as applicable, shall be extended by a number of days equal to the number of days in the period from and including the date of delivery of the Suspension Notice to the Commencement Date.

7. REGISTRATION EXPENSES

(a) All expenses incident to the Company's and the Guarantors' performance of or compliance with this Agreement will be borne by the Company, regardless of whether a Registration Statement becomes effective, including without limitation: (i) all registration and filing fees and expenses; (ii) all fees and expenses of compliance with federal securities and state Blue Sky or securities laws; (iii) all expenses of printing (including printing certificates for the Exchange Notes to be issued in the Exchange Offer and printing of Prospectuses), messenger and delivery services and telephone; (iv) all fees and disbursements of counsel for the Company and the Guarantors and one counsel for all of the Holders of Transfer Restricted Securities selected by the Holders of a majority in principal amount of Transfer Restricted Securities being registered; (v) all application and filing fees in connection with listing the Exchange Notes on a national securities exchange or automated quotation system; and (vi) all fees and disbursements of independent certified public accountants of the Company and the Guarantors (including the expenses of any special audit and comfort letters required by or incident to such performance); *provided, however*, that in no event shall the Company or the Guarantors be responsible for any underwriting discounts, commissions or fees attributable to the sale or other disposition of Transfer Restricted Securities.

The Company will, in any event, bear its and the Guarantors' internal expenses (including, without limitation, all salaries and expenses of its officers and employees performing legal or accounting duties), the expenses of any annual audit and the fees and expenses of any Person, including special experts, retained by the Company or the Guarantors.

(b) In connection with any Registration Statement required by this Agreement (including, without limitation, the Exchange Offer Registration Statement and the Shelf Registration Statement), the Company and the Guarantors will reimburse the Initial Purchasers and the Holders of Transfer Restricted Securities who are tendering Initial Notes in the Exchange Offer and/or selling or reselling Initial Notes or Exchange Notes pursuant to the "Plan of Distribution" contained in the Exchange Offer Registration Statement or the Shelf Registration Statement, as applicable, for the reasonable fees and disbursements of not more than one counsel shall be chosen by the Holders of a majority in principal amount of the Transfer Restricted Securities for whose benefit such Registration Statement is being prepared, if any.

13

8. INDEMNIFICATION

(a) The Company and the Guarantors agree, jointly and severally, to indemnify and hold harmless each Holder, its directors, officers and each Person, if any, who controls such Holder (within the meaning of Section 15 of the Act or Section 20 of the Exchange Act), from and against any and all losses, claims, damages, liabilities or judgments, (including without limitation, any legal or other expenses incurred in connection with investigating or defending any matter, including any action that could give rise to any such losses, claims, damages, liabilities or judgments) caused by any untrue statement or alleged untrue statement of a material fact contained in any Registration Statement, preliminary prospectus or Prospectus, Free Writing Prospectus or any "issuer information" (as defined in Rule 433 of the Securities Act) filed or required to be filed pursuant to Rule 433(d) under the Securities Act (or any amendment or supplement thereto), or caused by any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, except insofar as such losses, claims, damages, liabilities or judgments are caused by an untrue statement or omission or alleged untrue statement or omission (A) that is based upon information relating to any of the Holders furnished in writing to the Company by or on behalf of any of the Holders or (B) that is included in a Registration Statement or Prospectus (or any amendment or supplement thereto), or document incorporated by reference therein, which is used, relied upon or disseminated by any Holder or any underwriter for such Holder following the delivery of a notice by the Company to such Holder or any such underwriter pursuant to Section 6(c)(iii)(B), (C) or (D). This indemnity agreement shall be in addition to any liability which the Company or any of the Guarantors may otherwise have.

(b) Each Holder agrees, severally and not jointly, to indemnify and hold harmless the Company and the Guarantors, and their respective directors and officers, and each Person, if any, who controls (within the meaning of Section 15 of the Act or Section 20 of the Exchange Act) the Company, or the Guarantors to the same extent as the foregoing indemnity from the Company and the Guarantors set forth in section (a) above, but only with reference to (A) information relating to such Holder furnished in writing to the Company by or on behalf of such Holder expressly for use in any Registration Statement or Prospectus (or any amendment or supplement thereto), or (B) the use, reliance or dissemination by such Holder or any underwriter for such Holder of a Registration Statement or Prospectus (or any amendment or supplement thereto), or any document incorporated by reference therein, which was the subject of a notice delivered by the Company to such Holder or any such underwriter pursuant to Section 6(c)(iii)(B), (C) or (D).

(c) In case any action shall be commenced involving any Person in respect of which indemnity may be sought pursuant to Section 8(a) or 8(b) (the "*indemnified party*"), the indemnified party shall promptly notify the Person against whom such indemnity may be sought (the "*indemnifying party*") in writing and the indemnifying party shall assume the defense of such action, including the employment of counsel reasonably satisfactory to the indemnified party and the payment of all fees and expenses of such counsel, as incurred (except that in the case of any action in respect of which indemnity may be sought pursuant to both Sections 8(a) and 8(b), a Holder shall not be required to assume the defense of such action pursuant to this Section 8(c), but may employ separate counsel and participate in the defense thereof, but the fees and expenses of such counsel, except as provided below, shall be at the expense of the Holder). Any indemnified party shall have the right to employ separate counsel in any such action and participate in the defense thereof, but the fees and expenses of such counsel shall be at the expense of the indemnified party unless (i) the employment of such counsel has been specifically authorized in writing by the indemnifying party, (ii) the indemnifying party has failed to assume the defense of such action or employ counsel reasonably satisfactory to the indemnified party, or (iii) the named parties to any such action (including any impleaded parties) include both the indemnified party and the indemnifying party, and the indemnified party has been advised by such counsel that there may be one or more legal defenses available

14

to it which are different from or additional to those available to the indemnifying party (in which case the indemnifying party shall not have the right to assume the defense of such action on behalf of the indemnified party). In any such case, the indemnifying party shall not, in connection with any one action or separate but substantially similar or related actions in the same jurisdiction arising out of the same general allegations or circumstances, be liable for the fees and expenses of more than one separate firm of attorneys (in addition to any local counsel) for all indemnified parties and all such fees and expenses shall be reimbursed as they are incurred. Such firm shall be designated in writing by a majority of the Holders, in the case of the parties indemnified pursuant to Section 8(a), and by the Company and the Guarantors, in the case of parties indemnified pursuant to Section 8(b). The indemnifying party shall indemnify and hold harmless the indemnified party from and against any and all losses, claims, damages, liabilities and judgments by reason of any settlement of any action effected with (i) its written consent, or (ii) effected without its written consent if the settlement is entered into more than 20 Business Days after the indemnifying party received a request from the indemnified party for reimbursement for the fees and expenses of counsel (in any case where such fees and expenses are at the expense of the indemnifying party) and, prior to the date of such settlement, the indemnifying party has failed to comply with such reimbursement request. No indemnifying party shall, without the prior written consent of the indemnified party (which consent shall not be unreasonably withheld), effect any settlement or compromise of, or consent to the entry of judgment with respect to, any pending or threatened action in respect of which the indemnified party is or could have been a party and indemnity or contribution may be or could have been sought hereunder by the indemnified party, unless such settlement, compromise or judgment (i) includes an unconditional release of the indemnified party from all liability on claims that are or could have been the subject matter of such action, and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act, by or on behalf of the indemnified party.

(d) To the extent that the indemnification provided for in this Section 8 is unavailable to an indemnified party in respect of any losses, claims, damages, liabilities or judgments referred to therein, then each indemnifying party, in lieu of indemnifying such indemnified party, shall contribute to the amount paid or payable by

such indemnified party as a result of such losses, claims, damages, liabilities or judgments (i) in such proportion as is appropriate to reflect the relative benefits received by the Company and the Guarantors, on the one hand, and the Holders, on the other hand, from their sale of Transfer Restricted Securities, or (ii) if the allocation provided by clause 8(d)(i) above is not permitted by applicable law, in such proportion as is appropriate to reflect not only the relative benefits referred to in clause 8(d)(i) above but also the relative fault of the Company and the Guarantors, on the one hand, and of the Holder, on the other hand, in connection with the statements or omissions which resulted in such losses, claims, damages, liabilities or judgments, as well as any other relevant equitable considerations. The relative fault of the Company and the Guarantors, on the one hand, and of the Holder, on the other hand, shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the Company or such Guarantor, on the one hand, or by the Holder, on the other hand, and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The amount paid or payable by a party as a result of the losses, claims, damages, liabilities and judgments referred to above shall be deemed to include, subject to the limitations set forth in Section 8(c) hereof, any legal or other fees or expenses reasonably incurred by such party in connection with investigating or defending any action or claim.

The Company, the Guarantors and each Holder agree that it would not be just and equitable if contribution pursuant to this Section 8(d) were determined by pro rata allocation (even if the Holders were treated as one entity for such purpose) or by any other method of allocation that does not take account of the equitable considerations referred to in the immediately preceding paragraph. The amount paid or payable by an indemnified party as a result of the losses, claims, damages, liabilities or judgments referred to in the immediately preceding paragraph shall be deemed to include, subject to the limitations

set forth above, any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any matter, including any action that could have given rise to such losses, claims, damages, liabilities or judgments. Notwithstanding the provisions of this Section 8, in no event shall a Holder, its directors, its officers or any Person, if any, who controls such Holder be required to contribute, in the aggregate, any amount in excess of the amount by which the total price at which the Transfer Restricted Securities sold by such Holder exceeds the amount of any damages that such Holder has otherwise paid or become liable to pay by reason of any untrue or alleged untrue statement or omission or alleged omission. No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation. The Holders' obligations to contribute pursuant to this Section 8(d) are several in proportion to the respective principal amount of Transfer Restricted Securities held by each Holder hereunder and not joint.

9. **RULE 144A AND RULE 144**

The Company and each Guarantor agrees with each Holder, for so long as any Transfer Restricted Securities remain outstanding and during any period in which the Company or such Guarantor is not subject to Section 13 or 15(d) of the Exchange Act, to make available, upon request of any Holder, to such Holder or beneficial owner of Transfer Restricted Securities in connection with any sale thereof and any prospective purchaser of such Transfer Restricted Securities designated by such Holder or beneficial owner, the information required by Rule 144A(d)(4) under the Act in order to permit resales of such Transfer Restricted Securities pursuant to Rule 144A under the Act.

10. **MISCELLANEOUS**

(a) **Remedies.** The Company and the Guarantors acknowledge and agree that any failure by the Company and/or the Guarantors to comply with their respective obligations under Sections 3 and 4 hereof may result in material irreparable injury to the Initial Purchasers or the Holders for which there is no adequate remedy at law, that it will not be possible to measure damages for such injuries precisely and that, in the event of any such failure, the Initial Purchasers or any Holder may obtain such relief as may be required to specifically enforce the Company's and the Guarantors' obligations under Sections 3 and 4 hereof. The Company and the Guarantors further agree to waive the defense in any action for specific performance that a remedy at law would be adequate.

(b) **Free Writing Prospectus.** The Company represents, warrants and covenants that it (including its agents and representatives) will not prepare, make, use, authorize, approve or refer to any "written communication" (as defined in Rule 405 under the Securities Act) in connection with the issuance and sale of the Initial Notes and the Exchange Notes, other than (i) any communication pursuant to Rule 134, Rule 135 or Rule 135c under the Securities Act, (ii) any document constituting an offer to sell or solicitation of an offer to buy the Initial Notes or the Exchange Notes that falls within the exception from the definition of prospectus in Section 2(a)(10)(a) of the Securities Act, or (iii) a prospectus satisfying the requirements of section 10(a) of the Securities Act or of Rule 430, Rule 430A, Rule 430B, Rule 430C or Rule 431 under the Securities Act.

(c) **No Inconsistent Agreements.** The Company and any Guarantor will not, on or after the date of this Agreement, enter into any agreement with respect to its securities that is inconsistent with the rights granted to the Holders in this Agreement or otherwise conflicts with the provisions hereof. The Company and any Guarantor have not previously entered into, nor is currently a party to, any agreement granting any registration rights with respect to its securities to any Person that would require such securities to be included in any Registration Statement filed hereunder. The rights granted to the Holders hereunder

do not in any way conflict with and are not inconsistent with the rights granted to the holders of the Company's and the Guarantors' securities under any agreement in effect on the date hereof.

(d) **Amendments and Waivers.** The provisions of this Agreement may not be amended, modified or supplemented, and waivers or consents to or departures from the provisions hereof may not be given unless (i) in the case of Section 5 hereof and this Section 10(d)(i), the Company has obtained the written consent of Holders of all outstanding Transfer Restricted Securities, and (ii) in the case of all other provisions hereof, the Company has obtained the written consent of Holders of a majority of the outstanding principal amount of Transfer Restricted Securities (excluding Transfer Restricted Securities held by the Company or its Affiliates). Notwithstanding the foregoing, a waiver or consent to departure from the provisions hereof that relates exclusively to the rights of Holders whose Transfer Restricted Securities are being tendered pursuant to the Exchange Offer, and that does not affect directly or indirectly the rights of other Holders whose Transfer Restricted Securities are not being tendered pursuant to such Exchange Offer, may be given by the Holders of a majority of the outstanding principal amount of Transfer Restricted Securities subject to such Exchange Offer.

(e) **Additional Guarantors.** The Company shall cause any of its Restricted Subsidiaries (as defined in the Indenture) that becomes, prior to the consummation of the Exchange Offer, a Guarantor in accordance with the terms and provisions of the Indenture to become a party to this Agreement as a Guarantor.

(f) **Third Party Beneficiary.** The Holders shall be third party beneficiaries to the agreements made hereunder between the Company and the Guarantors, on the one hand, and the Initial Purchasers, on the other hand, and shall have the right to enforce such agreements directly to the extent they may deem such enforcement necessary or advisable to protect its rights or the rights of Holders hereunder.

(g) **Notices.** All notices and other communications provided for or permitted hereunder shall be made in writing by hand-delivery, first-class mail (registered or certified, return receipt requested), telex, telecopier or air courier guaranteeing overnight delivery:

- (i) if to a Holder, at the address set forth on the records of the Registrar under the Indenture, with a copy to the Registrar under the Indenture; and
- (ii) if to the Company or the Guarantors:

17

Copies of all such notices, demands or other communications shall be concurrently delivered by the Person giving the same to the Trustee at the address specified in the Indenture.

(h) Successors and Assigns. This Agreement shall inure to the benefit of and be binding upon the successors and assigns of each of the parties, including without limitation and without the need for an express assignment, subsequent Holders; *provided* that nothing herein shall be deemed to permit any assignment, transfer or other disposition of Transfer Restricted Securities in violation of the terms hereof or of the Purchase Agreement or the Indenture. If any transferee of any Holder shall acquire Transfer Restricted Securities in any manner, whether by operation of law or otherwise, such Transfer Restricted Securities shall be held subject to all of the terms of this Agreement, and by taking and holding such Transfer Restricted Securities such Person shall be conclusively deemed to have agreed to be bound by and to perform all of the terms and provisions of this Agreement, including the restrictions on resale set forth in this Agreement and, if applicable, the Purchase Agreement, and such Person shall be entitled to receive the benefits hereof.

(i) Counterparts. This Agreement may be executed in any number of counterparts and by the parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

(j) Headings. The headings in this Agreement are for convenience of reference only and shall not limit or otherwise affect the meaning hereof.

(k) Governing Law. THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK, WITHOUT REGARD TO THE CONFLICT OF LAW RULES THEREOF.

(l) Severability. In the event that any one or more of the provisions contained herein, or the application thereof in any circumstance, is held invalid, illegal or unenforceable, the validity, legality and enforceability of any such provision in every other respect and of the remaining provisions contained herein shall not be affected or impaired thereby.

(m) Entire Agreement. This Agreement is intended by the parties as a final expression of their agreement and intended to be a complete and exclusive statement of the agreement and understanding of the parties hereto in respect of the subject matter contained herein. There are no restrictions, promises, warranties or undertakings, other than those set forth or referred to herein with respect to the registration rights granted with respect to the Transfer Restricted Securities. This Agreement supersedes all prior agreements and understandings between the parties with respect to such subject matter.

ANNEX A

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for unregistered notes where such unregistered notes were acquired as a result of market-making activities or other trading activities. To the extent any such broker-dealer participates in the exchange offer, we have agreed that for a period of up to 180 days we will use commercially reasonable efforts to make this prospectus, as amended or supplemented, available to such broker-dealer for use in connection with any such resale, and will deliver as many additional copies of this prospectus and each amendment or supplement to this prospectus and any documents incorporated by reference in this prospectus as such broker-dealer may reasonably request.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own accounts pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of these methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit on any such resale of exchange notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

We have agreed to pay all expenses incident to the exchange offer other than commissions or concessions of any brokers or dealers and will indemnify the holders of outstanding notes, including any broker-dealers, against certain liabilities, including liabilities under the Securities Act.

Ladies and Gentlemen:

We have acted as counsel for QVC, Inc., a Delaware corporation (the "Issuer"), and the guarantors listed on Schedule I attached hereto (collectively, the "Guarantors"), in connection with the preparation and filing with the Securities and Exchange Commission (the "Commission") under the Securities Act of 1933, as amended (the "Securities Act"), of a Registration Statement on Form S-4 (the "Registration Statement") relating to the proposed offering under the Securities Act by the Issuer of (i) \$600,000,000 principal amount of 4.45% Senior Secured Notes due 2025 (the "2025 Exchange Notes") that have been registered under the Securities Act and (ii) \$400,000,000 principal amount of 5.45% Senior Secured Notes due 2034 (the "2034 Exchange Notes", and together with the 2025 Exchange Notes, the "Exchange Notes") that have been registered under the Securities Act for any and all of (i) the outstanding \$600,000,000 principal amount of 4.45% Senior Secured Notes due 2025 issued on August 21, 2014 that have not been registered under the Securities Act (the "2025 Original Notes") and (ii) the outstanding \$400,000,000 principal amount of 5.45% Senior Secured Notes due 2034 issued on August 21, 2014 that have not been registered under the Securities Act (the "2034 Original Notes", and together with the 2025 Original Notes, the "Original Notes"), respectively. The Exchange Notes are to be issued under an existing Indenture, dated as of August 21, 2014 (the "Indenture"), among the Issuers, the Guarantors and U.S. Bank National Association, as Trustee (the "Trustee"). At your request, this opinion is being furnished to you for filing as Exhibit 5.1 to the Registration Statement.

As a basis for the opinions hereinafter expressed, we have examined (i) the Registration Statement, (ii) the Indenture, (iii) the organizational documents of the Issuer and the Guarantors, each as amended or restated to date, (iv) corporate, limited liability company or partnership, as the case may be, records of the Issuer and the Guarantors, (v) originals, or copies certified or otherwise identified, of certificates of public officials and of representatives of the Issuer and the Guarantors, and (vi) statutes and other instruments and documents. We have assumed that the signatures on all documents examined by us are genuine, all documents submitted to us as originals are authentic and all documents submitted to us as certified or photostatic copies conform to the originals thereof. On the basis of the foregoing, and subject to the qualifications and limitations hereinafter set forth, we are of the opinion that: (1) the Exchange Notes will constitute legal, valid and binding obligations of the Issuer, and (2) the guarantees will constitute valid and binding obligations of the Guarantors.

Our opinions set forth above are subject to (a) any applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent transfer or conveyance or other laws relating to or affecting creditors' rights generally and (b) general principles of equity (regardless of whether that enforceability is considered in a proceeding in equity or at law).

Re: Registration Statement on Form S-4 with respect to the Exchange Notes (defined below) (the "**Registration Statement**") to be filed by QVC, Inc., a Delaware corporation (the "**Parent Company**") with the Securities and Exchange Commission (the "**Commission**") on the date hereof under the Securities Act of 1933, as amended (the "**Securities Act**")

Ladies and Gentlemen:

We have acted as special North Carolina counsel to QVC Rocky Mount, Inc., a North Carolina corporation (the "**Guarantor**"), in connection with the public offering of \$600,000,000 aggregate principal amount of the Parent Company's 4.45% Senior Secured Notes due 2025 (the "**2025 Exchange Notes**"), and \$400,000,000 aggregate principal amount of the Parent Company's 5.45% Senior Secured Notes due 2034 (the "**2034 Exchange Notes**") and together with the 2025 Exchange Notes, the "**Exchange Notes**"). The Exchange Notes are to be issued by the Parent Company and guaranteed by the Guarantor and certain other subsidiaries of the Parent Company (collectively, the "**Credit Parties**"). The Exchange Notes are to be issued in connection with an exchange offer (the "**Exchange Offer**") pursuant to which the 2025 Exchange Notes will be issued in exchange for a like principal amount of the Parent Company's issued and outstanding 4.45% Senior Secured Notes due 2025, and the 2034 Exchange Notes will be issued in exchange for a like principal amount of the Parent Company's issued and outstanding 5.45% Senior Secured Notes due 2034. The Exchange Notes will be issued pursuant to (i) the Registration Statement as filed by the Parent Company, the Guarantor and the other guarantors named therein on the date hereof with the Commission under the Securities Act, and (ii) the related prospectus that forms a part of the Registration Statement.

A. **DOCUMENTS REVIEWED.** For purposes of rendering this opinion we have examined and relied upon the following documents: (i) the Registration Statement; (ii) the forms of the Exchange Notes; (iii) the Notations of Guarantee affixed to the Exchange Notes executed by the Guarantor; and (iv) the Certificate of Secretary dated August 2014 executed by the Secretary of the Guarantor (the "**Secretary's Certificate**"). We have also reviewed and relied upon the following organizational documents of the Guarantor, which the Guarantor has represented to us, pursuant to the Secretary's Certificate, are the documents pursuant to which the Guarantor is currently organized and which govern its affairs: (x) Articles of Incorporation of the Guarantor dated July 20, 1999 and filed with the North Carolina Secretary of State on July 20, 1999; (y) undated Bylaws of the Guarantor; and (z) a Certificate of Existence of the Guarantor issued by the North Carolina Secretary of State dated October 8, 2014.

The organizational documents described in items (x) and (y) above are collectively referred to herein as the "**Guarantor Organizational Documents**."

We have also reviewed and relied upon such certificates of representatives of the Guarantor as to factual matters, certificates of public officials and other instruments, documents and agreements as a basis for the opinions set forth below. Notwithstanding the foregoing, for purposes of this opinion we have not made an independent review of any agreements, instruments, writs, orders, judgments, rules or regulations which may have been executed by or which may now be binding upon the Guarantor or which may affect the assets or business of the Guarantor, as applicable, nor have we undertaken to review our internal files or the files of the Guarantor relating to other transactions to which the Guarantor may be a party or to discuss such transactions or the business of the Guarantor generally with any other lawyers in our firm or representatives of the Guarantor. We have relied as to factual matters upon the representations, warranties, certifications and statements contained in the transaction documents described herein.

B. **ASSUMPTIONS.** In rendering this opinion, we have assumed the following with your express permission and without independent verification or investigation: (i) that all natural persons executing the transaction documents described herein have the legal capacity to do so; (ii) that all signatures on all documents submitted to us are genuine; all documents submitted to us as originals are authentic; (iii) that all certificates of public officials and representatives of Guarantor have been properly issued and are accurate; and (iv) that all documents submitted to us as copies conform to the original documents, which themselves are authentic.

C. **OPINIONS.** Based on and subject to the foregoing and the qualifications and limitations set forth herein, it is our opinion that:

1. The Guarantor is a corporation in valid existence under the laws of the State of North Carolina.
2. The execution and delivery of the Indenture by the Guarantor as a guarantor (including its guarantee of the Exchange Notes pursuant thereto) and the consummation by the Guarantor of the transactions provided for therein (a) do not violate the Guarantor Organizational Documents, (b) have been authorized by all necessary corporate action of the Guarantor, and (c) are within the corporate powers of the Guarantor.

Nothing contained in this opinion letter shall be construed as an opinion as to the enforceability of any of the documents referenced herein.

This opinion is limited to the laws of the State of North Carolina, and to the laws of the United States of America that are applicable to transactions similar to those contemplated by the transaction documents described herein, excluding the following legal issues or the application of any such laws or regulations to the matters on which our opinions are referenced: (i) federal and state securities laws; (ii) the local laws of the State of North Carolina (i.e., the statutes, ordinances, the administrative decisions and the rules and regulations of counties and municipalities of the State of North Carolina); (iii) federal and state antitrust and unfair competition laws and regulations; (iv) federal and state tax laws and regulations; (v) federal and state regulatory laws and regulations applicable to any entity because of the business in which it is engaged; (vi) federal and state environmental laws and regulations; and (vii) laws,

rules and regulations relating to money laundering and terrorist groups (including any requirements imposed under the USA Patriot Act of 2001, as amended). We render no opinion as to any documents not specifically opined to herein, including documents referenced in transaction documents described herein.

This opinion is rendered to the Guarantor in connection with the transactions described above and may not be relied upon by the Guarantor for any other purpose. This opinion may also be relied upon by Baker Botts L.L.P. in connection with the opinion it is delivering to, a copy of which will be filed as an exhibit to the Registration Statement. This opinion may not be quoted in whole or in part, referred to, filed with any governmental agency, or otherwise used or relied upon by any other person or for any other purpose without our prior written consent, except that it may be relied upon by any purchaser of the Exchange Notes and its successors or permitted assignees succeeding to the rights of such purchaser under the Indenture to the same extent as though this opinion were addressed to such purchaser and its successors or permitted assignees.

We hereby consent to the filing of this opinion with the Commission as an exhibit to the Registration Statement. We also consent to the reference to our firm under the caption, "Legal Matters" in the Registration Statement. In giving this consent, we do not admit that we are experts within the meaning of the Securities Act or the rules and regulations of the Commission.

This opinion is rendered as of the date hereof, and we undertake no obligation to advise you of any changes in applicable law or any other matters that may come to our attention after the date hereof.

THE INSTRUCTIONS ACCOMPANYING THIS LETTER OF TRANSMITTAL SHOULD BE READ CAREFULLY BEFORE THE LETTER OF TRANSMITTAL IS COMPLETED. RECEIPT OF INCOMPLETE, INACCURATE OR DEFECTIVE LETTERS OF TRANSMITTAL WILL NOT CONSTITUTE VALID DELIVERY. ALTHOUGH WE MAY WAIVE DEFECTS AND IRREGULARITIES WITH RESPECT TO YOUR TENDER OF ORIGINAL NOTES (DEFINED BELOW), WE ARE NOT REQUIRED TO DO SO AND MAY NOT DO SO.

The undersigned is a holder of Original Notes (defined below) issued by QVC, Inc. (the "Company") under that certain indenture dated August 21, 2014 (as such indenture has been, or may be, supplemented, amended and modified, the "Indenture"), by and among the Company, the guarantors party thereto and U.S. Bank National Association, as Trustee, in a private transaction that was not subject to the registration requirements of the Securities Act.

The undersigned hereby acknowledges receipt of the prospectus dated October [], 2014 (the "Prospectus"), of the Company and the Company's subsidiaries (each, a "Guarantor" and collectively, the "Guarantors") and this letter of transmittal (the "Letter of Transmittal"). These two documents together constitute the offer by the Company to exchange (i) its 4.45% Senior Secured Notes due 2025 (the "2025 exchange notes"), the issuance of which has been registered under the Securities Act, for a like principal amount of its issued and outstanding unregistered 4.45% Senior Secured Notes due 2025 (the "2025 original notes") and (ii) its 5.45% Senior Secured Notes due 2034 (the "2034 exchange notes"), the issuance of which has been registered under the Securities Act, for a like principal amount of its issued and outstanding unregistered 5.45% Senior Secured Notes due 2034 (the "2034 original notes").

The 2025 original notes and the 2034 original notes are referred to collectively as the "Original Notes." The 2025 exchange notes and the 2034 exchange notes are referred to collectively as the "Exchange Notes." The offer to exchange the Exchange Notes for the Original Notes is referred to as the "Exchange Offer."

Capitalized terms used but not defined herein shall have the respective meanings given to such terms in the Prospectus.

The Company reserves the right, at any time or from time to time, to extend the period of time during which the Exchange Offer for the Original Notes is open, at its discretion, in which event the term "Expiration Date" shall mean the latest date to which the Exchange Offer is extended. The Company shall notify U.S. Bank National Association (the "Exchange Agent") of any extension by written notice and shall make a public announcement thereof no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled Expiration Date.

This Letter of Transmittal is to be used by a holder of Original Notes to allow for delivery of Original Notes to be made by book-entry transfer to the account maintained by the Exchange Agent at The Depository Trust Company ("DTC") pursuant to the procedures set forth in the Prospectus under the caption "The Exchange Offer—Procedures for Tendering Original Notes," in the case where an "agent's message" is not delivered or being transmitted through ATOP (defined below) as described in the Prospectus under the caption "The Exchange Offer—Procedures for Tendering Original Notes."

Tenders by book-entry transfer may also be made by delivering an agent's message in lieu of this Letter of Transmittal pursuant to DTC's Automated Tender Offer Program ("ATOP"). See the procedures set forth in the Prospectus under the caption "The Exchange Offer—Procedures for Tendering Original Notes." The undersigned should allow sufficient time for completion of the ATOP procedure with DTC if used for tendering their Original Notes on or prior to the Expiration Date.

Delivery of documents to DTC does not constitute delivery to the Exchange Agent.

The term "holder" with respect to the Exchange Offer for Original Notes means any person in whose name the Original Notes are registered on the books of the registrar for the Original Notes, any person who holds such Original Notes and has obtained a properly completed bond power from the registered holder or any participant in the DTC system whose name appears on a security position listing as the holder of such Original Notes and who desires to deliver such Original Notes by book-entry transfer at DTC. The undersigned has completed, executed and delivered this Letter of Transmittal to indicate the action the undersigned desires to take with respect to the Exchange Offer. Holders who wish to tender their Original Notes must complete this Letter of Transmittal in its entirety (unless such Original Notes are to be tendered by book-entry transfer and an agent's message is delivered in lieu hereof pursuant to DTC's ATOP).

Ladies and Gentlemen:

Subject to the terms and conditions of the Exchange Offer, the undersigned hereby tenders to the Company for exchange the principal amount of Original Notes indicated above. Subject to, and effective upon, the acceptance for exchange of the principal amount of Original Notes tendered in accordance with this Letter of Transmittal, the undersigned hereby exchanges, assigns and transfers to, or upon the order of, the Company all right, title and interest in and to such Original Notes tendered for exchange hereby.

The undersigned hereby irrevocably constitutes and appoints the Exchange Agent the true and lawful agent and attorney-in-fact for the undersigned (with full knowledge that said Exchange Agent also acts as the agent for the Company in connection with the Exchange Offer) with respect to the tendered Original Notes with full power of substitution to:

- deliver such Original Notes, or transfer ownership of such Original Notes on the account books maintained by DTC, to the Company, and deliver all accompanying evidences of transfer and authenticity; and
- present such Original Notes for transfer on the books of the Company and receive all benefits and otherwise exercise all rights of beneficial ownership of such Original Notes, all in accordance with the terms of the Exchange Offer.

The power of attorney granted in this paragraph shall be deemed to be irrevocable and coupled with an interest.

The undersigned acknowledges that the Exchange Offer is being made in reliance upon interpretations set forth in no-action letters issued to third parties by the staff of the Securities and Exchange Commission (the "SEC"), including Exxon Capital Holdings Corporation (available May 13, 1988), Morgan Stanley & Co. Incorporated (available June 5, 1991), Shearman & Sterling (available July 2, 1993) and similar no-action letters (the "Prior No-Action Letters"), that the Exchange Notes issued in exchange for the Original Notes pursuant to the Exchange Offer may be offered for resale, resold and otherwise transferred by holders thereof (other than any holder that is a broker-dealer who purchased Original Notes directly from the Company for resale and any holder that is an "affiliate" of the Company within the meaning of Rule 405 under the Securities Act), without compliance with the registration and prospectus delivery provisions of the Securities Act (except for prospectus delivery obligations applicable to certain broker-dealers), provided that such Exchange Notes are acquired in the ordinary course of such holders' business and such holders are not engaged in, and do not intend to engage in, and have no arrangement or understanding with any person to participate in, a distribution of such Exchange Notes. The SEC has not, however, considered this Exchange Offer in the context of a no-action letter, and there can be no assurance that the staff of the SEC would make a similar determination with respect to the Exchange Offer as it has in other circumstances.

The undersigned hereby represents and warrants that the undersigned has full power and authority to tender, exchange, assign and transfer the Original Notes tendered hereby and to acquire the Exchange Notes issuable upon the exchange of such tendered Original Notes, and that the Company will acquire good and marketable title thereto, free and clear of all liens, security interests, restrictions, charges and encumbrances and not subject to any adverse claim, right or interest of any party other than the undersigned, when the same are accepted for exchange by the Company. The undersigned will, upon request, execute and deliver any additional documents deemed by the Exchange Agent or the Company to be necessary or desirable to complete the exchange, assignment and transfer of the Original Notes tendered hereby, including the transfer of such Original Notes on the account books maintained by DTC. The undersigned agrees to all of the terms of the Exchange Offer as described under the caption "The Exchange Offer—Terms of the Exchange Offer" in the Prospectus.

By tendering the Original Notes and executing this Letter of Transmittal, or transmitting an agent's message in lieu thereof, the undersigned hereby further represents to the Company that (i) any Exchange Notes received will be acquired in the ordinary course of business of the undersigned and any beneficial owner of the Exchange Notes; (ii) the undersigned does not have an arrangement or understanding with any person or entity to participate in the distribution (within the meaning of the federal securities laws) of the Exchange Notes; (iii) the undersigned is not engaged in and does not intend to engage in the distribution (within the meaning of the federal securities laws) of the Exchange Notes; (iv) if the undersigned is a broker-dealer that will receive Exchange Notes for its own account in exchange for Original Notes, the undersigned acquired those Original Notes as a result of market-making activities or other trading activities and it will deliver the Prospectus, as required by law, in connection with any resale of the Exchange Notes; provided, however, that by acknowledging that it will deliver, and by delivering, the Prospectus, the undersigned will not be deemed to admit that it is an underwriter within the meaning of the Securities Act; (v) the undersigned is not an "affiliate," as defined in Rule 405 under the Securities Act, of the Company; and (vi) the undersigned is not acting on behalf of any person or entity who could not truthfully make the statements set forth in clauses (i) through (v) above.

The undersigned acknowledges that if the undersigned is a broker-dealer that will receive Exchange Notes for its own account in exchange for Original Notes, it represents that the Original Notes to be exchanged for the Exchange Notes were acquired by it as a result of market-making activities or other trading activities and acknowledges that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such Exchange Notes; however, by so acknowledging and by delivering a prospectus meeting the requirements of the Securities Act, the undersigned will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

The SEC staff has taken the position that such broker-dealers may fulfill their prospectus delivery requirements with respect to the Exchange Notes (other than a resale of Exchange Notes received in exchange for an unsold allotment from the original sale of the Original Notes) with the Prospectus. The Company has agreed that the Prospectus may be used by certain broker-dealers (as specified in the registration rights agreement referenced in the Prospectus) in connection with the sale or transfer of Exchange Notes for a period of time ending on the earlier of [] [], 2014 and the date on which a broker-dealer is no longer required to deliver a prospectus in connection with market-making or other trading activities. The Company has agreed that, for such period of time, they will make the Prospectus available to any such broker-dealer which elects to exchange Original Notes acquired for its own account as a result of market-making or other trading activities for Exchange Notes pursuant to the Exchange Offer, for use in connection with any resale of any Exchange Notes. In that regard, each exchanging broker-dealer, by tendering such Original Notes and executing, or otherwise becoming bound by, this Letter of Transmittal, including by transmitting an agent's message in lieu thereof, agrees that, upon receipt of notice from the Company of the occurrence of any event or the discovery of any fact which makes any statement contained or incorporated by reference in the Prospectus untrue in any material respect or which causes the Prospectus to omit to state a material fact necessary to make the statements contained or incorporated by reference therein, in light of the circumstances under which they were made, not misleading or of the occurrence of certain other events specified in the registration rights agreement referenced in the Prospectus with respect to the Original Notes tendered hereby, such exchanging broker-dealer will suspend the sale of Exchange Notes pursuant to the Prospectus until the Company (i) has amended or supplemented the Prospectus to correct such misstatement or omission, (ii) either has furnished copies of the amended or supplemented Prospectus to such broker-dealer or, if the Company has not otherwise agreed to furnish such copies or declines to do so after such broker-dealer so requests, such broker-dealer has obtained a copy of such amended or supplemented Prospectus as filed with the SEC and (iii) has given notice that the sale of Exchange Notes may be resumed, as the case may be.

A broker-dealer may not participate in the Exchange Offer with respect to Original Notes acquired other than as a result of marked-making activities or other trading activities.

The undersigned acknowledges that if the undersigned is an affiliate of the Company or is tendering Original Notes in the Exchange Offer with the intention of participating in any manner in a distribution of the Exchange Notes:

- the undersigned cannot rely on the position of the staff of the SEC set forth in the Prior No-Action Letters and, in the absence of an exemption therefrom, must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction of the Exchange Notes, in which case the registration statement must contain the selling security holder information required by Item 507 or Item 508, as applicable, of Regulation S-K under the Securities Act; and
- failure to comply with such requirements in such instance could result in the undersigned incurring liability for which the undersigned will not be indemnified by the Company.

For purposes of the Exchange Offer, the Company shall be deemed to have accepted for exchange validly tendered Original Notes when, as and if the Company gives written notice thereof to the Exchange Agent and comply with the applicable provisions of the Registration Rights Agreement by and among the Company and the Guarantors (as defined therein) and representatives of the Initial Purchasers (as defined therein), dated August 21, 2014. Any tendered Original Notes that are not accepted for exchange pursuant to the Exchange Offer for any reason will be returned, without expense, to the undersigned promptly after the Expiration Date.

All authority conferred or agreed to be conferred by this Letter of Transmittal shall survive the death, incapacity or dissolution of the undersigned, and every obligation of the undersigned under this Letter of Transmittal shall be binding upon the undersigned's successors, assigns, heirs, executors, administrators, trustees in bankruptcy and legal representatives. This tender may be withdrawn only in accordance with the procedures set forth in the Prospectus under the caption "The Exchange Offer—Withdrawal of Tenders."

The undersigned acknowledges that the acceptance by the Company of properly tendered Original Notes pursuant to the procedures described under the caption "The Exchange Offer—Procedures for Tendering Original Notes" in the Prospectus and in the instructions hereto will constitute a binding agreement between the undersigned, on one hand, and the Company, on the other, upon the terms and subject to the conditions of the Exchange Offer.

The Exchange Offer is subject to certain conditions set forth in the Prospectus under the caption "The Exchange Offer—Conditions to the Exchange Offer." The undersigned recognizes that as a result of these conditions (which may be waived, in whole or in part, by the Company in their sole discretion), the Company may not be required to exchange any of the Original Notes tendered hereby.

Unless otherwise indicated under "Special Issuance Instructions," please issue the Exchange Notes issued in exchange for the Original Notes accepted for exchange, and return any Original Notes not tendered or not exchanged, in the name(s) of the undersigned or, in the case of a book-entry delivery of Original Notes, please credit the account indicated above maintained at DTC. Similarly, unless otherwise indicated under "Special Delivery Instructions," please mail or deliver the Exchange Notes issued in exchange for the Original Notes accepted for exchange and any Original Notes not tendered or not exchanged (and accompanying documents, as appropriate) to the undersigned at the address shown below the undersigned's signature(s). In the event that both "Special Issuance Instructions" and "Special Delivery Instructions" are completed, please issue the Exchange Notes issued in exchange for the Original Notes accepted for exchange in the name(s) of, and return any Original Notes not tendered or not exchanged to, the person(s) or account(s) so indicated. The undersigned recognizes that the Company has no obligation pursuant to the "Special Issuance Instructions" and "Special Delivery Instructions" to transfer any Original Notes from the name of the registered holder(s) thereof if the Company does not accept for exchange any of the Original Notes so tendered for exchange.

**INSTRUCTIONS TO LETTER OF TRANSMITTAL
FORMING PART OF THE TERMS AND CONDITIONS OF THE EXCHANGE OFFER**

1. Delivery of this Letter of Transmittal and Original Notes or Agent's Message and Book-Entry Confirmations.

Any confirmation of a book-entry transfer to the Exchange Agent's account at DTC of Original Notes tendered by book-entry transfer (a "Book-Entry Confirmation"), as well as a properly completed and duly executed copy of this Letter of Transmittal or facsimile hereof (or an agent's message in lieu hereof pursuant to DTC's ATOP), and any other documents required by this Letter of Transmittal, must be received by the Exchange Agent at its address set forth herein prior to 5:00 p.m., New York City time, on the Expiration Date. **The method of delivery of the tendered Original Notes and Letters of Transmittal, any required signature guarantees and all other required documents, including delivery through DTC and any acceptance or Agent's Message transmitted through ATOP, is at the election and risk of the persons tendering Original Notes and delivering Letters of Transmittal. If you use ATOP, you must allow sufficient time for completion of the ATOP procedures during normal business hours of DTC on or prior to the Expiration Date. Tender and delivery will be deemed made only when actually received by the Exchange Agent. If delivery is by mail, it is suggested that the holder use properly insured, registered mail, postage prepaid, with return receipt requested, and that the mailing be made sufficiently in advance of the Expiration Date to permit delivery to the Exchange Agent prior to such date. NO LETTER OF TRANSMITTAL OR ORIGINAL NOTES SHOULD BE SENT TO THE COMPANY.**

2. Tender by Holder.

Only a registered holder of Original Notes may tender such Original Notes in the Exchange Offer. Any beneficial holder of Original Notes who is not the registered holder and who wishes to tender should arrange with the registered holder to execute and deliver this Letter of Transmittal on his behalf or must, prior to completing and executing this Letter of Transmittal and delivering his Original Notes, either make appropriate arrangements to register ownership of the Original Notes in such holder's name or obtain a properly completed bond power from the registered holder.

3. Partial Tenders.

Tenders of Original Notes will be accepted only in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. If less than the entire principal amount of any Original Notes is tendered, the tendering holder should fill in the principal amount tendered in the fourth column of the box entitled "Description of Original Notes Tendered" above. The entire principal amount of Original Notes delivered to the Exchange Agent will be deemed to have been tendered unless otherwise indicated. If the entire principal amount of all Original Notes is not tendered, then Original Notes for the principal amount of Original Notes not tendered and Exchange Notes issued in exchange for any Original Notes accepted will be returned to the holder promptly after the expiration or termination of the Exchange Offer.

4. Signatures on this Letter of Transmittal; Bond Powers and Endorsements; Medallion Guarantee of Signatures.

If this Letter of Transmittal (or facsimile hereof) is signed by the record holder(s) of the Original Notes tendered hereby, the signature(s) must correspond exactly with the name(s) as written on the face of the Original Notes without alteration, enlargement or any change whatsoever. If this Letter of Transmittal (or facsimile hereof) is signed by a participant in DTC, the signature must correspond with the name as it appears on the security position listing as the holder of the Original Notes. If any tendered Original Notes are owned of record by two or more joint owners, all of such owners must sign this Letter of Transmittal.

If this Letter of Transmittal (or facsimile hereof) is signed by the registered holder(s) of Original Notes listed and tendered hereby and the Exchange Notes issued in exchange therefor are to be issued (or any untendered principal amount of Original Notes is to be reissued) to the registered holder(s), then said holder(s) need not and should not endorse any tendered Original Notes, nor provide a separate bond power. In any other case, such holder(s) must either properly endorse the Original Notes tendered or transmit a properly completed separate bond power with this Letter of Transmittal, with the signatures on the endorsement or bond power guaranteed by a firm that is a member of a registered national securities exchange or of the Financial Industry Regulatory Authority, a commercial bank or trust company having an office or correspondent in the United States or an "eligible guarantor institution" within the meaning of Rule 17Ad-15 under the Securities Exchange Act of 1934, as amended, in each case that is a participant in the Securities Transfer Agents' Medallion Program, the New York Stock Exchange Medallion Program or the Stock Exchanges' Medallion Program approved by the Securities Transfer Association Inc. (each, an "Eligible Institution").

If this Letter of Transmittal (or facsimile hereof) or any Original Notes or bond powers are signed by one or more trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing, and, unless waived by the Company, evidence satisfactory to the Company of their authority to act must be submitted with this Letter of Transmittal.

No signature guarantee is required if:

- **this Letter of Transmittal (or facsimile hereof) is signed by the registered holder(s) of the Original Notes tendered herein (or by a participant in DTC whose name appears on a security position listing as the owner of the tendered Original Notes) and the Exchange Notes are to be issued directly to such registered holder(s) (or, if signed by a participant in DTC, deposited to such participant's account at DTC) and neither the box entitled "Special Issuance Instructions" nor the box entitled "Special Delivery Instructions" has been completed; or**
- **such Original Notes are tendered for the account of an Eligible Institution.**

In all other cases, all signatures on this Letter of Transmittal (or facsimile hereof) must be guaranteed by an Eligible Institution.

5. Special Issuance and Delivery Instructions.

Tendering holders should indicate, in the applicable box or boxes, the name and address to which Exchange Notes or substitute Original Notes for principal amounts not tendered or not accepted for exchange are to be issued or sent, if different from the name and address of the person signing this Letter of Transmittal. In the case of issuance in a different name, the taxpayer identification number (see Instruction 7 below) of the person named must also be indicated. Holders tendering Original Notes by book-entry transfer may request that Original Notes not exchanged be credited to such account maintained at DTC as such holder may designate hereon. If no such instructions are given, such Original Notes not exchanged will be returned to the name and address (or account number) of the person signing this Letter of Transmittal.

6. Transfer Taxes.

The Company will pay or cause to be paid all transfer taxes, if any, applicable to the exchange of Original Notes pursuant to the Exchange Offer. If, however, a transfer tax is imposed for any reason other than the exchange of Original Notes pursuant to the Exchange Offer, then the amount of any such transfer taxes (whether imposed on the registered holder or any other persons) will be payable by the tendering holder. If satisfactory evidence of payment of such taxes or exemption therefrom is not submitted with this Letter of Transmittal, the amount of such transfer taxes will be billed directly to such tendering holder, and the Exchange Agent will retain possession of an amount of Exchange Notes

with a face amount at least equal to the amount of such transfer taxes due by such tendering holder pending receipt by the Exchange Agent of the amount of such taxes.

7. Taxpayer Identification Number.

U.S. federal income tax laws generally require that a tendering holder that is a U.S. person (including a resident alien) provide the Company (as payor) with such holder's correct Taxpayer Identification Number ("TIN") on IRS Form W-9, Request for Taxpayer Identification Number and Certification (the "IRS Form W-9"), enclosed, which in the case of a holder who is an individual, is his or her social security number. If the tendering holder is a nonresident alien or a foreign entity, other requirements (as described below) will apply. If the Company is not provided with the tendering holder's correct TIN or an adequate basis for an exemption from backup withholding, such holder may be subject to certain penalties imposed by the Internal Revenue Service (the "IRS"). In addition, failure to provide the Company with the correct TIN or an adequate basis for an exemption from backup withholding may result in backup withholding on payments made to the holder or other payee at a current rate of 28%. If withholding results in an overpayment of taxes, the holder may be able to obtain a refund from the IRS.

Certain holders of Original Notes (including, among others, corporations and certain foreign individuals) are not subject to these backup withholding requirements. See the instructions on the enclosed IRS Form W-9 (the "W-9 Instructions") for additional information.

To prevent backup withholding, each tendering holder that is a U.S. person (including a resident alien) that does not otherwise establish an exemption must provide such holder's correct TIN by completing the IRS Form W-9 enclosed, certifying, under penalties of perjury, that such holder is a U.S. person (including a resident alien), that the TIN provided is correct (or that such holder is awaiting a TIN) and that (i) such holder is exempt from backup withholding, or (ii) such holder has not been notified by the IRS that such holder is subject to backup withholding as a result of a failure to report all interest or dividends, or (iii) the IRS has notified such holder that such holder is no longer subject to backup withholding. If the Exchange Notes will be registered in more than one name or will not be registered in the name of the beneficial holder, such holder should consult the W-9 Instructions for information on which TIN to report. If such holder does not have a TIN, such holder should consult the W-9 Instructions for instructions on applying for a TIN and write "Applied For" in the space reserved for the TIN. Note: Writing "Applied For" on the IRS Form W-9 means that such holder has already applied for a TIN or that such holder intends to apply for one soon. If such holder does not provide its TIN to the Company prior to the time payments are made to the holder, backup withholding will apply to such payments.

A tendering holder that is a non-resident alien or a foreign entity that does not otherwise establish an exemption must submit the appropriate completed IRS Form W-8 (generally IRS Form W-8BEN, Certificate of Foreign Status of Beneficial Owner for United States Tax Withholding) to avoid backup withholding. The appropriate form may be obtained via the IRS website at www.irs.gov or by contacting the Depository at one of the addresses on the face of this Letter of Transmittal.

FAILURE TO COMPLETE IRS FORM W-9, THE APPROPRIATE IRS FORM W-8, OR ANOTHER APPROPRIATE FORM MAY RESULT IN BACKUP WITHHOLDING AT THE RATE DESCRIBED ABOVE ON ANY PAYMENTS MADE TO YOU PURSUANT TO THE OFFER TO PURCHASE.

8. Validity of Tenders.

All questions as to the validity, form, eligibility (including time of receipt), acceptance and withdrawal of tendered Original Notes will be determined by the Company in its sole discretion, which determination will be conclusive, final and binding. Alternative, conditional or contingent tenders of Original Notes will not be considered valid and may be rejected by the Company. The Company

reserves the absolute right to reject any and all Original Notes not properly tendered or any Original Notes our acceptance of which, in the opinion of the Company's counsel, would be unlawful.

The Company also reserves the right to waive any defects, irregularities or conditions of tender as to particular Original Notes. The interpretation of the terms and conditions of the Exchange Offer (including the instructions in this Letter of Transmittal) by the Company will be conclusive, final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Original Notes must be cured within such time as the Company shall determine.

Although the Company intends to notify holders of defects or irregularities with respect to tenders of Original Notes through the Exchange Agent, neither the Company, the Exchange Agent nor any other person is under any duty to give such notice, nor shall they incur any liability for failure to give such notification. Tenders of Original Notes will not be deemed to have been made until such defects or irregularities have been cured or waived.

Any Original Notes tendered into the Exchange Agent's account at DTC that are not validly tendered and as to which the defects or irregularities have not been cured or waived within the timeframes established by the Company in its sole discretion, if any, or if Original Notes are submitted in a principal amount greater than the principal amount of Original Notes being tendered by such tendering holder, such unaccepted or non-exchanged Original Notes will be credited back to the account maintained by the applicable DTC participant with such book-entry transfer facility.

9. Waiver of Conditions.

The Company in its sole discretion reserves the absolute right to waive, in whole or part, any of the conditions to the Exchange Offer set forth in the Prospectus.

10. No Conditional Tender.

No alternative, conditional, or contingent tender of Original Notes will be accepted.

11. Mutilated, Lost, Wrongfully Taken or Destroyed Original Notes.

Any holder whose Original Notes have been mutilated, lost, wrongfully taken or destroyed should contact the Exchange Agent at the address indicated above for further instructions. This Letter of Transmittal and related documents cannot be processed until the procedures for replacing mutilated, lost, wrongfully taken or destroyed Original Notes have been followed.

12. Requests for Assistance or Additional Copies.

Requests for assistance or for additional copies of the Prospectus or this Letter of Transmittal may be directed to the Exchange Agent at the address or telephone number set forth on the cover page of this Letter of Transmittal. Holders may also contact their broker, dealer, commercial bank, trust company or other nominee for assistance concerning the Exchange Offer.

13. Withdrawal.

Tenders may be withdrawn only in accordance with the procedures set forth in the Prospectus under the caption "The Exchange Offer-Withdrawal of Tenders."

IMPORTANT: This Letter of Transmittal or a manually signed facsimile hereof or an agent's message in lieu hereof (together with the Original Notes delivered by book-entry transfer or in original hard copy form) must be received by the Exchange Agent prior to 5:00 p.m., New York City time, on or prior to the Expiration Date.

We are the holder of record of Original Notes held by us for your account. A tender of your Original Notes held by us can be made only by us as the record holder according to your instructions. The Letter of Transmittal is furnished to you for your information only and cannot be used by you to tender Original Notes held by us for your account.

We request that you provide written instructions to us, in the form attached hereto, as to whether you wish to tender any or all of the Original Notes held by us for your account under the terms and conditions of the Exchange Offer. - (ii) such person does not have an arrangement or understanding with any person or entity to participate in the distribution (within the meaning of the federal securities laws) of the Exchange Notes;
- (iii) such person is not engaged in and does not intend to engage in the distribution (within the meaning of the federal securities laws) of the Exchange Notes;

- (v) such person is not an "affiliate," as defined in Rule 405 under the Securities Act, of the Company; and

No person has been authorized to give any information with respect to the Exchange Offer, or to make any representation in connection therewith, other than those contained in the Prospectus and the Letter of Transmittal. If made or given, such recommendation or any such information or representation must not be relied on as having been authorized by the Company.

Very truly yours,
